

# CLONES, ALTERS, DID and SOUL: SNATCHING, SCALPING, CAPTURE, RECYCLING, TRANSFER and RESURECTING – Part One

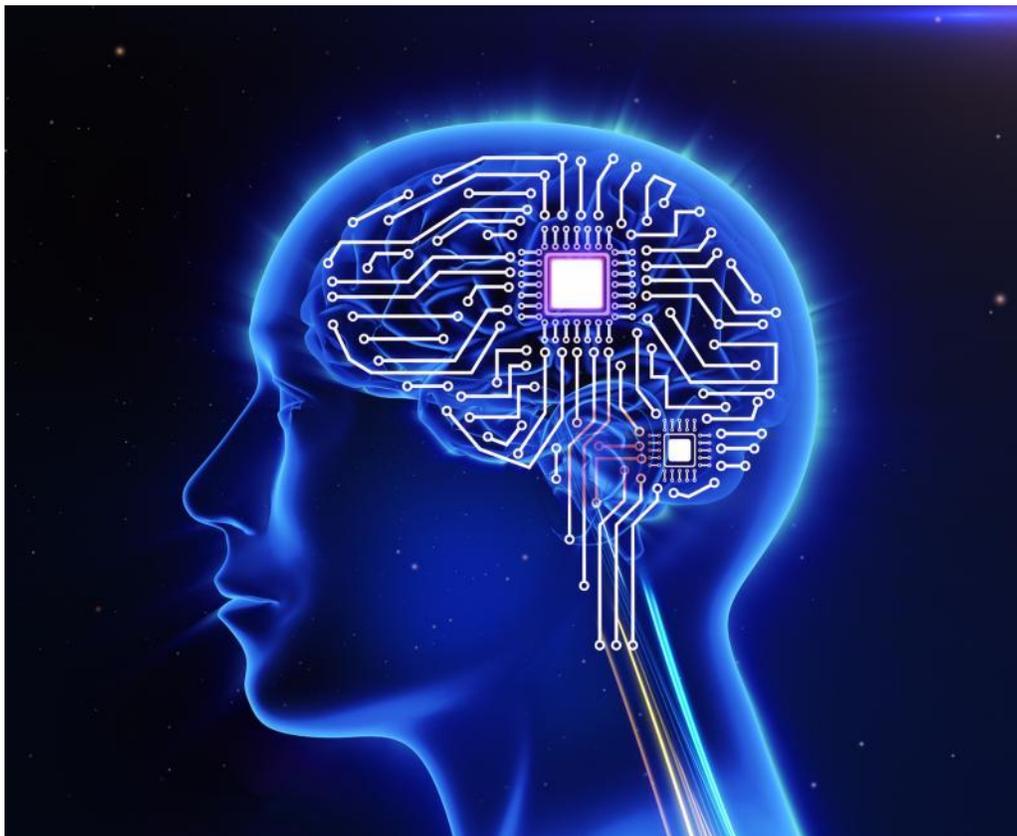

First let me say I do not have all the answers and certainly am not an expert on these issues but I can share what the Bible says about the soul and spirit and we can get into the research I have done on these subjects.

Let's talk about transferring consciousness into a clone. Remember these aren't the clones that are from egg and sperm and look just like a real person that is older than them.

These clones are the ones that are grown in tanks in like 5 months or less. Supposedly now they are being grown from blood cells or dna. I believe this has to do with the fallen angel technology. We know that the ability to copy the human brain or map the human brain and put it on a chip is already here. So that part is not a mystery any longer. As Donald Marshall has explained that when a person who has been cloned goes to sleep and hits REM sleep then the controller

at the cloning center is able to switch on the clone. He said that he feels what the clone is feeling unless they turn off the feeling sensors. He also said they – the powers that be can choose to keep you memory repressed so you don't remember the experiences at the cloning center or they can choose to unrepress you so that you remember. Remember the elite are doing this to people working on black op projects – wiping their memory after their assignments are completed. And alien abductees say the same thing. Many times they don't remember their experiences until they are under hypnosis. They can wipe your memory and many abductees' bodies would still react traumatically to what they had experienced even though they reported that everything was loving and friendly. That person's subconscious could not be fooled or tricked. Remember Aldo who I spoke about, he started to get his memories back and realize they weren't dreams but were real and he talked to Donald and confronted Donald about his role there playing Jesus. Donald said that when the real person wakes up the clone drops to the floor or just stops whatever they were doing.

He says he has a chip in his head so this sounds like how they are able to transfer the consciousness. The rest of us may not be officially chipped, but we all have nanobots in us now as well through smart dust, and our food supply as well as them being sprayed into the air we breathe. Wondering where the soul is at in all of this, I'm not sure a "soul" is going anywhere during this type of consciousness transfer, but there is a connection somehow to the brain.

If the person who they have recorded on the chip dies, then they can put the chip into a clone (which doesn't work as good and is more flawed) or they can put it into a real person's body and body snatch their body that way.

Remember the elite want to live forever. Donald talked about it and so did Richard Seed the cloning doctor. They are coming out more and more in the open plainly stating that they intend to live forever. That death is now an option, if you have enough money you can live forever. They say they have discovered an "immortality gene." There is plenty of research on these things and even talk of moving into a time where our consciousness is loaded onto a chip and we control our devices, computer, phones, cars, etc. by our minds. Remember they are flying fighter aircraft already with nothing more than the mind already. They say that at that time we will be connected into the hive mind or computer matrix. See video clip below by Michio Kaku.

An anti-tech group, RIFT = (Christians) – except that is not how we fight. One theme in this movie is EVOLVE. Saving mankind – doing good things, however we already see that is not what they are doing with technology. “I need to expand, I need more power.” The real Will died. Main character’s name is Will. R.I.F.T.'s leader Bree ([Kate Mara](#)) kidnaps Max and eventually persuades him to join the group. The government is also suspicious of what Will's uploaded consciousness will do and plans to use the terrorists to take the blame for the government's actions to stop him. Evelyn, however, grows fearful of Will's motives when he displays the ability to remotely connect to and control people's minds after they have been subjected to his [nano-particles](#). Infecting the super computer with a virus to take it down would blow up or take out technology. This would also disable the nano-particles, which have spread in the water, through the wind and have already started to eradicate pollution, disease, and human mortality. "He created this garden for the same reason he did everything. So they could be together."

Duncan from the Montauk Project, he's saying he is not in the same body he was born in and that he is much older than what he appears to be. Remember all of the experiments and things they were doing were done esoterically. So this is dealing in new age and they openly talked about working with aliens/demons. They said they had to travel back in time and talk his dad into having another baby and so he agreed and that is when they put Duncan into the new body.

So in order to put Duncan into the new body they had to capture his soul/spirit and they do have this type of technology and have been using it for some time. It is part of the fallen angel technology – some of which we call science.

In their insane desire to have human bodies as their own, aliens have perfected the ability to take a person's soul out of their body and put it 'elsewhere.'

This gives them access to a human body devoid of a soul. The body is a shell, a carcass, and they can take over and possess this body and use it for themselves. This is termed as "walking-in." There are two types of walk-ins. Aliens can walk-in and possess a live human body (to me this would be total possession where the demon is doing everything and in total control), or they can possess a dead human, or in this instance, a live human who had their soul removed and then their body was taken over and walked-in by an alien. \*Remember the witch who shared about his training in the kingdom under the sea and for 11-12 years he had a walk-in (demon) using his body to make people think he was here functioning just like normal.

We need to realize they, those that serve satan are taking souls and bodies as well as creating bodies.

What happens to the souls? What is a soul? A soul is what makes you-you. We are souls, and our bodies are just shells that cover our souls. Can we exist outside our bodies? Yes, as a spirit, in spirit form. The aliens are kidnapping humans and taking out their souls and then putting these souls in storage containers, even boxes, and then taking over the human bodies as their own.

The person who was abducted and kidnapped is not dead. They are still alive, but now as a soul, they are trapped in that container or storage box they were put into. They become prisoners imprisoned in these storage containers with no way out.

### **THOMAS CASTELLO**

He is either dead or still on the run after leaking this information. He was a security guard at Dulce base.

He said the 4<sup>th</sup> floor contained **captured disembodied souls**, the living essence.

**\*\*Mr. James shared in the video “Technology and Great Deception in Biblical End Times” that the demons have a body switching technology. He said the Lord showed him that people could take themselves out of their body and be put into another body that they liked. This is using some type of demonic technology. He said after about a month the “new” body would start developing boils all over. So then they would have to switch bodies again at that point.\*\***

Some of the research about Duncan with the Montauk Project, said that soul transfer leads to, what Larry James (not his real name – claims to have been in charge of the Montauk Project) calls, a "Swiss Cheese" memory. As with AI, certain information is remembered as if it happened yesterday, and other information remains buried until triggered by an event.

The guy that called in, his question was if those in the illuminati practice things like their spirit or soul leaving one body and being born into another body and living on like that and she said yes all the time. She also said she saw many things that our human minds and logic just can't explain.

One person being at different places at the same time is a supernatural thing. For example, the new agers astral projecting: their body is laying on the bed still

asleep and breathing and yet the spirit is outside of the body doing other things and going other places. This is the same thing Mary Kay Baxter spoke of when Jesus took her to hell.

He raised her up out of her body and she was in spirit form and looked at herself laying there still asleep.

Where do our souls go when we die? If a person dies even if they are chipped, and there is no interference of trying to capture their soul, then the soul goes where it is supposed to go. For a Christian the soul will return to God. For an unbeliever their soul will go to hell and await their day of judgment and then be thrown into the lake of fire afterward.

**1 Thess.5:23** – And the very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ.

If an unsaved person dies and they have copied their consciousness onto a chip, that person's soul goes on to hell. The clone left here on earth with the

consciousness in it doesn't have the soul of that person. The elite can also program them if they choose.

**Gen.2:7** – And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

Is it possible that these clones made in this manner in 5 months do have a soul because they are breathing but do not have a spirit?

When Adam and Eve sinned in the garden, their spirit became dead because God removed that part of Him from them. They knew they were naked and had sinned. So from there on we have all been born into sin with spirits that are dead to God.

**Ezekiel 18:4** - Behold, all souls are Mine; as the soul of the father, so also the soul of the son is Mine: the soul that sinneth, it shall die.

**Matt.10:28** - And fear not them which kill the body, but are not able to kill the soul: but rather fear Him which is able to destroy both soul and body in hell.

What is the difference between soul and spirit?

Soul – Greek 5590 – psuche – breath

Spirit –Greek 4151 - pneuma – wind, breath, spirit

The language of Heb. 4:12 suggests the extreme difficulty of distinguishing between the soul and the spirit, alike in their nature and in their activities.

**Heb. 4:12** – For the Word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart.

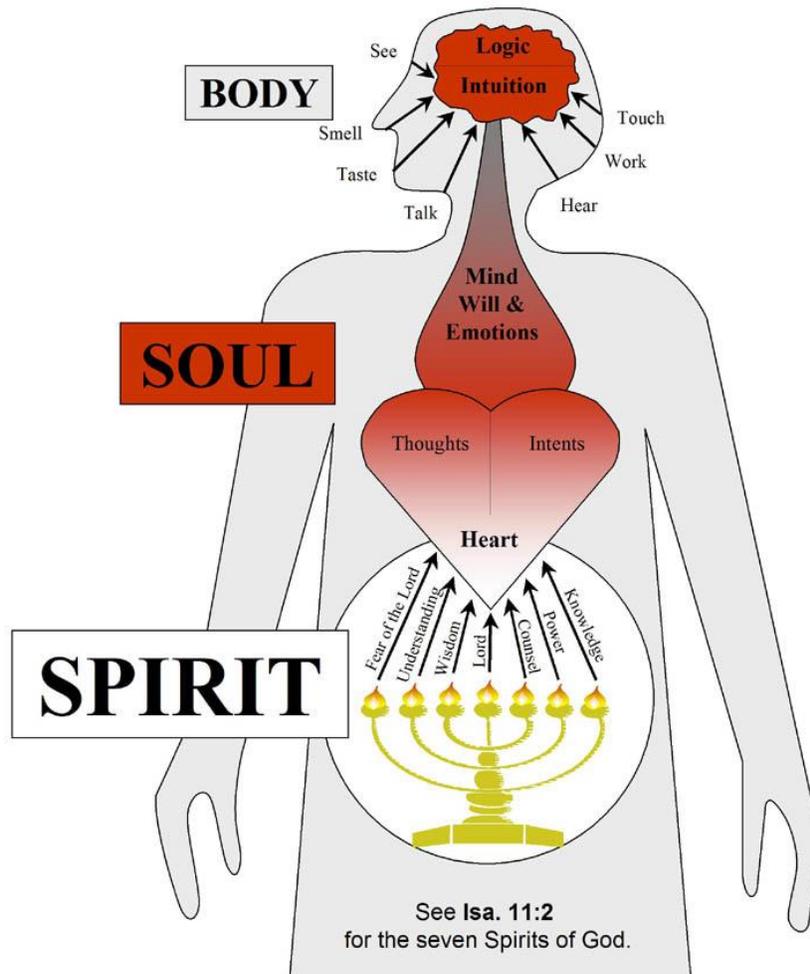

Generally speaking the spirit is the higher, the soul the lower element. The spirit may be recognized as the life principle bestowed on man by God, the soul as the resulting life constituted in the individual, the body being the material organism animated by soul and spirit...

Body and soul are the constituents of the man according to Matt. 6:25; 10:28; Luke 12:20; Acts 20:10; body and spirit according to Luke 8:55; 1 Cor. 5:3; 7:34; Jas. 2:26. In Matt. 26:38 the emotions are associated with the soul, in John 13:21 with the spirit; cf. also Ps. 42:11 with 1 Kings 21:5. In Ps.35:9 the soul rejoices in God, in Luke 1:47 the spirit.

Apparently, then, the relationships may be thus summed up soma, body, and pneuma, spirit, may be separated, pneuma, spirit and psuche, soul, can only be distinguished (Cremer).

From Vines Complete Expository Dictionary

**\*\*soul and spirit seem to be interchangeable throughout the Bible\*\***

this scripture has many implications as we see the evil coming out in the open more and more.

Is God allowing this soul capturing and snatching and recycling of sinners?? Is the recycling really happening to unbelievers? Could God have turned them over to their sin until such a time as He returns for judgment on the earth? If you are wanting to be sure you don't get soul snatched or recycled or abducted or to be protected from what's happening on this earth – Jesus is the Way. I'm sure we haven't even scratched the surface of what else is really going on.

It is our hope at Three Hearts Church that everyone listening to this message would come to Jesus Christ.
