

## TESTIMONY OF RUFUS

Greetings Pastor. Praise the living God with us, today afternoon (February 16, 2018) God blessed us with a bouncing baby boy. He is fine with Sarah still in hospital under the doctors observation . We have given him the name - Rufus Favor Museve. Thank you very much for your prayers. Rejoice with us in the Lord!!

We give glory to God Pastor! We really thank you for your prayers and love and support. The devil was after killing this boy. The doctors had indicated he was due for birth on 10th next month. Pastor we serve a living God and really loves his children. This is a miracle baby. Pastor here is the testimony i was to share with you. On Tuesday i and Sarah we ministered deliverance to a lady from our Mumias church. She hated her father from childhood because of being molested by the father after separating with his wife. She was beaten, told vulgar words and her education frustrated by her father and mother who came back later and hates her because of getting saved. Secondly this lady at the age of about 10 years had sex with his uncles and finally with his follower brother on their fathers bed. She ended up working in a bar here in Bungoma after her secondary

education due to tough life looking for money. But God saved her after joining our church 2 years ago. She is one of the ladies at our Mumias, Ekeru church. Last weekend she was convicted to come and talk to us because of abnormal fear in her and hatred to parents especially her father. She disclosed all the above during the sharing session of deliverance. It took me 2 days to get these details from her, satan didn't want her to disclose the above evils which opened doors for demons in her life.

When we started ministering for her demons manifested and it took us long to cast them out, they were so stubborn didn't want to leave. After deliverance session Sarah started feeling some pain in her womb which were on and off. They persisted till yesterday early morning then after visiting the wash rooms she started bleeding. I rushed her to the hospital and upon arrival she was taken to the labor room and after examination the doctor said the baby was almost coming out.

After about 3 hours she delivered the boy normal. Pastor the shocking part of it is that there was no amniotic fluid that came out but only blood. Pastor we have seen God!! Thank you Jesus.

The nurse who assisted her was shocked of what she witnessed. She is an SDA and has promised to visit our church one of these days. Pastor we realized the

devil and demons we cast out in the lady reacted by wanting to terminate Sarah's pregnancy before its time and kill the boy.

Praise be to God He has battled on our behalf glorify His mighty name. We have a testimony to tell in our family life, walk and ministry work with God. For sure in Christ Jesus we are more than conquerors!!
