

MARK of the BEAST 666 – Part Eleven: SUN WORSHIP in GOVERNMENT, MILITARY, and BIG CORPORATIONS

Ezekiel 8 – sun worship & idolatry **check to see why Son is capitalized.

Who is worshipping the sun today? The elite/illuminati which consists of freemasons/masons, those in secret “esoteric” societies. Since we have not kept up with the pagans (the Canaanites and all those in idolatry in the Bible) to know what happened to them we must now learn who they are. These people are in covenant with satan. They are working more openly now than ever before. They have filled our world with their occultic symbols and colors and architecture.

There are some who have testified of meetings being run by demons/aliens so we know that they represent satan and are now being seen openly to this group that serves them. Phil Schneider, Karen Hudes, Edward Snowden are a few who have spoken about this. Under the demons/fallen angels is the Vatican (the popes, the Jesuits and the catholic church in general), then next is the secret societies. Remember most of the ones on the world stage are puppets and the real puppet masters are behind the scenes like the Rothschilds and the Rockefellers and the Bildebergs etc.

Let's take a look at some more of their symbols and hidden messages to each other.

www.obamamedia.wordpress.com

OBAMA'08

Obama's logo shows a rising sun. From the middle East we here in America are considered west. In the koran there is a prophecy about the end of days when the sun rises in the west. I think Obama chose this symbol on purpose for a dual meaning: sun worship and islam prophecy. *Could this rising sun in the west have to do with technology? There are many sites showing two suns in the sky these

days and we know they have manufactured phony stars and other things in the skies.*

Look at this picture of a UN meeting held in San Francisco, it is so obvious that the 6's are emboldened and made larger than the circle of the earth that stands for the zero. This picture was taken purposely to show the 666.

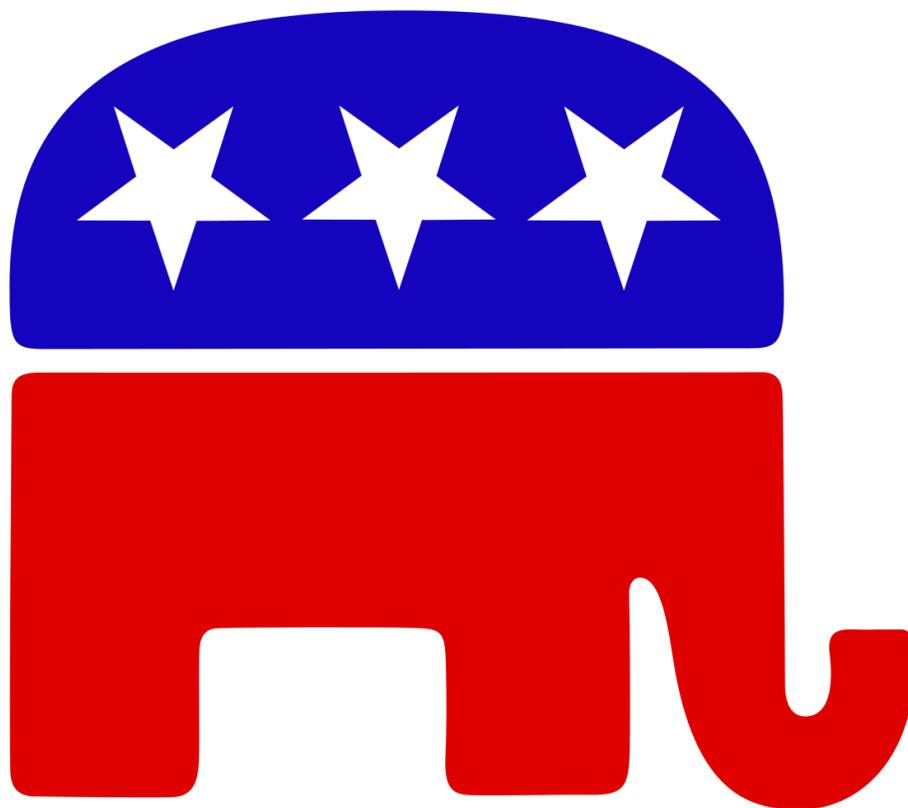

This is inside the U.S. UN building – the “meditation room.” A stone altar and an occultic mosaic piece. This room is shaped like a triangle without the capstone which stands for the antichrist. Many triangles, the sun, the moon and looks like a symbol for a snake. This is for sun/nimrod/satan and moon/isis/ashtoreth worship.

Here is the emblem of the US's CIA – this is a 16 point star.

The modern Republican Elephant – notice the stars are now upside down like baphomet. They weren't always upside down.

We cannot forget that the U.S. Dollar has a pyramid (stands for sun worship) notice the capstone is not in place and it has the “all seeing eye of horus/lucifer”

hovering waiting to be put in place. Recently I learned that the capstone is supposed to be symbolic of the antichrist, the time when he is ushered in.

Just so we don't think the last picture just happened that way, look at this one. See the 6's around the earth like a ribbon that came undone. There are exactly 3 of them in this picture with former President Bush.

The upside-down pentagram, often superimposed on a goat's head, is a common symbol in occult and satanic ritual. The circle of upside-down stars in the poster on the opposing page, ostensibly representing the nations of the European Community, would appear to be a conscious attempt by the artist to convey an occultic message.

Famous painting of the Tower of Babel by 16th century Flemish artist Bruegel (above) depicts the well-known event described in the Book of Genesis. For their arrogant actions, the Bible says, God divided and confused them with different languages.

254 PAGE 254

The Council of Europe's decision to employ the Tower of Babel in this poster as the central motif symbolizing their efforts to build the European supranational is a telling choice. It would appear to be an open statement of defiance to God, particularly considering that the stars have been intentionally inverted to form occult pentagrams.

255 PAGE 255

The elite know full well what happened at the Tower of Babel, God confused their languages and scattered the people. Now here is the EU choosing boldly to go right back and begin the very same work all over again in defiance of God. Look at the stars on that poster, all of them turned to represent baphomet.

U.S. AIR FORCE

The satanic occult symbolism of sun/moon/star worship is all through our military logos and patches. Wings of the sun god, triangles for sun worship, the star for isis and horus and saturn as well as the sun in the middle of the star.

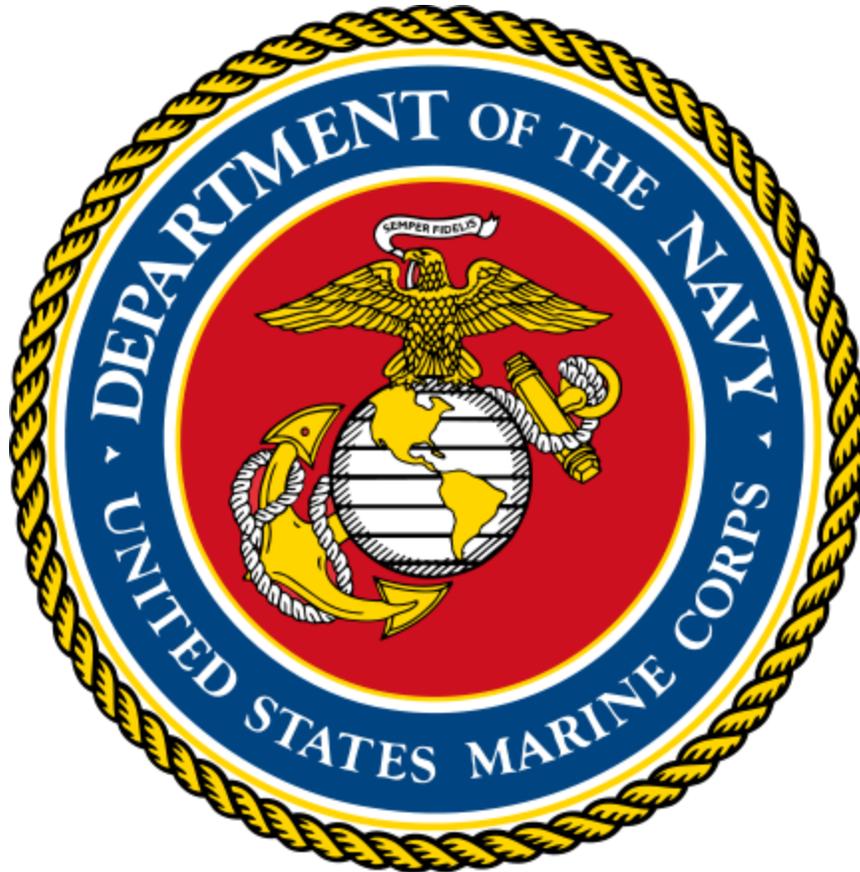

The star for saturn/satan/nimrod/sun god.

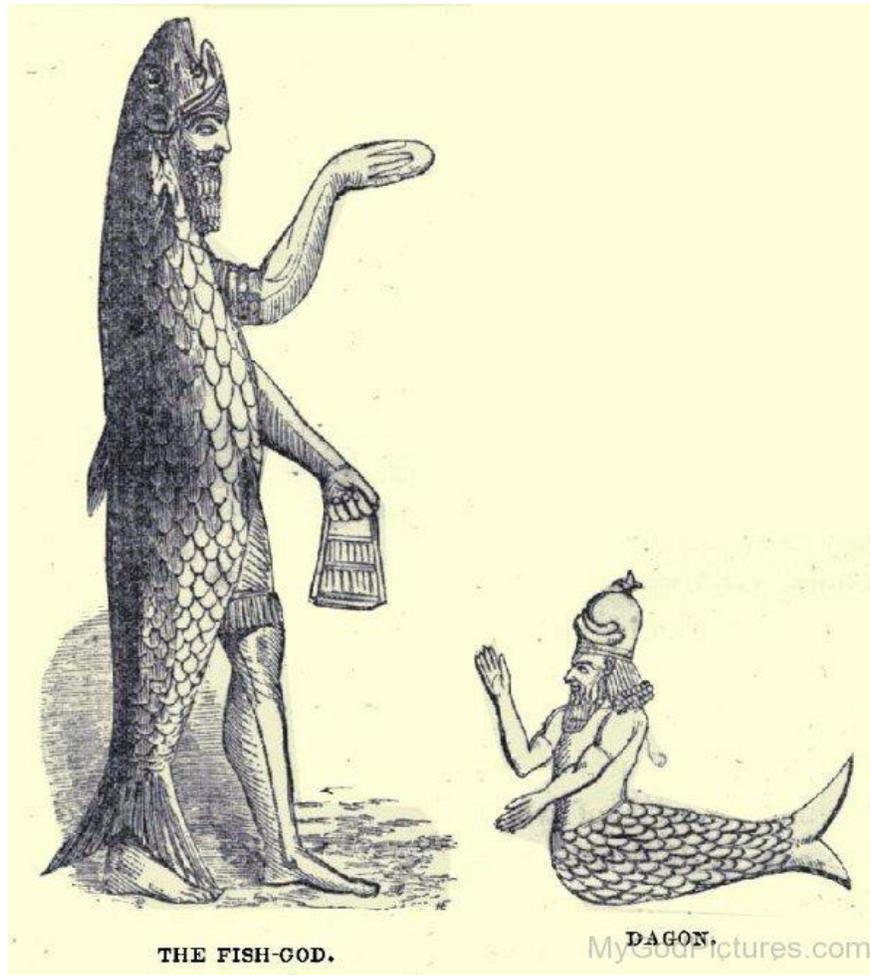

Here is a flaming heart for tammuz/sun worship, an anchor which symbolizes being anchored to the gods of the sea and the biggest god of the sea was dagon who is baal/nimrod/the sun god. Notice that cross there, it isn't for Jesus.

Latin: in this sign you will conquer. Remember Constantine supposedly saw a cross in the sky and so he began to merge Christianity with paganism because he never stopped worshipping the sun.

I don't have this Marine Corp patch totally broken down but I want to show you that anchor that is going through the world, notice on one end it looks like it has an eye. That is because it is symbolic of dagon – the fish god who is baal/nimrod/the sun god.

1 Sam. 5:1-4 – tells us what God thinks of dagon.

Popes wear the same fish mitre today worshipping the fish god/sun god.

Original Issue Sons Of satan USMC VMSB 241. Sold 1.29.09 for \$1036.

Turned to honor baphomet.

This was the NBC news desk reporting on the U.S. Presidential election of 2016.
The desk is in the shape of a star.

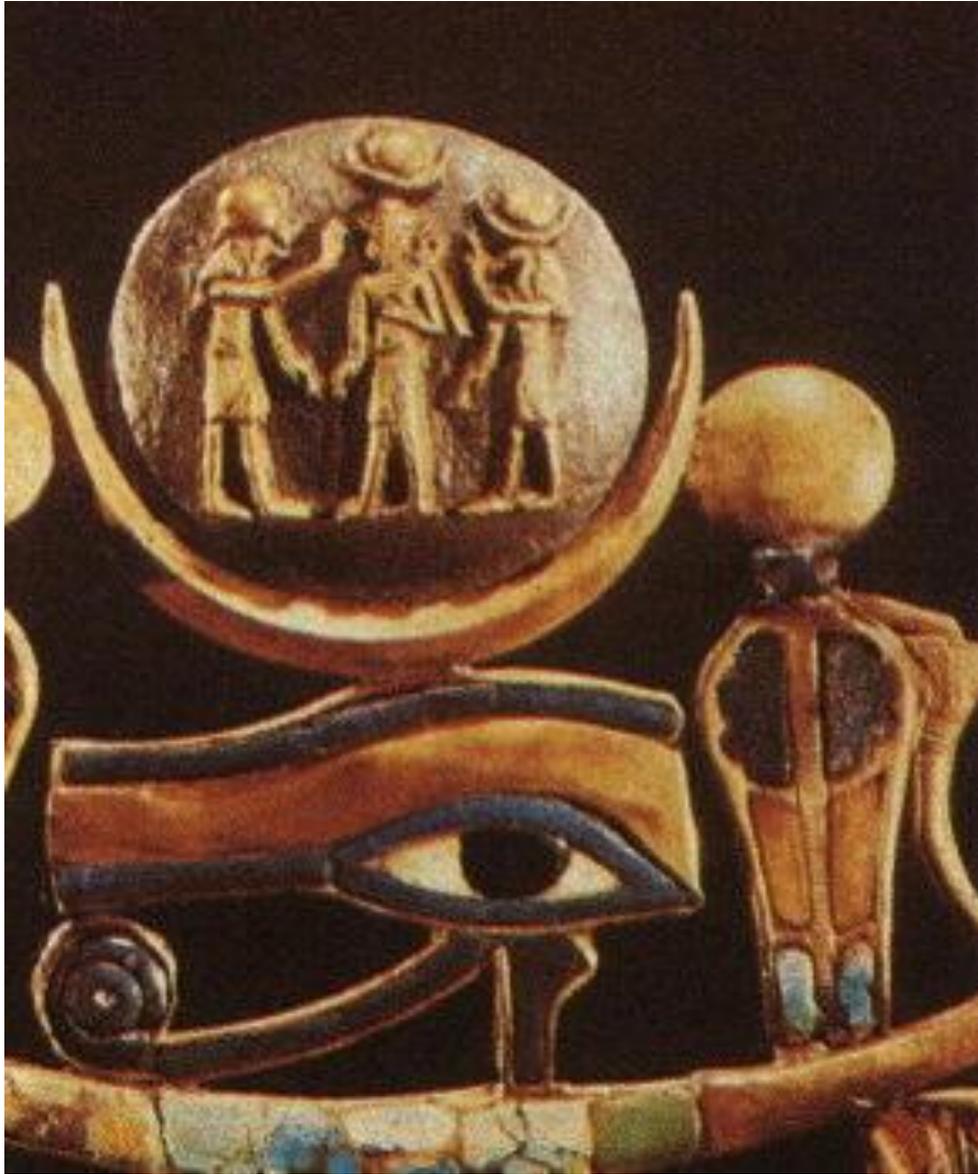

The all seeing eye of horus/lucifer/tammuz – the sun god.

The peacock is generally thought to be a symbol of the sun.

Aren't peacocks flashy and appear proud when their feathers are all fanned out?
Also, looks like eyes all over their feathers – the eye of horus/osiris/tammuz/baal.
Proud like satan and that is what got him kicked out of heaven.

Eye of horus/tammuz or osiris/baal/nimrod – all = sun worship. This has the sun/moon and nimrod/ashtoreth/tammuz up on top as well. "All seeing eye"

When you add these letters up esoterically you will get 33. The background is a round black sun disk for the black sun or Saturn which is satan/nimrod/the sun god.

(1980)^**# – View showing the the ABC Entertainment Center with the Century Plaza Towers in the background as seen from across Avenue of the Stars in front of the Century Plaza Hotel.

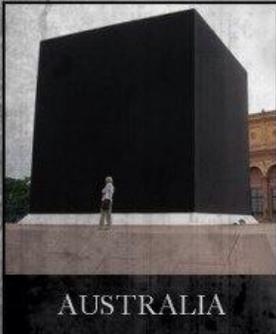

Here you can see better the shape of the towers in 3 sided which is a triangle on top. This is a shape that is used to worship the sun. At the base of the towers you see the circle with a dot in the middle (the sun symbol / also the womb symbol) and just across the highway you

see the all seeing eye of horus with the fountain forming 69 in the center which stands for the zodiac sign "cancer".

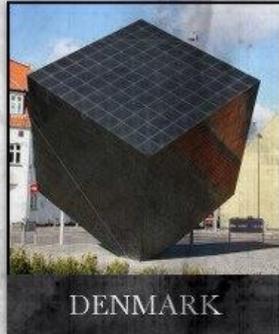

Our entertainers and actors have mostly all bowed down to baal. Many are programmed and have been broken since childhood, born into this. But some willingly went along to get fame and fortune. Many are cloned and who knows who is really still alive in this industry. They know how to clone and how to implant the consciousness on a chip and then program the person forward. Here you see symbols of worship to the sun/moon/star – baal/ashtoreth/tammuz.

SANTA ANA

— GLOBAL OCCULT WORSHIP —

There are black cubes all around the world which also symbolize sun worship/baal worship. The black cube is derived from Saturn's hexagon shape on top and from that you can get a 3-d cube.

Big corporations with cubes in their logos.

This car is called a CUBE. Most of our cars have satanic names, or names of the Babylonian months and things like this.

I want to share something about "Jack." To the occult a deck of cards is 8. "Joker" represents Jesus, and this is the most horrid blasphemy of all; for the joker is supposed to be the product of an illicit union between the "Jack" and the "Queen."

Editor's note: The "Joker" as described above points to the clown-fool character of ancient religion. This figure, a real man, was sacrificed in place of the King of the land. It is referred to as the "ritual sacrifice of the king." Since the King had to be sacrificed yearly (relating to sun worship and/or Saturnalia), but he of course was indispensable, a fool (or clown) was selected for the "privilege" of dying for the King. He was then called the "King" and treated "royally" before he was killed in place of the real King.

Luke 23:11 – And Herod with his men of war set Him at nought (belittled Him), and mocked Him, and arrayed Him in a gorgeous robe, and sent Him again to Pilate.

Mark 15:15-18 – And so Pilate, willing to content (please) the people, released Barabbas unto them, and delivered Jesus, when he had scourged (whipped) Him, to be crucified. And the soldiers led Him away into the hall, called Praetorium; and they call together the whole band. And they clothed Him with purple, and platted a crown of thorns, and put it about His head, And began to salute Him, Hail (long live), King of the Jews!

John 18:14 – Now Caiaphas was he, which gave counsel to the Jews, that it was expedient that one man should die for the people.

So we can see that the Bible gives witness to this information about the playing cards being true.

I have seen in research that this is why the pope keeps a “jester/joker” around as an inside joke of mocking Jesus.

TRIANGLES AND PYRAMIDS = SUN WORSHIP TOO

Triangles and pyramids in logos are usually about sun worship/baal/nimrod.

Triangles and duality of color on a round disk – sun worship.

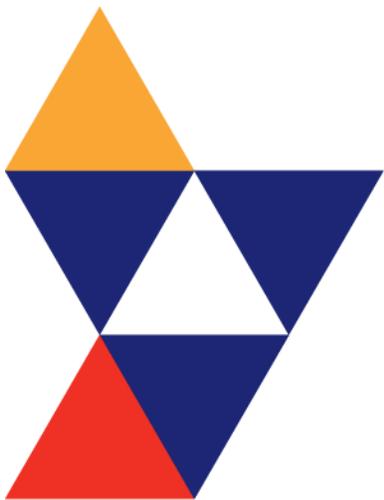

Sun worship.
