

# CORONAVIRUS – PT 19: HYDROGEL, BIOMETRIC SENSORS, NTAG216, MARK of the BEAST

## OUTREACH UPDATE KENYA – APRIL 2020

April 18, 2020: God is Love!!! Traveled today back home after blessing some widows, orphans and needy church members of our Holy Trinity Living Water Church , Ekeru branch , Mumias Town in Kakamega county. (That last pictures we shared were from the distribution in Bungoma.)

Praise God for using us to reach this community with some food stuffs, God's love as we continue to fight the Covid-19 pandemic.

Here is Pastor with many of the supplies for the Ekeru Mumias area.

Here the ladies are making up the packages for distribution.

**James 1:27** - Pure religion and undefiled before God and the Father is this, To visit the fatherless and widows in their affliction, *and* to keep himself unspotted from the world.

**This is a condensed update just to let you see some of the works that we are doing. You can watch the complete outreach update from April 2020 separately.**

## HOW WE WORK

### GRANT

← BACK

**TropiQ Health Sciences**

---

**Date:** October 2012  
**Purpose:** to develop a high throughput assay that uses luciferase-expressing parasites and microsphere-barcoded compound libraries to identify compounds that block malaria transmission.  
**Amount:** \$100,000  
**Term:** 19  
**Topic:** Discovery and Translational Sciences  
**Program:** Global Health  
**Grantee Location:** Nijmegen  
**Grantee Website:** <http://tropiq.nl/>

GENERAL INFORMATION

I failed to share this last week on luciferase. From Bill and Melinda Gates Foundation. This is a grant to TropiQ Health Sciences in 2012 for \$ 100,000. Purpose: to develop a high throughput assay (uh say) that uses luciferase-expressing parasites and microsphere-barcoded compound libraries to identify

compounds that block malaria transmission. Topic: Discovery and Translational Sciences Program: Global Health Grantee location: Nijmegen, which is in the Netherlands

\*It is interesting to note that if they roll out the glowing quantum dots as the mark of the beast, how luciferase sounds like lucifer and race. Like the ones who willingly take the glowing quantum dots will be considered to be of lucifer's race because they will bear his mark.\*

M Eisenhower • 15 minutes ago

In the Bible, Jesus marks us so he and angels can see us. With the tattoo injection only they can see who is marked. Satan copies Jesus to mock Him. Very similar?

\*Please play from 39:44 to 52:18 says the vaccination that is coming for the coronavirus is the “mark of the beast”, Celeste Solum shares about an injectable sensor that will let you and other people know, that you are sick before you even become sick, the sensor will do all of your vitals and is a tracking device, the last guy shows that the company BioHax has a chip called Ntag 216 and the 216 = 666 because  $6 \times 6 = 36$  and  $36 \times 6 = 216$ . So you see all the 6's there.\* (about 12.5 min's)

<https://www.youtube.com/watch?v=suPsELWGvyk&feature=share>

Notice how they boldly stated that the vaccine is the mark of the beast. We are actually still waiting to see if that turns out to be true this time.

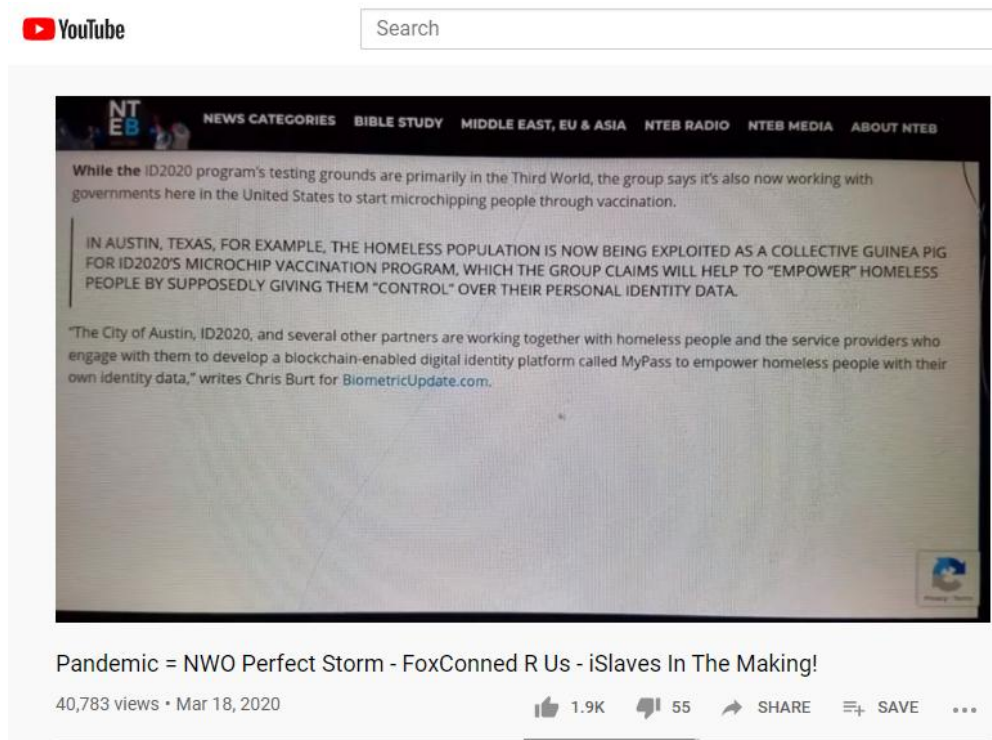

The lady that shared about the injectable sensor, her name is Celeste Solum and I have a link to the original video where she was talking about that information. If you go to that link you can look at the show more info. box and see all the links to research that she was mentioning.

Her name to me seems coded and so does her channel name. So I'll just say that some of the channels out there sharing truth are plants. They may seem to be one thing but actually another. For example she said when she woke up that morning she got a communication from the Department of Defense. She doesn't say a contact or “anonymous informant” shared the information. She leads you to

believe she received it directly. I'm supposed to believe that just because she used to work for FEMA that she is someone that they continue to keep in the loop? I don't think so. I have done some deep research on her and I believe she has been through MK Ultra and has programmed alters or has been programmed and doesn't even realize it. Be vigilant with what you watch, use your critical thinking skills, check the information, pray and be led by the Holy Spirit.

Also, when she was talking the little chimes played, be careful about channels that do that because that is also something that witches do. She was saying this is a very breaking news situation. I have seen Israeli News Live do the same thing and I don't bear witness with them either. I will at least show you the things I see so you can wake up to these people, to these channels. They may not be what they seem.

Biohax – because they are hacking into our DNA, hacking the human body. When he was breaking down the word Wisconsin, this is what I saw: Wis as in Wizard and then con – meaning with in spanish and sin. Wizard with sin. Also I could see this: wis as in wise and then con meaning “with” in spanish and sin. Wise with sin.

The image shows a YouTube video player interface. At the top left is the YouTube logo. To its right is a search bar with the word "Search" inside. Below the search bar is a video player. The video player displays a news article with the following text:

NEWS CATEGORIES BIBLE STUDY MIDDLE EAST, EU & ASIA NTEB RADIO NTEB MEDIA ABOUT NTEB

While the ID2020 program's testing grounds are primarily in the Third World, the group says it's also now working with governments here in the United States to start microchipping people through vaccination.

IN AUSTIN, TEXAS, FOR EXAMPLE, THE HOMELESS POPULATION IS NOW BEING EXPLOITED AS A COLLECTIVE GUINEA PIG FOR ID2020'S MICROCHIP VACCINATION PROGRAM, WHICH THE GROUP CLAIMS WILL HELP TO "EMPOWER" HOMELESS PEOPLE BY SUPPOSEDLY GIVING THEM "CONTROL" OVER THEIR PERSONAL IDENTITY DATA.

"The City of Austin, ID2020, and several other partners are working together with homeless people and the service providers who engage with them to develop a blockchain-enabled digital identity platform called MyPass to empower homeless people with their own identity data," writes Chris Burt for [BiometricUpdate.com](http://BiometricUpdate.com).

In the article about ID2020 that he had onscreen it said: While ID2020 program's testing grounds are primarily in the Third World, the group says it's also now working with governments here in the United States to start micro chipping people through vaccination.

It talked about them working with the homeless people in Austin, TX. The homeless, prisoners, and military have always been on the frontlines of their testing.

Seems like Natural News and BiometricUpdate.com were some of the main sources for the story about the homeless people getting chipped and then many others shared it. I could not find anything in regards to ID2020 using a chip implant. Or really anything about the homeless truly receiving a chip implant either. However, in trying to verify that information, I ran across the following screen shot:

Price Waterhouse is all for ID2020 to forcibly install digital chips into all of us. The video was grayed out showing that it had been pulled. When I clicked on it, it said: Video unavailable. This video is private. They have different little messages they apply when they pull a video. To me that gave it a little more credibility. I mostly find them blocking the truth from us.

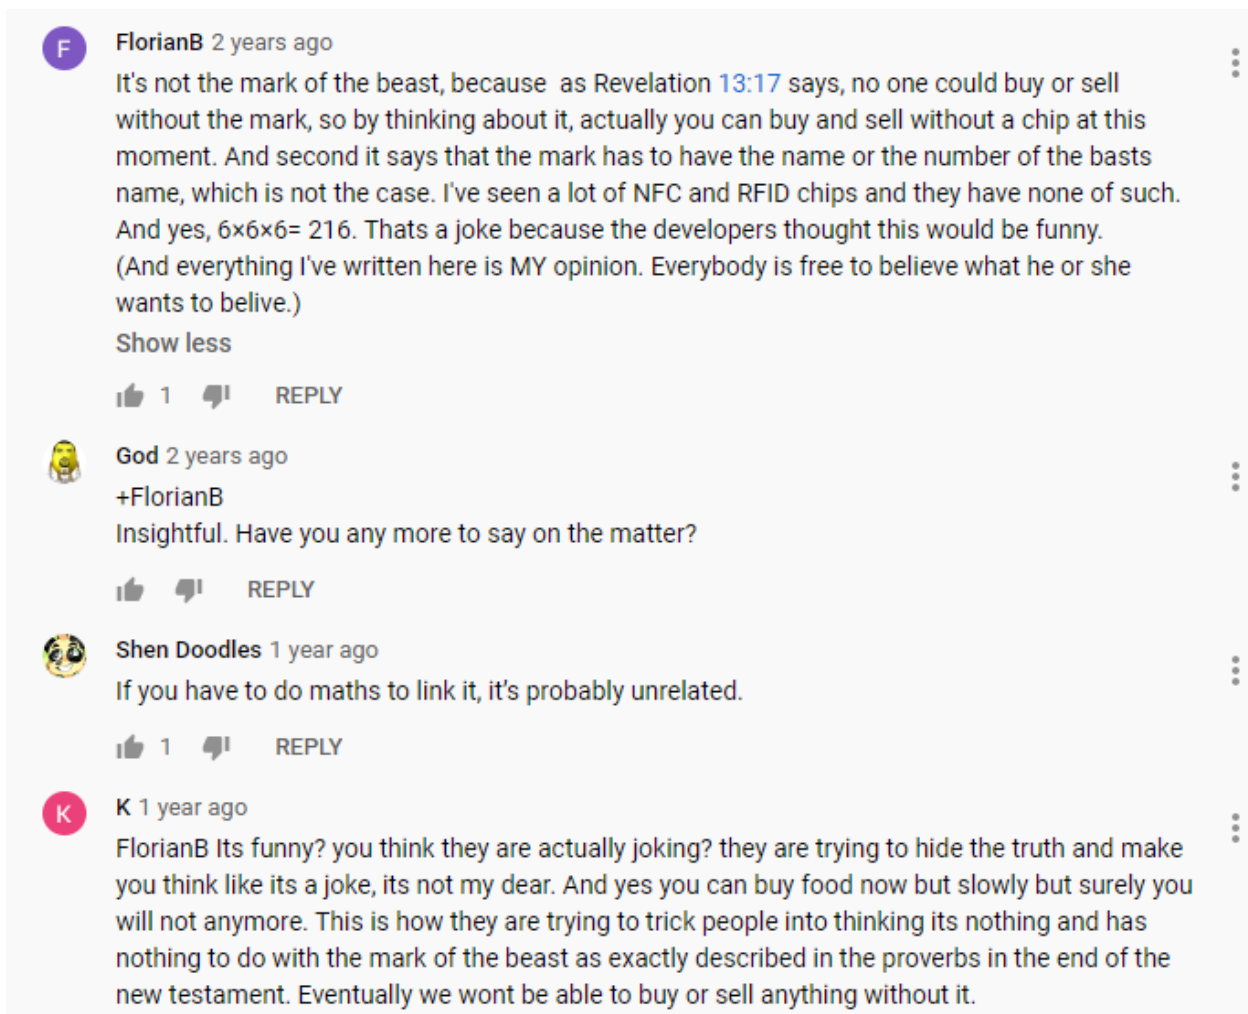

The Greater Plan: Connecting the Dots: Microchips, World Health Organization, ID2020, CDC, Quantum dots, Bill & Melinda Gates Foundation, Big Pharma, RFID, GAVI The Vaccine Alliance, Microsoft and the Rockefeller Foundation

The part of this mix where people are really focused on the microchip being implanted is partly coming from the push for a “realid” and the ID2020 global initiative for everyone on the globe to have a digital identity. Then when you look at the partners of ID2020 and find out you have Microsoft, GAVI, The Rockefeller Institute to name a few, you realize that vaccines and Big Pharma are tying into this. The next piece of this puzzle is Bill Gates working with Rice University on glowing quantum dots to hold vaccine records and information inside of a person. Then you get the big picture. These assumptions are not crazy. The information is all there. People are already opting to be implanted for work purposes and for convenience in shopping etc. And let’s not forget many targeted individuals have already been implanted against their will as test subjects of this technology.

The Wisconsin company that microchipped employees of their own free will was – Three Square Market. The word three and the number 3 = 33. As in the most popular level of freemasonry. If you turn it sideways the 3 looks like ram’s horns. The square is there too as in the compass and the square of freemasonry. Another way the company name is also written is 32M. In Pythagorean numerology, which I call witchcraft math, that equals 18.  $3+2+13$  (for the m) = 18 which to the luciferians is 666.

FlorianB said: It's not the mark of the beast, because as Revelation 13:17 says, no one could buy or sell without the mark, so by thinking about it, actually you can buy and sell without a chip at this moment. And second it says that the mark has to have the name or the number of the beast's name, which is not the case. I've seen a lot of NFC and RFID chips and they have none of such. And yes,  $6 \times 6 \times 6 = 216$ . That's a joke because the developers thought this would be funny. (And everything I've written here is MY opinion. Everybody is free to believe what he or she wants to believe.)

Someone calling themselves God (which is someone who is not a Christian for a Christian would never disrespect God in this way. This is blasphemy against God) They said: Insightful. Have you any more to say on the matter?

Shen Doodles: If you have to do maths to link it, it's probably unrelated.

K: FlorianB It's funny? You think they are actually joking? They are trying to hide the truth and make you think it's a joke, it's not my dear. And yes you can buy food now but slowly but surely you will not anymore. This is how they are trying to trick people into thinking it's nothing and has nothing to do with the mark of the beast as exactly described in the proverbs in the end of the new testament. Eventually we won't be able to buy or sell anything without it. Not sure why they were calling the book of Revelation, Proverbs. Surely they just messed up on that.

People who don't believe in God are trying to get these chips inside of you. Pretending that they love and care about humanity. Without God there is no love. They are using convenience as one way to get people on board. Another way is science and technology linked in with supposed medical purposes or benefits.

## HYDROGEL

The following research is from Defense One written by Patrick Tucker March 3, 2020:

Defense One News

### A Military-Funded Biosensor Could Be the Future of Pandemic Detection

~2-4 mm

AA FONT SIZE + PRINT PROFUSA

If it wins FDA approval next year, the two-part sensor could help spot new infections weeks before symptoms begin to show.

A military funded biosensor could be the future of pandemic detection. If it wins FDA approval next year, the two-part sensor could help spot new infections weeks before symptoms begin to show.

**Why are pandemics so hard to stop?** Often it's because the disease moves faster than people can be tested for it. The Defense Department is helping to fund a new study to determine whether an under-the-skin biosensor can help trackers keep up — by detecting flu-like infections even before their symptoms begin to show. Its maker, **Profusa**, says the sensor is on track to try for FDA approval by early next year.

(When you see The Defense Department, you may as well think DARPA which is military, just like Celeste was talking about.) And the biosensor helping “trackers,” there is a lot being said there. There is a track and trace program to all of this and I haven't gotten to that part of this teaching in this series yet. I am going to cover it. They are going to do a lot of bad things within the track-n-trace system. All in the name of “saving lives.”

The sensor has two parts. One is a 3mm string of **hydrogel**, a material whose network of polymer chains is used in some contact lenses and other implants. Inserted under the skin with a syringe, the string includes a specially engineered molecule that sends a fluorescent signal outside of the body when the body begins to fight an infection. The other part is an electronic component attached to the skin. It sends light through the skin, detects the fluorescent signal and generates another signal that the wearer can send to a doctor, website, etc. It's like a blood lab on the skin that can pick up the body's response to illness before the presence of other symptoms, like coughing.

The announcement comes as the United States grapples with **COVID-19**, a respiratory illness that can present in flu-like symptoms such as coughing and shortness of breath. (Isn't that timing convenient? Just when we start dealing with COVID-19 along comes this hydrogel that is being fast tracked. Hmmm) The military is taking a leading role in vaccine research, Joint Chiefs of Staff Chairman Gen. Mark Milley told reporters at the Pentagon on Monday. “Our military research labs are working feverishly around the horn here to try to come up with a vaccine. So we'll see how that develops over the next couple of months,” Milley said. U.S. troops themselves are also at risk. A U.S. soldier in South Korea became the first U.S. service member to contract the virus, the *Wall Street Journal* **reported** in February.

The image shows a screenshot of the Wikipedia article for "Hydrogel". At the top, there is a navigation bar with "Article" and "Talk" tabs, and a search box. The article title "Hydrogel" is prominently displayed, followed by the text "From Wikipedia, the free encyclopedia". Below the title, there is a section titled "Uses" with an "[edit]" link. The main content of the article lists common uses of hydrogels, starting with "Common uses include:" followed by a bulleted list. The list includes: scaffolds in tissue engineering, hydrogel-coated wells for cell culture, environmentally sensitive hydrogels (Smart Gels), injectable hydrogels for drug delivery, sustained-release drug delivery systems, providing absorption and debridement, and hydrogels responsive to specific molecules like glucose or antigens. A second bulleted list follows, detailing various applications such as contact lenses, medical electrodes, water gel explosives, rectal drug delivery, quantum dot encapsulation, breast implants, glue, soil moisture retention, wound dressings, topical drug delivery, mimicking animal tissues, and thermodynamic electricity generation.

Hydrogel – Uses, Common uses include: (I am not going to read them all)

Scaffolds in tissue engineering. When used as scaffolds, hydrogels may contain human cells to repair tissue. They mimic 3D microenvironment of cells.

Hydrogel-coated wells have been used for cell culture.

Environmentally sensitive hydrogels (also known as “Smart Gels” or “Intelligent Gels”). These hydrogels have the ability to sense changes of PH, temperature, or the concentration of metabolite and release their load as a result of such a change.

Injectable hydrogels which can be used as drug carriers for treatment of diseases or as cell carriers for regenerative purposes or tissue engineering.

Sustained-release drug delivery systems. Ionic strength, pH and temperature can be used as a triggering factor to control the release of the drug.

Providing absorption, desloughing and debriding of necrotic and fibrotic tissue

Hydrogels that are responsive to specific molecules, such as glucose or antigens, can be used as biosensors, as well as in DDS.

Disposable diapers where they absorb urine, or in sanitary napkins.

Contact lenses (silicone hydrogels)

EEG and ECG medical electrodes using hydrogels

Water gel explosives

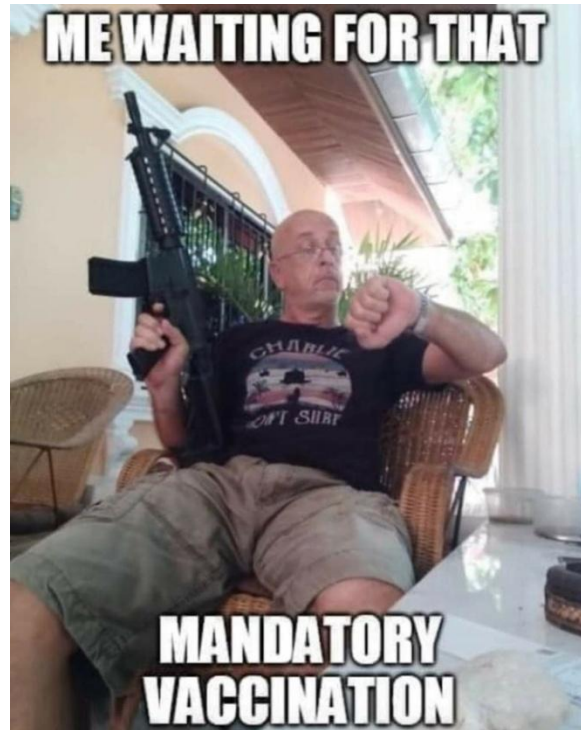

Rectal drug delivery and diagnosis

#### ENCAPSULATION OF QUANTUM DOTS

So this is a real thing and notice the terminology in the mix: "Smart Gels." That goes right along with the smart technology, the smart grid. All of this smart stuff is gonna make us smart. Smart as in pain.

Interesting with what we learned last week about the luciferase and quantum dots that Bill Gates and Rice University had worked on and want to use to help identify what vaccines a person has had. Now we see the quantum dots in relation to hydrogel.

## CLOSING

I would advise you not to ever get chipped. It is not God's way, not natural and my former research was showing that many people that do it are getting infections and cancer. Don't believe them when they say, nah, there is no tracking device in it.

Is ntag216 the mark of the beast?

**Revelation 13:16-18** - And he (the false prophet or "it") causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads (or on their right hand, or on their foreheads): And that no man (no one) might buy or sell, save (except) he that had the mark, or the name of the beast, or the number of his name (or the number of its name). Here is wisdom. Let him that hath understanding (insight) count the number of the beast (calculate or solve the number of the beast): for it is the number of a man; and his (it's) number *is* Six hundred threescore *and* six (666).

No 216 (6x6x6) is not 666. If that were true then 18 could also be 666 because  $6+6+6=18$ . We are not going to have to get creative with our math to see that

number. The Bible tells us straight out that it is 666. 216 is not 666. We are not going to have to do gematria/witchcraft math to figure it out. Some say that 666 in the Bible is gematria because you get the number in regards to a man. I still believe it will be plain to see and it will be 666 straight forward.

There is a piece of information that we have been overlooking in our watching out for the mark of the beast. Verse 16 says that the false profit will cause everyone to receive the mark. When the time comes that they are implementing the mark of the beast worldwide, then we should see someone like the pope pushing for everyone take it. He seems like the best candidate for that role to me right now. The Jesuits have a black Jesuit Pope that actually runs everything. He is the Jesuit Superior General. To me however, no one recognizes him as much as the out front pope. And this pope, pope Francis is also a Jesuit. He is ruling over satan's church because when the Mystery Babylon religion that Nimrod and Asherah/Ashtaroth started, when it went underground, it surfaced in the Roman Catholic Church which became the face of Mystery Babylon. Everything they do is cleaned up versions of rituals and sacrifices for the public to participate in.

For people that have been chipped against your will, it is not the mark of the beast. No one will be considered to have received the mark of the beast if they were truly saved and fought against it. They cannot just catch you and brand you with a hot iron bearing the mark or put a tattoo on you or jab a needle into you and then you be considered to have taken the mark of the beast. It will be voluntary just like choosing to serve Jesus Christ is of your free will. However,

once you take the mark, then satan will take your free will and you will do what he says. He will take your mind. That's what the nanotechnology from the chemtrails is for, building that base inside of you and the a.i. plays a part in the total take-over of the mind. The a.i. is running off of dna and once you have taken the mark you will be completely taken over by satan.

Look at so many things that have been revealed to us already: luciferase, nanotechnology, quantum dots, microchips, rfid, vaccines, gmo's, chemtrails, frequencies. These are weapons in satan's arsenal that he is using against mankind. When you see their research and the things they have been up to, there is a reason and purpose behind it. If you think, they spent all that money for nothing, not to use it against us, think again. We have not recognized our enemy in the past but now we can see him more clearly. The luciferians are ruling the world with their money and they have satan's blessing.

We are not at the mark of the beast yet, we don't see one public figure ruling the world. That figure is going to be the antichrist. That is when the mark will go out. And if you do not take the mark of the beast and never came to Christ then you just got your head cut off for no reason. You will still die and be damned eternally to the lake of fire.
