

TARGETING – Part Five: PARANOIA, IMPLANTS, NEW AGE THERAPISTS and DOCTORS

PARANOIA

They like that because they have kept this so well hidden when people speak out about it everyone thinks they are crazy. Things happen like coincidences that they are setting up and as a Christian we would believe it is God. But it isn't always God. We are watched in our homes, in stores, online, we are recorded and watched by our cell phones and smart tv's. They gather data to use in targeting you and controlling you or manipulating you. TI's have to vet each other out, same with Christians, sometimes you have to wait and see if they really are Christians. Trolls/Shills/Infiltrators are thick in the TI world and the Christian online world. It is like we are all involved in a huge game of espionage. The Bible example of this is the wheat and tares growing up together (Matt. 13:30). They want us to be against each other and to suspect everyone. It works in their favor for the chaos they are causing in all of our lives and in this world. To keep us separated.

Mrs. Joy shared:

I believe that part of what they used me for was to perfect the development of these technologies... voice to skull, brain-to-brain and brain-to-computer interfacing, etc.

[Kaye Joy](#)

It started with me in the mid-late 1990's, as far as I can tell... after my military-enlisted brother came to me with his SRA-related memories. I began being severely targeted with V2K (voice-to-skull) on a 24-7 basis, and very loud nonstop high pitched ringing in the ears. The ringing has never stopped. It nearly drove me to want to die... in fact, I cried out for God to take me, as I couldn't sleep (unless out of sheer exhaustion) or even think clear thoughts for months. That was before my own SRA/MK memories began flooding back, and I believe that my brother and I both had alters reporting back to our handlers, which alerted them to the fact that my brother was remembering and talking to me. Thus, they knew that we needed reprogramming and/or high-tech torture that would cause mental and emotional (and spiritual) stress, sleep deprivation, increasing dissociation, and keep memories from breaking through.

CONTINUING WITH V2K “Voice of God Weapon”:

Where they talk right inside the persons head. It is done with a beam of sound. They imitate schizophrenia and have people institutionalized to continue their tests without being questioned. *I'm sure they try to get people to commit crimes so they can get their hands on them and do whatever testing they want to - easier. If they can't get you to commit a crime – sometimes they just “frame” you (make one up) and arrest you anyway.*

John Todd exposed so much. He talks about sitting in the Rothchild's mansion and seeing them set a place at the head of the table for lucifer. He exposed how

the illuminati pays the apostate churches millions of dollars. Yes, the leaders at the top of most major denominations have bowed to satan. Love, hope and grace is a superficial gospel. If you leave out repent and obey then you are not doing anyone any favors.

John Todd was a whistleblower. He was a satanic priest that converted to Christianity. He exposed so much. Eventually, they jailed him on false allegations and he eventually died in a mental institution.

They discredit every victim of this crime whether it is brain mapping to the computer (which is me), mind control (which I had), or the V2K which thank God I never had. The weapons testing is adding to the mix but also a form of control to keep us sick and down. Some people have had false arrests. I have not. I have been isolated to the point they don't need to do that.

They watch our computers, phones and have equipment installed in the home to watch us 24 hours a day. They are pinhole cameras and very hard to find.

Thanks and please pray...

She shared that some people pay to have people put into the targeting program. She was under mind control testing for 3 years. They torture her worse when she tries to work. **She said she just wanted to be herself again.**

One Dr. that many targets have gone to for scanning to determine if they have implants or advanced nano is Doctor Hildegarde Staninger RIET-1 Integrative Health Systems, LLC 415¾ N. Larchmont Blvd. Los Angeles, CA 90004.

Patty shared a letter that Ben Colodzin Ph.D. had shared with those in the health care industry.

ENCOUNTERING CLIENTS CLAIMING EXTERNALLY CONTROLLED “IMPLANTS” ARE AFFECTING THEIR HEALTH: An advisory for healthcare professionals.

Ben Colodzin Ph.D.

June 2014

Over the last several years I have consulted with individuals from 6 U.S. states and 5 sovereign nations who have claimed to be “implanted” without their consent with some type of technology that affects their physical, mental, and emotional functioning.

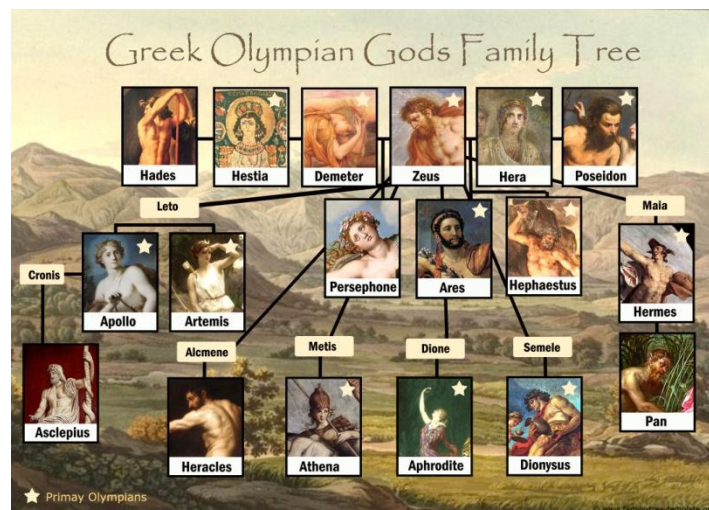

I am a therapist and educator in California. Earlier in my career, like most of my colleagues, I had dismissed claims of these types of harassment as an impossibility, and likely a sign of mental illness.

One of the first credible accounts that opened my mind was a paper written by the former Chief Medical Officer of Finland, Rauni-Leena Luukanen-Kilde, M. D., titled MICROCHIP IMPLANTS, MIND CONTROL, AND CYBERNETICS, December 2000.

* I want to take a minute to address something here. Dr. Ben is a humanist, this is stated on the first page of his website. Humanism: In modern times, humanist movements are typically non-religious movements aligned with secularism, and today humanism typically refers to a nontheistic life stance centered on human agency and looking to science rather than revelation from a supernatural source to understand the world. NO GOD, humans are god.

He founded Olympia Institute. Olympia is in honor of the fallen angels. Olympia or Olympus in Greek mythology (which is mostly fact – as we have been learning) is the place where the pantheon of the Greek Gods lived.

Let's be clear, when you name something after fallen angels, that is who it is honoring.

Rauni is not a Christian and you will clearly see that later in this teaching. They are telling truth, but they are not in Christ and are not standing on His Word. Therefore they did not and do not have His protection. Rauni is no longer with us and that is why I say did not have His protection. She spoke in the ufo community which we as Christians know to be a mixture of government and aliens which are demons. She is referred to by some as a "light worker". They are into the supernatural. Having paranormal conferences and talking about aliens (fallen angels & demons) and ufo's. However since they fail to come to God they don't understand what these things truly are.

1 Cor.. 2:14 - But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know *them*, because they are spiritually discerned.

Romans 1:20-22 – For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead; so that they are without excuse: Because that, when they knew God, they praised Him not as God, neither were thankful; but became vain in their imaginations (reasonings), and their foolish heart was darkened. Professing themselves to be wise, they became fools (or foolish). *The fool has said in his heart there is no God... (Psalm 14:1).*

I have heard Magnus Olsson and many other targets promote meditation. Like I said initially **NOT ALL TARGETS ARE CHRISTIANS**. There is truth in the ufo community but there is no acknowledgment of Jesus Christ as Savior, Lord and King. They do not see the whole picture by leaving Him out. *

Back to Dr. Ben: Once I became at least somewhat better informed about the very real possible uses of state of the art remote sensing and influencing technologies, I realized that my earlier reflex to simply assume that people who reported such phenomena were "crazy" was based more upon my ignorance than upon

scientific fact. *Let's be clear, these people are treating you based on what they believe.*

In the 1980's I worked with many Vietnam veterans with Post Traumatic Stress Disorder (PTSD). At that time, PTSD was a newly recognized mental disorder, newly included in the most recent Diagnostic and Statistical Manual of Mental Disorders, 3rd edition. I met many veterans who qualified for the PTSD diagnosis, and many of them had histories of being mis-diagnosed with a wide variety of other mental disorders. Within the established health care bureaucracies, there was a lot of resistance to supplementing their diagnostic evaluative procedures in whatever ways might help them notice if a possible PTSD diagnosis had been overlooked, or if mis-diagnosis had occurred. As people with PTSD increasingly came forward and told their stories, and as our culture increasingly began to listen to them, collectively we got better at noticing when PTSD was present. But before PTSD was officially recognized—and for quite a time after—there was a tremendous amount of mis-diagnosis, and many people were harmed by the failure of health care providers to adequately recognize what was happening for these individuals.

Now in 2014 I see a very similar problem occurring for individuals with advanced implanted technologies non-consensually placed in their bodies. Whereas once we could only speculate if this was real or fiction, we now have toxicological tests that can confirm the presence of advanced nano materials (extremely small manufactured items that can self-assemble into operational machines) in the body, as well as highly sensitive scanning equipment that can detect frequency signals emanating from and directed to a person's body. This means we can actually now use validated tests to discern if a physical system capable of externally altering a person's functioning is actually present and operating.

Although practically no one yet seems to know about these mostly military-type technologies or their fantastic-sounding abilities, and are unaware of the possibility to test for their presence, nonetheless the sound scientific basis of the testing procedures does exist.

CLOSING

Psalm 1 – Blessed is the man that walketh not in the counsel of the ungodly, nor standeth (not doing what they do / not doing their ways but doing God’s ways) in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the LORD; and in His law doth He meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper. The ungodly are not so: but are like the chaff which the wind driveth away. Therefore the ungodly shall not stand (rise) in the judgment, nor sinners in the congregation (assembly) of the righteous. For the LORD knoweth the way of the righteous: but the way of the ungodly shall perish.
