

CORONAVIRUS PT 16: BILL GATES, EUGENICISTS, VACCINES

Fiona Barnett says they were called needles, like the one in New York called Cleopatra's needle, because of eugenics. The luciferians like to pack several meanings into one thing. So the obelisks represent the anatomy of Nimrod or baal, the sun god as he was called. They are the altars that Asherah/Easter/the Mother of harlots, commanded their followers to erect in worship to them. Now we learn that they also represent gene tampering which has been going on ever since the fallen angels mated with the women in Genesis 6:4 and produced nephilim which sinned against the whole earth. Either way you slice it, these things are all over the whole world and they are in worship to the sun god baal. Pay attention to the news when you watch it and see how many times you see these things in the shot. It is shown on purpose in worship to their gods.

From Fiona Barnett's book "Eyes Wide Open" - Order of the Eagle ritual banner, freehand drawn from implicit memory, ruled lines added afterwards. Listen to this from Fiona's book:

4. **Cleopatra's Needle** (bottom right) a circle dissected by a vertical line that began in its middle and exited its base. It is the 2D representation of a hypodermic needle penetrating a cell. The 3D equivalent is the obelisk which is meant to be a giant hypodermic needle and not a phallic symbol. Hence the name 'Cleopatra's needle.' It represents genetic engineering, cloning, transhumanism - true Alchemy.

Look what else looks like a needle inserted into a cell, the “on” switch. Because the luciferians practice the mystery Babylon religion, which is also based on sexual perversion against God. This symbol is also of the male anatomy penetrating the female anatomy. And remember “on” is the name of the city of the sun.

So now we learn that the obelisk can also be a symbol of gene tampering and eugenics.

Genesis 1:26 - And God said, Let Us make man in Our image, after Our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

satan is trying to destroy us because we are made in God’s image and we have the chance to live in eternal happiness and blessing if we come to Jesus and get truly saved and show our love to Him by obeying Him. satan, blew his eternal happiness. And that old saying is so true, misery loves company.

Last week we ended by discussing how the rich Luciferians have served satan's kingdom well with their wealth, let's continue by taking a closer look at Bill Gates who is the poster boy for vaccines.

This is a picture of billionaires who are eugenicists that have heavily donated toward depopulation agendas. Top Left: Ted Turner, Bill Gates Sr., George Soros, David Rockefeller. Bill Gates Sr. is co-chair of the Bill and Melinda Gates Foundation and father of the Microsoft founder. Bottom Left: Irene Diamond and far right is Brooke Astor. They are friends and they are all using their money to bring in the New World Order. They do not believe in God. They have put their money toward finding ways to try and live forever without Him. And in the process they have been making us sick and killing us off.

* Please play from 24:53 to 25:30 Bill Gates' dad was head of Planned Parenthood*(about .5 min's)

Now we begin to get some insight into why Bill Gates is about depopulation. As they say, the apple doesn't fall far from the tree. The luciferians groom their children up into this stuff.

Margaret Sanger was a eugenicist. If you go and watch the fuller version of that video, you will see it sheds more light about who Margaret Sanger was and what she believed. She advocated for birth control and established organizations that evolved into Planned Parenthood. Planned Parenthood has been a tool of the luciferians, used to depopulate.

[Views](#) [[edit](#)]

Sexuality [[edit](#)]

While researching information on contraception, Sanger read treatises on sexuality including *The Psychology of Sex* by the English psychologist [Havelock Ellis](#) and was heavily influenced by it.^[95] While traveling in Europe in 1914, Sanger met Ellis.^[96] Influenced by Ellis, Sanger adopted his view of sexuality as a powerful, liberating force.^{[18]:13–14} This view provided another argument in favor of birth control, because it would enable women to fully enjoy sexual relations without fear of unwanted pregnancy.^{[19]:111–117[97]} Sanger also believed that sexuality, along with birth control, should be discussed with more candor,^{[18]:13–14} and praised Ellis for his efforts in this direction. She also blamed [Christianity](#) for the suppression of such discussions.^[96]

In 1914, Sanger launched *The Woman Rebel*, an eight-page monthly newsletter which promoted contraception using the slogan "No Gods, No Masters".

Views. Under Sexuality, talking about birth control it states: She also blamed Christianity for the suppression of such discussions. In 1914, Sanger launched "The Woman Rebel," an eight-page monthly newsletter which promoted contraception using the slogan "No Gods, No Masters."

Psalm 14:1 - The fool hath said in his heart, *There is* no God. They are corrupt, they have done abominable works, *there is* none that doeth good.

If you tell yourself there is no God, then you don't have to deal with your sin. They are deceiving themselves and anyone else who will listen to them.

While we are talking about Planned Parenthood, let's understand what Rowe vs. Wade was really about. Here's Dr. Tent to explain:

Please play from 54:16 to 54:39 and from 1:15:16 to 1:16:24 Dr. Tent talks briefly about what Rowe vs Wade is really about. It is about American vaccine manufacturers buying their aborted fetuses from Sweden for years and it was too expensive so they decided to get them right here in America through abortions. What is in the vaccines: human diploid cells are dna cells from aborted fetuses along with proteins from aborted fetuses, calf serum, chick embryo's, monkey viruses, guinea pig cell cultures (guinea pig viruses). They have been injecting foreign dna and proteins and viruses into us. He ends by saying that Rowe VS Wade was not about an abortion, she never had an abortion, it was about getting aborted fetuses cheaper here in the U.S. so they could put them into the vaccines.(about 1.5 min's)

<https://www.youtube.com/watch?v=-aHRMjVHggI>

In case you missed it on the news and you think there's no way they are doing anything with aborted fetuses, watch this:

Please play this video – Regular news admits that Planned Parenthood does harvest aborted fetal tissue for “research.” They sell baby body parts and it winds up in food, make up, vaccines etc.(about 1 min.)

<https://www.youtube.com/watch?v=XUnKANeIEGs>

We may not know all of what they are using the aborted babies for, but we know for sure they are using them in vaccines.

*Please play from 1:50 to 7:28 Bill Gates is investing in Alt Breast Milq Company who is making milk in a lab. Several of the world's billionaires are investing their money in these type of ventures. Gates is also funding research on blasting testicles as a form of contraceptive. Seems he is all about stopping or taking life or ending natural processes. They show how the lawsuit about roundup got settled out of court so that they don't actually have to admit that it causes cancer and they can go on selling it. It is sprayed on all commercial crops. And many people use it at their homes as well. They show information about BPA in plastics. A few years ago we learned it is harmful and the corporations started advertising BPA free plastics in their products. Now we learn that many of them are TOXIC and even worse than the original BPA was. *(about 5.5 min's)

<https://www.youtube.com/watch?v=6wLKo3bSouU>

Thank you Ms. Karen for sharing that with us.

I remember sometime early on in the ministry in some of my research, when I ran across the information about how they are purposely making baby formula non-nutritious and they know it drops the i.q. Yet it is promoted as just as good as breast milk, when it is not. I know many women have probably not even bothered with breast feeding because a bottle fed baby seemed easier. My mom was one of those women. And I remember even when I had Kennedy there was a stigmatism about breast feeding. See how they took a natural process and moved many people away from it.

They showed those pictures of the meat that is not really meat. More and more they are focusing on making food in the lab. They have plans down the road to make growing food illegal and to make us eat only food grown in a lab. Again, think about "Soylent Green," where they manufactured the food (which was humans) into little green squares and the people fought to get it.

The company Breakthrough Energy founded by Bill Gates is about climate change. What you have to remember is that they are the ones changing the climate with their weather weapons and chemtrails. True scientists that disagree with the narrative are just taken out. At the end of the video they jokingly say that the real problem is carbon dioxide. And that is their excuse for now trying to make everything in the lab. And to make all natural things that God gave us, illegal.

Last week we learned that Bill Gates and Warren Buffet have a foundation called the Giving Foundation, where the elites pool their money to fund their little projects. The Giving Pledge is a campaign to encourage extremely wealthy people to contribute a majority of their wealth to philanthropic causes. As of May 2019,

the pledge has 204 signatories, either individuals or couples, from 22 countries, though some of the signers have died since signing.

Interesting that the only one who hasn't signed up to join the Giving Foundation is Jeff Besos of Amazon. These men are some of the key players that are at least front men being used to put key pieces of the New World Order agenda into place. Besos is taking down local businesses through his mega corporation, Amazon.

Here is Besos receiving an award from the Smithsonian. I just wanted you to see the sun symbol on the Smithsonian's logo. That is because the founder of the Smithsonian is a worshipper of baal participating in the mystery religion of

Babylon against the God of the Bible. The Smithsonian swarms in an locks down discoveries that they don't want us to know about like the skeleton's of giants all over this earth.

Look right in the middle at “Dimagi Inc.” that is about the magi which were wise men schooled in the mystery religions. That is a root of the word magic and it is what the luciferians practice.

They know how to move their money around and avoid being taxed on it while achieving wicked purposes with it.

Ten biggest contributors to the World Health Organization in 2018-19

BBC

Ten biggest contributors to the World Health Organization in 2018-2019: 1. United States 2. Bill & Melinda Gates Foundation 3. United Kingdom 4. Germany 5. GAVI Alliance (which is founded by Gates) 6. UN Office for the Coordination of Humanitarian Affairs 7. Japan 8. National Philanthropic Trust 9. Rotary International 10. European Commission

We see here that Gates is listed twice within the top 5 contributors.

Guess who does not vaccinate his own children. You got it, Bill Gates.

At a medical symposium in Seattle, Bill Gates' former private doctor said

The physician who served as Bill Gates' private doctor in Seattle in the 1990s says the Microsoft founder and vaccine proponent "refused to vaccinate his own children" when they were young.

That research went on to talk about how the "elite" do not vaccinate their children. I believe this because I remember seeing research when I was looking into the chemtrails about how the Queen has her own private garden. They do not eat the same chemical laden food that we do.

Also, when you check snopes, or some fact check website I have now learned they are government too. I used to be so asleep to all of this. So they are out there to run interference and keep you from the truth. One African site said they are a 3rd party fact checker for facebook. They said if they deem something to be untrue they just suppress it so that not many people will see it.

We are living in a time when the truth is under more attack now than ever. All they do to refute something is say, that's not true. Period. You are not even allowed to dispute it or anything. Sometimes now they will say, oh that was a joke. And they also just say, oh we reported that wrong. So truly the ones that can't be vetted out, are them. They are doing all of that and getting away with it. Most people just don't seem to question anything that they do. I tell you if I get something wrong I certainly hear about it. I'm called all sorts of names and take a pretty good beat down about it. But they are excused as if it's just normal and expected for them to mess up all the time. The standard by which we used to

hold people accountable has certainly been lowered or dropped altogether. Haven't you noticed how people in customer service positions are allowed to be rude now? When I was in customer service you never dared to be rude to the customer. Not anymore. Satan has surely done away with common courtesy and morals.

Please play from 1:52 to 3:06 Dr. Tent shares how the dr's don't do all the stuff they tell us to do. They don't take all the shots. They take vitamins that they don't recommend to us.(about 1.5 min's)

I still remember reading about a potato farmer who had his own private garden of potatoes that were chemical free. That's what his family ate from. It is the same with these elites, they are not eating the same stuff we are. Just like they don't take the vaccines either.

Please play video – Trump says he doesn't get the flu shot and has never had the flu. He says he doesn't like the idea of injecting bad stuff into your body which is basically what they do. This was back in 2015 before he became president.(about 1.5 min's)

In newly released footage from a Bill and Melinda Gates Foundation event, Microsoft co-founder Bill Gates said President Donald Trump told him he was considering a commission to look into the "bad effects" of vaccines. "Don't do that," Gates said he told the president, and Trump has never publicly proposed such a commission. Yet the incident recalls Trump's longtime skeptical comments about vaccines.

Gates said that in two separate meetings since he was elected, Trump asked the billionaire philanthropist if "vaccines weren't a bad thing."

"He was considering a commission to look into the bad effects of vaccines and somebody, I think his name was Robert Kennedy Jr., was advising him that vaccines were causing bad things," Gates recalled. "And I said 'No, that's a dead end, that would be a bad thing, don't do that.'"

CLOSING

After hearing that you'd think Trump is against vaccines, but he's not.

Donald J. Trump in 2014 before the presidency: To all haters and losers: I am NOT anti-vaccine, but I am against shooting massive doses into tiny children. Spread shots out over time.

Please play from 0 to 15 - Back in April of 2019 when there was a supposed outbreak of measles – President Trump said “they” have to get their shots to prevent the spread of measles.(about .5 min’s)

<https://www.youtube.com/watch?v=Qwu-4E9B6Pk>

They are not gonna have a president that is against vaccines when that is one of their main weapons that they have already been using and are going to use in this “plandemic.” They have passed laws to mandate vaccines and we will see new laws coming about the vaccines because of this coronavirus “plandemic.”

1 Cor.13:3 – And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not charity (love), it profiteth me nothing.

**This whole chapter is now a Mandela Effect in the KJV. When I was a teenager we had a program at church and I had to memorize that chapter in the KJV. Everywhere that it says charity it used to say love. The Word of God has changed. I’m not talking about new translations or new editions or reprints but the same old KJV that has always been. They have made many changes through their dark sorcery paired with high tech like quantum computing and Cern. I feel for the ones who don’t even realize that God is allowing these written translations of His Word to be changed because we are so close now to the Lord’s return. He told us ahead of time He would send a famine of His Word in Amos 8:11. **

God has given His children plenty of signs. For those that seek after Him, we have the eyes to see and ears to hear and we know the time is nigh at hand.

The rich luciferians giving means nothing, their lives mean nothing because they don’t have love and that comes from God Who is love. (1 John 4:8).
