

TARGETING – Part Twelve: TAVISTOCK, MIND CONTROL, FARMING, FOOD SUPPLY

One part of MK Ultra was the **Human Ecology Fund**; the CIA also paid **Dr. Herbert Kelman** of Harvard to carry out further experiments on mind control.

In the 1950s, the CIA financed extensive LSD experiments in Canada. **Dr. D. Ewen Cameron**, president of the Canadian Psychological Association, and director of Royal Victorian Hospital, Montreal, received large payments from the CIA to give 53 patients large doses of LSD and record their reactions; the patients were drugged into weeks of sleep and *then given electric shock treatments*.

1 Peter 5:8 - Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:

They are studying how to get a person to open up so satan can get to them easier. Remember our military and governments are studying the paranormal and practicing high witchcraft, messing around in the spirit realm. They have been doing it since before Hitler. satan wants at our minds. He wants to get at us any way he can. Doing drugs and alcohol is a way to open you up spiritually for demonic attachments and attacks.

OUR FOOD SUPPLY *now chemtrailing it too*

One of the principal but little known operation of the Rockefeller Foundation has been its techniques for controlling world agriculture. Its director, **Kenneth**

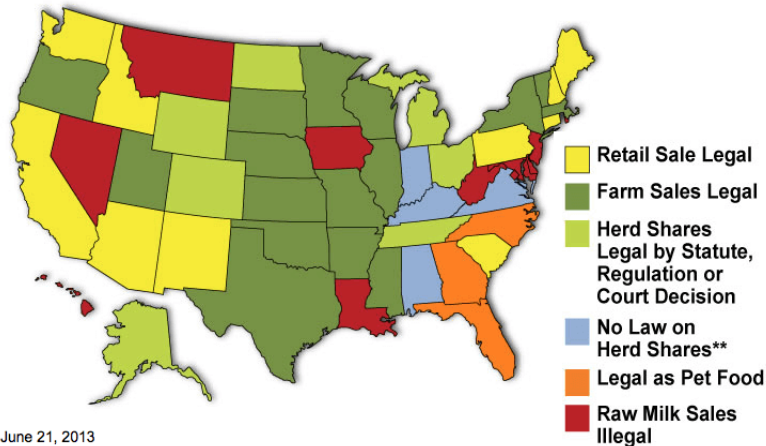

Wernimont, set up Rockefeller controlled agricultural programs throughout Mexico and Latin America.

The independent farmer is a great threat to the World Order, because he produces for himself, and because his produce can be converted into capital, which gives him independence. In Soviet Russia, the Bolsheviks believed they had attained total control over the people; they were dismayed to find their plans threatened by the stubborn independence of the small farmers, the Kulaks.

The Communist Party, the Party of the Peasants and Workers, exterminated the peasants and enslaved the workers. *Many totalitarian regimes have found the small farmer to be their biggest stumbling block.* The French Reign of Terror was directed, not against the aristocrats, many of whom were sympathetic to it, but against the small farmers who refused to turn over their grain to the revolutionary tribunals in exchange for the worthless assignats. State-by-State* Review of Raw Milk Laws

In some other research I was doing, I ran across something on Borden's Elsie the Cow. The advertiser for Borden milk said he knew it wasn't going to be easy to get the American people to accept pasteurized milk. He said they needed to get a dr. to say it was good and to recommend it. Well, you know how that went. If a dr. says it, if the tv says it – then it must be true. They know how to manipulate minds and this is where the majority of the public sit, listening to people who are paid and told what to say. Their puppets on their payrolls don't even have to make good grades, they don't care about any of that because they are going to say what they want them to for a pay check.

In the United States, the foundations are presently engaged in the same type of war of extermination against the American farmer.

I learned about the benefits of raw milk from Tony Pantalleresco. He is heavily targeted and still helping people to do what they can to feel better and fight against all the stuff that satan's elite are trying to do to us.

Deuteronomy 31:20 - For when I shall have brought them into the land which I swore unto their fathers, that floweth with milk and honey; and they shall have eaten and filled themselves, and waxen fat; then will they turn unto other gods, and serve them, and provoke Me, and break My covenant.

God was speaking here of when He was going to bring the Israelites into the promised land. There was going to be milk and honey there in abundance. It was not the same as the pasteurized / sterilized milk and honey we are dealing with today. The milk and honey today is working against us. Any nutrition in it has virtually been flash heated and killed or radiated to death. Even a bee farmer was talking about to speed the process of the bees making honey they are importing bees because we've been killing them off and they are pouring high fructose corn syrup into the hive to help them speed up.

They are slowly but surely getting rid of the things that are good for us. They just pass a law and make it illegal.

Psalm 94:20 - Shall the throne of iniquity have fellowship with thee, which frameth mischief by a law?

(also Daniel 7:25 – antichrist changing times and laws)

Illegal in many states to collect rain water on your own land, or to live off of solar panels for electricity without paying them. Now whole milk is illegal. They also put out fake data and statistics to scare people away from the good things that are left.

Three Hearts Church India

Helping the villagers to sustain themselves. Cabbage

When you support this ministry, you are also helping to support our outreach ministries India and Kenya. In India, Pastor Dalbeer is teaching the villagers how to grow fodder for their animals. He has a seed distribution where he is helping the villagers to grow crops to feed themselves and he has been working so hard to also help them to implement a system where they can catch the rain water coming down from the mountains.

STANFORD RESEARCH INSTITUTE

Jesse Hobson, the first president of Stanford Research Institute, in a 1952 speech made it clear what lines the institute was to follow. Stanford can be described as one of the "jewels" in Tavistock's Crown in its rule over the United States. Founded in 1946 immediately after the close of WWII, it was presided over by Charles A. Anderson, with emphasis on mind control research and "future sciences." Included under the Stanford umbrella was Charles F. Kettering Foundation which developed the "Changing Images of Man" upon which the Aquarian Conspiracy rests.

Some of Stanford's major clients and contracts were at first centered around the defense establishment, but as Stanford grew, so did the diversity of its services:

Applications of Behavioral Sciences to Research Management Office of Science and Technology

SRI Business Intelligence Program

U.S. Department of Defense Directorate of Defense Research and Engineering

U.S. Department of Defense Office of Aerospace Research

Among corporations seeking Stanford's services were Wells Fargo Bank, Bechtel Corporation, Hewlett Packard, Bank of America, McDonnell Douglas Corporation,

Blyth, Eastman Dillon and TRW Company. **One of Stanford's more secret projects was extensive work on chemical and bacteriological warfare (CAB) weapons.**

Stanford Research is plugged into at least 200 smaller "think tanks" doing research into every facet of life in America.

This is ARPA networking {today called DARPA}, and represents the emergence of probably **the most far reaching effort to control the environment of every individual in the country.** At present, Stanford's computers are linked with 2500 "sister" research consoles which include the CIA, Bell Telephone Laboratories, U.S. Army Intelligence, The Office of Naval

Intelligence (ONI), Rand, MIT, Harvard and UCLA. Stanford plays a key role in that it is the "library", cataloging all ARPA documentation.

Stanford Research Institute in Washington. Typical layout and buildings in worship to their fallen angels & false gods.

Columbia links to liberty and liberty links to the Roman goddess Libertas which is the same as what you see above – she is “queen of heaven”

Jeremiah 7:18 - The children gather wood, and the fathers kindle the fire, and the women knead *their* dough, to make cakes to the queen of heaven, and to pour out drink offerings unto other gods, that they may provoke Me to anger.

Jeremiah 44:17-18 - But we will certainly do whatsoever thing goeth forth out of our own mouth, to burn incense unto the queen of heaven, and to pour out drink offerings unto her, as we have done, we, and our fathers, our kings, and our princes, in the cities of Judah, and in the streets of Jerusalem: for *then* had we plenty of victuals, and were well, and saw no evil. But since we left off to burn incense to the queen of heaven, and to pour out drink offerings unto her, we have wanted all *things*, and have been consumed by the sword and by the famine.

"Other agencies"one can use one's imagination here, are allowed to search through SRI's "library" for key words, phrases, look through sources and update their own master files with those of Stanford Research Center. The Pentagon uses SRI's master files extensively, and there is little doubt that other U.S. Government agencies do the same. Pentagon "command and control" problems are worked out by Stanford.

While ostensibly these apply only to weapons and soldiers, there is absolutely no guarantee that the same research could not , and will not be **turned to civilian applications**. Stanford is known to be willing to do anything for anyone. *I'm sure this is based on money – if the price is right.*

1 Timothy 6:10 - For the love of money is the root of all evil: which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows.

They are studying the “God gene” etc.
They can't figure out how to gain control
of true Christians through their mind
control.

Back to Dr. Ben's letter:

Victims of mind control experimentation are thus routinely diagnosed, knee-jerk fashion, as mentally ill by doctors who learned the DSM “symptom” list in medical school. Physicians have not been schooled that patients may be telling the truth when they report being targeted against their will or being used as guinea pigs for

electronic, chemical and bacteriological forms of psychological warfare. [END QUOTE]

However, as in the earlier example I mentioned about PTSD, eventually enough evidence can accrue that previously disregarded information reaches a critical mass, and the possibility that something previously undetected is playing a role begins to gain support. That is the point we seem to be at now, regarding scientific evidence that there truly are “targeted individuals” being externally influenced in ways we who are not privy to classified information previously thought impossible.

Now it can be proven that advanced nano machines do exist inside some human bodies, and it can be proven that the knowledge and technical infrastructure exists to transmit signals remotely that powerfully affect the brain and other human functions in selected or “targeted” individuals. The capability is now being developed to track these external controlling frequency signals back to their sources. With this development we are entering an era where accountability for this totally unregulated human experimentation and manipulation may become possible for these previously invisible activities. In this situation and with these technologies now poised to proliferate, the **ethical health provider** needs to be informed about this sad state of affairs.

I make this declaration to witness to health care professionals around the world: if you have clients who claim they are being targeted or “chipped” and present the symptoms that are commonly associated with this phenomena (see references below), do not automatically assume they are delusional. They may be, but they may not as well. Or, they may have delusions that are not indicative of organic psychosis, but instead of artificially induced, virtual reality-based, externally transmitted delusions. For which there is no diagnostic category in current psychiatric thinking. With the application of these technologies increasing as their sophistication grows, we are in a whole new diagnostic ball game.

And if such clients come to you with Rahmann spectroscopy tests confirming the presence of advanced nano materials in

their body fluids, and sophisticated scanning tests showing unusual frequency emissions emanating from their bodies or other results that are not in the normal range for human beings, it may be time to re-think the possible, to get more informed about the state of the art of brain-altering weapons systems, and to listen to what these people who are calling themselves “targeted individuals” have to say.

Misdiagnosis is the common lot of almost everyone who has become an experimental test subject for these technologies. The lack of recognition of what is actually happening for them causes perhaps as much harm as the aggressive technological attacks they are subjected to. For all health practitioners who find the injunction to DO NO HARM a worthy standard, be prepared to investigate the possibility that “targeted individuals” claims of being externally programmed may be real, prior to reaching other diagnostic conclusions.

CLOSING

The top levels of military, government and these large corporations that are arms of Tavistock are not serving the God of the Bible. They are serving the god of this world and working to bring in his agenda. This is not just a passing comment to

be taken lightly. They know what they are doing. They have had meetings, planned and discussed and have been patiently working their plan on this world for their god – satan.

John 14:1-4,6 - Let not your heart be troubled: ye believe in God, believe also in Me. In My Father's house are many rooms; if not, I would have told you. I am going away to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto Myself; that where I am, *there* ye may be also. And whither I go ye know, and the way ye know.

Jesus saith unto him, I am the Way, the Truth, and the Life: no man cometh unto the Father, but by Me.
