

## BAAL WORSHIP AT CAVENDER'S

Look at the sign and you will notice the letters are very busy. The “A” is the giveaway. Notice the bar doesn’t go straight across but dips down. That is called a masonic A.

This picture shows us why. That “A” is depicting the square and compass of freemasonry. Their false religion is based on symbols, colors, numbers, dates etc. They speak without saying a word.

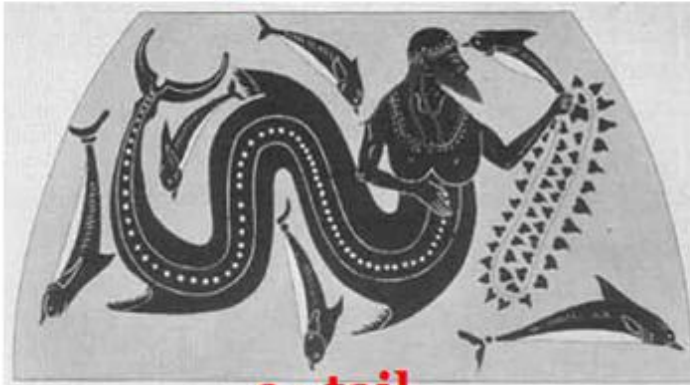

Look at the C and the S. They both have a fish tail, like a mermaid tail.

**poseidon**

**dagon**

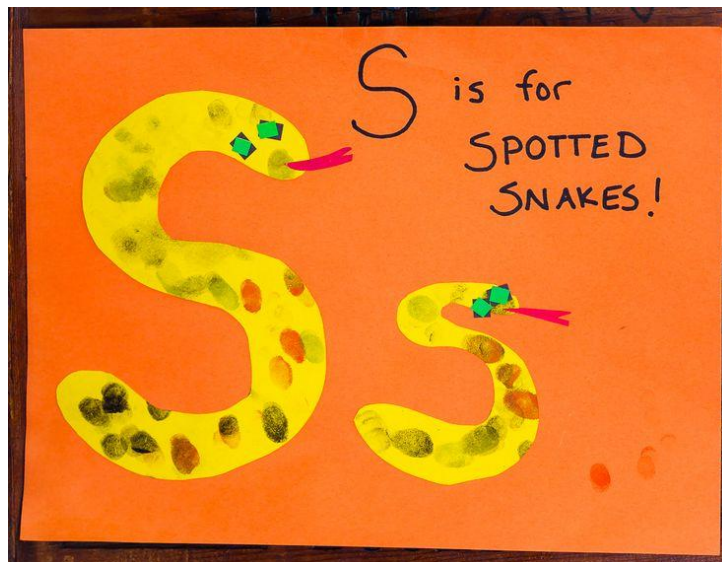

**c - tail**

**v-tail or split tail**

satan is poseidon and dagon – the god of the sea.

The top of the C and the S are flattened off like a snake mouth that is open and ready to strike. Notice the snake is standing – always so proud.

The S always stands for serpent and that is satan.

Inside the store this is standing in the men's department. You might think it is cute and it is appropriate because after all it is a western store. That's what it would mean to everyone who isn't awake. But once we see that the store is Masonic then we know that it will display signs and symbols to honor their gods. Notice this is a hybrid cow/man a chimera or like what we see in Egypt with their witchcraft, like pan, like a satyr mentioned in Isaiah. Remember the masons serve the fallen angels as Egyptian deities.

Look familiar? This is the Egyptian sun god osiris, in his spirit form called "ba" as the god of the underworld. This is the spirit of osiris/nimrod/satan. satan's kingdom is the bottomless pit. (Rev. 9:11)

**COW:** It symbolized the sky goddess Hathor to Egyptians, enlightenment to Buddhists, one of the highest and holiest stages of transmigration (reincarnation) to Hindus.

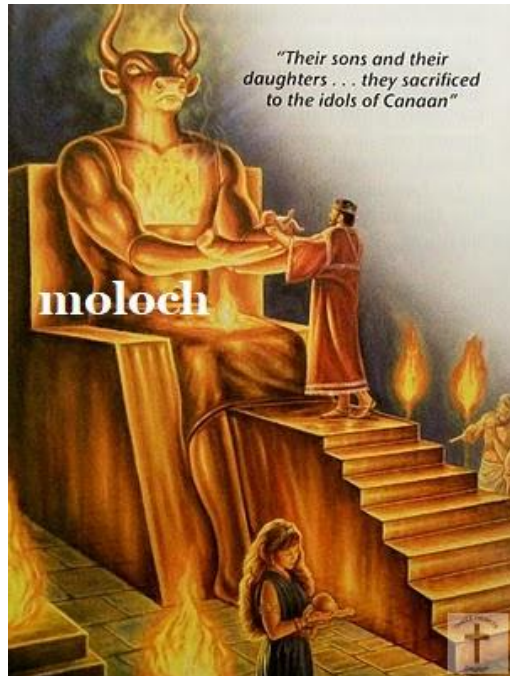

Apis is the son of hathor. He is tammuz, the reincarnated sun god.

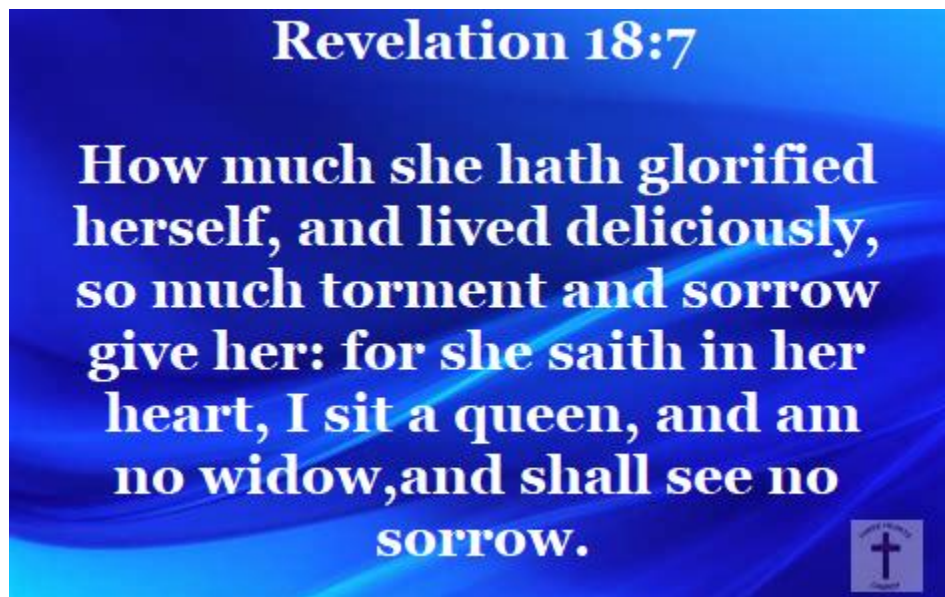

Is it still being honored in our world today? Yes, it sure is. Here are just a few examples L: Wall Street Bull (Nimrod/baal/satan) M: Elsie the Cow (Ashtaroth/queen of heaven/hathor) R: Elmer, Elsie's son – reincarnated sun god (Tammuz/Horus/satan)

L: This statue is at Sunset and Vine in Hollywood, CA. This is Nimrod, Ashtaroth and Tammuz. The dolphins symbolize that the bull is Neptune or Dagon who is king of the sea. Tammuz is depicted as an angel or deity like when we think of him as cupid shooting arrows into the heart. R: Statue of Europa riding Zeus/satan in front of the European Union. Think about the woman sitting on top of the beast in Revelation. “Mystery Babylon the Great, The Mother of Harlots and Abominations of the Earth – supposed to represent a city according to Rev. 17:18.

Think of the tower of Babel because the luciferians are trying to work together to build it back up and go against God again. (This cross references to Isaiah 47:7-8) Europa/Athena/Diana/Ashtaroth riding a white bull who is Zeus in disguise and that means that is satan.

## 1 Kings 19:18

Yet I have left Me seven thousand in Israel, all the knees which have not bowed unto Baal, and every mouth which hath not kissed him.

Does this honor the God of the Bible? No. You have now brought the dead thing into your home and are honoring it by hanging it on your wall. This is an open door to satan, even if you don't know it. In the OT dead things were a picture of sin and God said not to touch the dead thing, the unclean thing. Jesus Christ is the One Who cleanses us from all our sins and only by His Holy Spirit will you come to know and see these things for what they are.
