

SATAN in SCHOOL – Part Three: COMMON CORE

DUMBING DOWN OUR SCHOOLS

Charlotte Isberbyt was the Head of Policy of the Department of Education during the first term of Ronald Reagan. She uncovered the plans to dumb down the schools while driving this country to communism. She found document after document of grants and contracts to carry out this plan of brainwashing our children.

She talked about discovering paperwork on Project BES which had the following concern stated in the document: **what we at the federal level can control and manipulate.** Later she found a program for 1st graders in which they were given pretest and post test about what happens at home and their religion. This is fishing for information – data mining operation. *They do this with facebook and google and whatever else you access on your computer.** Our taxpayer money has been paying them to carry out their wicked plans and put their filthy programs right into the schools.

COMMON CORE

Thank you to Mrs. Sally for bringing this to my attention.

This speech was given in 2013.

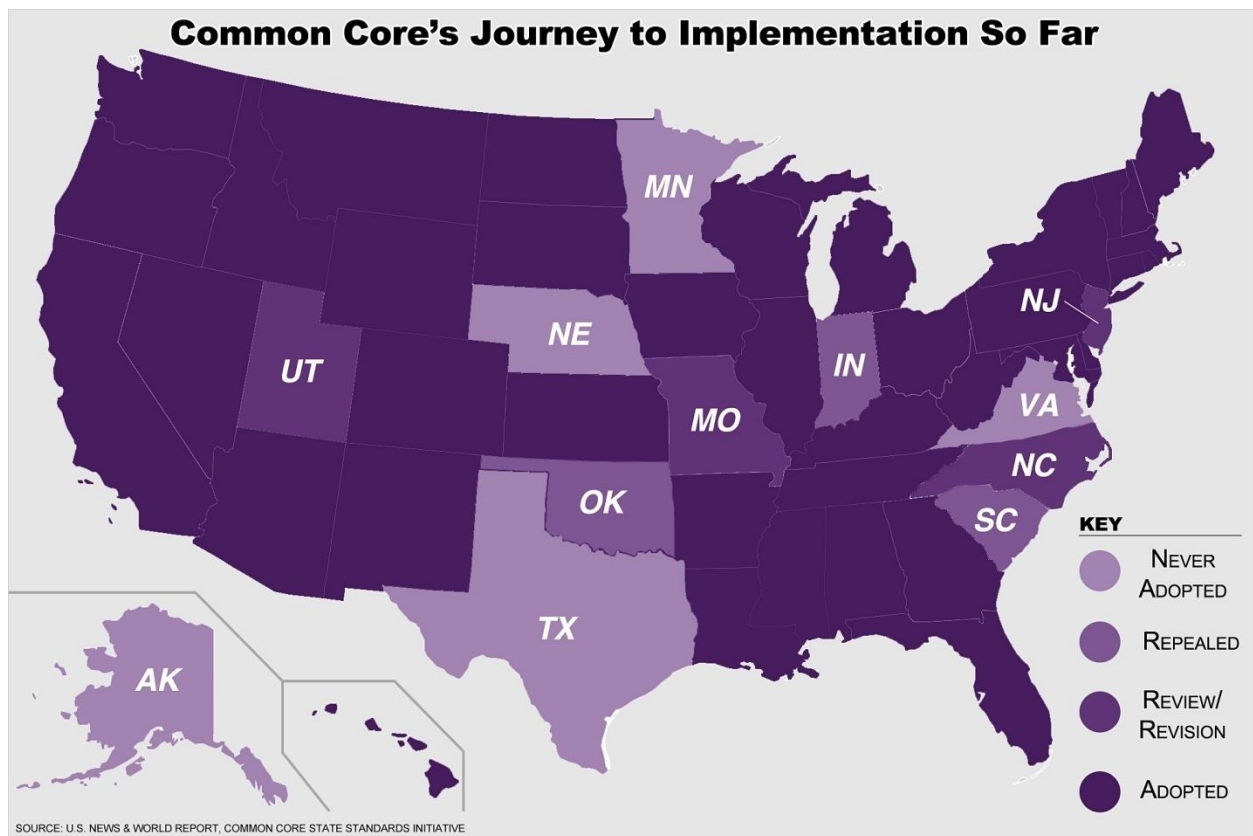

This is government overreach into our school systems. It is strongly funded by the Bill and Melinda Gates Foundation who as you know are illuminati and are depopulationist. What does that mean? It means they are on board with the UN Agenda 31 and with NWO, it means they do not have our best interest at heart and especially not our children either. The goal of this program is to have every

school in America teaching the same thing at the same time. It is part of the bigger plan to move us to communism. It teaches what to think – NOT how to think. **Corporations wrote these standards**, not educated people in each field like English, Math etc. It was written by lobbyist and 150 million came from Bill and Melinda Gates. They finagled to get this implemented into the school systems by offering the schools a lot of money in return for them agreeing to accept this plan sight unseen in 2-3 years.

Exodus 23:8 – And thou shalt take no gift: for the gift blindeth the wise, and perverteth the words of the righteous.

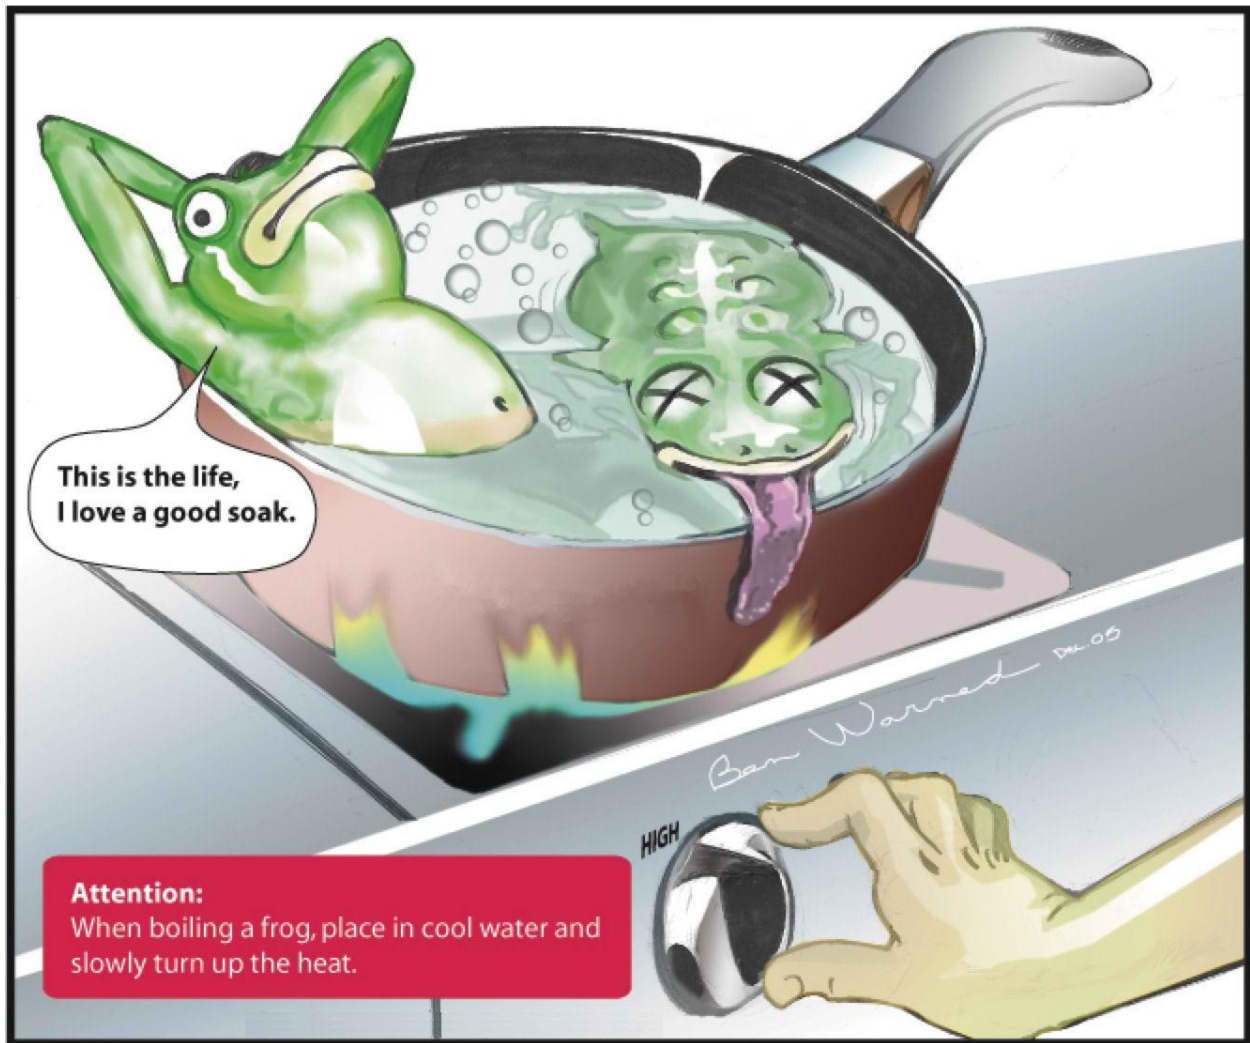

2 Chron.19:7 – Wherefore now let the fear of the LORD be upon you; take heed and do it: for there is no iniquity with the LORD our God, nor respect of persons, nor taking of gifts.

Georgia has rejected common core and the government is pulling millions of dollars out of their budget as punishment for doing so.

This data is from the end of 2014. 46 States had taken the money as of 2013.

Obama Care and Common Core are in synchronicity together. They work together. Schools cannot change any part of it, only Washington DC. This is a loss of state and local authority over education. It is “one size fits all.” Standards are so low that it is almost impossible not to meet them. We are now on the road to nationalized curriculum. This has been a slow gradual implementation since the 1960’s or earlier.

They will be mapping your children. The states become agents carrying out the plan. They will be collecting biometric data: facial expression, blood pressure, pulse rate etc. on our children.

I hope you are connecting the dots here. Remember they want to hook us all into the hive mind. They are downloading consciousness and putting it in clones, and in “created beings.” When they map your brain it helps them to be able to torture you electronically via DEW (directed energy weapons) and plant thoughts, dreams, visions, speak into your mind, program you etc. This is in many of my previous messages. **They also want to see who will be easily controlled and go along with their plans. Those that are not cooperative will be flagged and put on their “red list.” **

They are trying to fix it so that the parents are not allowed to teach their kids anything. If you teach your kids something that is not in align with Common Core, then there is a problem and they can look into your home life and bring the government right into your home in regards to what you are teaching your children. An example is if you are a Christian home and have taught your children about homosexuality from God’s point of view. Your views will be different than what the school is teaching and they could come at you under their “anti-bullying” concept. Evolution vs Creation is another sticking point.

DATA MINING AND RECORD KEEPING

Data mining storage buildings have been built to house the data they are collecting from all citizens all over the world, **not just school children.**

UTAH Data storage center

Anything you do will be on file forever. If you do something stupid in school it is there permanently for all to see in the future when you seek employment or anything else.

Obama is pushing for MANDATORY Pre-K.

I'll tell you why, so they can get a hold of their young minds. Obama, Gates, and the elite want to brain wash them and get them on board at an early age with their communist NWO plan.

One of the presenters gave an example of how they can monitor your child in school and then use it as a foot hold to come into your home.

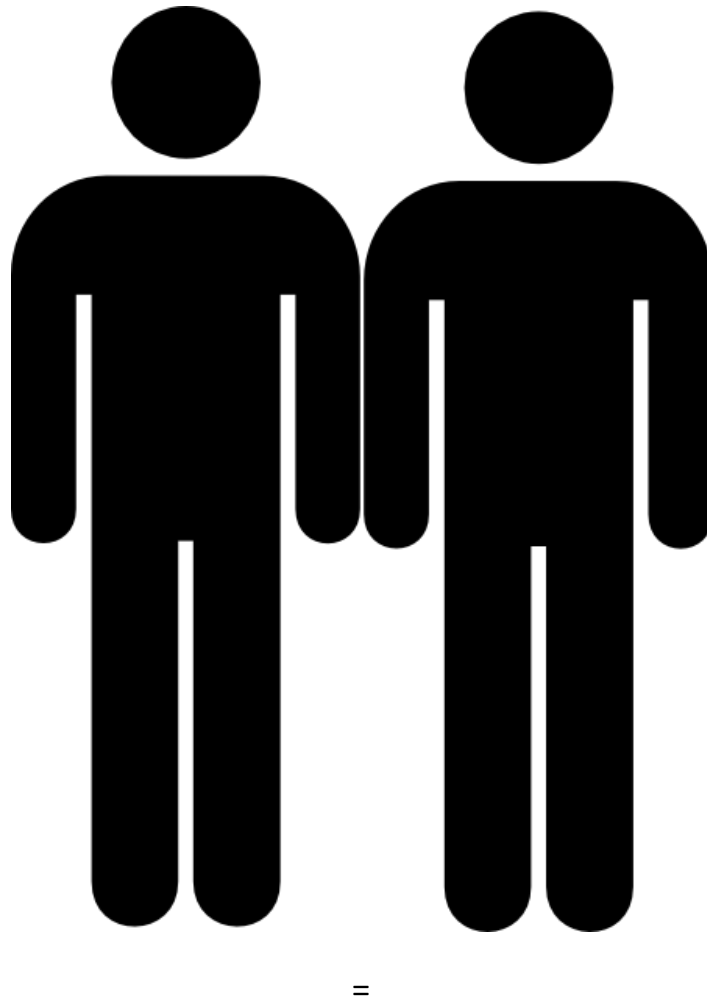

If your child makes a face at something they are learning that doesn't seem appropriate (facial recognition), or their weight is over or under what it should be, if they appear not happy one day, or their blood pressure goes up these can all be reasons for the government to come into your home and investigate you and how you are living and what you are teaching your children at home. It is an excuse for them to come in and gain control over you.

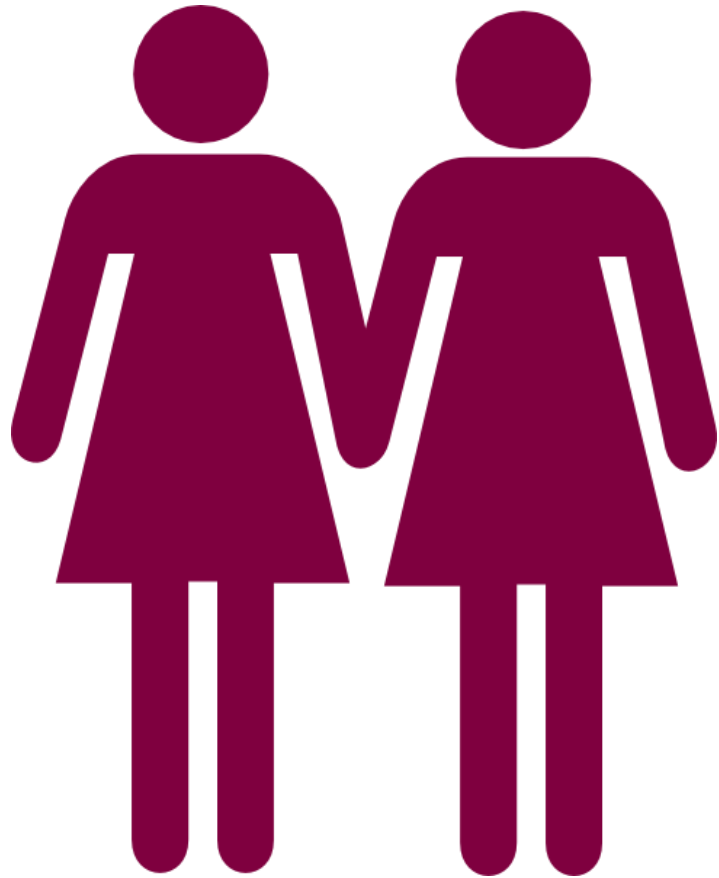

AFFECTIVE SENSORS

These will be implemented to measure the students effectively.

They are moving the classroom to no books, only computers and laptops that must be bought from the government. **And mind you, they will monitor every single thing from that computer as well.**

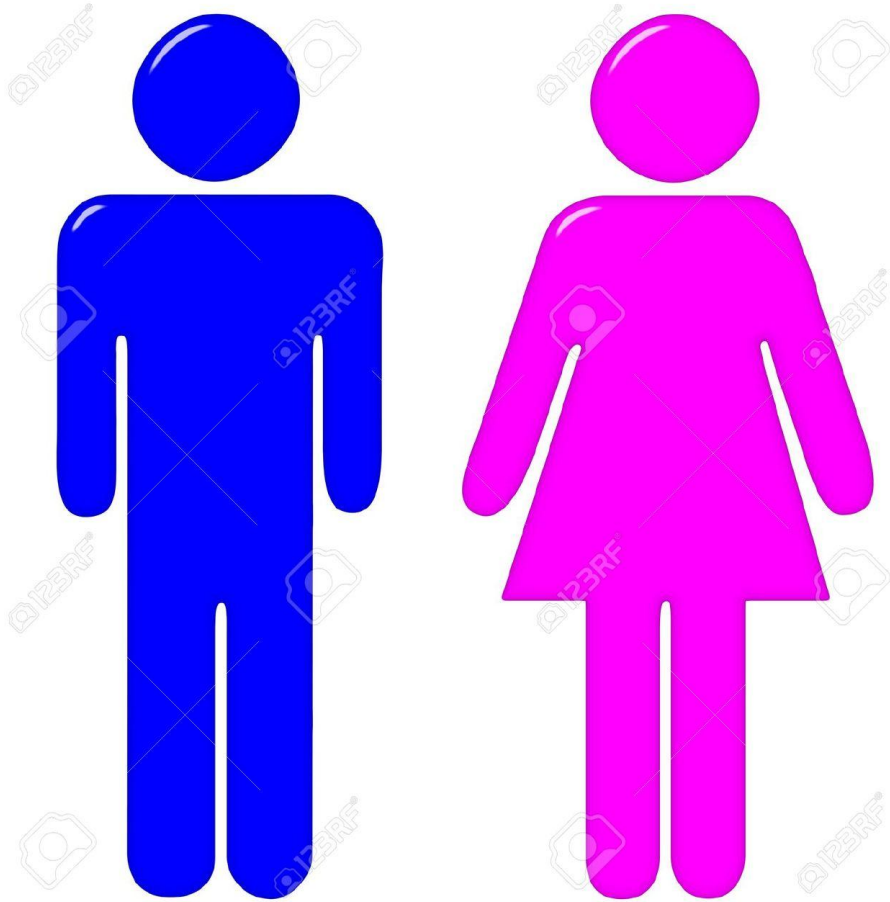

In this new program, K-2 grades will have to explain how sexual attraction crosses genders.

=

=

Genesis 1:28 – And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

The equipment in this picture will be implemented into the schools under this Common Core program. All of these things will be used to monitor your child's reaction to material that will be introduced and also when they dig for personal information. When information was introduced did your child make an inappropriate face? Did your child slump or squirm in his seat? Did the child apply more than average pressure to the mouse when asked certain questions? Did his/her blood pressure or heart rate shoot up when presented with the information or when asked certain questions? If the school doesn't think any of their responses according to the equipment was acceptable they could say this could be a "bullying tendency" that the child has learned. Parents that may have taught it is wrong because of their faith are **BULLIES. This is targeting Christians.**

A little girl was made to wear the wrist band that measures bp and pulse rate and they put it on too tight and when she came home she had red rings around her wrist and her wrist was swollen.

CScope is very similar to Common Core, in fact it is the prototype of Common Core. Texas was one of the states to reject this.

12 Year old American girls were required to come to class dressed as muslims in burqas for Islam Awareness Day for their "Islam Quiz"

There was no Christian awareness day.

Third graders had an assignment to imagine a NEW COMMUNIST COUNTRY and draw its flag.

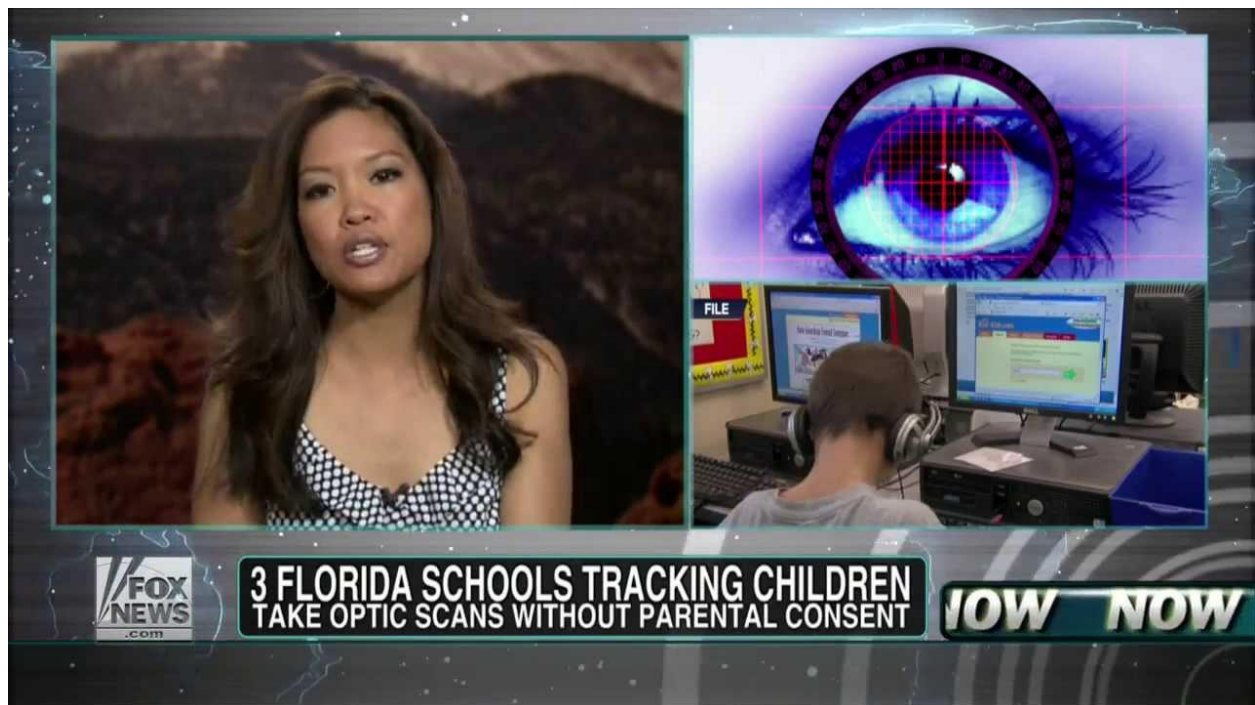

This one was drawn by a 6th grader in CSCOPE.

****This is driving at preparing their minds for what is coming to America and the world.**** He said they drew flags with hammers and sickles just like Russia.

In 2013 Texas became aware of just how horrible the program was and in September of 2013 Cscope was gone from their school systems.

All of this started in 1965 and has taken steps forward and a few backward but mostly has been marching forward to bring us to where we are today, on the cusp of implementing NWO and this is one of the steps.

They will be and are already using IRIS SCANNING in some schools.

FMRI (Functional) takes a map of your brain. These are the things they are planning on doing to our children in school.

This Common Core Program is a way to get outside interest groups involved like: Planned Parenthood (who sell aborted baby parts), National Sexuality Education Standards, and the UN who is pushing Agenda 31. Bill Gates is aligned with Unesco.

UNITED NATIONS

Educational, Scientific, Cultural Organization

Unesco's plan "Education For All" is very similar to Common Core. That is because they are trying to sneak it over on us and really they are basically the same thing. They just want to get it in place. Agenda 21 which is now Agenda 31 is a plan to preserve the environment. Remember we used to hear about global cooling. When that didn't happen they switched to global warming. This is just a bunch of made up stuff, to scare people into going along with their plans.

****Remember they are manipulating the weather to go along with their plans and make the public who is unaware believe the lies they are telling.****

Planned Parenthood is in charge of much of the material being used to teach sexual education.

Remember this story being in the news. There were several under cover videos that were leaked showing these people sitting there discussing selling aborted baby parts over lunch. Trying to make a profit off of it and yet the company is virtually unscathed and practically applauded still.

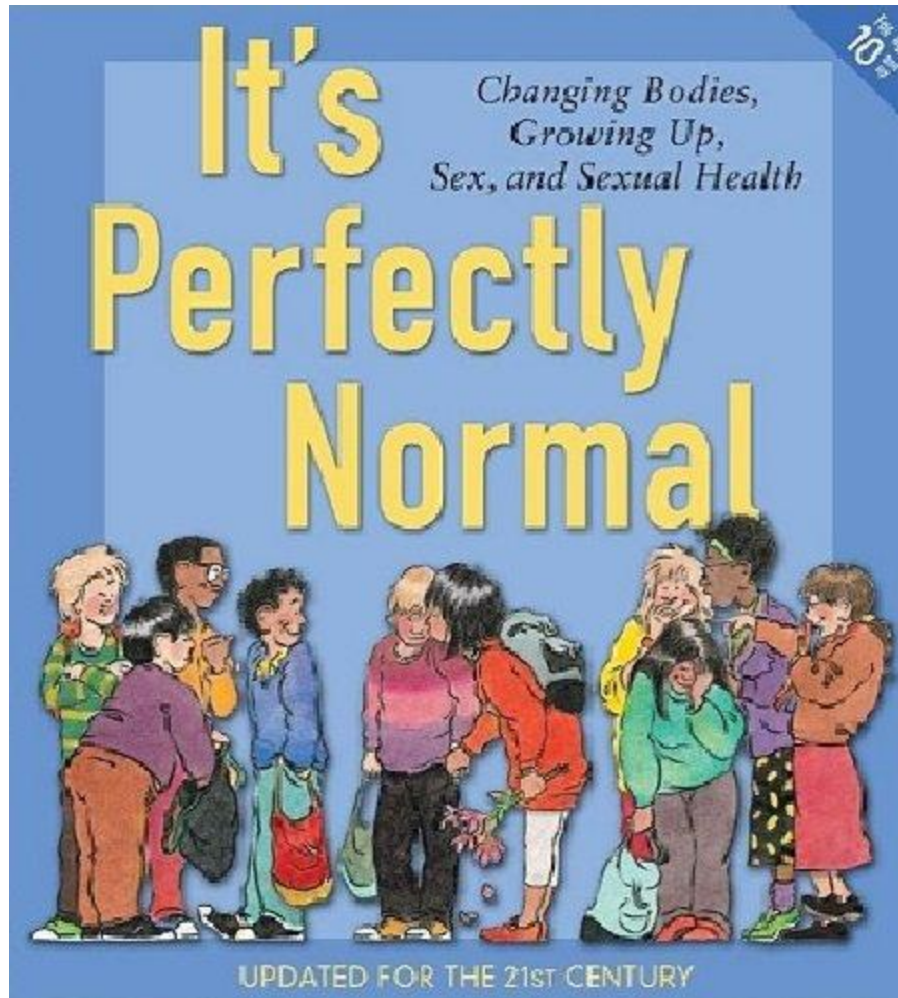

Zachary King, a former satanist, [reported](#) to the Lepanto Institute that he conducted nearly 150 abortions for satanic rituals during his time as a high wizard, more than 20 of which took place in Planned Parenthood abortion chambers.

Sometimes the dr. would invite him to come and do a ritual, or the director of the facility. At the end of the day they do a ritual to dedicate all the aborted babies to satan. The people who are there chanting and praying are also doing spells to protect them – like against Christians praying against them. Cops and sheriffs have been paid off so they don't interrupt. One time a mayor of a small town couldn't get his agenda passed for years so he came and took part in the ritual so that he could get it passed.

Obama and Hillary Clinton have both come out in defense of Planned Parenthood, and Obama has even threatened to retaliate against states that cut off Medicaid funding for the outfit, which performs close to 400,000 abortions in the United States each year.

Exodus 20:13 – Thou shalt not kill. (premeditated – murder)

They are targeting kids age 3, 4, and 5 not just about gender identity but about sexuality. Teaching 2nd graders how to masturbate. They have naked illustrated pictures of this showing the kids how to do this. They justify this saying, if they do this they won't experiment sexually with others. They are coming at this like 2nd graders are actively having sex. They want our kids to be highly sexualized and it is happening at younger and younger ages now. **Our schools, governments, and society is being run by the elite and even if people who serve under them don't know it, they (the decision makers) are satanists and they want open doors in our kids lives so they can be easily controlled and drawn away from what is holy. When you start a kid off on this path of pleasuring themselves it opens them up for demonic activity. This was never God's plan for our bodies.**

This is all mind control. If the kid doesn't conform to what is being taught, they will intervene.

INTELLECTUAL OPENESS

Do what we teach and don't question it. For example, if a kid is to work a problem of 3×4 and they arrive at an answer of 11 – as long as they show their work, then their logic for arriving at this answer, it will be counted as correct. However, if a kid answers 12 they could get the problem wrong. Here's another example: 6×7 one child answered it with 42 and it was counted wrong. Another child drew 42 circles and it was counted correct.

"old fashion" way

$$\begin{array}{r} 32 \\ -12 \\ \hline 20 \end{array} \leftarrow \text{answer}$$

The "New" way

$$32 - 12 = \underline{\quad}$$

$$\begin{array}{l} 12 + 3 = 15 \\ 15 + 5 = 20 \\ 20 + 10 = 30 \\ 30 + 2 = 32 \\ 20 \leftarrow \text{answer} \end{array}$$

They are trying to unlearn what has been taught to our children.

One Way Use 5s facts and addition.

To multiply a factor by 6, multiply the factor by 5, and then add the factor.

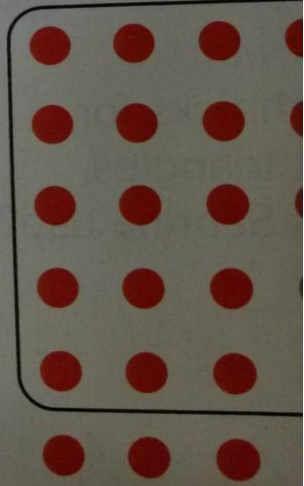

$$6 \times 7 = 5 \times 7 + 7 = 42$$

$$6 \times 6 = 5 \times 6 + \underline{6} = \underline{36}$$

$$6 \times 8 = 5 \times \underline{8} + \underline{8} = \underline{48}$$

$$6 \times 9 = \underline{5} \times \underline{9} + \underline{9} = \underline{54}$$

So, Jessica will use 54 craft sticks.

Adding extra steps that are not necessary in order to confuse and dumb down our children so they cannot think quickly to solve problems.

They are really not interested in our children being able to do math, as they are calling this **ESTIMATIVE MATH**. Just estimate and get close to the answer and that will be ok as long as you show your logic for how you arrived at that answer. You just need to know how math should function. Be open minded, but we don't want your opinion.

Which version of math is the best method to teach?

Traditional Math

$$\begin{array}{r} 225 \\ -24 \\ \hline 201 \end{array}$$

OR

Common Core Aligned Math

$$6 + 70 + 100 + 25 = 201$$

$$225 - 24 = 201$$

9. Carole read 28 pages of a book on Monday and 103 pages on Tuesday. Is 75 pages a reasonable answer for how many more pages Carole read on Tuesday than on Monday? Explain your answer. (2-7)

Yes, 75 is a reasonable answer because $103 - 28 = 75$.

Estimate
 $100 - 30 = 70$

I'm back. Because I just CAN'T. I can't not say anything. I can't not call out the complete insanity of this Common Core Math. Please explain to me in what CRAZY, BACKWARDS, MAKE BELIEVE WORLD this makes sense??

Math is FACT! Fact is $103 - 28$ is ACTUALLY 75. As in actually. Factually. And yes, reasonably.

In this scary world of FAKE MATH, 75 is not the correct answer?! In order for the answer to be REASONABLE, my daughter needs to estimate and come up with the WRONG... See More

WE WILL NOT TOLERATE A RIGHT ANSWER!!

EFFECT ON HOME SCHOOL

Homeschooling families are rising at a rate of 7-1 over public schools (in 2013), so this is a huge movement.

SAT – one of the college entrance exams has conformed to Common Core. Common Core hasn't even been taught to the students who will be taking the SAT's under this new program but because Common Core is already in place, they have already made this change from the top down. Can you imagine a kid who knows true math and correct answers trying to figure out their crazy math system on the fly while taking the test trying to get the wrong answers so that they can get the problem right?

IF Home school kids are taught math correctly, how are they going to pass these SAT's that are geared toward incorrect and crazy answers? Right now home school kid's grades are higher than the kids in public schools. What will happen with this implementation is that now they will be able to say that Common Core Public School kids are getting higher scores than home school kids and thus making home school look like poor education so that they can work to force home school to shut down and get all kids back in the public school system so they have control over them.

After WWII the only law that remained in effect in Germany was **NO HOME SCHOOL.**

DATA EXPANSION

They are saying home school kids have to participate in this. You can't opt out of Obama Care biometrics. **EVERY PERSON WILL BE ON FILE.** Many home school publishers have aligned with Common Core. That is where the money is at. This is their way of getting everyone to take the bait - **MONEY.** This is how it will come into home schooling.

1 Tim.6:10 – For the love of money is the root of all evil: which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows.

CLOSING:

EDUCATION: Planned Enslavement Through Lack of Knowledge

"The aim of public education is not to spread enlightenment at all, it is simply to reduce as many individuals as possible to the same safe level, to breed and train a standardized citizenry, to put down dissent and originality." H. L. Mencken

"I don't want a nation of thinkers. I want a nation of workers."

– John D. Rockefeller
Created the General Education Board (GEB) in 1903
to dispense Rockefeller funds to education

EXCERPT FROM Page 7 "Silent Weapons for Quiet Wars"

"The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintain some measure of social order, peace, and tranquillity for the ruling upper class."

Read "Silent Weapons for Quiet Wars"

Acts 4:13 – Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marveled; and they took knowledge of them, **that they had been with Jesus.**

Dan.1:17-20 - Read – God is the One Who gives favor and knowledge and skill in learning and wisdom.
