

OUTREACH IN KENYA

I want to share something that Three Hearts Church does with tithes and donations that come into this ministry. We do meet the needs of our local church. We also have outreach ministries in India and in Kenya. I want to share about the one in Kenya today. The name of the church is Conquerors Covenant Saints Church.

It is located in Mumias Town (Ekeru), Kenya.

Pastor Erustus and Pastor Sarah

Pastor Erustus was called into fulltime ministry in 2007 and the Lord led him to plant a church in a muslim region. That is when they started the church. They started off with only Pastor Erustus and Pastor Sarah and their two small daughters at the time, meeting in a small rental house. The Lord has blessed the church and the members are now over 100 in all.

They have four little girls.

The Lord answered prayers through donations and they were able to buy a plot of land and build a temporary structure for the church there.

The new church before it was painted. This is a temporal structure.

Pastor Erustus visiting widow Elizabeth and her two children. Her roof is leaking and the house is about to cave in. She is surrounded by muslims and does not receive help because of her Christian faith. By the grace of God Pastor is believing to be able to build her a new home.

Colletta with her son Delvins and Pastor Erustus. A Pastor's heart is love. This little boy has been sick from an abnormal head disease. Pastor loves him and prays for him and helps when he can with medical bills or other needs. Colletta's husband left her when she had Delvins. He abandoned her and his 4 children.

Pastor Erustus also runs Webuye Falls Faith Junior School, which supports the Education for Orphans and other needy children which are now about 80 kids. Webuye is his home town .

His ministry helps these children with food; School children eating red beans and rice for lunch.

School children having something to drink at lunchtime.

The ministry helps with shoes , uniforms , clothes , stationery, medicine and salaries for teachers and other workers. They were able last year 2014 to buy ½ a Hectare of land on which they are praying for God to help them construct and build the school classrooms, office, kitchen, toilets, store etc. At the moment they are using a rental building to hold school. Pastor also has a vision to buy more land near the church and establish another Orphanage to assist many helpless children in this Muslim land to get education and have technical skill capacity building schemes e.g Tailoring , carpentry , masonry , computer trainings etc. to help the children in this land and the poor in this area.
