

CORONAVIRUS – Part 23: CHIPPED, CONTROLLED, CASHLESS SOCIETY

*Please play from 19:06 to 22:05 and from 28:17 to 29:06 and from 31:31 to 32:20 Alex Jones interviews Aaron Russo in 2007. Aaron was a businessman who once ran for governor of Nevada, he shares about information he learned from Nick Rockefeller. He shared the goals of the world banking industry. They have a communist manifesto. The central bank plans everything. America used to print its own money. Then the Federal Banking Reserve came in, a private bank, and began to loan money to the government. Then the government began to tax the people to pay back the interest to the bank. Their goal is to create a one world government that is run by the banking industry. They want to put an rfid chip into every person and stop the use of paper money. All money would be recorded on each person's chip and anytime they want to take money from you or say you owe something they can just deduct it from your chip. If you participate in a protest or something against them, then they can just turn off your chip. When they do that you can no longer buy groceries or participate in society. This is digital currency. The chip is connected to their database which stores all information about every person on earth. / He asked Nick why he was part of all of that. He said you have all the power you need, you have all the money you need. What is the point, what is the end goal? He said the point of it all was to put a chip in everybody and have TOTAL CONTROL. He explained that many of the people on the Council of Foreign Relations (CFR) believe they are doing the right thing. America is really becoming a socialist country – **STATED 13 YEARS AGO!!!** They have managed to instill socialism in America already and convince us it is capitalism. / The whole thing is they control the money so they make all the rules. *(about 5 min's)

Thank the Lord for people like Aaron who come forward and tell deep truths like this and expose their plans openly. Interesting he died the same year he did the last interview with Alex Jones. Supposedly he had a 6 year bout with cancer.

Remember, even with the nano inside of all of us, they still need a chip to complete the circuit. Everything is being run by the banks and behind that is the Rothschilds. Eliminating cash and chipping everyone gives them more control. In

that scenario, if you do something they don't like, then they just turn off your chip and just like that you can't participate in society anymore. You can't buy groceries, can't pay your light bill, can't buy gasoline and unless you are self sustainable, you're done. All you can hope for if you are still here at that point is to be able to barter in exchange for the things you need. For those that don't take the mark you will be outside the system. You will need to network with others that also did not take the mark in order to try and survive. And watch out because the ones who did take the mark will be telling on you to get you taken out.

1 Tim.6:10 - For the love of money is the root of all evil (is a root of all kinds of evil): which while some coveted after (craving for it / greedy for it), they have erred from the faith (they have wandered from the true faith), and pierced themselves through with many sorrows.

The ones carrying out this agenda are the ones that serve money.

I saw this comment while I was out online researching from Rock Lover: Corbet Report latest...micro chipped vaccines. Digital Passport cashless society monitoring by 5G stored on JEDI. Research 'JEDI Cloud Contract Microsoft' and wonder how the few will control the many. JEDI is SKYNET. Aaron Russo warned us this was how the few controlled the many.

So I looked up Skynet. I had watched this movie but had really forgotten or maybe never caught on to what it was really about. It makes a lot more sense to me now. Skynet: Neural net-based artificial intelligence. In the original 1984 movie, Skynet is a revolutionary artificial intelligence system built by Cyberdyne Systems for SAC-NORAD. The character Kyle Reese explains in the film: "Defense network computers. New... powerful... hooked into everything, trusted to run it all ((there's our 5g and beyond and nano technology, frequencies)). They say it got smart, a new order of intelligence"((There's all of our smart technology)). According to Reese, Skynet "saw all humans as a threat; not just the ones on the other side" and "decided our fate in a microsecond: extermination". It began a nuclear war which destroyed most of the human population, and initiated a program of genocide against survivors ((They have been exterminating us since they killed all the Hebrew males back in the time of Moses.)). Skynet used its resources to gather a slave labor force from surviving humans((That's what we just heard from Aaron, they want us to be their slaves)).

Under the leadership of John Connor, the human resistance eventually destroyed Skynet's defense grid in 2029 ((Look how close in to that date we are)).

Did you know they had terminators named Terminator Genisys and Terminator Salvation. Always mocking God. This movie was released in 1984. How fitting was that. 1984 is one of their major play books.

Research eugenics and genocide and you'll see how they have carried the killing all the way up to modern times. I did not know that in the early 20th century we had 27 states that had legalized genocide. If you didn't make certain grades they would sterilize you and if you had certain physical handicaps they would euthanize you. I watch Alex Jones' "End Game" and learned about that. Now I believe Alex is a skill that they use to get the truth out to us.

Please play from 1:58 to 2:48 China's surveillance, a blacklisted Uyghur (we-ger) can't go anywhere or do anything. He is targeted by the government. If he scans his card in other places, they round him up and take him away. Says he just wants to die.(about 1 min.)

China's surveillance, a blacklisted Uyghur (we-ger) can't go anywhere or do anything. He is targeted by the government. If he scans his card in other places, they round him up and take him away. Says he just wants to die. His card is like those chips. If you misbehave then you can't do anything and you become a prisoner in your own home.

*Please play from :39 to 1:11 5g is the way they are going to connect everything into the IOT (internet of things) the smart grid.

<https://www.youtube.com/watch?v=3rgDCkt-w70>

Please play this video – lady shares about smart meters and how all appliances will eventually have “smart” components and how all of this will report back to a main hub so you can get billed for your usage. This will mean lots more frequencies shooting through your home and neighborhood. Radiation increase. They are damaging to all forms of life. Tom Wheeler, FCC chair and lobbyist talks about rolling 5G out with massive amounts of cell transmitters being put up. Says 5G is a national priority. Says it will not be tested, “the future has a way of working itself out.” He says 5G is for more than just urban areas, says it will touch all corners of our country.(about 5.5 min's)

<https://www.youtube.com/watch?v=6VBrnfPJui8&feature=youtu.be>

Tom Wheeler, who was the 31st chairman of the FCC, said that they will be using much higher frequency ranges with the 5g. They didn't say, oh we will stay in the low ranges where it isn't as bad – still harmful but not as bad or fast, he said they would be using it in the **HIGHER FREQUENCY RANGES**. Those are very harmful. He talked about using these higher frequency bands with satellites and military. Let's be clear about this, 5g and beyond is a militarized weapon system.

He said 5G means sharing between satellite and terrestrial wireless. Sending and receiving and that includes sending into your body and brain and receiving from your body and brain. If something can be connected, it will be connected. People think they are only talking about gadgets and electronics but they will connect you as well. That is part of the role of vaccines to get the metals and nanotechnology into you for connection and control. 100's of billions of microchips connected from pill bottles to plant water, and what he conveniently left out was it will be in humans also.

Just imagine us as antenna's because dna is an antenna and if people are chipped it just solidifies the reporting in. Your dna will report in and they are already sending and receiving to and from us. The chip is an extra added feature that completes or locks down the system tighter. Just like how they will be able to remotely turn off your power if you don't pay the bill, they will be able to turn you off remotely too because you will be connected into the grid.

Please play from 4:23 to 4:34 The sci-fi short film "Nano" – the tv debate, the former Texas ACLU representative says, until every American as an IP address that can be tracked, monitored and switched off at the push of a button. The lady starts to say, a necessary precaution...(about .5 min's)

<https://www.youtube.com/watch?v=TAHGZSeGVww>

They had this man playing the role of being against everyone being chipped but in reality our governments are working to implement this very thing. See how much they show us in movies.

*Please play from 22:08 to 25:05 Dr. Shiva talks about no voter id to get a ballot and anonymous ballot harvesting and how that correlates to the pandemic. This is a bill they are trying to pass and it is tied with a provision for going cashless, creating a digital currency. The coronavirus is a plan and they are using it to put

all of their agendas into place. Eliminating all borders. When they do away with cash, because they are saying they don't won't to spread germs by using the money, then they will essentially going to negative interest rates. They own our money, nothing is tangible, everything is tracked, everything you use is monitored. 5G will allow them to put cameras everywhere. They don't want to talk about healthy immune systems because they have polluted our air, water and food. So they would rather hype this "event" quarantine you and vaccinate you.*(about 3 min's)

This was from April of this year and please understand this is a Masonic news channel I have already exposed. That Dr. had his own agenda but he was telling truths there. I wanted you to see how they attached a law to pass digital currency in with no voter id required.

CLOSING

Please play from 12:15 to 13:10 Cash machines (ATM's) to disappear within a decade – posted in 2017. The more we keep using contactless payments the closer the luciferians are to achieving a cashless society. If you are on the smart grid, they can cut your electricity off in an instant and if we were a cashless society, they can also manage your money in the same way and just cut it off too.(about 1 min)

<https://www.youtube.com/watch?v=3rgDCkt-w70>

They pretty well know our every move here in America already. But they want tighter controls on us. Eliminating cash means they can track every single thing you do with your money electronically. Right now you can still give birthday cash, or leave a cash tip at a restaurant or pay someone to mow your yard in cash. You can still give at church in cash or loan someone money without it being tracked. But once we go digital every single thing we do will be monitored.

Some things have been implemented and you had no choice. Like direct deposits from employers. Some employers don't offer any other option. You want your check then you get an account.

Matt.6:24 - No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon (You cannot serve God and be enslaved to money).

There is a spirit of mammon and those that lust after money are enslaved to it. Satan has rewarded the rich of this world to keep them away from God. If you follow the money you will find the ones who are ruling this world for Satan. The Rothschild's being at the top of that list. They are abominable to God. You just learned of their plan that they are carrying out with the other ruling Luciferians. They want to enslave and control all of humanity. Never willingly get a chip implant and stop all vaccines. Never take the mark of the beast or you will be damned to hell for all of eternity. When you are told you can no longer buy or sell unless you take this (whatever it is) then you will know it is the mark.
