

WHO IS SATAN

The Greek god Zeus is satan. The symbols he has chosen to represent himself are mimicking the LORD God Almighty. The olympics are celebrated in honor of him.

Zeus

Zeus is the sky and thunder god in ancient Greek religion, who rules as king of the gods of Mount Olympus. His name is cognate with the first element of his Roman equivalent Jupiter. [More at Wikipedia](#)

Deut. 32:11-12 – (Talking about the LORD and His love for Israel at the time He delivered them into the promised land of Caanan) As an eagle stirreth up her nest, fluttereth over her young, spreadeth abroad her wings, taketh them, beareth them on her wings: So the LORD alone did lead him, and there was no strange god with him.

We will cover the bull and oak in a minute.

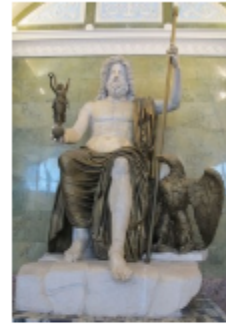

The Roman god Jupiter is also satan. Thursday or Thors day is named for him because he is also thor.

This is Apollo and he is the reincarnated sun god. We know reincarnation is not real but something those that serve Lucifer believe in. Ashtaroth (queen of heaven in our Bibles), was trying to continue being worshipped after Nimrod was murdered. So she made up a story about being supernaturally impregnated by a

ray from the sun. This symbolized being impregnated by the god of the sun (nimrod in the flesh/satan in spirit). The baby that she had was Tammuz. He is in our Bibles. So Apollo is just another form of satan.

Apollo

Apollo is one of the most important and complex of the Olympian deities in classical Greek and Roman religion and Greek and Roman mythology. The ideal of the kouros, Apollo has been variously recognized as a god of music, truth and prophecy, healing, the sun and light, plague, poetry, and more. [More at Wikipedia](#)

Remember Zeus and Jupiter had symbols of an ox and an oak. Now let's take a look at something called the 'Otiot'. The tv witches are teaching that in Hebrew every letter has a picture and a number associated with it. Remember the Israelites learned idolatry in Egypt, Babylon and the surrounding nations. They were writing it down and practicing it in God's temple. They were worshipping the sun god in the LORD GOD ALMIGHTY'S temple. (Ezekiel 8:16) Look at these pictures. (Go over some of the pics.) Now those unsaved Jews who practice Kabbalah, who study the zohar, and read the talmud, which is all blasphemy and witchcraft against God – They are the ones telling us that the Hebrew language had symbols for every letter. And numbers for every letter. Do you have eyes to see? Freemasonry, a sex cult, a godless religion, coming out of Egypt and Babylon, they study the 'book of the dead' and study God's Word only to do the opposite and pervert it. Their religion is based on symbols, colors, shapes and numbers. They are trying to teach numerology (gematria), and symbols openly to Christians under the guise that they know the original language of the Bible. They

are introducing witchcraft into Christianity and have been doing it since at least the time of Constantine.

There never were cavemen who did not know how to speak and had to scratch out pictures on cave walls. Those are lies straight from satan. God spoke with Adam and Eve and they knew how to speak. Everything is not recorded in the Bible but it seems that drawing pictures was a way to communicate after God confused the languages. And so the esoteric mystery religions kept the symbols going so that everyone in satan's brotherhood around the world could understand that secret language. Look at the Egyptian hieroglyphs, can't you see where this teaching has come from? That green bull or ram thing is supposed to be the spirit of Osiris who is a sun god and also the god of the underworld. I pray you guys wake up and see what is being taught by the tv witches is really deception.

Abba (Father) In:
Ancient Hebrew Pictographs

Modern Hebrew Letters

Really? Ox, strong, leader and house or in house somehow means abba? And have you ever noticed that Kabbalah contains the word abba and also alah? Interesting... If abba really means Father, then why not just translate it into English in our English Bibles? Strange don't you think?

God has no symbol, color, number or any of that. The “t” for Tammuz or the cross or the x has always been known to the pagans as a symbol of their sun god. That is why the Romans used them to hang people and to crucify Jesus Christ. As a tribute to their god. Christians identify with the cross because we know our Savior hung on that cross for us so we could be saved. He asks us to take up our cross daily and follow Him. Not to cling to this symbol but to remember it was a difficult thing and for doing it we will be ridiculed and persecuted and maybe even to the point of death.
