Pastor’s journey to minister in the villages and snow was coming down.

## SCHOOL UPDATE

The school is being running since last 2 years and now we have 41 children in the school and the children belong from very poor background and 1/3 parents are not able to send their children to school and the people want to send their children to our school and they wanted us to take more children in the school for the better education but we don't have not enough space because the school is on the rentable place. The big message on this place is that our school monogram has cross in it and so many people are asking about the monogram of the school running area.

That time we are sharing to them that what does the bible teaches us “we show the love of the Christ in the children and we are His son and daughter He is our heavenly father and shows the burden which Jesus took for our sin”. This school give to teach good human being and moral values and I am very happy that people give us the land for the school building and we are doing prayer assembly hall which will be a church in future this is the first school and first ministry

outreach program make church in the area through the school which our staff who are believers. In future, we will be having church and in our strategy that we will be beginning through our Christian values come out from the action of the school children and school committee. This is the seed, which is growing in the community.

### **CHILDREN of the VILLAGES:**

The children are left behind home alone throughout the day and they have been locked out in their homes when their mother goes out for the grass or filed work so then they locked out their children in their home and after seeing, this child became so happy to see us outside that we came to open him after seeing this I felt very sad that how the children are being locked in the home. So we are thinking for opening day childcare center in every village so that the small children can get their care throughout the day and we can teach them about Gospel.

The Girl name is Babita, she is 10 years old she was not able to go to school but three heart ministry came forward to help her and her family by providing the family some income generate program We try help the poor family specially the girl Child of the family we (THREE HEART MINISTRY) tried to provide self-income generate by giving them the Goat we just gave them one pair of Goat to this family they looked over and now they have 4 pair of goats through it they are able to get some income for the family and they are able to send their daughter to school. We thank God for providing his grace on the ministry work that He is being providing us the support and He never let us down He always keeps our ministry work in progress.

#### **NOVEMBER SCHOOL CHILDREN EATING LUNCH:**

You are helping to make this happen.

For these children to have an education and learn the gospel.

**DECEMBER LETTER ABOUT ANNUAL SCHOOL FUNCTION:**

Warmest greeting to you in the name of Christ, how are you sister and how is family there, So sister I am sending you the annual function report of Three Heart School, I am happy that they many people had come to see the function mostly those people were there who had some issues with and I am happy that they appreciated our work in front of the village community and they had said to the villager's had taken good decision for giving the land to Three Heart Ministry and the Ministry is doing the great work in the village because this community their own language speaking they not speak properly the national language but now the small children are they give performance in Hindi and saying English poem and English Christian song wit right pronunciation it is the big blessing for the ministry.

With Christ Love

Pastor Dalbeer & Family

This is the first time that the children of the school did worship in the village and the sing the hymns and they sang some Sunday school songs in the village. I thank God that He gave opportunity that the children of the village has done worship.

I thank God for this because this was the first time ever in the village we did worship and the children of the village did it. I thank God for it. All glory goes to Him.

### **SCHOOL CHILDREN DANCE**

The school small children (toddler) performance was there they did a good performance the villager enjoy their performance and they had done a great dance people in the village appreciated the performance.

The children of the school performed a skit about the girl child abuse in the village and the villager appreciated the work we did in the children and the transformation of children that today they are able to act in front of all the village because in the village the children are shy and they are not able to say or do something in front of the village

but THS(Three Heart School) has changed the children life and they are being able to do this kind of activities in front of the village community and I thank God for this great achievement that we have got. I also thank to the school teacher that they had taught this great things to the children of the school.

Pictures of the children during their performances.

The people of the villages came to see.

Listening to the children sing and dance.

The village community joined the Three Heart School annual function and I thank God for it because of it more people of the village were able to listen the gospel of the God.

I thank God that He once again gave me the chance for sharing the gospel in front of all the village and I thank God for sharing His Word through me and I shared about the love of the God and why did He choose me and I shared them my testimony that how I came to the living God and what I had seen at the time of my accident and I told them that God never leaves the hand of His children and He is the living God and He is the Truth of the life. I share this verse with the villager and I thank God for putting this word in my soul that I shared with them. Matthew 5:13-16 "You are the salt of the earth. But if the salt loses its saltiness, how can it be made salty again? It is no longer good for anything, except to be thrown out and trampled underfoot. "You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house. In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven.

With Christ's love,

Pastor Dalbeer Sing and family

God bless you all and thank you for helping to be part of this great work for the Kingdom of God. To God alone is all the glory.
