

SATANIC SYMBOLS – 700 CLUB

I will restate this for those who are not aware that the televangelist are witches. They serve lucifer. You will notice they speak the language of the secret societies, of the freemasons. That is they speak without saying a word. They show it in their logos, on their sets, on their book covers and titles and on the things they produce.

This just came out on November 30,2018. I could not help but stop and make a short video to show you guys their subliminal programming and messaging going on here. The Christmas tree is an altar to the sun god baal/nimrod/osiris/tammuz/satan. There is a prancing stag standing in the back window, barely noticeable. He is always shown over the right shoulder of Pat or Gordon. The stag god is cernunnos. Also known as pan, and satan. Now what looks like a star for holiday cheer is actually carefully placed to be in the picture with horns up. The way that star is pointed upside down symbolizes baphomet. That is satan in his male-female/human-goat form. So many clues in this one shot. What you see here is all placed in the picture on purpose, just the way they stage their movie sets. If you think this is just innocent Christmassy stuff, you would be wrong. You think Pat and Gordon who are so well educated and studied

don't know all the same stuff I know. They know full well about the pagan holidays. They are well studied and if God showed me and my family and called us out of it our first year in ministry, you better believe they know all about it.

Haven't you wondered why they never teach or speak against it? Gordon is a freemason just like his father, it was the same with Billy Graham and his son Frank and that daughter of his too, Ann. Those born into occult families like this are brought up in this stuff, they are trained into it. There may be some programming involved, or some SRA (satanic ritual abuse) involved or even cloning because that's how far down in the wickedness we are now. I don't know if they are aware of what they are doing but I have been called and you have too, to expose the wickedness and reprove the evil works of darkness. We are to be wise as serpents but harmless as doves. We are not to partake in their sin. I wanted to share this so that you can begin to see this for yourselves.

The deception is already upon us. Most don't know these people on tv are witches, don't know about the pagan holidays that honor satan and not Jesus, don't know about the targeting to torture innocent citizens being carried out by our own military and governments. Blue beam is part of the deception, what they can do in the sky with the chemtrails as well as the frequencies they are using to mind control people. Jesus is our only hope. Get to Him while you still can.

Thanks for watching.
