

SATAN in SCHOOL – Part Two: HOUR of CODE

Millions of kids - and adults - all over the world are enthralled and spellbound by Minecraft (or should we call it by its true name, Mindcraft) - in turn opening themselves up for whatever programming and occult energies are emitted through this game.

CRAFT

Craft is a term of Masonry. Each level is a “craft” level. The second degree is called “Fellow Craft.” Ancient Craft Masonry. Tubalcain, “he who spices the craft of Cain” and an instructor of every craftsman in bronze and iron. He was like a chemist combining metals to make weapons for war and weapons for murder. Also, witchcraft.

While it's taken a long time, the concept of gender in *Minecraft* is something the developers have been thinking about for some time. According to creator Markus Persson, who has since left the studio after selling it to Microsoft, Steve was originally conceived as a genderless character. "If it wasn't for the fact that the default *Minecraft* character is referred to as 'Minecraft Guy' and that I once jokingly answered 'Steve?' when asked what his name was, *Minecraft* would be a game where gender isn't a gameplay element," he wrote in 2012.

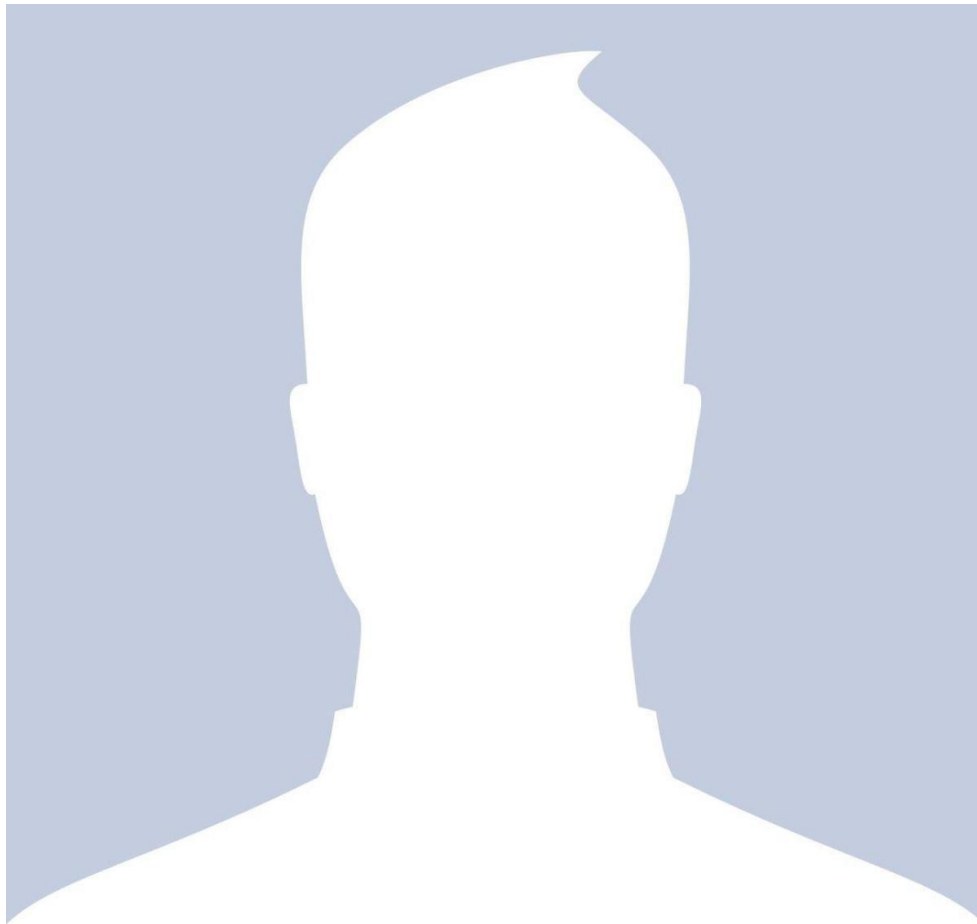

Going further, Notch explains that all other living things in the game are genderless, if not exhibiting the traits of both genders. "The chicken/duck/whatevers have heads that look like roosters, but still lay eggs," he says. Cows have both horns and udders (though he notes there are some breeds in which female cows have horns). Thus, as there is only one gender to

choose from, "every character and animal in Minecraft is homosexual," Notch said. "Take THAT, homophobes!"

They said this is called "Steve"

Remember satan wants everyone confused about their gender and the elite promote homosexuality.

Facebook used to do the same thing with the guy with cupie doll hair being what went up on everyone's profile who did not have a profile picture up yet.

In minecraft you can cross breed animals. Example: a cow and a chicken or a sheep and a wolf.

Gen.1:24-25 – And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so. And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Also, you go around killing the animals in minecraft. I assume it is supposed to be for food, but this also teaches violence towards animals. Have you ever heard that saying, you are what you eat? The same concept applies here, you are what

you think. No, not everyone takes it out into society and starts doing the things that are learned during game play, but there are plenty that do.

The tall black figure in the background reminds me of what we talked about last week, the demon coming into this game and others named “slender man.”

Here are some of the monsters that come out when the sun goes down.

Saturn is equated with satan and also a major part of the Mind Control Machinery affecting earth and its inhabitants. Microsoft now owns the rights to Minecraft - Microsoft itself being involved with all sorts of sinister things of the highest level, including Saturn-satan worship.

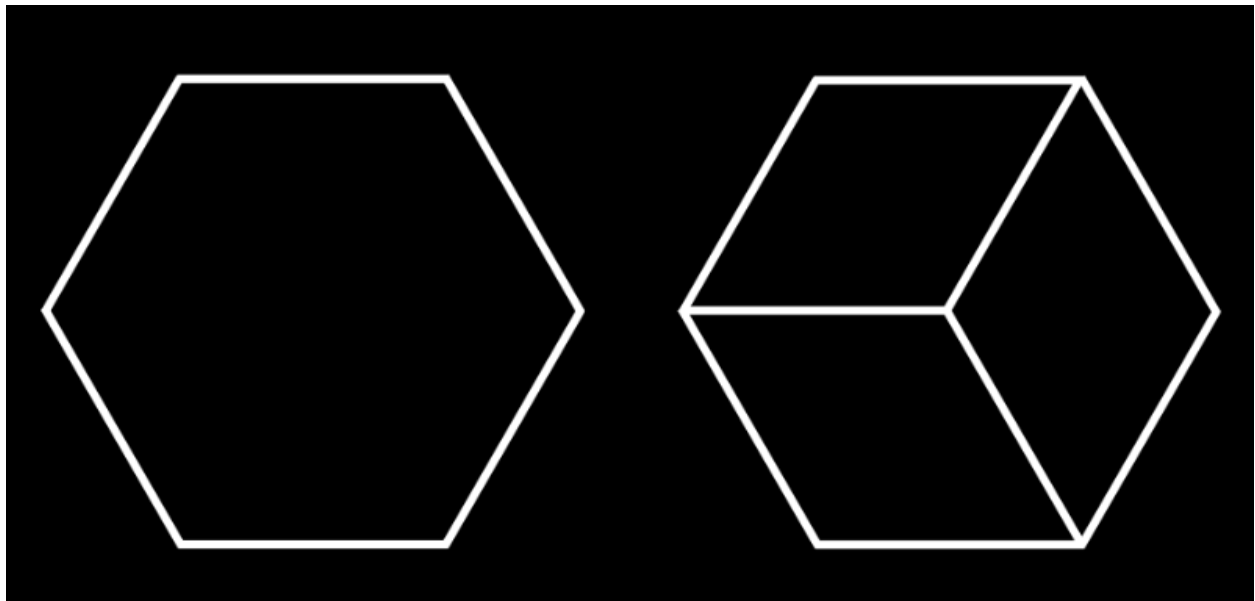

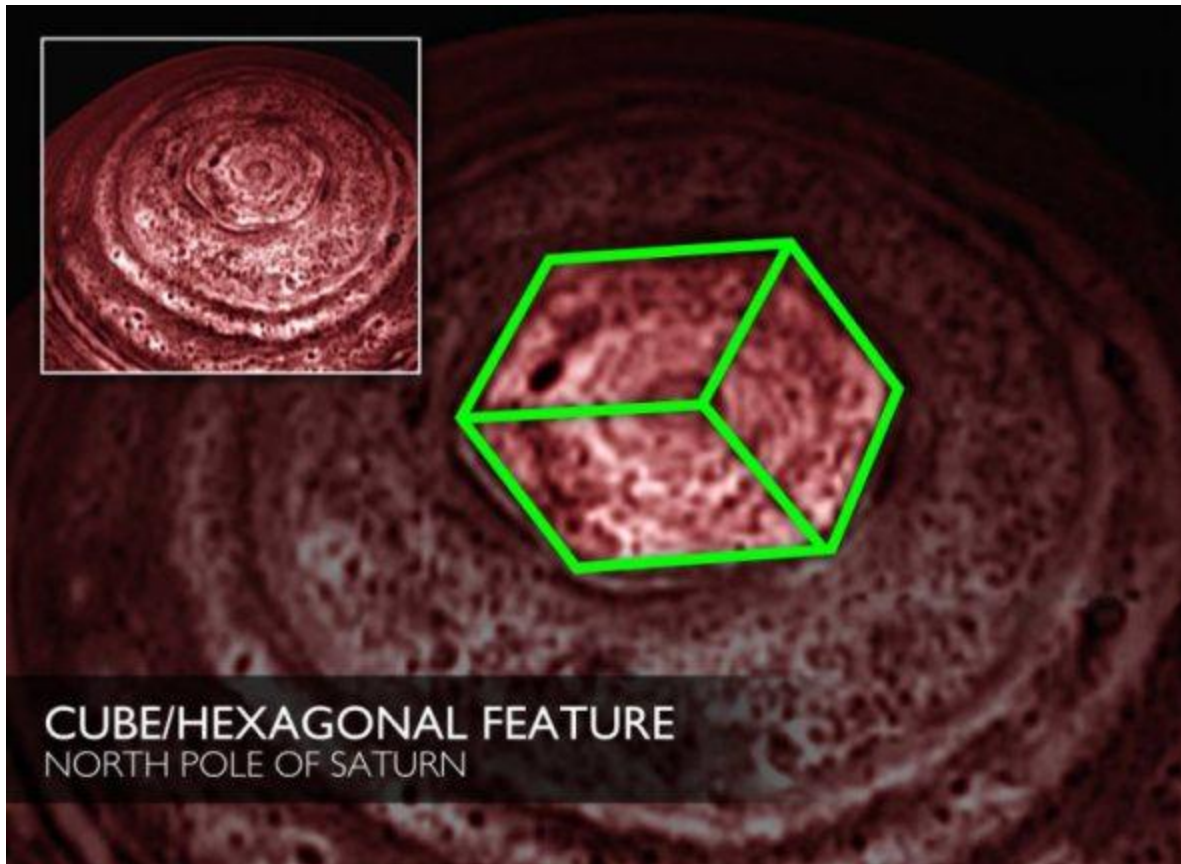

CUBES

Minecraft consists entirely of shapes made up by cubes - the Cube being an important symbol of Saturnian worshippers, and Saturn having a Cube on its pole (also making up a hexagram) and an "eye" on its other pole (Eye of Horus, All Seeing Eye, etc).

In the occult, the cube, and especially the black cube stands for Saturn. Saturn stands for satan and supposedly the cube is worshipped in the occult because there is a cube or hexagon on the north pole of Saturn. satan is known as the morning star and Saturn is the planetary representation of that star. Square is space and the circle represents time. **Maybe this is alluding to him being the god of space and time.** satan is always trying to copy God. The cube is like the shape of New Jerusalem.

Rev. 21:2,16 – And I John saw the holy city, New Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband. And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with the reed, twelve thousand furlongs. The length and the breadth and the height of it are equal. **There is a debate as to if this is describing a cube or a triangle, either way, satan has incorporated both shapes into his occult worship. The pyramid and the all seeing eye go hand in hand.**

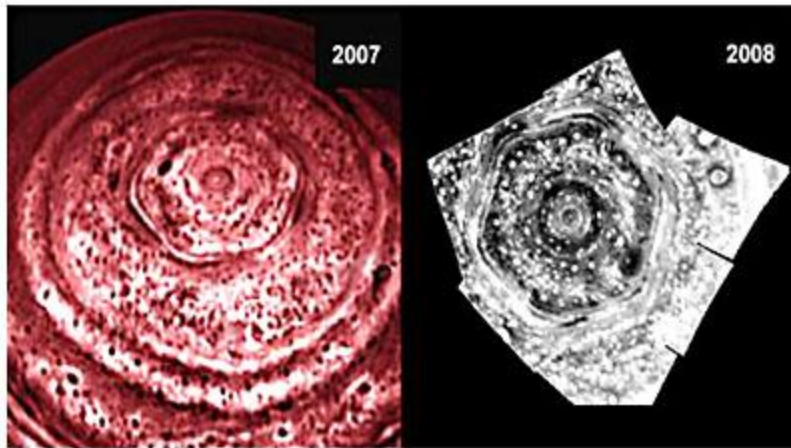

See how the cube when turned on it's edge you can see the hexagram shape.

The hexagonal shape of his double tetrahedron (as seen from above) seems to appear at the north pole of Saturn

hexagonal shape as seen from above

north pole of Saturn

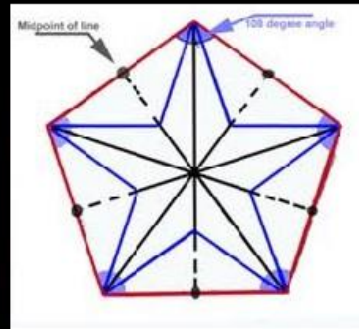

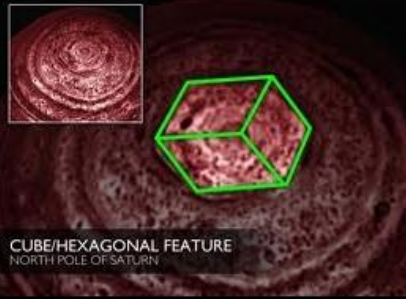

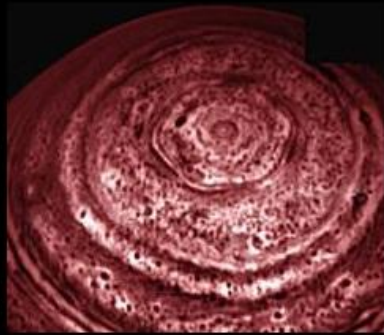

So many companies today have logos that actually represent Saturn by the rings or by the cube.

Microsoft

Saturday is named after Saturn...The 6th Planet

It is the 6th day of the week and it has a 6 sided polygon on its North pole.

666

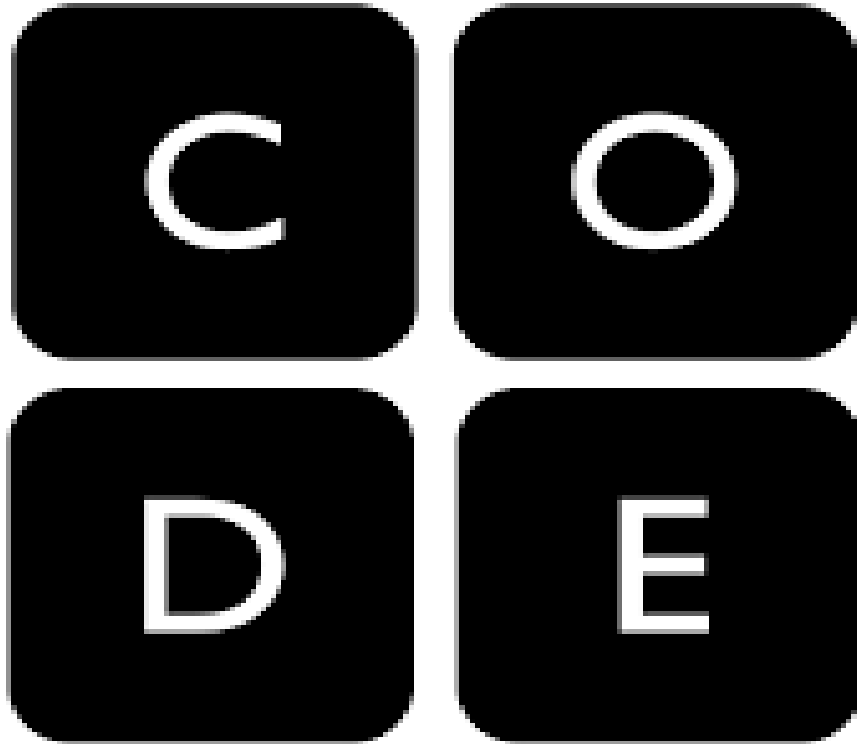

It is represented by a hexagram, cube or 6 sided star.

There are many things in this world that add up to 666 – www for the internet being one of them – the Hebrew number for W (vav) = 6. So we cannot get too carried away trying to make this be the mark. Saturday is the Jewish Sabbath, sacrifices were made on the Sabbath, traditionally on the altar in the temple. Today temples have been replaced by arenas, stadiums and other venues where “STARS” perform. The altar is now the stage on which they perform.

A ring in a black cube...The practice of wearing the wedding ring on the ring finger of the left hand, the Egyptians believed to house a special [vein](#) that was connected directly to the heart, otherwise also known as [Vena amoris](#).

This is the logo for “Hour of Code” Black and White contrast of the masons/illuminati. Black cubes for Saturn/satan.

Here is a black cube that the muslims worship and circle like the rings of Saturn.
Coding can be symbols and signs hiding messages, this is what occultist like to do.
Identifying images in an ink blot test is used as a profiling tool in psychology. I want to remind you that much of our psychology/psychiatry came straight out of Hitler's "doctors" who were doing nothing more than deadly experiments on people and we brought them over here and employed them in our universities and governments and hospitals and let them keep right on practicing their torture and experiments under the guise of being psychiatrists and doctors.

1948 Rorschach Ink Blot Test

The lady who did a video on this asking other parents if their kids were doing this in school found out that her son has seen some of these inkblot images in the hour of code computer class time. "My youngest just plays games. My older son

almost 14 saw images much like the ink blot test. He said they don't teach him anything, he just looks for the hidden codes in the strange images.”

****Since when did we just decide to trust psychiatrist to make up goofy pictures and give a determination of sane or not based on them?*****

FROZEN IN HOUR OF CODE:

Elsa from “Frozen” clearly doing magic, called the snow queen. This is an ice witch. There are mystical trolls and magic at every turn. This is from Disney which is Masonic and is totally demonic.

Acts19:19 – Many of them also which used curious arts brought their books together, and burned them before all men: and they counted the price of them, and found it fifty thousand pieces of silver.

They learned magic and sorcery was wrong and they burned their books.

Psalms 66:18 – If I regard iniquity in my heart, the Lord will not hear me.

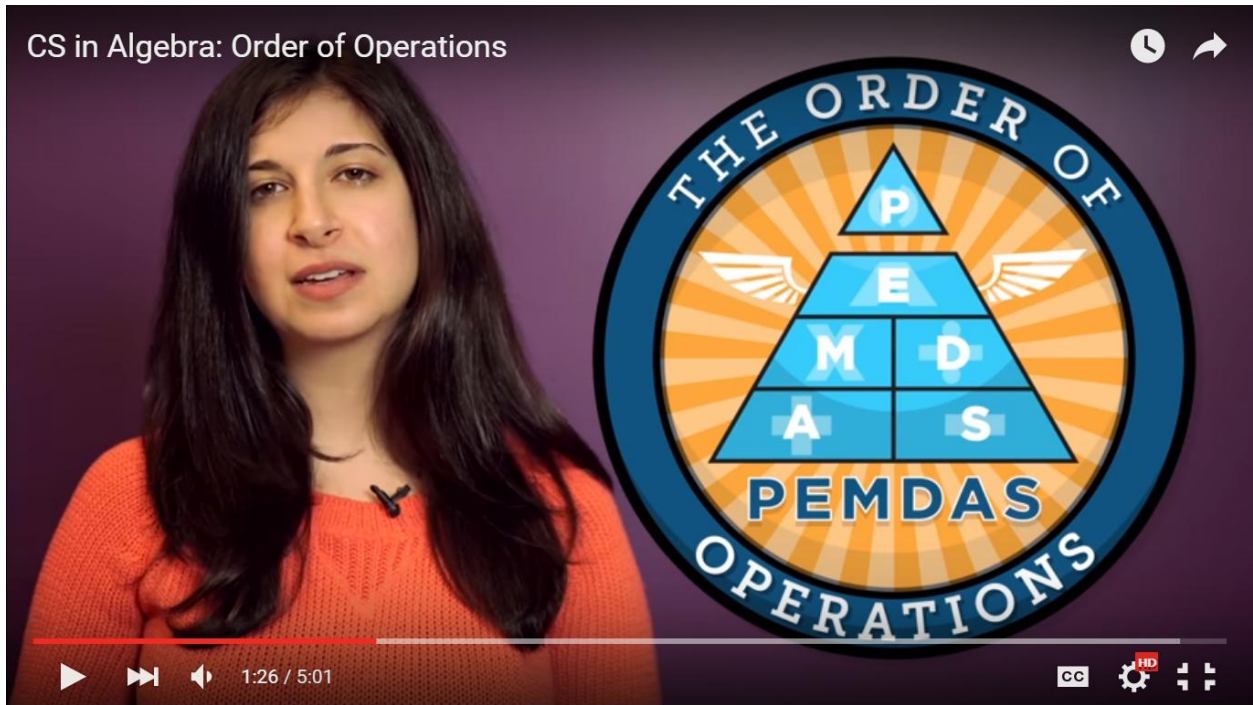

1 Peter 1:16 – Because it is written, Be ye holy, for I Am holy.

When did we get to the point that magic is ok. Just part of life? No big deal to see it in movies and cartoons and have pixies and fairies and cute characters displaying magic before our eyes? When did it become ok to watch Harry Potter, and movies with magic and sorcery in them? Why are we letting our kids watch this stuff and have these toys and movies and clothes??

A pentagram on top of a pentagram.

Marc Benioff said "Coding is the glue that connects us all." I did see mazes in some of the tutorials which is occultic and cards which we learned is something the illuminati like to use to program little kids with. Recently I learned that cards are also occultic because they have a king on them representing nimrod and a queen representing semiramis/isis. They use dice also which represents the cube.

Look at this tutorial video – RIGHT IN OUR FACES with the illuminati pyramid – the capstone being separated for the eye and for the top elite, wings for ascension and deity.

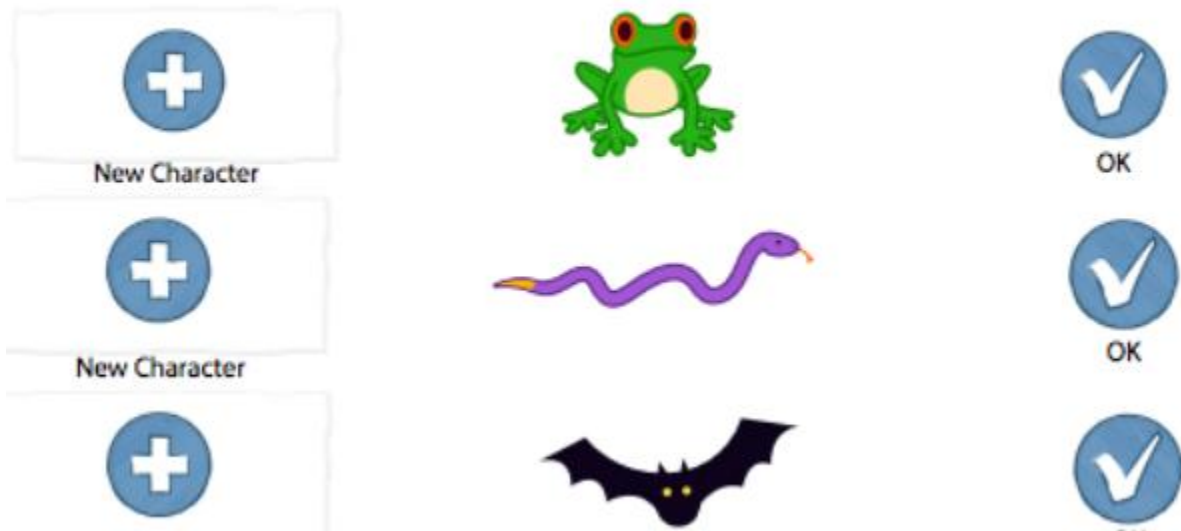

Star Wars, "The Force Awakens" is a demonic movie that they are using in the Hour of Code. The "force awakening" is talking about satan's army.

"All I can remember is this, it's a computer program to find out who we really are and is the person (religious or not)." Facebook – social experiment – CIA data mining tool just like this is being used to mine data from school children.

2. Choose new characters to include in your Spooky Forest, such as a frog, snake, and bat

Ages 5-9: Make a spooky forest. Frogs / snakes / bats are all demonic creatures.

Exodus 8:5-7 – And the LORD spake unto Moses, Say unto Aaron, stretch forth thine hand with thy rod over the streams, over the rivers, and over the ponds, and cause the frogs to come up upon the land of Egypt. And Aaron stretched out his hand over the waters of Egypt; and the frogs came up, and covered the land of Egypt. And the magicians did so with their enchantments, and brought up frogs upon the land of Egypt.

Frogs were worshipped by the Egyptians and when God sent this plague, He was showing that He holds all power – not any demonic god can hold a candle to HIM!

Rev. 16:13 – And I saw three unclean spirits like frogs come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet.

Rev. 12:9 – And the great dragon was cast out, that old serpent, called the devil, and satan, which deceiveth the whole world: he was cast out into the earth, and his angels, were cast out with him.

Lev. 11:13-14,19 – And these are they which ye shall have in abomination among the fowls; they shall not be eaten, they are an abomination: the eagle, the ossifrage, and the ospray, and the vulture, and the kite after his kind; And the stork, the heron after her kind, and the lapwing, and the bat.

Isaiah 2:20 – In that day a man shall cast his idols of silver, and his idols of gold, which they made each one for himself to worship, to the moles and to the bats:

This was an actual coding project. Look at the illuminati pyramid, the all seeing Reptilian eye – why is this in a school project??

KIDS IN HELL

This 12 year old girl was taken to hell by Jesus so she could witness it and come back and testify to the world as a witness that it is real. While they were down seeing hell, Jesus told her He wanted to show her something else. He told her there were little kids in hell. He showed her an 8 year old little boy in hell. She asked Jesus what did he do, why was he there. She began to see that the boy would sit and watch tv all consumed in and watching animated figures. Jesus said, “daughter, animated figures, those movies, and those shows that are shown everyday on tv are instruments of satan to destroy humanity.

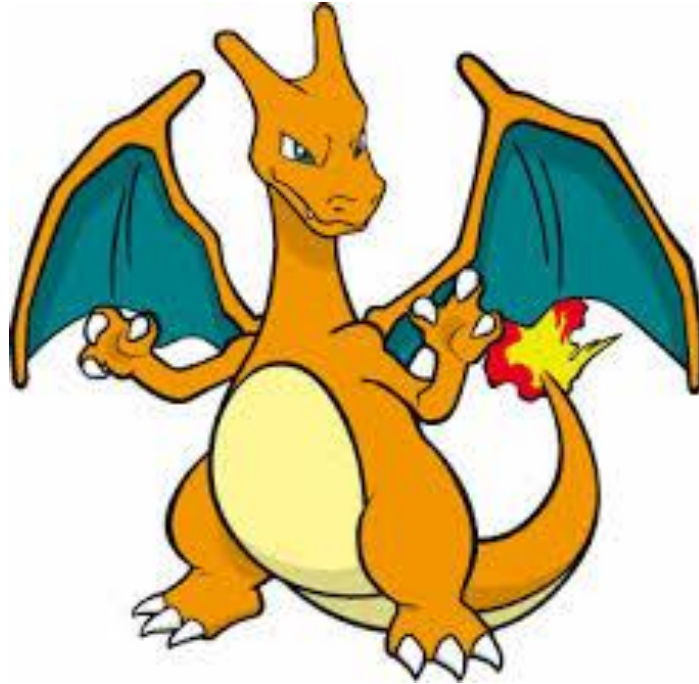

DRAGON BALL Z

POKEMAN = Pocket Demons

In a rare interview with Pokémon creator Satoshi Tajiri, he admits that the games were created as a backlash against his Christian parents. He also says that the games are tailored towards an anti-Christian sentiment or Satanism.

DRAGONITE

There are spiritual elements and demonic forces at work in this game.

DOREMAN CARTOON teaches Hindi Language – this is a false religion with many demonic gods.

Doreman again – this reminds me of isis.

He said, daughter, look how this happened and He showed her how this child was very rebellious and disobedient to his parents. When his father would speak to him

he would run and yell and throw things and not listen to him. And when this was happening, a car hit him and his life ended right there. From that point on he has been here in hell.” Jesus told her, “Daughter, go tell the parents to instruct their children according to My Word.” The Word is real and tells us that we need to correct our children, our child with the rod, but not all the time, only when the child is disobedient to their parents.

Prov. 13:24 – He that spareth his rod hateth his son: but he that loveth him chasteneth him betimes.

Jesus told her there were many kids there in hell because of the animations and rebellion. She asked why the animation? Jesus said, “Because these are demons that bring forth rebellion, disobedience, bitterness, and hatred toward the kids.

1 Sam.15:23a – For rebellion is as the sin of witchcraft, and stubbornness is as iniquity and idolatry.

And all kinds of demons are there. All them that are in there enter the children so that they will not do anything that is good, but for them to do evil. Because

what they see there on the tv is what they want to do as well in reality.” She asked why there were kids in hell. Jesus said, “Because once they have knowledge that heaven and hell exist, they now have a choice to make.”

CLOSING:

*****Demons can speak to your child right through the video game. Research Markus’ name.*** There can be programming in the sounds as well. Occultist pray curses over these kind of games and release demons into these games. Let’s remember the NWO agenda and the fact that mind programmers use tones and images and can have programming in these programs that your child is being exposed to. At their set time, then they could cue their programming to start or take place, in children all over the world for their purposes.*****

1 Thess.5:22 – Abstain from all appearance of evil.

Luke11:34 – 36 – The light of the body is in the eye: therefore when thine eye is single, thy whole body also is full of light; but when thine eye is evil, thy body also is full of darkness. Take heed therefore that the light which is in thee be not darkness. If thy whole body therefore be full of light, having no part dark, the whole shall be full of light, as when the bright shining of a candle doth give thee light.

****Parents must be vigilant and teach your children. Research the games they play, the books they read, the movies they watch. ****

Prob. 22:6 - Train up a child in the way he should go: and when he is old, he will not depart from it.

Whose responsibility is it to train the children? The school? The church? NO – it is the parent’s responsibility. Don’t think you will stand before Jesus and have an excuse for not training your child in the ways of the Lord.

PRAYER:

Lady asking other parents if their kids are doing Hour of Code
