

THREE HEARTS CHURCH INDIA UPDATE for APRIL – JUNE

Back L to R: Pastor Dalbeer with Shamyra on his lap, Pastor Sunita, Sonali, Pastor Dalbeer's mother, Front L to R:

April: This is a crop of wheat coming up. Pastor shares: This is a really a great news for us that what crops we had given last year this is the result that God answered our prayers because in the low cast family this is one achievement from our fellowship group mostly people are Low cast (SC- Schedule Cast) Families.

From this the low cast families are able to earn something this year and they are thankful to God and I am very thank full that He listened our prayer and all glory goes to Him from the villagers this is the greatest success in the village.

They share seeds to the villagers to help them to grow food for themselves and also fodder for their animals. This is a small garden. Pastor says: We are doing very small for the village but blessing with his Grace.

A health camp in April, in the rural communities of Naughar and Rautu Ki Belhi.

257 patients were there in the camp and we thank God for giving us the volunteers for making this camp successful.

We had distribute the medicine in the villages and I want to thank God that he had given us opportunity for doing this medical camp and successive medical

camp in these villages and we were that capable to provide the medicine in the village and want to thank all our three heart congregation who came forward to help us through their donation for these poor rural Himalayan community.

I thank God for providing us the doctors to see the poor communities in the village.

I want to thank God that he made us that capable that we were able to provide good food for the school in the village where we were having the camp and the children of the school were able to eat good food. We ourselves made the food for the children of the school and the children were so happy to get the food from us.

I thank God that He gave me opportunity to talk to the young girls of village and I am being able to them about gospel and we had talked about the education issues and some health issues with them and we have planned for to open an self help group for the Girls of village.

May Report:

The time with our school kid .it is very great moment for us because in the school other religion children listing our Christian value teaching.

What they are learning from us and practice in the home, praise the Lord seed is being sowing through this school ministry.

Rain harvesting catchment program. MUS (THM) thank to God. What skill he gave us and we teach it in society .if they implement their own society it is happiness' for the ministry work. This is big achievement start this kind activity with the villager.

MAY

(Helping Hand social chain group for Human being with N.G.O (MUS) Uttarakhand India)

We have success history helping hand social chain Group with the children .few month ago in our children group one 12year girl her name is Rakhi. She is reading, learning bible words & trying to following Christian principal value in her life. Her family blow to poverty line, and previous our family helps to food for a month when they have not food in their family. This kind of help through my kid, what they save their pocket money because they remember that situation which we facing in our poor situation days. Myself & kid shear this testimony with the children group how our God listening our prayer. Rakhi thing & feel how can she will be help to other kids help to their own Rakhi her no able to help to other because she is also needy family member. This thought disturbs lot to her then she comes to me & discus her vision to me. Then I told her ok I will do something for you, can you come with all children a village to me next week. This is the beginning this Helping Hand social chain group. Showing the seed in good human been & God kingdom.

So I teach to them how you children to do good thing for his kingdom it is first setup , Faith, Love Hope, One of the best ways to love others is to pray for them. Jesus is our ultimate example in this. And the day will come when we complete our life on earth. Until then, let's spur each other on, be ready to help, and keep pulling together every day. Implement Meditating on specific Bible passages.

Helping Hand Children Social group human been beginning a start a method of chain organized. our main vision is focusing on children that they are not focusing on worldly thing, insitested worldly thing they should focus on God kingdom.

After this kind of study with the village children we did, than Rakhi discuses with her age children, they did survey they make list evry kid need & their family. Like school bag, pen, pencils, book, copy, school shoes lunch-boxes, school fees etc. they also know family need. When I see what they collect thing for the village kids my tear come out from my eyes because what they collected it is not a better condition, but which kid take this they are very happy. .

RIVER BUILDING WORK in MOUNTAINS of LADUR:

JUNE: I am very happy to work this kind of priority needs for the village because in this village there is shortage of drinking water so womens of the village are very cooperative and supportive for this work because rural himalayan villages all burden are upon the women's so their water food are big problems in the villages and women is the one to face this kind of problem. this is one of the village on which we are making the model for the rural himalayan village and I am thankful to village womens who came forward to work in a unity and this work is very challengeable experiment for building up the water in the dry village we are praying that God provides all the needs for this important model village.

Give my greetings to all Three Heart Congregation.

Build the River in Ladur (kolti) village Uttarakhand India

(Ladur women Empowerment program)

JUNE: Thanks God he gave to opportunity work with women in Ladur village. Village Leader Mr. Bhart Singh, Mr. Ranbeer Singh & village women are invited me for work in their village, I thankful to God. People love us and the work which we doing for their society. In this meeting we make agreement about our Three Heart ministry (MUS) work in their village. We are doing this with our fellowship Group and with the help of our fellowship group we are able to do this work easier with more man power which is being used in the mountain to make river from the mountain and I thank God that He is being helping us to do this work for making water in the dry valley of the mountains. We share our vision with them. What we do in the program in village it will we work through group.

LADUR VILLAGE CATCHMENT

First I would thank God that He made me that capable that I can walk today in this kind of mountain and through his blessing I am able to work in the Ladur village and village women came forward for helping me and we are building river into the mountains and making them provide water in the village. The village women came forward as the labor for this work so from this they will get some kind of empowerment the main aim for this is to provide women the empowerment.

This is the valley for the catchment area so we digging on the mountain for collecting the water.

It was stream before now it's totally dry only their water in the rainy season so we will catchment area so after this water level more and it will increase and after few years we will be having permanently river.

The village women of SHG group are working for making this mountain into stream.

Please pray for God to cause the river to flow for water catchment.

Please be in prayer for this outreach as well as the one in Kenya, those in Christ there are our brothers and sisters in Christ.

God bless you.
