

OUTREACH UPDATE - KENYA, UGANDA: SEPTEMBER - OCTOBER 2018

RECAP: Pastor shared this in March of 2018:

For the last 2 years we have rented land on which our Conquerors Covenant Saints Church, Bungoma Town is built. We are paying a monthly rent of \$ 20.00. Now we are praying God to provide so that we buy 1/2 hactre of land where this church is build and the owner is willing to sell us the land. We envision to build our headquarter for our ministry work here in Kenya and Uganda on this land here in Bungoma Town. This will be good land size for church building, offices, store, caretakers house, hostel etc.

Kindly we request for your prayers and support. God bless you all!!!

With love, Pastor Erustus & Sarah

This is picture of our Sikata market, Bungoma Town Church building standing on the 1/2 hactre of rented land. We are trusting God to enable us to buy and build.

The land lord decided to ask a ridiculous amount of money for the land. He also wanted us to buy more land that we could even afford as a package deal. He wanted an unreasonable amount as a down payment. I could tell he was just trying to prophet off of the church. He wanted thousands more than the land was worth. We don't have that kind of money now and we didn't have it then either. So when we did not agree to his terms he evicted the church. So we had to tear down this church building and in the meanwhile Pastor Erustus had to search for a good piece of land to build the church again. This is the city where he lives and where the headquarter church was to be for all five of the churches and schools he has planted so far.

I want you to understand that at this time other churches and pastors were going to the landlord and trying to turn him against Pastor Erustus. Trying to make him

evict him and trying to defeat him. So many there are jealous of Pastor and the church that God has blessed him with. They can't understand why his church has grown so fast to be so new there. But yet they are living compromised lives before the Lord and cannot understand why He is not blessing their churches.

UPDATE IN SEPTEMBER OF 2018 ON THE BUNGOMA CHURCH

MAGNIFY THE LORD WITH US!!!

Our dear Friends and family, today Sunday we dedicated to the Lord our own church land for our Conquerors Church branch at Sikata market , Bungoma Town. We are trusting God to help us clear the balance. Praise and gratitude we give to Jesus. From tomorrow we are starting to clear the land for constructing church toilets and collecting materials in preparation for building a temporal church building to help us move soonest from the currently rented land.

We are trusting God to move and provide \$2,600 needed for building the church structure. We request for your prayers and support. No giving is small to us. As always we appreciate your continued love, prayers and support. God bless you all in Jesus name.

Here is Bishop Manono, one of Pastor Erustus' mentors speaking in the church before going to dedicate the new church land.

Looking forward to the new church building.

I wanted to share a FB teaching Pastor Erustus gave:

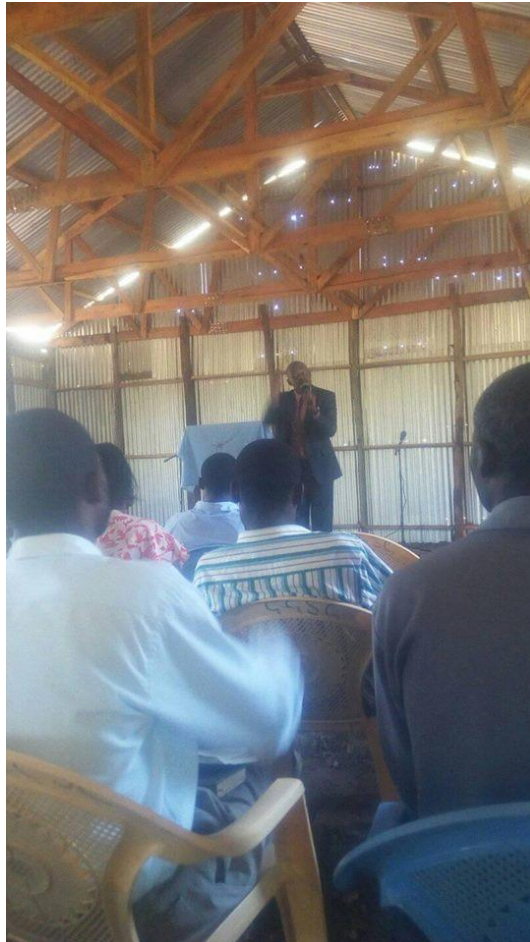

"And the God of all grace, Who called you to His eternal glory in Christ, after you have suffered a little while, will Himself restore you and make you strong, firm and steadfast" 1 Peter 5:10.

This too shall pass - How often these simple words help me make it through. Yes, in this life we face problems, hardships, betrayal, rejection, loneliness, lack, sickness, discouragements, heart break, loss. We worry so much about how we will get through. God is right there all the time knowing exactly how much of the problem we need to deal with and when to step in. Some hard times are allowed to help us grow into the person we were created to be. Some helps us become stronger. Some brings us closer to God. Some helps to build the right character in us. Only what is good for us is allowed. Grieving for someone who died? If they are Christian you will be with them through all eternity. This short time on earth is nothing compared to that. Having hard times in finances? Maybe God is trying to teach you to be a better steward. No matter what we face it is for our good and this too will pass. (...)

We thank God for His love and faithfulness. Last week we were able to roof and cover the walls of our Conquerors Bungoma Town church structure. We had our Sunday service today inside the building, praise be to the living God!! Hope the pictures will bless your hearts.

We are yet to fix the windows and doors. Our other plans are to plaster the earth floor, install electricity power, buy more plastic chairs and pay the remaining balance for the newly bought church land. With God all things are possible!!! As always we appreciate your prayers and support.

With love, Pastor Erustus & Sarah

Having church

The name of the church going up! This new church land and building has been a great victory and testimony to the Lord Christ Jesus! Everyone there knows the meanness that was poured out against Pastor and the church and yet God has the final say. We have already won the victory in Christ Jesus!

We thank God for His goodness and love, who has enabled us to start plastering the earth floor of our Conquerors church, Muyayi, Bungoma Town. We are praying and waiting on God to provide to help us finish up . We request more of your prayers and if God speaks to your heart we will appreciate your support, no giving is small to us. Traveled yesterday to Maseno, Isunga village, Kisumu city for water baptism & Holy communion Sunday service. We baptised over 30 people who have accepted Jesus Christ in their lives. I give all glory and honor to God!!! Enjoy the pictures. Remember these dear ones in your prayers. Wish you all a blessed week.

Gathered by the water's edge

Look at all the people that came out

Praise God for those who follow the Lord's example do what He commanded in getting baptized. It is an outward show of an inward decision to die to yourself and follow Christ. To be buried with Him, when you lay back in the water and raised to walk in the newness of life in Christ!

How sweet this day is to those being baptized!

Praise God for our brothers and sister in Christ all around this world.

Pastor wrote: This elderly mom came to be baptized. What a blessing.

It is a blessing to be able to see the LORD's work all the way in Africa. Praise God for the technology that allows us to share around the world for God's glory.

The water may not look that great but remember Jesus was baptized in the Jordan River. Not every place has a nice built in baptismal with warmed water. Go where you can and be baptized whether it is a bathtub, swimming pool, a river, lake, the beach, a pond it doesn't make any difference.

Glory to the Lord for all these lives coming to Christ and being baptized

We had a wonderful mid-week house fellowship at our residence : sharing God's word & testimonies, praying, praising & worshiping God and eating together with gladness in Christ Jesus (Acts 2:42-47).God is LOVE!!!

House church fellowship

Always a blessing to be with other believers and fellowship
