

The Virus Is Man Made According to Luc Montagnier the Man Who Discovered HIV

By Robert Miller | Published on April 16, 2020
Reviewed By Gilmore Health | On: April 21, 2020

There is a video interview in my sermon notes with this dr. saying not to accept any kind of vaccine.

Finally it seems like more people are coming out and saying they believe this coronavirus was a bioweapon that started in a lab. So we've pretty well laid the ground work for that part of this whole equation. Produced in a lab, Lieber looks like a good candidate to have participated in that part of it along with the military, released in Wuhan and seems like it was through a mandatory vaccine situation. Remember the Masonic meeting 10 years ago stated China would catch a cold and then it would spread to the rest of the world. So it was planned.

Now let's begin to cover the next layer of this "event."

Thank you Tony for this next video clip – It has been pulled from youtube by the way. They are censoring this subject hard. There is so much censorship about 5g and about coronavirus much less the connection between the two.

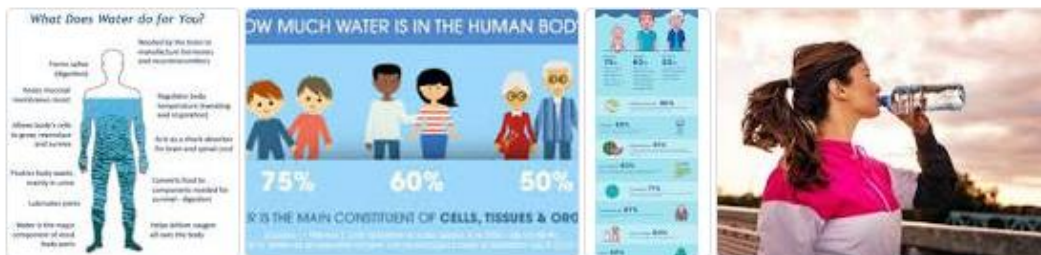

*Please play this video - Dr. Thomas Cowan, M.D. discusses the Coronavirus and how all major pandemic's for the last 150 years were directly related to the man made increase to our electro magnetic field. In every pandemic in the last 150 years, there was a quantum leap in the electrification of the earth. In late 1917 into 1918 there was introduction of radio waves around the world. When you expose any biological system to a new electromagnetic field, you POISON IT, you kill some and the rest kind of go into a suspended animation. So they live a little bit longer and sicker. In 1968 there was the Hong Kong flu and it was the first time...(left off his explanation here and continues later). The earth has a protective layer in the Van Allen Belt which essentially integrates the cosmic fields from the sun and the earth from the moon and Jupiter etc., integrates that and essentially distributes that to the living beings of the earth. And we put satellites emitting radioactive frequencies in the Van Allen Belt and within 6 months we had a new viral pandemic – The Hong Kong flu. Why viral? Because people were poisoned, they excrete toxins, they look like viruses and people think it's a flu epidemic. There has been a dramatic and quantum leap within the last 6 months with the electrification of the earth. It's called 5G where they now have 20,000 radiation emitting satellites, just like smart phones, smart watches, computers etc. That is not compatible with health. That is a water destructuring device. We are an electrical being. The susceptibility has to do with how much metal you have in your body, for getting sick as well as the quality of water in your cells. So if you start injecting aluminum into people (aluminum is in vaccines) they become receptors for absorbing increased electromagnetic fields and that is the perfect storm for the kind of deterioration of the species which is what we are now experiencing. *(about 10.5 min's)

<https://www.youtube.com/watch?v=KUw1Rzbde5U>

(Please Bleep curse words at: 2:01 & 10:21)

He brings out a very important part of all of this and that is that frequencies can cause flu like symptoms if they are in the weaponized range, they can poison our bodies. Notice they kicked this event off during the flu season. Maybe that was a helpful cover up for what they did in Wuhan and then the rest of the world would be easy to convince that it also had the coronavirus. Got a cough, probably COVID-19. Running a fever? Probably COVID-19. Choosing the right season helped tremendously with their agenda. Now we can understand better what they did during the "Spanish Flu." We learned last week that they injected

bacteria from horses into soldiers here in the U.S. and got the whole thing kicked off. Sounds like the deadly injections along with the radiation helped to kill off millions of people. One thing the radiation is being used for is to weaken the immune system. But that is not the only role it is playing. We'll get to what else the frequencies are doing in all of this later.

Up to 60% of the **human adult body** is **water**. According to H.H. Mitchell, Journal of Biological Chemistry 158, the brain and heart are composed of 73% **water**, and the lungs are about 83% **water**. The skin contains 64% **water**, muscles and kidneys are 79%, and even the bones are watery: 31%.

www.usgs.gov > [water-science-school](#) > [science](#) > [water...](#)

[The Water in You: Water and the Human Body - USGS](#)

He said 5G in the (higher ranges) or weaponized ranges, is a water destructuring device. Our bodies consist of a large part of water. This chart says up to 60% of the human adult body is water. The brain and heart are composed of 73% water, and the lungs are about 83% water. The skin contains 64% water, muscles and kidneys are 79%, and even the bones are watery at 31%. Remember he said the more metal you have in your body the more susceptible you are to getting sick as well as the quality of water in your cells. They put metals and nanotechnology in vaccines. They spray us with metals through the chemtrails and they put it in our food. They are making sure we are primed with metals. China had mandatory vaccines just ahead of the outbreak. Vaccines also have metals in them. They leave no stone unturned. It took about 6 months each time the radiation has been amped up around the earth or on the earth for the results to manifest. That manifestation being deaths and sickness. Just to be clear, Wuhan was a pilot city for the 5G rollout and they implemented 5G just ahead of the outbreak. So we

see several suspects on the scene right now: 5G, the mandatory vaccine, nanotechnology with metals contained in the vaccine, animal viruses because they always culture their vaccines from animals to be sure you get as much contamination as possible. There is a lot at play here.

Let's learn some more about frequencies:

Please play from 10:24 to 12:34 and from 34:12 to 39:24 Barrie Trower explains what 5G is. 5G starts at 2.4 ghz and goes up to 70 to 80 ghz. Dangerous waves form because a lot of them interact with the psychotronic and sacadian frequencies in the body. They set up resonant frequencies with a lot of cellular structures in the body. They will cause massive damage in the body. The far end of the 5G frequency range is a weapon they are using for crowd control and it can cause severe neurological and physical damage for generations. 5G is the new frequency range because the others are all being used. It can be used to harm you and to spy on you. / Secret documents show that ALL microwaves will damage ALL living tissue. We are not just damaging us, but every living thing. Bees and birds disappearing, it is the cryptachrone double absorption system that gets messed up. NARDI district in Australia has done a scientific experiment on a mountain range, the whole mountain range is dead, even the soil is dead, the trees are dying and everything that could leave, has left. All they did was put up transmitters. It only took 18 months. He talks about how we are killing off the dimethyl sulfide from the ocean which goes up and makes clouds. We are killing the ground, the ocean and the atmosphere.(about 7 min's)

<https://www.youtube.com/watch?v=VJVY9Q7q3Ks&t=472s>

Something that stood out to me was that he said it only took 18 months to kill the whole mountain range just from putting up the transmitters. Isn't it interesting that, that is the same amount of time they have been saying it will take to come up with a vaccine for COVID-19? Interesting. What's also interesting about them choosing that number is that to the Luciferians it represents 666 because $6 \times 3 = 18$. In Event 201 it also took 18 months to conclude.

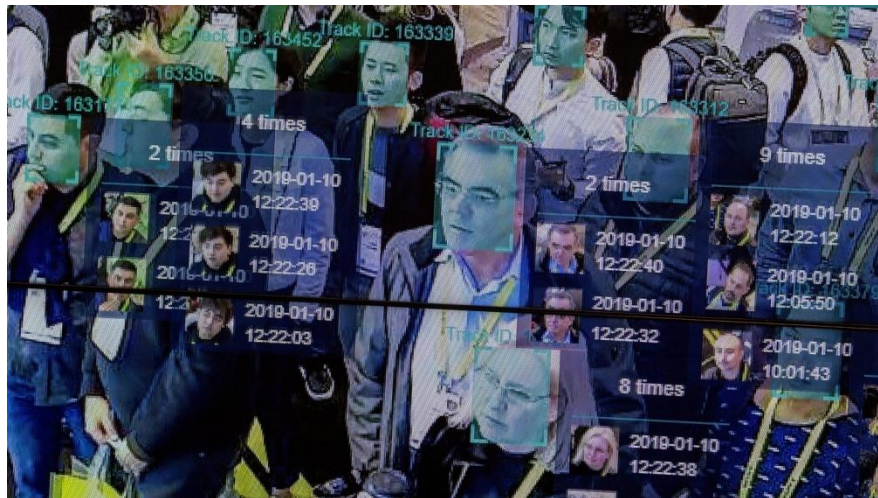

Thanks Dan Clark who shared the following video on Celeste Solum’s youtube channel:

Please play this video – lady shares about smart meters and how all appliances will eventually have “smart” components and how all of this will report back to a main hub so you can get billed for your usage. This will mean lots more frequencies shooting through your home and neighborhood. Radiation increase. They are damaging to all forms of life. Tom Wheeler, FCC chair and lobbyist talks about rolling 5G out with massive amounts of cell transmitters being put up. Says 5G is a national priority. Says it will not be tested, “the future has a way of working itself out.” He says 5G is for more than just urban areas, says it will touch all corners of our country.(about 5.5 min’s)

<https://www.youtube.com/watch?v=6VBrnfPjui8&feature=youtu.be>

(PLEASE BLEEP CURSE WORDS AT: 2:16, 4:56)

No testing. 100’s of billions of chips connected...he mentioned pill bottles to plant waters.

He did not mention humans but that is their main goal. To track everyone and have total control over mankind. Surveillance of humans implanted with chips plays into all of this. It is part of the beast system spoken of in the book of Revelation. Remember the mandatory vaccines in China and the research I have brought out about them putting nanotechnology into vaccines.

Here are some comments about that video:

Joe Cosgrove 5 days ago (edited)

I've been telling people for two years.

They didn't believe me then and still don't believe me now, even when I show them the work.

It's like the truth is a foreign land to them.

Joe Cosgrove everyone is hypnotized with what's on tv

👍 5 🗨️ REPLY

Joe Cosgrove 5 days ago

I know, Vlad.

That and the fact that deep down some part of them knows how serious it all is and it scares them.

And, tbh, right now it's scaring me and I've been researching it and preparing for it all my life and I've realised for a long time that when the day comes, no matter how well prepared we are, there's really nowhere to run or hide.

Once the troops are on the street they can and will do what they like.

Rasheeda shared a site that had the following video about the testing of 5G:

*Please play video – senate hearing concedes there are no 5G studies showing safety. *(about 5 min's)

<https://www.youtube.com/watch?v=tB2G06ijjhM&t=200s>

There will be 100's of thousands, potentially millions of cell sites. He asked, "are there any health implications, any public safety implications to those additional sites that are likely to be located close to homes, schools, work places and closer and closer to the ground?" There is no research. Why do you think they don't care to research it or report the research? They already know and their attitude is they will not be stopped.

*Please play from 0 to 1:07 and from 5:01 to 6:45 and from 8:07 to 12:05 and from 13:22 to 13:55 He talks about 5G and smart meters. The "internet of things" is what all devices are being connected to. It is a world wide grid. Farmers have allowed the government to put these towers in their fields. These radiation towers and meters do cause cancer. He recommends everyone to watch "Take Back Your Power." Once you are in the grid they can turn your power off remotely. If 5G is just a standard upgrade with no negative connotations, then why are they disguising many masts or towers. He ends by saying, "We do have to do something because..." and then plays a song that says – **If we tolerate this, then your children will be next.** *(about 7.5 min's)

<https://www.youtube.com/watch?v=3rgDCkt-w70>

Did you hear how he mentioned they were breaking into people's homes to install these smart meters? Wow.

Thanks Tony Pantalleresco for your research and hard work that you share with everyone. Here's another video clip from Tony:

*Please play video – Tom Wheeler, FCC chair and lobbyist talks about 5G for the whole world. He makes it a point to say not just for the cities but for the rural areas too. *(about 1.5 min's)

<https://www.youtube.com/watch?v=uARxqZT4P4o>

Right in the middle of this “event,” which has a lot to do with 5G, I get a notice from our light company saying they are going to install a smart meter. The hits just keep coming. In order to refuse a smart meter on our house, we have to pay. So we are penalized because we are trying to protect our health as much as possible. They have a plan to reach everybody with their smart grid – even rural areas.

The age of intelligent cloud connectivity. 5G + AI + Edge Cloud
They have presented 5G to the world as a good thing. Promoting it as faster connectivity and processing times etc. Scott said we don't need more speed, 4G is fast enough. I agree. They certainly have not been transparent about the harmful effects of it.

CLOSING

They're coming for you.

The main stream media around the world is trying to run a narrative saying that people who are equating 5g with the coronavirus are conspiracy theorists. That tells me that they are spreading their propaganda to keep you confused and divert you from the truth. The way they fight the truth is just to merely say, that's not true. That is how facebook shuts down posts. They also try to make you out to be a quack or a kook. This may surprise you to know but they keep track of what is being said in the truther community and they work to combat it. Don't ever think you are small potatoes and if you stand for Christ Jesus, then you are really under their skin. Youtube will pull a video and not even let you refute it and furthermore they don't even tell you why it's being removed. If you are not aware of this, then you do not realize how much we are censored.

“There’s a plot in this country to enslave every man, woman and child. Before I leave this high and noble office, I intend to expose this plot.” – President John F. Kennedy - 7 days before his assassination

These frequencies that we continue to add into our world are wreaking havoc on our health and will continue to do so. They can certainly put them in the range to use them as weapons and are doing so already.

Eph.2:2-3 - Wherein in time past ye walked (lived) according to the course of this world (followed the ways of this world), according to the prince of the power of

the air (the ruler of the kingdom of the air), the spirit that now worketh in the children of disobedience (the spirit who is now at work in those who are disobedient): Among whom also we all had our conversation in times past (all of us lived among them also at one time) in the lusts of our flesh (gratifying the cravings of our flesh), fulfilling the desires of the flesh and of the mind (following the thoughts and desires of the flesh); and were by nature the children of wrath, even as others.

New Living Translation

Eph.2:3 - All of us used to live that way, following the passionate desires and inclinations of our sinful nature. By our very nature we were subject to God's anger, just like everyone else.

The spirit that now works in the children of disobedience is satan. The god of this world. If you wonder why our leaders around the world are so evil, it is because they never got born again, born from above. So they still have the spirit of this world in them leading and guiding them.

Matt.4:8-11 - Again, the devil taketh Him up into an exceeding high mountain, and sheweth Him all the kingdoms of the world, and the glory of them (their splendor); And saith unto Him, All these things will I give thee, if thou wilt fall down (bow down) and worship me. Then saith Jesus unto him, Get thee hence, satan (away from Me satan!); for it is written, thou shalt worship the Lord thy God, and Him only shalt thou serve. Then the devil leaveth Him, and, behold, angels came and ministered unto Him (angels came and attended to Him).

Jesus used the Sword of the Spirit which is the Word of God to fight the devil. And that is why we as Christians also stand on God's Word and quote it at the devil as well.

I wanted you to also see that satan has been given this world for now, for a short while longer. And he can bestow power and wealth and fame to those that serve him. Jesus withstood him but that is not what we see the wicked men and women who are in power doing. They are carrying out the plans of their father satan. Many people cannot understand why they serve him. To put it plainly, because without the Spirit of God in you, it is hard to say no to money, power and fame.
