

OUTREACH UPDATE INDIA: JULY – AUGUST 2019

Psalm 126:6 - He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves *with him*.

Our vision is that what God has created for us we love it and us thankful for his blessing so our duty to aware the people to don't destroy the environment and for humans benefit they should not destroy the environment and the ecosystem because God had created the world so perfect and as being a human we should not destroy it. He is our holy father and he loves us so much and He provides everything to us in this earth what is needed we are the worldly father as its

written in the bible, Matt.7:9-11 - Or what man is there of you, whom if his son ask bread, will he give him a stone? Or if he ask a fish, will he give him a serpent? If ye then, being evil, know how to give good gifts unto your children, how much more shall your Father which is in heaven give good things to them that ask him?

So our duty is what our insisters have harmed the nature, humanities, and culture according to our biblical thoughts so we are aware to the world community they should realize their flatus and in this 21st-century believer, people take this burden to aware the love, mercy speared His glory, For his coming for His Kingdom. Therefore, we have just put a small effort and full commitment to save lives and try to make this world as beautiful like Eden garden where there is not any place for sin, and He will come to take us with Him.

First of all I would like to thank God for the continued running of the school because there was situation occurred in the between that the school had to shut off, But by the God of grace and the prayer of Sister Cherie, brother Scott & Kennedy and whole Three Heart Church Congregation came together and prayer and supported us to have the land and building in the name of Three Heart school.

After this, the school has more children coming and taking the admission in our school now, we are recognized by the government for the primary section. By this school we are able to share more gospel among the families of the villages and this is being a great opportunities for us that we are able to go and meet every family of the village and share the good news and by this we have saved 2 new families for his kingdom so by the school we are not only providing education but sharing the gospel among the children and they are telling them in their homes by which the elder of the families are also able to listen the gospel.

The construction work in the school is going side by side because we have to make proper classrooms. I thank Sister Cherie, Brother Scott & Kennedy and whole Three Heart Church Congregation for getting us this Van, which is being so

helpful in the ministry by which we have not to pay transportation too much and we are to carry more and more things in the villages, and for the school.

He asked to give his greetings to all of the Three Hearts congregation.

With Christ Love Pastor Dalbeer Singh & Family India
