

WEATHER and CHEMICAL WARFARE – Part Twelve:

TONY PANTALLERESCO

He is very passionate about helping humanity and the planet through the all out warfare that is being perpetrated on us all. I contacted him to let him know I was going to cover him in this series and to ask a few questions. He shared the following: I have been an herbalist almost 40 years not quite –body building did have an impact in me looking at all kinds of data and information historically, ethnically, biblically and culturally on nutrition.

You guys, there are fakes and infiltrators in MSM, Big Corporations, church and now we are going to learn our nutrition has even been infiltrated. I have watched several of Tony's videos and researched him and scrolled through hours and hours of his comments, he's not a fake, he's the real deal trying to help all of humanity.

Warning – he does cuss in his videos.

Quotes Of Truth Awareness

believed. When a well-packaged web of lies has been sold gradually to the masses over generations, the truth will seem utterly preposterous and its speaker, a lunatic." -- Dresden James

His Podcast is: <http://independz.podomatic.com/> – he is here giving updates quite a bit:

He gives updates on what is happening and solutions as well to even renew the DNA back to normal.

He is on www.byebyebluesky.com with Suzanne (Mar) Maher who is also working to bring awareness about this crime against humanity and the planet. She began to look into chemtrails after a young girl made her aware that something was going on in our skies. She suffers from an autoimmune disease like so many people now including myself. Suzanne said "It is just a given, you are going to have a body breakdown."

Someone mentioned a few weeks ago that they wanted remedies for what they can do to heal and protect themselves from the nanoparticles. First and foremost have faith in Jesus Christ and stand on God's Word.

Isaiah 54:17 - No weapon that is formed against thee shall prosper; and every tongue *that* shall rise against thee in judgment thou shalt condemn. This *is* the heritage of the servants of the LORD, and their righteousness *is* of Me, saith the LORD.

Psalms 91:7 – A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.

We do what we can in the natural to protect ourselves and then we have faith in God to do the rest, to protect us and help us through this life until He takes us to be with Him. God never said this life would be easy.

Romans 12:12 – Rejoicing in hope; patient in tribulation; continuing instant in prayer. (at all times)

Tony has good detoxing from nano videos and just all around wonderful health advice. He has recipes for healing and remedies for getting the nano out. I have watched so many of his videos and my family and I are trying many of the things he has recommended already.

He has on youtube and his website information showing how to make an antinano bucket and another device to help pull the nano out of your system. We just watched this one Thursday night and we are going to make the bucket and see what comes out.

Morgellons is BS term it is not what it should be called it is simply synthetic bio poisoning or nano poisoning. Morgellons was drummed up to confuse everyone

into thinking this was a biologic when it is more an integrated dna with programming algorithms designed to integrate or interface with all dna -- this is an invasion of the highest magnitude.

TONY SHARES ON MORGELLONS

He said the nanotech has been out since the 60's but morgellons was activated in his body about 7 years ago.

Tony's reply to: goatstaog Proof: Either A. you're in some kind of comfort zone or B. you don't want to see reality. Proof bud is that we never had morgellons till there was a connection with chemtrails and the changes in the agribacterium. 2. We never had nanoparticles sprayed on the food chain either or was it ever irradiated like today. 3. We never had wifi all over or RF or HAARP and since this has occurred it has tied in with a nano polymerized biofilm which is being activated at 3a.m. any time zone. What you really want is to be pacified. You are not even looking anything up and you're scared _____. You are suspecting and this had you at a discomfort. When you do any investigations, which you haven't and when you start really looking at what is happening then you will excuse it as empirical evidence or some such nonsense that the scientific community uses to excuse either ignorance or an unwillingness to see things for what they are. If you cannot go through the tubes and see the victims of this and conclude that this is not just an isolated issue then when it becomes full blown in you and it will, then you can say you have the evidence. You will feel first hand and as I told one, I will give you the symptomologies so you will have your proof. You will hurt like (blank). It will start off as a red spot. What you will think is a pimple or insect bite you then will scratch it and then next day will see a second on the opposite side of your body exactly identical. You will apply something on it and it will not go away. In fact you will see geometric formations form and it will have a burning itch. Third the body will tighten and feel like it is being torqued down and you will feel panicked inside. Fourth you will try all the alternative remedies and they will fail. You will relieve yourself to some level and you will even think you have a lymes disease, it won't be. Then you will see wires and fibers floating in the tub -- -crystals will start to pop out of you and you will be shocked --- you will realize

that every time you eat a grain or soy or nuked or packed foods or sugar you will have serious outbreaks – and more particles – shiny metals will come out. You will blotch and feel pain and will see growth along the neck, legs and arms and especially under the eyes, temple and forehead. You will think you have a candida, it won't be. Why am I telling you this? And after telling you all of this you will still disregard what was said – that is a sign of stupidity – so I am actually elevating you up because this needs to be explained and you still won't get it. So when it manifests to that level – then we will see what your tune will be. Oh one other thing, you will have suicidal thoughts. Don't respond to this. But you will be frequenced (hit with frequencies) hard, very hard for this and in some ways you will even think what's the use, this is what will be piped into your head from the devices that emanate the frequencies. You have been warned – and when this happens you will not escape the proof!!

Everyone does have it at different stages --- and it is a concern with these different types of psoriasis which is what the medical is calling it and follicular damage. A lot of it is a misdirect, it is almost impossible not to have the cause of this in you today unless you're living underground or sheltered from the effects of pulses – nanotech—Biotech genetics. As I stated more and more the reality is self evident – you just have to pay attention.

Tony responds to Yan Parisien: He is not interested in proof, just attention. The facts on this have been out for virtually 8 years and if today you're still needing proof then what you have is either an ostrich who does not want to see or someone who is incapable of reading and see what people are saying across the planet. This is an alarming situation and this is not even the half of it. Anyone who researches nanoparticles and self assembling particles and polymers will know what is going on. Weaponizing almost everything you think is normal is basically what has been going on for quite some time. And now what your seeing are those who are more advanced in their awareness are trying to get everyone to see what is here and not the illusions. Not an easy thing to do when everyone is clinging to their comforts and lifestyles, not being aware that this is being used against them.

Mark 4:18-19 - And these are they which are sown among thorns; such as hear the word, And the cares of this world, and the deceitfulness of riches, and the lusts of other things entering in, choke the word, and it becometh unfruitful.

**Please play from 22:36 to 24:28 – Tony talks about the healing powers of turpentine and seeing nanoparticles excreted through poop or pee.*(about 2 min's)

GENERATOR REX: Thank you Carrie for sharing this with me.

Rex is far from your average teenager -- infected by nanites, he's turned into an "Evo," (evolving/evolution/transhuman) with the power to grow machines out of his body. Unlike other Evos, however, he can grow them to suit a specific need and then reabsorb the machines back into his body. He can also communicate with other machines (hive mind/cloud network), and he does his best to help cure Evos of their mutations. Recruited by an organization called Providence, which is dedicated to stopping the Evos, Rex investigates other biological mutations worldwide.

The first episode was in 2010 and the final episode was in 2013.

****Please play this clip****(about 1 min.)

<https://www.youtube.com/watch?v=WSuoYPkII24>

Notice he says he's an "evo" too (as in evolve/evolution/evolving) but for some reason instead of his nanite turning him into a rampaging monster he can control them and tell them what to do. This clip showed machines coming out of him and then he was able to retract them back inside his body. Clearly he is showing a picture of what they want everyone to believe. Just go with the technology, accept it and morph with it, it'll be great.

Same in Canada – been saying for a few years **WE ARE ALREADY IN A FAMINE** and would suggest either a vertical garden indoors or some kind of aquaponic or hydroponics and it may come to a community effort eh! Those things you are taking - get saturated fats going in high in the system and use 300 mgs of lugols iodine daily with selenium – physiology requires higher amounts of iodine to just regulate your endocrine system in the convergence of estrogen – mix 20 drops of lugols iodine in fluids (coffee tea etc) and do this 3 times a day – talk to me in 3-5

days your inner core will feel reinforced. Go to my site and look at the regenerating colon link there is a protocol on eating which may assist – eliminate all berries all omega 3 all soy based foods and oils and no corn or any grain – it will say peaches and apricots and plums – do not consume them the nano is right to the very core same with all berries and grapes. Shred your root veggies stick to those not the broad leaf or surface veggies. Organic is such horse ___ and if you ever want to see the USDA BS and the games they are pulling they are as bad as the FDA – no safety in the foods just a lot of extra money the farmers have to pay for certifications that mean nothing – just a money grab.

Rev. 6:8 - And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

The birth pangs of the tribulation are ramping up, we've already been in a famine for a while. And we are not in the tribulation yet. What a perfect set up, people gradually walked away from farming and ranching and when we did we turned our food and the management of it over to satan's elite. They squeezed the real and honest farmers out. Now we get what they serve and it is nanotech laden and they irradiate it and there is very little nutrition left at all. It is laced heavily with glyphosates which our bodies don't know how to process so those chemicals get trapped/stuck in our bodies and begin to cause our bodies to break down and malfunction and those chemicals work in conjunction with the nanotech they are spraying through the chemtrails and adding straight into our food as well.

Think about those animals, they are getting sprayed with nanotech too, they are breathing it in too. Now we have already learned how it can be activated and it is A.I. in their bodies too. It wants to take over and control our minds so it must be the same for their also. We can have the mind of Christ, and test our thoughts to see if they are our thoughts or if it is of the devil and we can take it captive to Christ and reject it. But Jesus didn't die for those little animals. So what happens when the nanotech speaks to their minds to kill someone or attack someone. Do you think that animal is going to sit there and try to analyze the thought – NO –

they are going to act on it. The A.I. will take them over. What about the animals that are being created in the labs around the world that have weapons built into them. Animals naturally have a wild instinct about them and that will play a part in them attacking and killing in the last days. All of this paints a pretty dreadful picture of how “they” can use the animals against humanity.

CLOSING

I told Tony because of the information and knowledge that he has to share and help us with, that he is a big target and that I’m surprised they haven’t tried to take him out already.

Tony shared: I’m not afraid to die, they already tried to get me to surrender with a mental hit. I told them to (blank) and if I am going to go they are coming with me. Since we all have an appointed time to stand before the Almighty, I am going to escort there sorry (blanks) --want to make sure they keep their appointment.

And I don't want them to be late either.

And that’s the attitude believers need to uphold or they will get squashed you're only here for a short time and we are in the end times so if you got to go go good and take them with you --alot of them: globalist /alien integrates-demonics need to keep their appointment.

Rev. 22:12 - And, behold, I come quickly; and My reward *is* with Me, to give every man according as his work shall be. (He will give to every person according to what they have done).

Revelation 20:11-15 - And I saw a great white throne, and him that sat on it, from whose face the earth and the heaven fled away; and there was found no place for them. And I saw the dead, small and great, stand before God; and the books were opened: and another book was opened, which is the book of life: and the dead were judged out of those things which were written in the books, according to their works. And the sea gave up the dead which were in it; and death and hell delivered up the dead which were in them: and they were judged every man according to their works. And death and hell were cast into the lake of fire. This is

the second death. And whosoever was not found written in the book of life was cast into the lake of fire.
