I thought this was interesting. Someone took the word vaccination and applied it numerologically to our alphabet. In doing that you get 111. Remember we learned in the teaching series I did exposing Pat Robertson and Joseph Prince, that 111 stands for the intelligence of the sun god baal. His enlightenment or illumination, if you will. So we see how that word in their witchcraft math brings honor to their god – satan who is the sun god. They looked 111 up in the Strong’s Greek concordance and found the word athemitos (ath em ee tos), which means lawless. Usage: illegal, unlawful, criminal, lawless. Also, abominable, unlawful thing.

*Please play from 22:22 to 23:16 From Event 201 “think tank”, where large private sector corporations and government corporations came together and discussed the coronavirus pandemic just before it went live. She speaks about the anti-vaccine movement being very strong even before the outbreak. She says one way the anti-vaccine movement has gotten so strong is through social media. She puts the question forth of how are they going to get the public to trust in the vaccine that they come up with. They also talked about how to keep

misinformation and disinformation from spreading. ((For those of us who are awake we know that meant how are they going to keep us from getting the truth out there.))*(about 1 min.)

<https://www.youtube.com/watch?v=LBuP40H4Tko&t=2s>

Remember last week we learned about many countries that are aware of all the vaccine injuries and deaths. There are people that know what they have been putting in the vaccines and that they are not good for us. That's why the lady raised the issue of how are they going to get the public to trust in the vaccine they come up with.

The war on truth rages on and that is why she brought up misinformation and disinformation and trying to keep it from spreading. For those of us who are awake, we know that really means that they are going to censor even harder so we can't get the truth out there.

The image is a screenshot of a news website's header and a featured article. The website is 'Click2Houston.com', with a temperature of 84°F and a 'SIGN IN' button. The navigation menu includes NEWS, SPORTS, THINGS TO DO, FIND YOUR CITY, DISCOVER, HOUSTON LIFE, WEATHER, TRAFFIC, and NEWSLETTERS. A green weather alert banner states '3 warnings in effect for 3 counties in the area'. Below this is a 'FACT CHECKING' section with a red underline. The main graphic features the words 'TRUST INDEX' in large, bold, black letters, flanked by horizontal bars in green, yellow, and red. The headline below reads 'Graham Media Group strengthens newsrooms in fight against misinformation'. A sub-headline states: 'Graham Media Group is announcing the launch of Trust Index, a new initiative to combat misinformation campaigns targeting local media.'

Channel 2 fact checking trust index: Graham Media Group strengthens newsrooms in fight against misinformation. One morning Scott saw this on our local news program. Channel 2 announced that if you hear something and you aren't sure if it is true or not, just contact them with the story and they will check it out for you and let you know if it is: trustworthy, false or be careful. This is a clever way of handling what the people believe. Easy to drive people away from

the truth or just spread doubt. I even learned that Snopes is not all it's cracked up to be either. They have even worked with facebook and that's a major red flag. We have not realized what it meant for satan to be the god of this world. He has his men and women in all the key positions. He promotes his own and deception is the name of his game.

When you are trying to vet out the truth, look at who is funding the research and what does the person believe and really look, because we are dealing with paid liars.

So the talk has been swirling about the vaccine since this plandemic began. I heard on the tv the other day that each person will be required to get more than one dose. Probably more like 2 or 3 doses. They want to be good and sure that you get a full strength dose of what they are gonna serve up.

*Please play this video - Appointed chair of CDC Advisory Committee on Immunizations in 2009 states "we'll just get rid of all the whites in the United States." She talks about how they are trying to strategize to get people to take vaccines. She says that immigrants want to get vaccinated the most. The guy in the room said that "They are at risk when they come here (to the U.S.). They had better vaccination rates in Mexico." She says that they can talk most hesitant people into taking the vaccine. She states plainly they are trying to figure out how to deal with "refusers." (about 1.5 min's)

https://hooktube.com/watch?v=RnCuJZM4_xc

Thanks for sharing that one Tony. That was from 2009. They are trying to figure out how to deal with vaccine "refusers." Remember we heard Bill Gates say that he wanted a universal flu shot. They want to vaccinate the whole world.

Here we see the Bill and Melinda Gates Foundation gave a grant of \$499,944 to Wuhan University. The purpose: to establish international research networks and data sharing platforms as well as develop policy recommendations for improving the medical insurance system in China.

Why would he be interested in improving that? So that he can sell more vaccines by getting a piece of the pie in China.

George Soros is another luciferian who wants a one world government. He invested in Wuxi Pharmatech who has a lab in Wuhan.

Remember all of our wars have not been fought for valid reasons or not for the reasons we were led to believe but rather for profit. They set themselves up to profit off of both sides usually. So now we see they are heavily invested in what the labs were doing in Wuhan.

*Please play video – George Soros was interviewed by 60 Minutes in 1998. *(about 7 min's.)

<https://www.youtube.com/watch?v=SGWizajL7tA>

He is a picture of the luciferians we are dealing with who are working so feverishly to get their New World Order established. **He said with a smile on his face that one should think ahead and anticipate events.** That's what they do, plan the

events that we are living through, like this coronavirus event, like 911, like the fake school shootings and the paid for riots etc. The luciferians are using those things to bring in the new world order. Remember when you see all the rioting on tv that George Soros has been a huge funder of those riots. The luciferians are using those riots to put pieces of their plan in place.

When he was asked if it was hard to be there when the Hungarian Jews were having their things taken away and they were shipped off to the death camps, he said with a smile on his face that it was not hard at all for him. He said he had no guilt because he was only observing these things. He expressed his attitude about the bad things that he does, with the big money moves and games he plays in the market that can break country's economies, he said smiling, well if I weren't the one there doing it someone else would be.

He said he does not believe in God and he is not religious. He said the year of German occupation was the happiest year of his life. He said it was a very positive experience. He said, it's a strange thing, because you see incredible suffering all around you and in fact you are in incredible danger yourself. But you are 14 years old and you don't believe that it can actually touch you. You have belief in yourself, you have belief in your father. It's a very happy making exhilarating experience... – this is what he said about what he witnessed happening to the Hungarian Jews during the holocaust.

Think about how cold and unfeeling those statements he made were. And with a smile on his face no less. Heartless. No belief in Jesus, but rather in himself and his father.

How could someone be so heartless? Because there is no love inside of them.

1 John 4:8 - He that loveth not knoweth not God; for God is love.

In the New Testament when Jesus was asked about the commandments He gave two commandments. Lets look at the second commandment that Jesus gave us:

Mark 12:31 - And the second *is* like, *namely* this, Thou shalt love thy neighbour as thyself. There is none other commandment greater than these.

These luciferians are not showing love to the world. They are trying to control and rule the world and not with Godly love and mercy. They believe they are privileged and we are less than animals to them.

Giving Away Billions as Fast as They Can

Clockwise from top left, George Soros, Bill Gates, Mark Zuckerberg, Henry Ford, John D. Rockefeller and Andrew Carnegie. Joshua Bright for The New York Times; Tama Paskova/Getty Images; Jim Wilson/The New York Times; Ford Motor Company; Associated Press and Underwood & Underwood

Clockwise from top left: George Soros, Bill Gates, Mark Zuckerberg, Henry Ford, John D. Rockefeller and Andrew Carnegie.

They all participate in mystery Babylon serving lucifer. This article said that Gates is Zuckerbergs mentor.

Plenty of billionaires are still buying sports teams, building yachts and donating to museums and hospitals. But many new philanthropists appear less interested in naming a business school after themselves than in changing the world. "They are not saving their money for a rainy day. They want to have impact now." George Soros, the hedge fund billionaire and Democratic donor, recently made public the transfer of some \$18 billion to his Open Society Foundations, a sprawling effort to promote democracy and combat intolerance around the world. The gift, which essentially endowed Open Society in perpetuity, made it the second largest foundation by assets in the country. The only philanthropy with more resources is

the Bill and Melinda Gates Foundation. as their ambitions grow, so too does their influence, meaning that for better or worse, a few billionaires are wielding considerable influence over everything from medical research (Bill Gates) to social policy (Mark Zuckerberg) to politics (George Soros). “This is a small group of people, who have made way more money than they need, deciding what issues they care about. That affects us all.” Mr. Soros’s foundation differs in important ways. Rather than try to solve discrete problems like disease, Open Society aims to promote values like democracy, tolerance and inclusion, which Mr. Soros, a Holocaust survivor, holds dear. In practice, this means that his money is less likely to fund early stage medical research, and more likely to help refugees displaced by conflict. The broad outline of these billionaires’ efforts have much in common: shaping the world in their moral image.

Think about the riots that Soros funds to move policy and agenda’s in his direction. Remember when we had those caravans coming to the U.S.? Those things are mostly staged and bought and paid for to move their agendas.

George Soros is using his money to bring in socialism. Look at those words “tolerance and inclusion.” They sound good right? We want everyone to be treated fairly. But that means that society as we know it, or knew it not too long ago, will be broken down in order to level the playing field for everyone. Tolerance and inclusion are not God’s way. The pope is a pusher of inclusion and unity. The Roman Catholic Church is the face of Mystery Babylon and they are promoting inclusivism. There is only one way to heaven and His name is Christ Jesus.

This next passage of Scripture is talking about Jesus Christ.

Acts 4:12 - Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved (for there is no other name under heaven given to mankind by which we must be saved).

Michael Bloomberg, the former New York mayor, is also no stranger to criticism. The purpose of his foundation, Bloomberg Philanthropies, is to "ensure better, longer lives for the greatest number of people." In practice, this has meant Mr. Bloomberg spending hundreds of millions of dollars on issues including gun control and obesity prevention, drawing the ire of Republicans who oppose what they see as excessive regulation. There are equally powerful forces flexing their financial muscles on both sides of the political spectrum.

**Remember they play both sides. They only want you to think they are divided but they are not. There is no Democratic Party and Republican Party but instead they are one and the same. They put on a play to deceive you to make you think they are divided but they aren't. They pick someone to play the role to be against something and they pick another person to play the role to be for that "something." The reality is that they are both working toward the same goal. To keep us deceived and divided while they implement their plans.

I have noticed from this article that it seems like when they have their secret meetings, like the Bilderberg meeting, that they have assigned each billionaire at least 2 special interests. Their job is to focus on those areas and bring destruction

in through them. An example of this is Bill Gates. In one of the videos we watched a few weeks back he stated that seeds are an area of interest to him as well as vaccines. I'm sure you are all awake to what they have done to our seeds by now. They are not organic anymore but are gmo'd and also natural seeds are becoming more and more illegal or controlled. They are all friends and when you look into these major corporations and government and even military you find them all connected. Some connections are because they are actually kin to each other like the presidents are. They are all freemasons who practice mystery Babylon, even Trump.*

THE RESEARCH CONTINUES: "Giving, like anything else, takes practice to do effectively," Mr. Zuckerberg wrote on Facebook. "So if we want to be good at it in 10-15 years, we should start now."

Giving pledge: Mr. Gates and the billionaire investor Warren Buffett launched the Giving Pledge, which asks wealthy people to commit to donating at least half of their fortunes to philanthropic causes during their lifetimes or upon their death. They want their fellow billionaires to act with urgency. On their own website, the Gates' describes themselves as "impatient optimists." Nearly 200 people with a combined worth approaching \$1 trillion have signed the Giving Pledge. New billionaires are beginning to ramp up their giving. Laurene Powell Jobs, the widow of Apple co-founder Steve Jobs, recently founded the Emerson Collective, which is putting money toward issues including education and immigration.

"The sun never sets on George Soros's philanthropic empire, and the money is never going to run out," said Mr. Callahan. "His money could still be affecting public policy 300 years from now."

It is the dawn of a new era of big philanthropy. As wealth is rapidly created and concentrated, new mega foundations are being born, each reflecting its founder's priorities. And much as Mr. Soros, Mr. Gates, Mr. Zuckerberg and the others in their cohort have eclipsed the titans of the Gilded Age, they are likely to one day be overtaken by an even newer crop of immensely wealthy and impatient optimists.

CLOSING

Look how that article ended with symbolic talk of the fallen angels, nephilim and titans. They want to bring that time back when they openly walked on the earth and were in control. Wickedness is rising up and on display right out in the open more and more.

These globalists are using their money to shape our world.

1 Timothy 6:9-10 - But they that will be rich (they that want to be rich) fall into temptation and a snare (trap), and *into* many foolish and hurtful lusts (harmful desires), which drown men in destruction and perdition. For the love of money is the root of all evil (the love of money is a root of all kinds of evil): which while some coveted after (craving it or eager for it), they have erred from the faith (wandered away from the faith or left the faith), and pierced themselves through with many sorrows.

The Bible warns us about covetousness and greed and pursuing earthly wealth at all costs. Paul told us to be content with what we have and Jesus told us to seek the Kingdom of God and His righteousness, and all these things will be added unto you.

They are greedy and money is their idol. They are giving more away and faster now as we draw to the end. Don't get caught up thinking they are doing good deeds with their money. They are pledging to give their money away to further the New World Order. Not for the good of humanity. These luciferians are doing satan's bidding in ruling this world. They have used their wealth to serve his kingdom well.

What are you doing with your money?
