((I asked Pastor if the restrictions had been lifted enough for the workers to continue working on his house. We are so close to finishing it and he's still living in the house that floods and is living without many things that were lost in the

flooding. And the money would be a blessing to help the workers to feed their families too.)) He said: Regarding house, I have talk to the contractor we will begin the work this week and sister we are going to finish it soon according to God will and his blessing. We all thank you for your prayers and sister we all love you and sister take care and take care of our family there. **HENRY KISSINGER IN
A SPEECH TO THE WORLD
HEALTH ORGANIZATION COUNCIL
ON EUGENICS FEB 25, 2009**

"Once the herd accepts mandatory forcible vaccination, it's game over! They will accept anything—forcible blood or organ donation—for the "greater good." We can genetically modify children and sterilize them—for the "greater good." Control sheep minds and you control the herd. Vaccine makers stand to make billions, and many of you in this room today are investors. It's a big win-win! We thin out the herd and the herd pays us for providing extermination services. Now, what's for lunch, huh?"

FACT CHECK: Did Henry Kissinger Say 'Forcible Vaccination ...

An image shared on Facebook claimed that former Secretary of State Henry Kissinger said that "once the herd accepts mandatory forcible vaccinations, it's game over!" The meme cites a speech supposedly given to the World Health Organization's (WHO) "Council on Eugenics" on Feb. 25, 2009.

The statement would be outrageous for someone with as much influence and prestige as Kissinger to say without it being documented by a major news outlet.

Here is information from one of the shill websites online. FACT CHECK: Did Henry Kissinger Say 'Forcible Vaccination...

One sentence that I picked out as I read their reasons why they say this is not true was this: The statement would be outrageous for someone with as much influence and prestige as Kissinger to say without it being documented by a major news outlet.

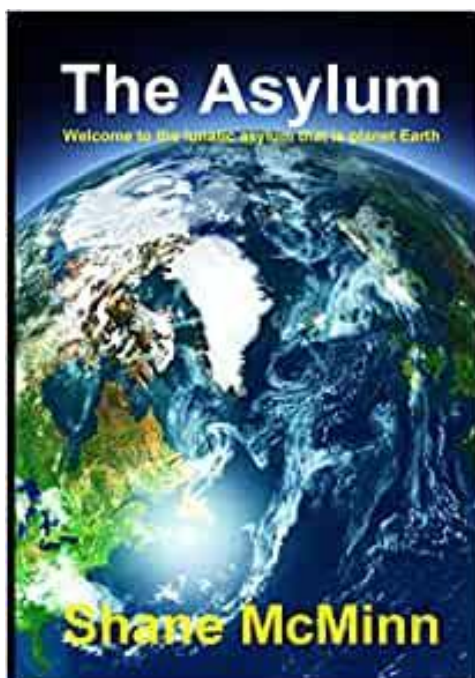

Let's fact check the fact checkers:

*Please play video – in 1991 at a Bilderberg meeting for the luciferic freemasons (Billionaires – hidden hand, satan's elite), David Rockefeller thanked the press: Washington Post, Time Magazine and New York Times for keeping their promise of discretion for almost 40 years. (Discretion not to reveal their plans to the public.) He says, "It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity. But the world is now more sophisticated and prepared to march toward a world government."

So would what Henry Kissinger said have been disclosed to the public by the news media? Highly unlikely. We are living in a time where everyone has their own truth and the media is packed with lies. Just because they say something isn't true doesn't mean you stop there. If you don't have the Holy Spirit helping you to discern you are going to get lost in the lies.

The Asylum by Shane McMinn: Welcome to the lunatic asylum that is planet Earth.

This man Kissinger amazingly won **the** Nobel Peace prize, which is a clear indication that we live in a lunatic asylum. **The** Nobel peace prize is supposedly given for 'peace' but was given to a man that also said these non-spiritual words in his own book: **'the elderly are useless eaters'**, he would prefer then **the** elderly to starve, but this is a misnomer because Kissinger is old himself now! He also said that **'military men are dumb stupid animals to be used as pawns for foreign policy'**. What a charming, thoughtful man! Give him another prize!

Some other classic sentences rivalling the words of Prince Philip include **'depopulation should be the highest priority of foreign policy towards the third world, because the US economy will require large and increasing amounts of minerals from abroad, especially from less developed countries'**, written in a security memo dated April, 1974. He has also said that **'power is the ultimate aphrodisiac'**. Award that man another Nobel Peace prize please for services to humanity across the globe! Line his mantelpiece with them!

Interestingly, Kissinger was born to a German-Jewish family in 1923, but this is how he regarded the plight of the Jews in Russia in March, 1973: **'the emigration of Jews from the Soviet Union is not an objective of American foreign policy and if they put Jews into gas chambers in the Soviet Union, it is not an American concern'**.

Here we see he was a Jew and did not care what happened to them. We just learned the same thing about George Soros too. No compassion or love and that is because they don't have God in their lives. So I'd say yes, I believe he said it.

And in case you need a little more reinforcement about how they lie to us, here it is:

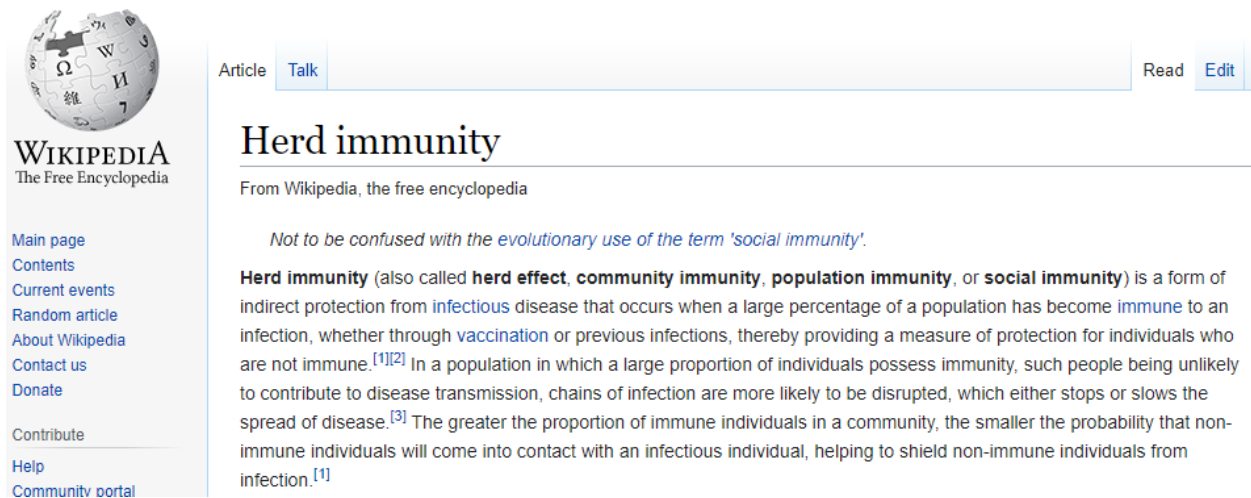

Please play from 32:14 to 35:23 - this video shows how the media (medium) have been shaping what we believe. Movies, tv, radio and video games have been used by the luciferians to control our thoughts. Tell a vision (television) – who is telling the vision? The tell-a-vision has channels (channeling) and then there are programs (programming your mind). An ex-CIA employee shares what he knows. He says “their” purpose is to capture the minds of the people (just like they do to MK Ultra victims of mind control – but without the torture) and feed them false history. He says the CIA is funneling information into Hollywood, Hollywood is putting it out in the movies and the population believes it. Speaks about what Hollywood really means. The druids would use wands cut from a holly tree to do their divination. They would weave spells, cast spells and channel spells. When they needed help they would consult the magi or the medium of the day to help channel their spells to the population. They want to control what we think and hear. They help create our culture and help influence our society. We as citizens have trusted them because as a society we think that the gate keepers have our best interest at heart. ((They have not and do not.)) The last scene is a news chat with the FOX News team saying: The dangerous edges here are that he’s (Trump) trying to undermine the media, trying to make up his own facts and it could be that while unemployment and the economy worsens he could have undermined the messaging so much THAT HE CAN ACTUALLY CONTROL EXACTLY WHAT PEOPLE THINK. AND THAT IS OUR JOB (talking about the “fake news” media.) (about 3 min’s)

<https://www.youtube.com/watch?v=0wTiCxXgrJw&feature=youtu.be>

Thank you CassieT. For sharing that with us. *I do think the guy that made that had beneficial reasons for doing so. But I think most of that video was good information. I will be sharing more from it in this series. Remember “they” do put the truth out for us too.*

The CIA is the hidden hand behind the media. That makes sense. The supposed reporters that we see on tv are not truly reporting or investigating or researching anything. They are just doing what they are told.

Herd immunity. That is their language for us. They call us useless eaters, cattle, sheep etc. As I said before, I am a sheep, of the Lord Christ Jesus. He's my Shepherd. They use the term sheep for those that are asleep to their plans and just blindly follow along.

The image is a screenshot of the Wikipedia article for "Herd immunity". On the left is the Wikipedia logo and a sidebar with navigation links like "Main page", "Contents", and "Contact us". The main content area has a title "Herd immunity" and a sub-header "From Wikipedia, the free encyclopedia". Below that is a note: "Not to be confused with the evolutionary use of the term 'social immunity'." The main text defines herd immunity as a form of indirect protection from infectious disease that occurs when a large percentage of a population has become immune to an infection, whether through vaccination or previous infections, thereby providing a measure of protection for individuals who are not immune. It mentions that in a population with a large proportion of immune individuals, chains of infection are more likely to be disrupted, and the greater the proportion of immune individuals, the smaller the probability that non-immune individuals will come into contact with an infectious individual, helping to shield non-immune individuals from infection.

Herd immunity (also called herd effect, community immunity, population immunity, or social immunity) is a form of indirect protection from infectious disease that occurs when a large percentage of a population has become immune to an infection, whether through vaccination or previous infections, thereby providing a measure of protection for individuals who are not immune. In a population in which a large proportion of individuals possess immunity, such people being unlikely to contribute to disease transmission, chains of infection are more likely to be disrupted, which either stops or slows the spread of disease. The greater the proportion of immune individuals in a community, the smaller the probability that non-immune individuals will come into contact with an infectious individual, helping to shield non-immune individuals from infection.

common and proved successful in preventing the spread of many infectious diseases.^[9] [Opposition to vaccination](#) has posed a challenge to herd immunity, allowing preventable diseases to persist in or return to communities that have inadequate vaccination rates.^{[10][11][12]}

Opposition to vaccination has posed a challenge to herd immunity, allowing preventable diseases to persist in or return to communities that have inadequate vaccination rates.

I don't remember population immunity ever being equated with vaccinations. I believe they have adjusted the definition of herd immunity to suit themselves and serve their agenda of pushing out mandatory vaccines on the world.

Please play this video – They discuss the new definition of herd immunity. They say one way is for the disease to run its natural course and the other is to be vaccinated. Then she says this is for the whole world. They did a poll and 40% of the people said they would not get vaccinated. She said, well it isn't going to help us if only 60% of the people get vaccinated.(about 1.5 min's)

Did you notice the triangles swirling behind the news reporter? To those that worship the sun god baal, the triangles are all about sun worship. She said, "we are not going to get back to normal until we achieve herd immunity." They are using everything they can to scare and convince people that they need this vaccine.

They don't want you to know the truth about vaccines. This is a sticking point and they are going not going to back down. I believe more laws will be passed to mandate vaccines especially around this coronavirus.

Please play video – Vaccines were mandated for Kern Country California school children. You cannot do a personal belief exemption anymore. No shots – No school.(about 1 min.)

New law requires mandatory vaccinations

https://www.youtube.com/watch?v=Xa_jAgUWZQw

Vaccines were mandated for Kern County California back in July of 2016. Notice they are using school for leverage. No shots, no school. And they took away the right to refuse because of personal belief. That is because many people had been refusing the vaccines based on religious convictions. That being, that murdered babies are used in the production of vaccines. God and all Christians stand against taking life.

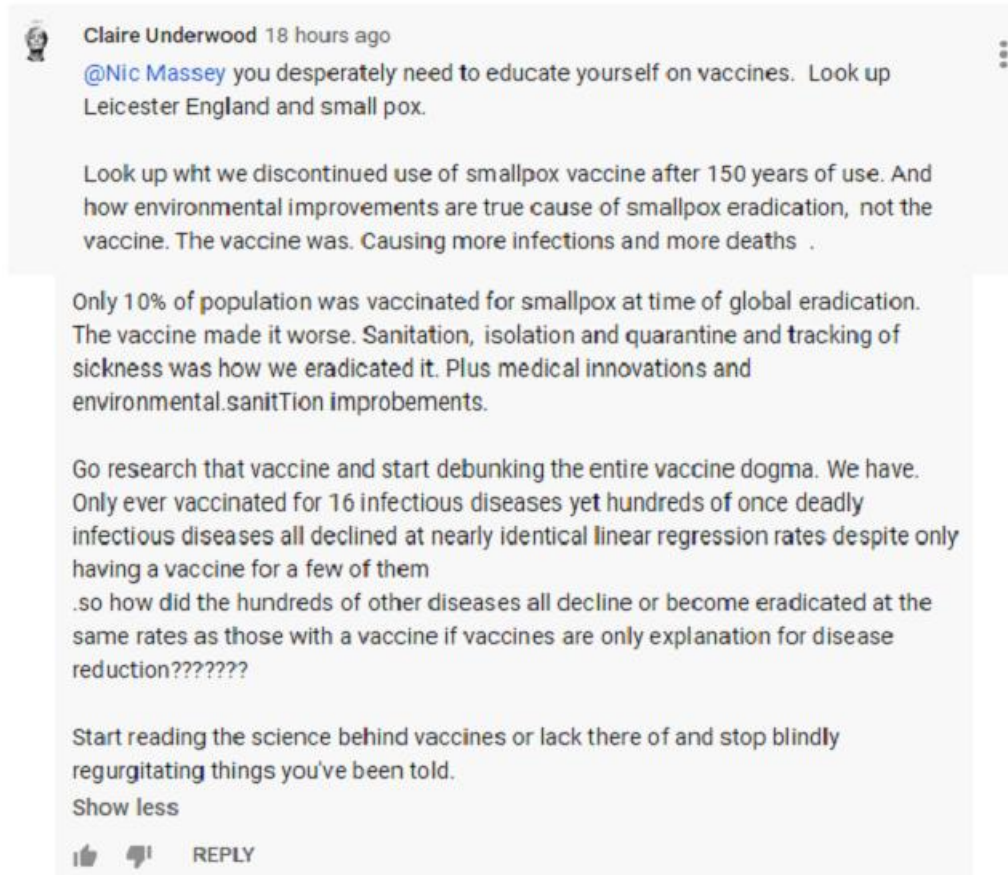

Please play this video – Dr. Sherri Tenpenny discusses why vaccines are so bad. She said before the year 1985 children only received 3 vaccines which consisted of 33 antigens. Now they are receiving 16 vaccines with multiple doses on top of that number. By 2010 children were getting 156 antigens injected into them. Now they are receiving even more and this doesn't even take into account the chemicals. She said there are 63 different types of chemicals contained within the vaccines as a whole (if you get all the shots). Some of these chemicals are KNOWN CARCINOGENS (CANCER CAUSING) some cause asthma. Mercury has been taken out of many vaccines but not all. It is still in the multi dose flu shots. There are tons of aluminum in the shots, not little trace amounts, but big amounts, big enough to easily be measured. There are all sorts of viruses and bacteria and gobbledygook inside of these things (vaccines). She was the director of an emergency room for 12 years and says she used to give out tetanus shots like they were some kind of candy. At this point in her career she has spent 11 years and more than 12,000 hours investing vaccines. The senior population is being vaccine injured through flu shots, pneumonia shots and hepatitis b shots. The military gets 26 different kinds of vaccines in multiple doses (they are used for experimentation too). The segment ends with Trump talking about a 2 year old that got vaccinated and a week later had a tremendous fever, got very sick and now has autism.(about 3.5 min's)

"Stop Getting Your Children Vaccinated" - Dr Sherri Tenpenny

<https://www.youtube.com/watch?v=6oFr5ekecgI>

Interesting to note she said before 1985 that by the time children started kindergarten they had 33 antigens injected into them. 33 – a highly freemasonic number and they are ruling the world for satan. By 2010 children were receiving 156 antigens. Now they are receiving even more.

When you try to wake people up about vaccines a lot of them just parrot back to you what they have been fed by the propaganda machine. Like – well vaccines eradicated small pox etc.

I saw this comment out online and thought it was worth sharing. There are other people that are awake out there. And I praise God for you guys who are Christians and awake. Claire Underwood shared in response to a Nic Massey: you desperately need to educate yourself on vaccines. Look up Leicester England and small pox.

Look up what why we discontinued use of smallpox vaccine after 150 years of use. And how environmental improvements are true cause of smallpox eradication, not the vaccine. The vaccine was causing more infections and more deaths.

Only 10% of population was vaccinated for smallpox at time of global eradication. The vaccine made it worse. Sanitation, isolation and quarantine and tracking of sickness was how we eradicated it. Plus medical innovations and environmental sanitation improvements.

Go research that vaccine and start debunking the entire vaccine dogma. We have only ever vaccinated for 16 infectious diseases yet hundreds of once deadly

infectious diseases all declined at nearly identical linear regression rates despite only having a vaccine for a few of them.

So how did the hundreds of other diseases all decline or become eradicated at the same rates as those with a vaccine if vaccines are the only explanation for disease reduction??????

Start reading the science behind vaccines or lack there of and stop blindly regurgitating things you've been told. ((THE END OF HER STATEMENT))

They told us they eradicated small pox and polio and that has stuck in our minds. We believed them. We have been so deceived for so long.

Please play this video - (27 Jun 2020) People were queuing up outside a Lima health centre on Friday to be vaccinated against measles and other preventable diseases as part of an immunization program. Peru's government on Wednesday launched a vaccination initiative partly to help mitigate the impact of the coronavirus pandemic on lower-income neighborhoods. The health ministry declared a health alert in 26 districts of Lima and Callao, including Villa el Salvador district, to prevent the resurgence of preventable diseases. In the poor district of Villa El Salvador, people with their children and the elderly formed long lines to get vaccinated. The Deputy Health Minister, Nancy Zerpa, overlooked the process saying the pandemic and subsequent lockdown had prevented many from accessing health services. With hospitals in the capital mainly being used to treat COVID-19 patients, vaccinations for preventable diseases have been disrupted, putting children at risk of diseases like diphtheria, measles and polio.(about 2.5 min's)

Look at the posters they are using here. On the far left, where you see the heart, that sign says love, trust and protect. Really? Maybe it is because I am awake to the wickedness of the vaccines – but something shady is going on when you see posters advising you to love and trust in vaccines.

The lady from event 201 was asking how they were going to get the people to trust in the vaccine they come up with. Well apparently you scare the people and put up posters that tell them to trust you and trust the vaccine. Looks like it's working. The poster on the right says at the top: protect yourself against the coronavirus. And look how bold they are, they are not even vaccinating against the coronavirus here. The vaccine is not out to the public yet. But they are using the coronavirus plandemic as a way to scare the people into getting all of the other vaccines!

Notice all the babies and the elderly there getting vaccinated. There was a sign saying to get vaccinated against the influenza.

Let's look at some research regarding the flu shot and the coronavirus. Ms. Tommie brought this to my attention.

Is There a Relationship Between Influenza Vaccination and COVID-19 Mortality?

An article on Children's Health Defense dated June 18, 2020: Is there a relationship between Influenza Vaccination and Covid-19 mortality?

A randomized placebo-controlled trial in children showed that the influenza vaccine increased fivefold the risk of acute respiratory infections caused by a group of non-influenza viruses, including coronaviruses. ((So there is a correlation between getting the flu shot and getting an acute respiratory infection.))

A study of US military personnel confirms that those who received an influenza vaccine had an increased susceptibility to coronavirus infection. The study concluded "Vaccine derived virus interference was significantly associated with coronavirus."

European Union numbers show a correlation between influenza vaccine and coronavirus deaths. The countries with highest death rates (Belgium, Spain, Italy, UK, France, Netherlands, Sweden, Ireland and USA) had all vaccinated at least half of their elderly population against influenza.

In Canada, 82% of deaths attributed to COVID-19 occurred in long-term care settings.

In many countries, health care providers in seniors care facilities are required to receive the influenza vaccine annually, and the uptake of the vaccine by seniors in those homes is very high or even required.

It would be interesting to know how many of the deaths attributed to COVID-19 occurred in individuals vaccinated with the influenza vaccine in recent years.

Given the known risks of disease enhancement associated with a coronavirus vaccine, the relationship between influenza vaccination and COVID-19 mortality ought to be seriously examined.

CLOSING

Why are they injecting all of this bad stuff into us? The science doesn't back it up. Anyone who really researches it will come away with the truth knowing that they are up to something and it isn't about making people healthy.

Proverbs 6:16-19 - These six *things* doth the LORD hate: yea, seven *are* an abomination unto Him: A proud look, a lying tongue, and hands that shed innocent blood, An heart that deviseth wicked imaginations (schemes / devises evil), feet that be swift in running to mischief, A false witness *that* speaketh lies, and he that soweth discord among brethren (church / family / community).

The luciferians are committing every single one of these abominations.

They are using gullible people in this plandemic to help push their agenda.

Those that believe staying home is saving lives.

Those that believe wearing a mask is saving lives.

Those that believe social distancing is saving lives.

Those that believe taking the vaccine will save lives.

We are going to watch the antichrist rise to power under the guise of "saving lives."
