

# TARGETING – Part 24: SOUND WEAPONS, HARMONICS, REMOTE NEURAL MONITORING

Sound is being used as a weapon in targeting.

## har·mon·ic

/här'mänik/ 

*noun*

plural noun: **harmonics**

1. **MUSIC**  
an overtone accompanying a fundamental tone at a fixed interval, produced by vibration of a string, column of air, etc., in an exact fraction of its length.
2. **PHYSICS**  
a component frequency of an oscillation or wave.

What are they telling us here? **Sonic and ultrasonic weapons (USW)** are weapons of various types that use sound to injure, incapacitate, or kill an opponent. Some sonic weapons are currently in limited use or in research and development by military and police forces. Some of these weapons have been described as sonic bullets, sonic grenades, sonic mines, or sonic cannons. Some make a focused beam of sound or ultrasound; some make an area field of sound.

### LRAD (Long Range Acoustic Device)

Extremely high-power sound waves can disrupt or destroy the eardrums of a target and cause severe pain or disorientation. This is usually sufficient to incapacitate a person. Less powerful sound waves can cause humans to experience nausea or discomfort. The use of these frequencies to incapacitate persons has occurred both in counter-terrorist and crowd control settings.

\*\*\*They are using the weapons on us NOW.\*\*\*

The possibility of a device that produces frequency that causes vibration of the eyeballs—and therefore distortion of vision—was apparently confirmed by the work of paranormal researcher Vic Tandy in the 1990s while attempting to demystify a “haunting” in his laboratory in Coventry. This “spook” was characterized by a feeling of unease and vague glimpses of a grey apparition. Some detective work implicated a newly installed extractor fan that, Tandy found, was generating infrasound of 18.9 Hz, 0.3 Hz, and 9 Hz.

\*So you see again the military experimenting with frequency and mixing it into haunting. To confuse the situation of whether ghosts or demons really exist and cause people to doubt what they see and hear or to cause people not to believe what is being reported. It can be totally supernatural or it can just be satan’s minions using their frequencies.\*

**I want to share some info. from Camille who has had sound weapons used on her in targeting, she wrote:**

I am a targeted individual who found out about you through a FFCHS Newsletter. I have been a targeted individual since August/September 2008 and have suffered from Directed Energy Weapons (DEW)/Sound Assaults, Pounding noises on the walls and floors of my apartment from neighbors participating in the harassment and who are set up around me, military aircraft flying over me wherever I go people following me when I go into stores, computer surveillance/tampering and issues with my cell phone. I have not been a part of church because the churches I attended participated in the harassment. This turned me off from the church community for a very long time where I didn't trust any church. The targeters have especially managed to target me through my work-at-home job.

I was living in New York when the targeting began back in 2008. I moved to Dallas, TX in May of this year (2015) and believe the targeting may be worse, in many ways. It is definitely highly organized in terms of the assaults. I am currently living in an apartment complex and the targeting has included everything from tampering with hot/cold water, messing with my plumbing, tampering with electricity (i.e. shutting off my appliances/radio), continuous tampering with my internet servers, emails and being unable to access websites periodically. I also experience the banging/pounding noises on the walls/floors from neighbors set up around me, especially when I am working from home, and experience the DEW and the sound assaults preventing me from sleeping, praying and reading my Bible.

One of the televangelist witches ran the church she was talking about. So it was an apostate church or rather one of satan's churches. They did not like that she pointed out some of the things that they were doing weren't right. So they began to target her.

**Ephesians 2:2** - Wherein in time past ye walked according to the course of this world, according to the prince of the power of the air, the spirit that now worketh in the children of disobedience:

satan knows about the frequencies. He understands how to use them as weapons. Those that serve him are using them against everyone else. The apostate mega churches are using this against their congregations.

It has been reported that "sonic attacks" may have taken place in Cuba in 2016 and 2017, leading to health problems, including hearing loss, in US and Canadian government employees at the US and Canadian embassies in Havana. Facts concerning the alleged attacks would seem to violate the laws of physics, and it has been suggested that they are in fact an example of mass psychogenic illness. Cuban investigators have reportedly dismissed claims that sonic weapons have been used against American diplomats, describing them as "science fiction".

**\*\*Notice if a lot of people start pin pointing what is going on they just say it was mass hysteria or that everyone is delusional.\*\* Nothing to see here but a bunch of crazy people, move it along.\*\***

MEDUSA (Mob Excess Deterrent Using Silent Audio) is a [directed-energy non-lethal weapon](#) designed by WaveBand Corporation in 2003-2004 for temporary personnel incapacitation. Companies like Rand, Boeing, Lockheed Martin etc. are supplying the military/government with weapons to use against us. Usually those involved with space stuff – FREQUENCIES.

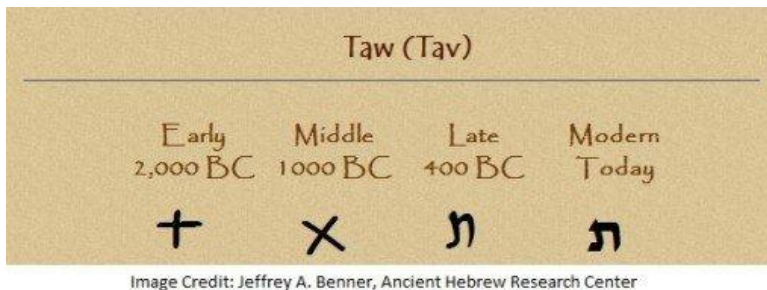

This image of Athena holding her shield with the head and face of Medussa on it is at: 68 King William Street, City of London, EC4 by an unknown sculptor. Photographs and caption by [Robert Freidus](#). Formatting and perspective correction by [George P. Landow](#). Notice the X in the pic. on the right, supposedly anyone who looked at Meussa’s head even after decapitation would be frozen or tunred to stone.

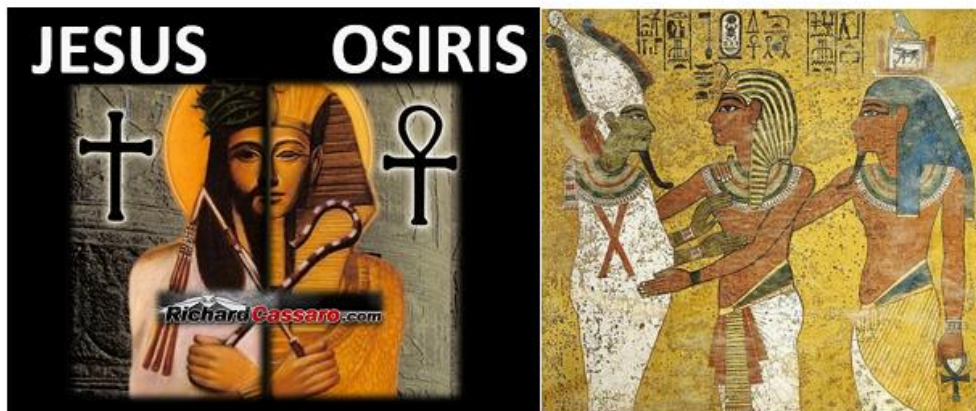

Bonus: This is a coil of Athena, the inscription means: “Of the Athenians” Notice it is AOL – a major corporation. It is all spiritual. This world is serving the fallen angels/nephilim/titans. On the right: Across the top you will see the X for sun

worship. The X is a symbol to the sun god and in Pythagorean numerology (witchcraft math) it = 6. Something to think about when you see the judges on American Idol voting with X's, and on America's Got Talent with the X's, X-Box, X-men, X-Caliber, X-rays, Exxon (On is the city of the sun god & with their numerology – right in the middle of Exxon you have 666 because O = 6 and X = 6 in their witchcraft math), corona beer has the X's on the dragons on the box, dos equis beer with the X's and pharaoh's face on the box, x-rated, Xerox, X-files etc.

Pay attention to how much stuff is marked with the X because that is what it stands for with these luciferian companies. There has been a lot of lying going on with the ancient language of Hebrew and how it was written etc. Supposedly the language died out completely because of all of their idolatry and taking on the speech and writing of their captors (Egypt and Babylon) and then a whole new Hebrew was created. Hmmm

X or T is the symbol for tammuz/thor – the luciferians sun god. The cross the Romans used to crucify Jesus – was the symbol of their sun god. The cross is special to Christians because our God willingly went to that cross to save all who

would come to Him and believe unto obedience. He tells us to die to ourselves (flesh) and pick up our cross daily and follow Him. Our God is not known by a symbol. This is what they want, people to be confused about Who Jesus Christ is. Our world is satan's world, he's the god of this world. The luciferians are still serving all of the gods that our God defeated with the plagues He poured out in Egypt. They worshipped a frog god (Heqet) and so God sent a plague of frogs that they could not get rid of. They worshipped water gods (Hapi) and so God turned the Nile River into blood.

\*Please play this video - This lady is sharing about how they are using frequencies to cause people to hear voices in their heads. Military voices and other people telling them to do things etc. Not crazy random sounds or unclear things but planned and thought out directives. This is a weapon against the citizens by the military. Many people diagnosed with schizophrenia and locked away are just targets that they have used frequencies on.\*(about 5.5 min's)

### **REMOTE NEURAL MONITORING:**

Remote Neural Monitoring is a form of functional neuroimaging, claimed to have been developed by the National Security Agency(NSA), that is capable of extracting EEG data from the human brain at a distance with no contacts or electrodes required. Sep 29, 2011

[What is remote neural monitoring \(RNM\) stalking and harassments ...](https://www.youtube.com/watch?v=LaNUQ900eoE)  
<https://www.youtube.com/watch?v=LaNUQ900eoE>

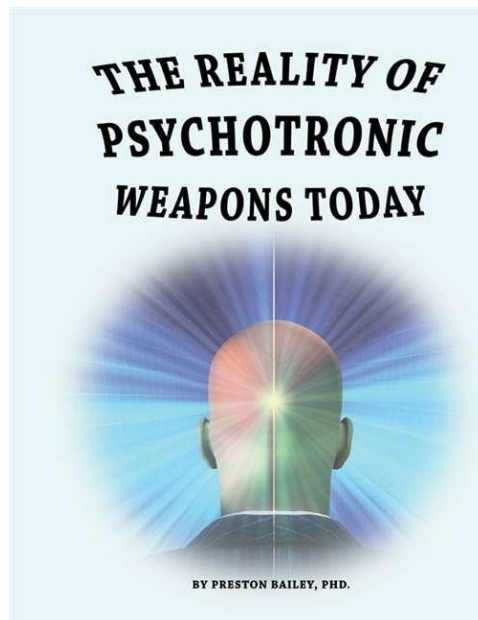

Another definition: Remote viewing is essentially the idea that someone can visualize details of distant people and objects through telekinesis. \*Another way to put it is that it is witchcraft. Whether a person does this with their mind tapping into another person's mind or they use technology to do it, it is still witchcraft.\* Please remember all tha has been brought out about our governments and militaries and look around this world and clearly you can see who they are worshipping. satan has placed his mark on all major corporations, banks, governments, militaries, street names, city names, days of the week,

months of the year, weapons, government programs etc. Fallen angel names are everywhere and those at the top are the ones who know all of this information that I'm bringing out, they know it and they are against you and I. Ultimately, they are against Christ Jesus and all that He created.

**Romans 1:25** - Who changed the truth of God into a lie, and worshipped and served the creature (created things) more than the Creator, who is blessed for ever.

This includes fallen angels, demons, mankind, animals, earth etc. that they worshipped and still are doing this today.

Book by Preston Bailey. Notice the light coming from the back of the head. This looks like one of those yogo chakra charts where they show what it looks like when you have released the serpent/kundalini force up the top of your spine and out of your head.

Remember the bright circle on the back of the head on the book cover? Now look on the left side and see a perfect circle on the back of AI's head. R: Neo from the movie "The Matrix" This is happening. The people you watch on tv are part of this system of luciferians. They are controlled, programmed and many are also cloned.

For electronic surveillance purposes electrical activity in the speech center of the brain can be translated into the subject's verbal thoughts. RNM (remote neural monitoring) can send encoded signals to the brain's auditory cortex thus allowing audio communication direct to the brain (bypassing the ears). NSA operatives can use this to covertly debilitate subjects by simulating auditory hallucinations (hearing voices) characteristic of paranoid schizophrenia. (((We just heard this in the video the lady shared with us. Where they are using the V2K to make people seem crazy and get tagged as schizophrenic and stuffed away in a mental institution. These are a lot of the same ones we here on the news that said they heard voices telling them to kill etc.))) "God told me to do it" etc.

Without any contact with the subject, Remote Neural Monitoring can map out electrical activity from the visual cortex of a subject's brain and show images from the subject's brain on a video monitor. \*They can see what you see. Retrieving the frequencies from you so that they can look at what you are looking at remotely.\* NSA operatives see what the surveillance subject's eyes are seeing. Visual memory can also be seen. RNM can send images direct to the visual cortex. bypassing the eyes and optic nerves. NSA operatives can use this to surreptitiously put images in a surveillance subject's brain while they are in R.E.M. sleep for brain-programming purposes.

**Job 33:15-16** - In a dream, in a vision of the night, when deep sleep falleth upon men, in slumberings upon the bed; Then he openeth the ears of men, and sealeth their instruction. That he may withdraw man *from his* purpose, and hide pride from man.

Like Donald Marshall talking about being taken to the cloning centers once he hits REM sleep. (Many things are going on as we sleep.)

Because God protects and speaks to His children during the night, now we see satan trying to do the same thing. So he is coming to those that are his that don't have the mind of Christ, which means they have no protection against satan, and he is implanting his instructions in them as they sleep during the night. Putting his visions and dreams and instructions into them. Example: go kill this person, or shoot up a church, quit your job, start a fight, cheat on your wife etc.

There has been a Signals Intelligence network in the U.S. since the 1940's. The NSA, Ft. Meade has in place a vast two-way wireless RNM system which is used to track subjects and non-invasively monitor audio-visual information in their brain. This is all done with no physical contact with the subject.

You better believe you are being watched and listened to. RNM is the ultimate method of surveillance and domestic intelligence.

Speech and 3D sound, and subliminal audio can be sent to the auditory cortex of the subject's brain (bypassing the ears) and images can be sent into the visual cortex. RNM can alter a subject's perceptions, moods, and motor control.

Speech cortex/auditory cortex link has become the ultimate communications system for the intelligence community. They are showing using electronic equipment in this picture

But they are doing it this way as well with no technology and being miles or countries or across the world apart. RNM allows for a complete audio-visual brain-to-brain link or brain-to-computer link.

An example of EMF Brain Stimulation:

Motor Control Cortex 10 HZ Motor Impulse Co-ordination

Auditory Cortex 15 HZ Sound which bypasses the ears

Visual Cortex 25 HZ Images in the brain, bypassing the eyes

Somatosensory Cortex 09 HZ Phantom Touch Sense \*\*Is it a ghost/demon or is it the military.\*\*

Thought Center 20 HZ Imposed Subconscious Thoughts

**2 Cor. 10:3-5** - For though we walk in the flesh, we do not war after the flesh: (For the weapons of our warfare *are* not carnal, but mighty through God to the pulling down of strong holds;) Casting down imaginations, and every high thing that

exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ;

You wake up and have this urge to kill someone and you believe the voice is God's - that's when you "test the spirits" and know God is against killing. So you say, I don't receive that in Jesus' name because God's Word says "Thou shalt not kill."

This modulated information can be put into the brain at varying intensities from subliminal (affecting a person's mind without them being aware of it) to perceptible.

Each person's brain has a unique set of bioelectric resonance/entrainment frequencies. Sending audio information to a person's brain at the frequency of another person's auditory cortex would result in that audio information not being perceived.

## **CLOSING**

**Ephesians 6:12** - For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high *places*.

satan and his fallen angels are working openly with our governments and militaries. These are not humans, but spirit beings. satan is influencing and manipulating, controlling those that serve and follow him and we are in a spiritual battle.

**Proverbs 18:10** – The name of the LORD is a strong tower: the righteous runneth into it, and is safe.

**Prov. 20:22** – Say not thou, I will recompense evil; but wait on the LORD, and He shall save thee.

**\*\*There are a lot of comforting Scriptures in the Psalms.\*\***
