

THREE HEARTS CHURCH INDIA UPDATE for AUG – SEPT 2018

Clean, clear sky. One of Pastor's views there in India. Photo credit: Sourav Singh

AUGUST LETTER FROM PASTOR

We are having mass praying for the people who are suffering for the disaster in the mountain areas many in few days after looking the weather situation i will be going to the our rural Himalayan villages where is effected by the rain and try to do some helping things and moral support for them with prayer. What we are doing it will be our three heart church congregation prayer and God grace. Give my greeting to every one there.

With Christ Love

Pastor Dalbeer Singh & Family

HEALTH CAMP - AUGUST

Psalm 143:8: "Let the morning bring me word of your unfailing love, for I have put my trust in you. Show me the way I should go, for to you I entrust my life."

Pastor Dalbeer sharing the gospel in the village. This is one of the new area in the rural mountain village where we have started the new houses church in the villages. We thank God for His grace upon us and now we are and we have got the opportunity to work in these community and God gave us the opportunity to share his gospel in this village.

The people of the village were very happy and they have thank Three Heart ministry for coming forward for helping them and providing the health care facilities in the village.

Sharing the gospel through examples by telling the villager that: That we should not hear any bad things if we hear then we began to say that and we might start doing bad things. Not to speak bad about anyone because God has created we as his temple and we should not make the temple bad. Our main focusing through skit or example our God give big example if some hits you on one cheek and you should forward your other cheek to them. So we are given our new being

thoughts If someone help you then they should not thank them but they should help other three people and tell them to help other three good habit increased in their behavior. These days we are in our three heart ministry to focusing on the children life's to increase good habit inn their selves and in their firend circle.

Activity With the village children:

This kind of activities is very important for the village children they are get good knowledge. They also learn same new game from the team member village children are very happy at that movement. The team voluntary member teach How to do proper clean teeth & personal habituating habit in daily their daily life and spiritual learning . And also what is needed in these villages.

Going to the villages to tell them there will be a health camp. Before the camp in this rural Himalayan village geographical situation scatted house to house reach information to them.

REGISTARTION IN THE HEALTH CAMP:

Medical Health Camp is our rural mountain target village Fhidogi & Bhal. These area target villages community people are called is Garhwali. So there were 137 patients came to the camp for their check up and they had received the medicine in the camp. During the registration the team was doing the BP test and they were also measuring the weight of the patients.

All our villages and all the staff of MUS & Three heart ministry helped in these camps.

Doctor see the Patient during the health camp in Fhidogi & Bhal. In this camp patient mostly suffering from fever common Cold scabies and other illness in these rainy season doctor analysis about their family situation about the income and expenditure for their home it is a big burden in metal situation and the family expenditure so many of head of the family member are under the mentally pressures and this is causing them high BP situation and weakness in their body.

MEDICINE DISTRIBUTION:

We are thank full to God He blessed us for this big expenditure for the medicine so we are continue for this highly cost and good medicine to provide in the villages to cure them from diseases so it is all in God hand this program runs through his will.

PRAYING:

Not only physically health but we are also praying for the women who are having problem in family by any reason so we are praying for them and women are sharing their problem with us so we are praying for them that God provides his grace and guidance upon them. This is the great opportunity for us that we are able to pray and show them his kindness and glory goes that He is helping us, and people of the village are able to know that our God is living God.

GOAT DISTRIBUTION:

We have distributed Goats in the villages to the most needy people of the villages and the strategy which we do in this program is that we gave them a pair of Goat in the village.

Then when they get increased in number then we take one pair of small goats and gave them to the most needy family and so this how we try to help the poorest villagers. So as the goats multiply they are able to keep giving to other poor villagers and soon more and more will have their own goats to provide milk.

AUG – SEPTEMBER LETTER:

So villager are going to give some land for the school and Church in the village its far from here where school. So please prayer for because we have to do all the paper works. Prayer for it God provides everything it is a big thing because we are not expected that God work in their hearts and they decided this is a big blessing, that in this superstitious place God is working and the seed is sowing now and it is a big blessing for three heart ministry.

With Christ Love

Pastor Dalbeer Singh & Family

Matthew 28:20 “and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age”

VILLAGE FELLOWSHIP WOMEN GROUP:

House churches in the village center where the women are coming from different villages and we are doing the worship and the message sharing with them

and every village women sharing their testimony and what they sharing to other people the God love and they found their assessment about the family situation and they are praying for the family situation

so we are plan to prayer these people. After this prayer request what God us the opportunity that we can do something for these families so we are making responsibility to the group to for prayer and assessment.

so we are continue going in the families and knowing their problems and give what we have for prayer and some fellowship with their children to make the family atmosphere with them because they loved us and they fell good when we are with them

so sometimes we have meal at their place like we are part of their family in the village and this kind of love we get from them

HEALTH TEACHING IN THE VILLAGES:

About their nutrition of their families we are teaching in that method.

Kitt Village

Teaching the children about the bible through game, video and also through bible teaching to make them more under God and also teaching them the Ten Commandments.

We are also teaching the girl the sewing classes for providing some income generate for them for their future that they can help their families.
