

Targeting – Part Four: MENTAL HEALTH, WRONG DIAGNOSIS, HEARING VOICES, IMPLANTS

WARNING: I do recommend you to listen to this whole interview – but please be forewarned the interviewers do curse and seem rude before Patty and David came on and after they left the interview too.

Please play from 42:55 to 49:55 Patty talks about her targeting (about 7 min's)

They are making money off of the people they are torturing. When she told one police officer that an organized gang of people with weapons was stalking her, the police officer told her to “get your own gang.”

In this interview Patty shared that the police think the people are crazy and sometimes they are told to stand down because this goes over their heads (the person has been put in this program against their will and because it is gov./military – the cops are told to leave it alone – don't get involved.)

[Kaye Joy](#) / Mrs. Joy

Yes, mind games ... they would break into my house and random things would be missing... like one of the kids' toys or a picture off the wall or a clock... other times, they'd leave messages. An example: While my children and I were at church, they came into the house, left a wooden "knife" stabbed into a cardboard box that was left on my kitchen counter. Just to let us know they could...

The cops not helping or even participating in the targeting in some cases. These people breaking into homes and using intimidation and fear tactics. Remember this:

2 Timothy 1:7 - For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.

Psalms 56:3 – What time I am afraid, I will trust in Thee.

Dear Cherie,

I should be dead. God has supernaturally saved me and my children. He is still on His Throne!!! But I am ready to be delivered. I am watching my boys suffer, and they lost faith in God because of the hardships. I want their deliverance even more than my own. My boys have health and cognitive issues. They use data weapons on my boys, beams on the brain. I get that, along with the DEW Weapons.

Daniel 7:25a - And he (antichrist) shall speak *great* words against the most High, and shall wear out the saints of the most High,

The rest of that verse goes on to show that this is during the tribulation. Satan is not waiting until the tribulation to try and wear out the saints – this has always been his goal. To wear us out and pull us away from God by any means possible.

Pray for those that have given up.

I am going to share a few documents with you. How they got away with this till now was no one could prove the crime. (Touch less Torture) The technology has now increased so that this crime can be proven. There is a particular scan called a scada scan that shows a weapons imprint. (Very expensive \$1,600 out of pocket) Then you go to a doctor which I have found (that is out of pocket too) and they find the implant or the nano particles. A few doctors are realizing this now but most doctors think people are having a break down.

Think about how they have that set up. They work to set the person up to be fired from their job, to burn up their savings and financially ruin them. Then for them to try and prove their targeting, IT IS SO EXPENSIVE. Our church here is not financially able to help targets with this expense. I had to turn my friend David away because we did not have enough money to help him. The apostate churches who are participating in the targeting are flooded with money. But true

churches receive very little. They know this also, it is their system which they have set up.

Please play from 18:35 to 21:02 and from 52:50 to 55:46 and from 56:50 to 1:02:28 Patty talks about proving her targeting, and being implanted, who they target/the dept. of DOD had a drone over her home for 5 years, they use satellites and drones to track them and hit them with lasers/beams/energy. She explains about how the weapons are hitting and reaching those that have been implanted or have advanced nano in them. You can breathe in nano, you can eat it. She explained how nano is like smart dust, you breathe it in and it makes you like a radio tower – you are then emitting radiation.(about 11 min's)

Satellites were involved as well. Scans were run on Patty and found that she had advanced nano tech (military grade) inside. They found that the DOD (Department of Defense) had a drone over her house targeting her for 5 years.

I was being burned so there was no doubt something was happening to me. I will attach a few pictures of the burns. They burn me all the time.

The TI's are suing the government and others involved. I have had no one praying for myself and my children. This in my opinion is the start of everything.

Some people have Voice to Skull, called V2K (I do not). *It is also called the voice of God weapon. They are basing this technology torture on God's Word. God spoke audibly quite a bit in Old Testament times. Today, He isn't speaking much audibly. I have never heard Him speak audibly. They are using the technology to drive some to do crazy things, and commit murders and violent crimes all in the name of "God told me to do it." God will never ask someone to do something against His Word. When people tell you God told me audibly this or that, check it against scripture. Many are fooled already believing they are hearing from God. They watch us and they know who believes what. They know who they can play this stuff on and who they cannot.*

1 John 4:1 - Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world.

I believe some well meaning people are being fooled as well because they are not aware of this technology and so they are deceived and helping to further satan's agenda – even if in ignorance.

How do you test the spirits? How do you know if it is God or not?

2 Timothy 2:15 – Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.

CLOSING

Patty shared that many times Targets can come off as hateful or angry or defensive and usually it is only because of the targeting. This pushes people away. Can you imagine being in pain most of the day, being sleep deprived and tired? That will make you angry and agitated and they know it.

Psalm 57:1-3 – Be merciful unto me, O God, be merciful unto me: for my soul trusteth in Thee: yea, in the shadow of Thy wings will I make my refuge, until these calamities be overpast. I will cry unto God Most High; unto God that performeth all things for me. He shall send from heaven, and save me from the reproach of him that would swallow me up. God shall send forth His mercy and His truth.

To me I think they were trying to be so cool that they were really rude at least before Patty and David came on and after they went off the interview.))*
