

# TELEVANGELIST WITCHES and MASONS: STEVEN FURTICK

Shout out to: Rosemary thanks for sharing this and for sharing Ms. Shery J's research. I like how she calls them out as apostate churches – I think I'll do the same.

Fritz Springmeier has talked about programmed pastors.

Cherie did you ever hear of elevation church with Steven Furtick? He uses a pyramid has his logo, and he blasts loud evil music outside of his church, he let's dogs in his church, women wear short skirts and short short's. The man has a huge mansion in the mountains of North Carolina, can you please do some research on him, people are being deceived by the Thousand's by him. Look up street preacher buddy fisher videos he calls out this evil man and his church, I believe Steven Furtick is a fallen Angel leading the masses to Hell.

They worship Egyptian deities and one of them is baal/osiris/horus/nimrod the sun god.

Triangles in the secret societies, the occult, to the luciferians always equal sun worship, religions based on fertility rituals and sacrifice.

They love to slam and mock God openly. They do these subtle twists right out in the open.

Savage is the opposite of Who Jesus is.

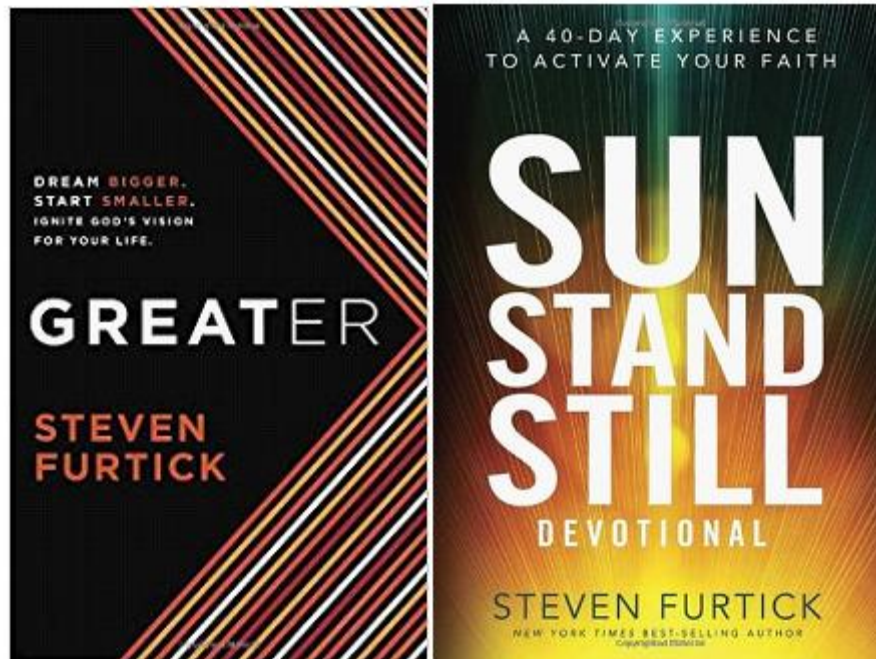

They love to come against the name of God. See the #I AM UNQUALIFIED

More triangles in the background and the tv stand too. Their churches and stages are set up to draw in more occult power.

Triangles and more Sun worship. Also notice how GREAT is highlighted or bolded and then his name is underneath as if to say “Great Steven Furtick”

Yes, these apostate churches do Halloween. It is all about their god – lucifer. Also how convient that this carved pumpkin is orange with triangles.

The Haunted Heart Sermon – Personally I just think he's 'masking' the problem

X is for sun worship, X is the mark of the beast, X is for the sun god.

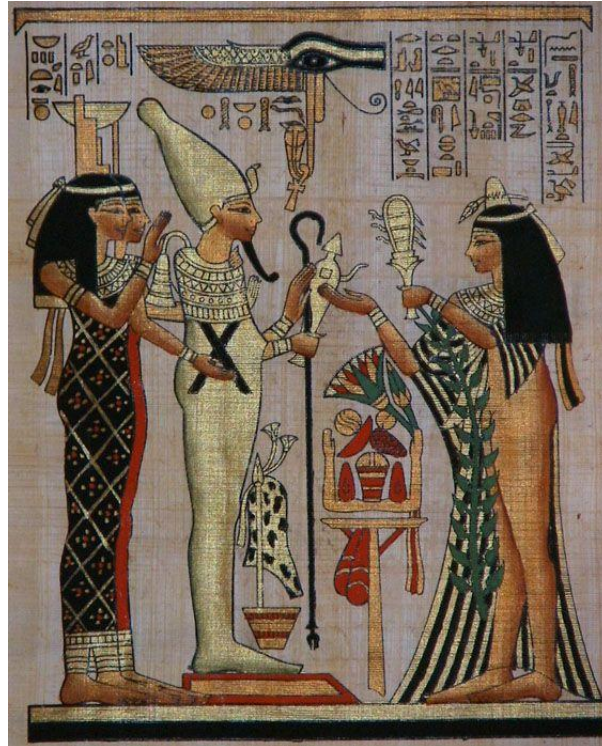

MAGIC SQUARE OF THE SUN

6	32	3	34	35	1	111
7	11	27	28	8	30	111
19	14	16	15	23	24	111
18	20	22	21	17	13	111
25	29	10	9	26	12	111
36	5	33	4	2	31	+111
111+111+111+111+111+111=						666

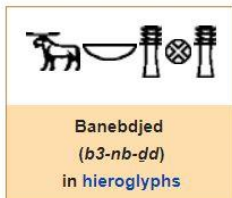

The satanic lion represents the sun god (Apollo/Mithra/Baal) and all the other “deities” on the “magic” square – all of their numbers together add up to the number of the sun god and that number is 666. That is the number of the beast.

Why do I always say the X is for sun worship?

Osiris, the Egyptian sun god. Notice the X on him.

#### Ram god [ edit ]

Osiris' soul, or rather his *Ba*, was occasionally worshipped in its own right, almost as if it were a distinct god, especially in the Delta city of *Mendes*. This aspect of Osiris was referred to as *Banebdjedet*, which is grammatically feminine (also spelt "*Banebded*" or "*Banebdjed*"), literally "the *ba* of the lord of the *djed*", which roughly means *The soul of the lord of the pillar of continuity*. The *djed*, a type of pillar, was usually understood as the *backbone* of Osiris.

The Nile supplying water, and Osiris (strongly connected to the vegetable regeneration) who died only to be resurrected, represented continuity and stability. As *Banebdjed*, Osiris was given epithets such as *Lord of the Sky* and *Life of the (sun god) Ra*, since Ra, when he had become identified with *Atum*, was considered Osiris' ancestor, from whom his regal authority is inherited. *Ba* does not mean "soul" in the western sense, and has to do with power, reputation, force of character, especially in the case of a god. Since the *ba* was associated with power, and also happened to be a word for *ram* in Egyptian, Banebdjed was depicted as a ram, or as Ram-headed. A living, sacred ram was kept at Mendes and worshipped as the incarnation of the god, and upon death, the rams were mummified and buried in a ram-specific necropolis. Banebdjed was consequently said to be Horus' father, as Banebdjed was an aspect of Osiris.

Notice the X in a circle, the symbol for the sun god and there are two pillars just as we see in freemasonry. Remember they worship the ancient pharaohs and fallen angels.

Here he is again, depicted with ram horns and called Khnum which is supposed to be the god at sunset with the X on him.

**Osiris** (Asar, Wesir, Ausar, Unnefer)

**Symbols:** crook and flail, *djed*, White and Atef Crowns, bull, mummified form, throne, *Bennu* (phoenix)

**Cult Center:** Abydos, Busiris and *Heliopolis*

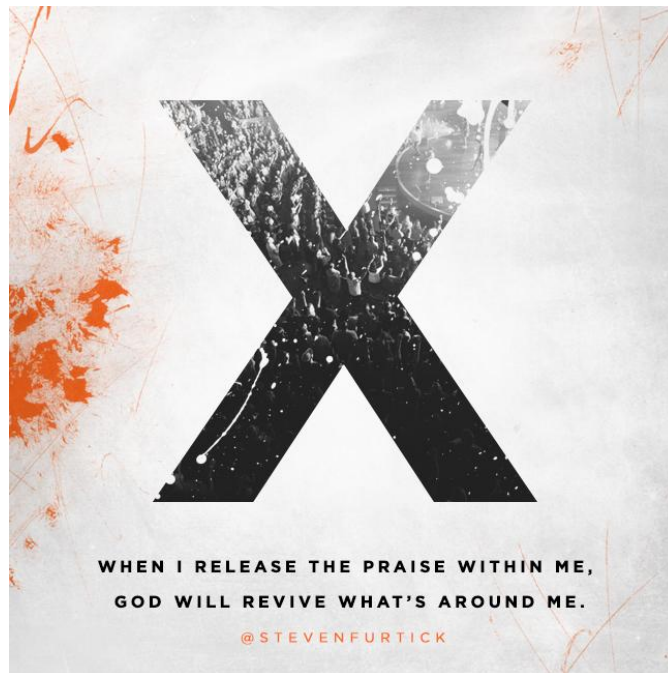

**Myths:** "*Isis and Osiris*"

A god of the earth and vegetation, Osiris symbolized in his death the yearly drought and in his miraculous rebirth the periodic flooding of the Nile and the growth of grain. He was a god-king who was believed to have given Egypt civilization.

L: X again on the sun god Osiris R: Usually the way he held the staff and flail, they would form an x or the way he held his arms would form an ex.

Yes, they are ALL masons and witches – every televangelist on tv is a witch-mason.

I'm sure there are things hidden in the shadowy orange paint.

X chromosome / Y chromosome – all about fertility with this freemason religion.  
Here's a group of wolves in sheeps clothing. All masons/witches.

66 and even 66666 with all the V's (V in Hebrew = 6)

L: Crossed swords just like in islam R: the pope wears the symbol/mark of his god on his forehead. In the Old Testament the high priest had a golden plate with the words “holiness to the LORD” engraved on it.

The hieroglyph means: Given life, ra like, forever. The teepee looking thing is the part that stands for give or given. Are these apostate churches casting spells and using dark magic on people? YES! Someone recently shared that they had gone to David Jeremiah’s church and tried to tell the people about the evil eye in their church that it was not the eye of God or the eye of prosperity – but of lucifer and they would not listen and did not believe them.

Vesica Pisces and W = 666

X on her shirt for sun worship & the hoodie has a skull which always represents death. It is inside a circle of words : Death could not hold Him.

Why would you want a shirt with upside down roses? I bet there are faces and things hidden in those roses too. It reminded me of this logo on the right which is supposed to be for the Jesuits, meaning in his service. But it really stands for Isis, Horus, Set. That isn't three nails in the bottom for the nails used on Jesus but rather 3 arrows pointing up against heaven.

Looks like IXXIVI to them the IXXI 911 mirrors each other in Roman numerals they love that forward and reverse thing. Then the 9 in front is a 6 and there is a 6 on the end. In the middle are X's for sun worship.

The skull represents death / sin and there is the serpent that represents satan/the sun god/baal. "you" as in satan is with you.

What happened to this guy?

Steven Furtick

Great night w a great man of God. Thx  
Pastor Joel 4 your humility & msg of hope.  
Love & honor! <http://yfrog.com/orto4j>

He has met with Joel Olsteen. Joel is a major player in the apostate church. He doesn't even look the same, his face is not the same face as the Joel Olsteen that first started out. His name has been changed with the Mandela Effect, does it mean that this isn't even him?

Is Steven trying to say something here on his youtube channel, or is he triggering others?

Somewhere along the way he supposedly made a deal with Muscle Tech Supplements and all of a sudden he went from a scrawny guy to a totally beefed up one. I'm sure there's probably something in that stuff for the masses that are following his lead. Was all of that just a cover for when they broke him and programmed him so that the change wouldn't be so noticeable? Is he cloned, is he still alive? They do this stuff all the time. Maybe he did it all willingly.

Here he is with the Masonic pillars in the background. His ministry is loaded with symbols of freemasonry. He is not serving Jesus Christ, but another jesus. Beware of the wolves in sheep's clothing.
