

TARGETING – Part Thirteen: TIME TRAVEL, MIND CONTROL, EMF, MILITARY into the PARANORMAL

[No2TheNWO](#) - Granddad Mark -

I was driving my sister to her doctor yesterday (Monday) and this car pulled along side me at this traffic light in Hackensack NJ. He had hand written signs all around his car saying things like " The government put a chip inside me and are telling me to kill people and myself" " somebody please help me" "I'm not crazy" I wanted to get him to pull over but the light turned green and he took off before I can get his attention. My sister had no clue what he was talking about. I briefed her on the subject and told her this is real and people like the one we just saw have nowhere to go for help which makes them do things like he did to his car. I saw your video you just posted today and sent her the link to watch. I would of loved to get this guys story and share it to everyone. I will be in that area again soon and will keep an eye out for him. He's not getting by me next time I see him and I will let him know I don't think he's crazy and try to get his story posted on YT. Thanks again Pastor Cherie for bringing this subject out.

project of mind control using electromagnetic and how they discovered that they could also time travel or bend time with the same equipment they were controlling the mind with. He talks about how the Navy was funding this research and this was kicked off during WWII – they ramped up their scientific studies as a desperate measure because we were losing the war. / He talks about work going on out at Brookhaven labs and how the government at that time said they didn't want to be involved – however the project got the backing and continued with their super mind research as a “Black Project”/ “The Montauk Boys” used out in the Montauk experiments, breaking the mind and gathering the patterns of fear/They brought in a super secret group to do the “time” research – they decided to shut down the project with the code words “THE TIME IS NOW”/ They realized they had a system in which they could enter the mind of a human being by typing computer commands/electromagnetically gathering the mind patterns and storing them in a computer system, removing hormones from the body at the same time – sounds like loosh (adrenochrome) that the fallen angels/demons feed on, they would manipulate and redesign the mind, then use the transmitter and put the “new” mind back into the person – reinstall it through psycho sexual means.*(about 11 min's)

They can break the mind and program it. In this interview Duncan brought out that each person has a unique frequency signature. This has been going on since the 70's. *But we know it goes back even farther than that.*

Eph. 2:1-2 - And you *hath* He quickened, who were dead in trespasses and sins; Wherein in time past ye walked according to the course of this world, according to the prince (ruler) of the power (authority) of the air, the spirit that now worketh in the children of disobedience:

The government and military has always used propaganda and psychological warfare , not only against enemies but their own citizens.

Our governments and militaries have been very busy in the area of psychic abilities, looking for people with these abilities and using them, as well as exploring the paranormal, and practicing dark magic or high witchcraft.

The scripture I'm about to read applies to the top levels of: government, military, large corporations, banking, deep state, shadow government, the vatican, the jesuits – all secret societies.

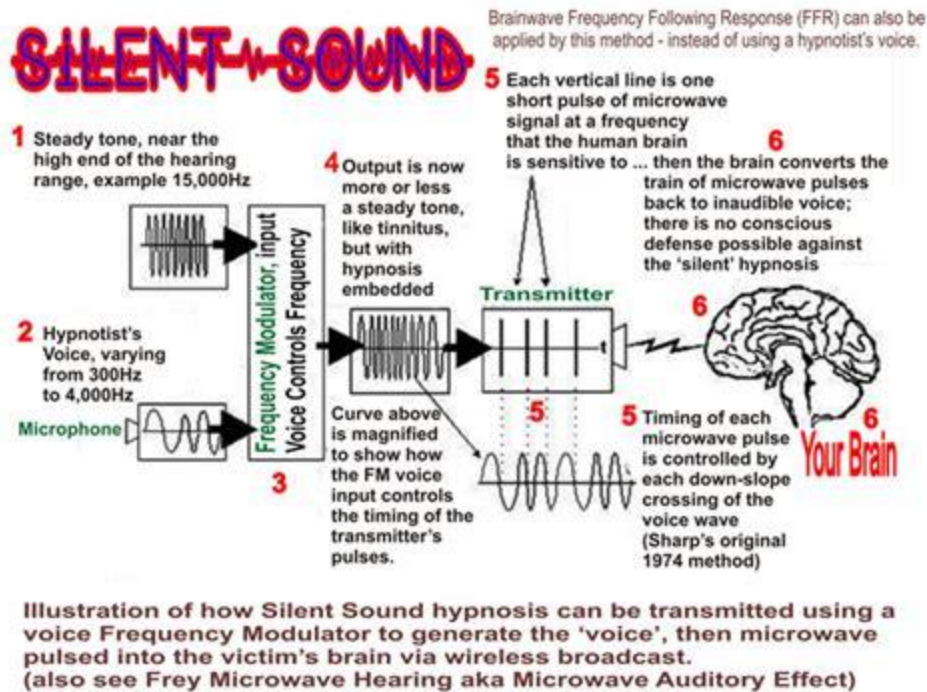

Deut.18:9-14 – When thou art come into the land which the LORD thy God giveth thee, thou shalt not learn to do after the abominations (evil practices) of those nations. There shall not be found among you any one that maketh his son or his daughter to pass through the fire (sacrificing to Moloch/baal), or that useth divination (fortune telling or clairvoyance), or an observer of times (astrology/cloud readers), or an enchanter (a hypnotist), or a witch (a person who cast spells on people & controls them with their mind – telekinesis), or a charmer (witch of a lesser degree), or a consulter with familiar spirits (medium- someone who asks spirits to guide them), or a wizard (a male witch – no such thing as warlocks), or a necromancer (uses familiar spirits to tell the future/inquiring of the dead). For all that do these things are an abomination unto the LORD: and because of these abominations the LORD thy God doth drive them out from before thee. Thou shalt be perfect (entirely obedient) with the LORD thy God. For these nations, which thou shalt possess, hearkened unto observers of times, and unto diviners: but as for thee, the LORD thy God hath not suffered (allowed) thee so to do. The LORD thy God will raise up unto thee a Prophet (JESUS Who is

God) from the midst of thee, of thy brethren, like unto me (Moses); unto Him ye shall hearken (listen);

They were experimenting with time and found out they could bend time. . They proved that they could control a person that they had the "signature" for. This pattern that was unique to an individual could be put into the computer program for the transmitter. A second order wavelength would be transmitted that has a lower attenuation and affects that persons mind directly. There could be a command to do anything focused at the person.

Once a device was constructed that illustrated this principle on a wide scale. A mental message was put out that if anybody heard the message they were to call a certain phone number. Over 600 calls came from all over the East coast all the way down to Florida. It works.

When Preston said they used the code words "The Time is Now" to shut down the project it makes me wonder what the Manchurian candidates (programmed people around the world) are programmed to – a code word or phrase, a date, or possibly an event? When that happens they are supposed to carry out what they have been programmed to do.

From "Opening the Abyss – Part Two

That's interesting. There's a fellow who calls himself Lord Mattreya who says that he is the Christ returned to the planet; that when he links up with the international press he will send a telepathic message to the entire planet in their own language and they will hear it. They also are supposed to receive a visual image.

Jerry: Saw your presentation on the montauk experiment. One of the initial points that Preston made was that they had figured out how to transmit behavioral patterns to influence an individual's behavior against their will. Kind of remote hypnosis, ie clucking like a chicken. Can you pray that God intervene to stop this abomination and clear the patterning. The same principle applies to mind control, and nanotechnology.

Have a blessed day. JgMD
