

# CORONAVIRUS – Part 11: ID2020, DIGITAL ID, QUEEN of HEAVEN

## UPDATE FROM INDIA

hello sister Cherie Brother Scott and sweet Kennedy greeting to you in the name of Christ so happy to listen that God is keeping you healthy and safe there. We all are doing good by the grace of God. Last week Sourav had Migraine pain again He was hospitalised for few hours but now he is fine by the grace of God. For hostel permission to we are allowed to go because from this coming Tuesday we will get the permission in our hand then we will be going to hostel but till now for the fooding and other stuff I had talked to the local shopkeeper over there to provide food for them and also to provide their needs and I have paid some of the bills wired and some are left so as I go there then i will go and pay for this month and sister our Jesus Fellowship group has been helping out in the village to those families who are not able to get their basic needs so through our Fellowship group we have distributed some food materials in the hostel area. In other areas me and Sourav are going and helping the needy people of the area because here most of the peoples are daily wage worker so they don't have any work left due to this pandemic, So we are helping them by providing them their basic needs. So sister do prayer for me too because these days I am having cramps on my operated leg and its making little difficult for me to walk or driving to the village but I thank

God that Sourav is being a great help for the ministry. Give my greeting to family there and sister to all Three Heart Congregation too. We love you all. With Christ Love Pastor Dalbeer Singh & Family

### **UPDATE FROM KENYA**

Yes the rain has reduced greatly. Not raining daily and heavy as before. Thank you and team very much for your prayers. God answers prayers.

Yes am seeing the same things happening here Pastor. The curfew was extended for another 21days ie until 06/06/2020. You are to put on a mask even when driving alone and like my small car am only allowed to Carry 2 passangers and they must put on masks. They are now arresting people when found without a mask in the public. Dead bodies not allowed in Morques for more than a day and burial done immediately after the body arrives at the place of burial and only 15 people are allowed at the burial side.

When found during curfew hours you are arrested and taken to quarantine centers by force and tested for Corona Virus. Two weeks ago the government had allowed restaurants and clubs to reopen in the pretense of boosting the economy but don't want churches to open and meet. When the Corona viruses infection increased drastically last week again the restaurants and clubs were closed again.

Schools and churches still closed and traveling to our capital City still closed

Economically things are worsening, no food to many Kenyans. Some have lost jobs and some businesses have totally stalled. Politically things are not good, our leaders are colliding and already up in arms campaigning for 2022 elections. At night when it was raining heavily the bulldozers went and demolished people's houses in the capital city claiming they houses are build on grabbed land. Many are homeless now.

As you said it's just chaotic.

Long distance trucks traveling to other countries from kenya taking even to a month or so to be cleared. Now from the Kenya/Uganda border long cues of thousand miles now it has reached Bungoma Town where we live.not moving for a month or so waiting to be cleared at the border before one crosses over to deliver the goods.

Here things Pastor are stuck. More prayers for our land. We love you Pastor and always praying for you. Pass our greetings. Otherwise we are strong in the Lord Jesus Christ.

When I first began to research what was going on with this pandemic, I saw ID2020, a digital id, event 201 and a vaccine as a big part of the whole thing. So that we can understand all of this, let's first take a look at ID2020.

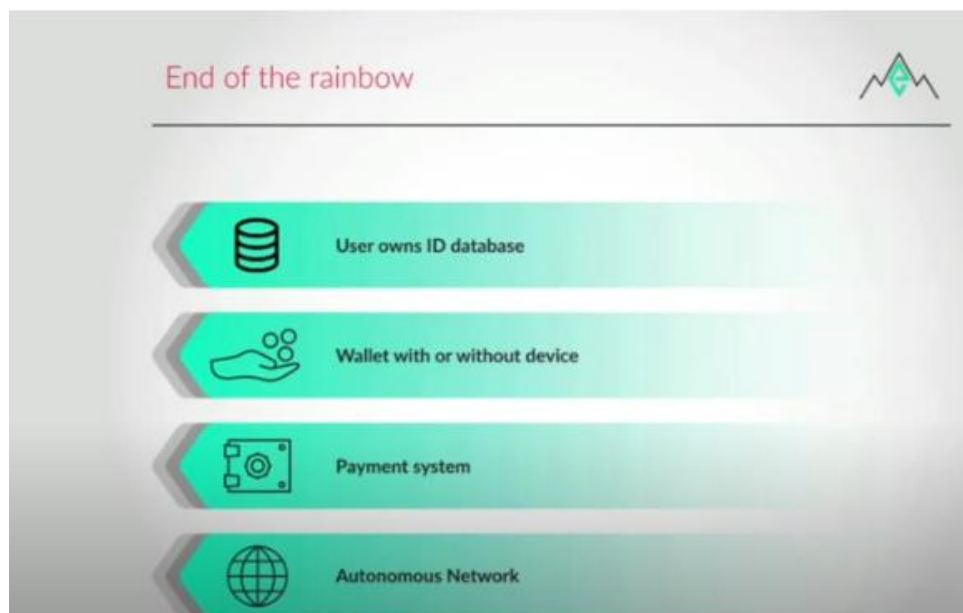

They have been meeting each year since 2016. I have not been able to figure out why they sliced all of the 2's. If you know, please leave a comment on youtube. What I can tell you is that it is coded. There is some type of freemasonic,

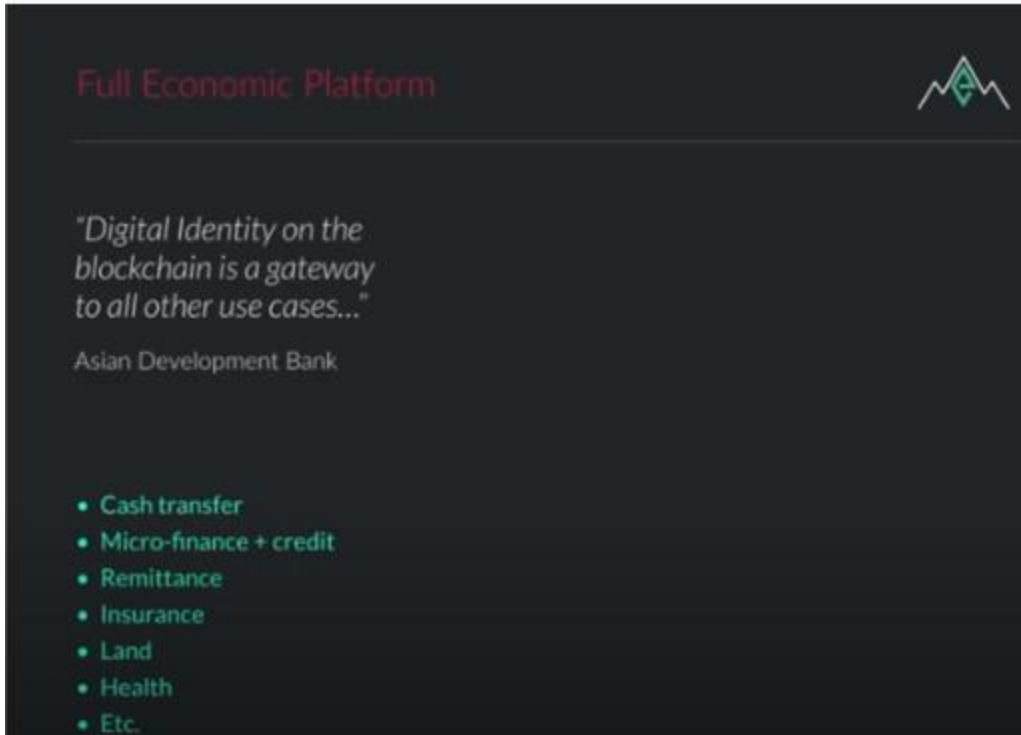

witchcraft, meaning there. They are communicating something there. It is not art or creativity.

\*Please play from 0 to 10:52 This video is a presentation of what ID 2020 intends to do in creating a digital identity for everyone in the world.\*(about 11 min's)  
<https://www.youtube.com/watch?v=xkM9WJE3rtc>

They said over 1 billion people world wide are unable to prove their identity. They say everyone needs to be able to prove their identity in the physical world and online. They don't have the protection of law, they can't vote or transact in the modern economy. This is about control. They mentioned "ranking," Hitler had a ranking system too and it wasn't good.

The guy from Everest said it would be the user's database but yet he said the information would be in the "cloud." Anything in the cloud is not private.

They said digital identity is just a gateway to all the other applications.

He said even if a person doesn't have a smart phone they can have an account created. It will go in the cloud. He said no one would be able to turn it off. I don't buy that for a minute nor do I believe it will be decentralized.

They mentioned for those not having smart phones, to access services or products they can just scan their face.

Or maybe their fingerprints... to have access to their digital currency.

He brought it all back to the government and how they believe they can save money with this system. ALL governments are corrupt at this point. This will benefit someone and it is not us. This actually will tie in to a cashless society which will be a separate part of this series.

Use Cases

Fintech = Financial Technology

# Fintech Elevating Humanity

Everest is a decentralized platform incorporating a massively scalable payment solution, EverChain, with a multi-currency wallet, EverWallet, and a native biometric identity system, EverID. Everest delivers a complete solution for a new economy.

## We need to get digital ID right

Identity is vital for political, economic, and social opportunity. But systems of identification are archaic, insecure, lack adequate privacy protection, and for over a billion people, inaccessible. Digital identity is being defined now — and we need to get it right.

Isn't it interesting to have a vaccine alliance as one of the partners that want a digital id? They say it is so they can tell what vaccines someone has already received and what they still need. A digital record. There is more to why they are part of this. Of course they are a baby of Bill Gates.

If you follow the money you will uncover so much wickedness. Corporations and groups like this one Global Alliance, World Economic Forum, Bill and Melinda Gates Foundation, Elon Musk, SpaceX, Apple, Google, Telecommunications etc. Also, just like how most of the presidents are related to each other, if you look into the

big corporations you will discover ties between all the major players on the stage. They are luciferians and they are all working together to accomplish this new world order. They are humanists, evolutionists and eugenicist.

Kay Griggs said that the military runs the government but more than that, money runs the show. That is why you see big corporations telling the government what to do. They are all in bed together.

Top Left: Regular drivers license Top Right: Enhanced drivers license Bottom: Real ID drivers license An EDL is an enhanced drivers license and will allow you to fly domestically, have access to government and military buildings and travel across borders to Canada and Mexico without the need for a passport. They are currently voluntary. The main difference between an EDL and A Real ID seems to be crossing over the borders of Canada, Mexico and some Carribean Countries.

This is what they are doing in the U.S. This digital identity requirement is something they are working on worldwide. Deadlines come and go. They don't always make their deadline goals, but it doesn't mean they stop. They just push the date and keep working to get it implemented.

The **Aadhaar** ID, a **digital** biometric ID system, has been defined, designed, developed, and in use.

Nuances Of Aadhaar: India's Digital Identity, Identification ...

They make it sound good, like not having ghost people on payrolls etc. He really didn’t address the part about how to protect your data. In fact he said the government has access to very private data like your health information. Think about it, the insurance approves what procedures you get and what drugs you are prescribed.

**Aadhaar** (English: *foundation* or *base*) is a 12-digit unique identity number that can be obtained voluntarily by residents or passport holders of India, based on their **biometric** and **demographic** data. The data is collected by the Unique Identification Authority of India (UIDAI), a statutory authority established in January 2009 by the government of India, under the jurisdiction of the **Ministry of Electronics and Information Technology**, following the provisions of the **Aadhaar (Targeted Delivery of Financial and other Subsidies, benefits and services) Act, 2016**.<sup>[1]</sup>

**Aadhaar is the world's largest biometric ID system. World Bank Chief Economist Paul Romer described Aadhaar as "the most sophisticated ID programme in the world."**<sup>[4]</sup> Considered a proof of residence and not a proof of citizenship, Aadhaar does not itself grant any rights to domicile in India.<sup>[5]</sup> In June 2017, the **Home Ministry** clarified that Aadhaar is not a valid **identification document** for Indians travelling to **Nepal** and **Bhutan**.<sup>[6]</sup>

Prior to the enactment of the Act, the UIDAI had functioned, since 28 January 2009, as an attached office of the **Planning Commission**.<sup>[7]</sup>

Aadhaar is the world’s largest biometric ID system. World Bank Chief Economist Paul Tomer described Aadhaar as “the most sophisticated ID programme in the world.” Do you see the sun worship symbolism here?

The aadhaar card does not have a micro chip in it. It is based on biometrics.

**Pastor Dalbeer shared:** yes sister we have identification cards here like voter id, aadhar card and driving license too it includes everyone in the nation. So this is all we have here for the identification.

**Pastor Erustus shared:** Yes Pastor all people here at 18 years and above by law you must have an identification card. Those who complete driving school are issued with a driving license whether you drive or not.

ID2020 made it sound like the digital id will just be contained in a smart phone or housed online but their plans do not stop there. They want to have this digital id for everyone in the world accomplished by 2030. And I'll let you in on a secret, they want it to be inside of everyone. We are going to go deeper into the next phase of their plan next week. **They said: Digital ID allows global freedom.**

More Research:

Schmid added that people who initially refuse the device will not be able to obtain or renew essential documents like passports, driver's licenses, med cards, and all credit/banking cards. "It's a totally new electronic system, but they've been developing it for years and it will soon be integrated with all National ID cards around the world." Schmid says the public will not be able to get back on to the grid without the RFID, something that will eventually be required from every

nation. \*That research was from 2011. We are much farther down the road now.\*

## CLOSING

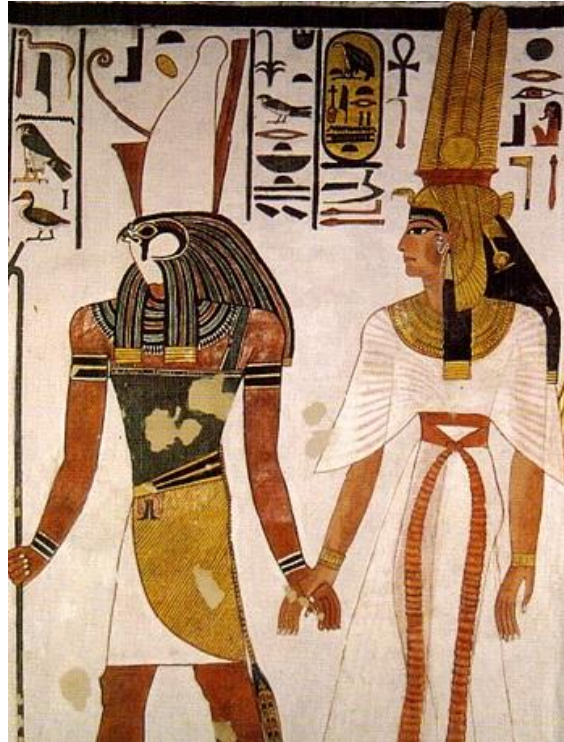

This was the ID2020 meeting in 2016. They are held at the UN headquarters in New York. What is that hanging on the wall?

Luciferians, freemasons, witches – all worship the goddess. Our Bible calls her the queen of heaven and it is not meant in a good way but as an abomination against God. She was known as Isis in Egypt and the birds associated with her are the kite, falcon and owl. Birds of prey. Remember she is Nimrod's mother and some accounts say she was his wife too. They started the mystery Babylon religion when they were building their kingdom or government against God. The world

leaders still worship them today. There is no reason to have something like this where supposed sophisticated men and women gather. They have a pyramid room there with a black stone altar as well. This is a place where they scheme and do their dark magic ruling over nations.

Here she is with Horus, the Egyptian sun god in his chimera state. Horus is Tammuz in Scripture. He is considered Nimrod reincarnated because of the story that Isis made up when Nimrod died about Nimrod's spirit going into the sun and then her being impregnated by the sun. So he is the son of the sun god and he is the sun god. This is a picture of Satan mocking God with his false trinity. Just like how Jesus is the Son of God and yet He is God.

**Jeremiah 44:10-19** - They are not humbled *even* unto this day, neither have they feared, nor walked in My law, nor in my statutes, that I set before you and before your fathers. Therefore thus saith the LORD of hosts, the God of Israel; Behold, I will set my face against you for evil, and to cut off all Judah. And I will take the remnant of Judah, that have set their faces to go into the land of Egypt to sojourn there, and they shall all be consumed, *and* fall in the land of Egypt; they shall *even* be consumed by the sword *and* by the famine: they shall die, from the least even unto the greatest, by the sword and by the famine: and they shall be an execration, *and* an astonishment, and a curse, and a reproach. For I will punish them that dwell in the land of Egypt, as I have punished Jerusalem, by the sword,

by the famine, and by the pestilence (plagues): So that none of the remnant of Judah, which are gone into the land of Egypt to sojourn there, shall escape or remain, that they should return into the land of Judah, to the which they have a desire to return to dwell there: for none shall return but such as shall escape. Then all the men which knew that their wives had burned incense unto other gods, and all the women that stood by, a great multitude, even all the people that dwelt in the land of Egypt, in Pathros, answered Jeremiah, saying, *As for* the word that thou hast spoken unto us in the name of the LORD, we will not hearken unto thee. But we will certainly do whatsoever thing goeth forth out of our own mouth, to burn incense unto the queen of heaven, and to pour out drink offerings unto her, as we have done, we, and our fathers, our kings, and our princes, in the cities of Judah, and in the streets of Jerusalem: for *then* had we plenty of victuals (food), and were well, and saw no evil. But since we left off to burn incense to the queen of heaven, and to pour out drink offerings unto her, we have wanted all *things*, and have been consumed by the sword and by the famine. And when we burned incense to the queen of heaven, and poured out drink offerings unto her, did we make her cakes to worship her, and pour out drink offerings unto her, without our men?

Notice the different birds associated with her. Here you see an owl too. It is a familiar of hers. Think about Athena, one of the animals that symbolized her was an owl. That is a familiar because they practiced witchcraft and used animals to do their dark magic. And Athena is just another name for the queen of heaven.
