

CORONAVIRUS –Pt 24: CASHLESS SOCIETY, COIN SHORTAGE, FLEUR DE LIS

CASHLESS

I'm sure you all heard the hype about how dirty money is and how long coronavirus can live on the surface of cash. I've seen from 9 days till 28 days and everything in between. Getting us to a cashless society is a big driver behind the news reports that have been pushed out to drive fear into people about cash.

Remember, the media is satan's propaganda machine.

When they first rolled this out they ran the news reports about how dirty cash we began to see signs like this pop up:

If i walk into a shop that does this i will walk back out. Cash is legal tender and if we cave into this rubbish we cave into the cashless society. Reserve your right to hold cash. If we don't we will be slaves even more than we already are. BOYCOTT no matter how inconvenient it is.

This post says: If I walk into a shop that does this I will walk back out. Cash is legal tender and if we cave in to this rubbish we cave into the cashless society. Reserve your right to hold cash. If we don't we will be slaves even more than we already

are. BOYCOTT no matter how inconvenient it is. This was at Whole Foods: Cash not accepted. Credit, Debit, EBT only. No cash back.

Kentucky Fried Chicken: To serve you better, we've gone cashless. Thank you for your understanding. Many of these places did this almost immediately.

A facebook post: [Jeff Gante](#) I agree that one (of many) of the possible objectives for the Elite creating this Pandemic is to move us into a cashless society..."It's for your own good so nobody gets the virus through cash handling." It makes perfect sense to the average person who has never researched "conspiracies".

I wouldn't doubt if they outlaw cash "for public safety", and then conveniently make it permanent as the dust settles.

This is a Danish retail chain advertising that they will not be accepting cash.

Facebook post: The notice is about the store being cashless and the caption says: They want you scared of cash and other people. All part of the agenda. They

want a cashless and tagged society. It is incredible to me the sheer scope of lack of mental and intuitive abilities that people are even complying with this nonsense. Microorganisms are LITERALLY everywhere. They are a part of our life! They break down wastes and do not cause disease. I feel like I'm living in the twilight zone.

This was on facebook in the early stages of the coronavirus when we were on the first lockdown. They really are pushing hard for the cashless society. Pastor Dalbeer said, “yes they have done less cash stuff. They are making India all digital transactions but many of the people are not aware of it.” And many of them are not set up for electronic or online banking. They don't even have computers or smart phones. But early on in this teaching series we brought out how they plan to get everyone a digital identity even if they don't have a computer or smart phone. They will use their biometric data to identify them.

In the initial stages of this coronavirus, Pastor Erustus had advised that their government was trying to make them do their shopping online. Where he lives the people are not equipped to be able to do that.

Youtuber Prepper Camper brought this next piece of information to my attention.

Testing Will Begin In Africa For Biometric ID, "Vaccine Records", & "Payment Systems"

ADVERTISE

Fri, 07/17/2020 - 22:45

Zero Hedge published this article dated 7/17/20 – “Testing Will Begin in Africa for Biometric ID, “Vaccine Records,” & “Payment Systems” by Tyler Durden.

I think it is interesting the message that Zero Hedge is sending out to the brotherhood or “The Firm”. They are sporting the luciferic all seeing eye or illuminati eye of horus the sun god who is satan. And they use the greek letter theta for their logo. Theta is also a type of psychic programming in MK Ultra. They are speaking without saying a word.

No idea about what country or what date so that’s vague. Watch out for things like this you guys.

They are completely illuminati.

Mrs. Joy had shared with me some years ago about the alters they create in the MK Ultra mind control program. Here is a little piece of an online chat among people that have experienced MK Ultra: ...this is deep programming called beta , done by brainwave programming, there are others, like delta, assassin alters, and others like psychic, theta..

THETA PROGRAMMING

⊙ — **THETA**-PROGRAMMING = Considered to the “psychic” programming. Bloodlines (those coming from multi-generational Satanic families) were determined to exhibit a greater propensity for having telepathic abilities than did non-bloodlines. Due to its evident limitations, however, various forms of electronic mind control systems were developed and introduced, namely, bio-medical human telemetry devices (brain implants), directed-energy lasers using microwaves and/or electromagnetics. It is reported these are used in conjunction with highly-advanced computers and sophisticated satellite tracking systems.

A = ALPHA-PROGRAMMING

B = BETA-PROGRAMMING

Γ = GAMMA-PROGRAMMING

Δ = DELTA-PROGRAMMING

Θ = THETA-PROGRAMMING

Ω = OMEGA-PROGRAMMING

Alpha to Omega programming. This is dealing with brain waves, neurons and frequencies. Remember they have programmed people to believe they are Christians, some believe they are the coming Messiah and all sorts of stuff. They have many people that have been programmed with End Times alters inside of them. At the right time, or cue or event or what have you, they will do what they are programmed to do. Just like the Manchurian Candidate.

This is the Cover of The Economist: Get ready for a world currency. Notice it is a phoenix. The luciferians love the phoenix because to them it is a picture of lucifer. They say the phoenix rises from the ashes just as they believe lucifer will rise in the end times to fight against God. Notice the cash is on fire and the phoenix is standing above it all. They show a ten Phoenix coin here dated 2018.

Guess who is part of the Economist Group who owns the Economist Publication – Rothschild. The Rothschilds love to put their plans out for us as they know most are still asleep to it all and they think they are unstoppable.

In Ancient Greek folklore, a **phoenix** (*/ˈfiːnɪks/*; Ancient Greek: φοῖνιξ, *phoînix*) is a long-lived bird that cyclically regenerates or is otherwise born again. Associated with the sun, a phoenix obtains new life by arising from the **ashes** of its predecessor. Some legends say it dies in a show of flames and combustion, others that it simply dies and decomposes before being born again.^[1] Most accounts say that it lived for 500 years before rebirth.^[2] Herodotus, Lucan, Pliny the Elder, Pope Clement I, Lactantius, Ovid, and Isidore of Seville are among those who have contributed to the retelling and transmission of the phoenix motif. The phoenix symbolized renewal in general, as well as entities and concepts such as the Sun, time, the Roman Empire, Christ, Mary, and virginity.^[3]

In Ancient Greek folklore, a phoenix is a long-lived bird that cyclically regenerates or is otherwise born again. Associated with the sun, a phoenix obtains new life by arising from the ashes of its predecessor. Some legends say it dies in a show of flames and combustion, others that it simply dies and decomposes before being born again. Most accounts say that it lived for 500 years before rebirth. The phoenix symbolized renewal in general, as well as entities and concepts such as the Sun (notice the word sun is capitalized – as in the sun god – Lucifer), time, the Roman Empire, Christ, Mary and virginity. **Christ has no symbols nor does Mary.** Notice the halo of sun rays above it's head.

The phoenix on the gable roof of the baroque house *Maison de la Louve* in Brussels.

Maison de la Louve – is French and means “House of the Wolf.” Kind of creepy to note that maison which means house is very close to the word mason and also

mansion. And the word louve which means wolf is one letter away from the word love. Look around at what the world calls important buildings or buildings they consider to be prestigious because you will find gargoyles, fallen angels, satanic leaders and all things luciferian.

The phoenix is one of the freemasons symbols because it represents their god lucifer. On the right: One of Russia's symbols. They say this is a double headed eagle but it is a phoenix.

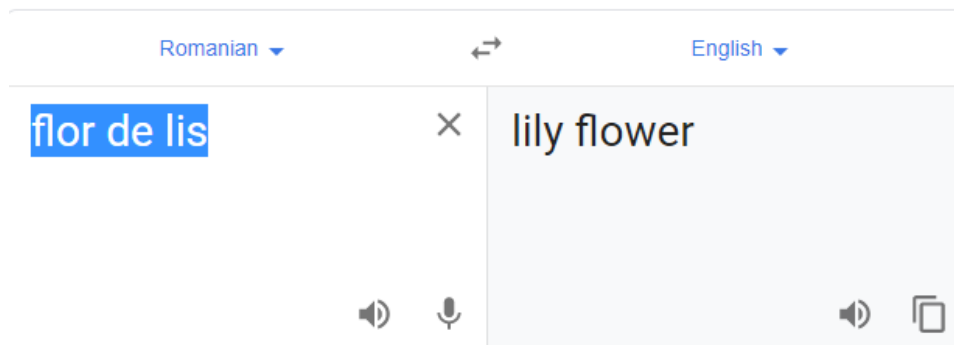

The London 2012 Olympics. They had a phoenix hovering above flames of fire at the closing ceremony. They use these events to do rituals involving those that attend even without their knowledge. They also do their true rituals under cover of the Olympic event. There will be so many people in town that no one will be

suspicious of their luciferic rituals and sacrifices. Remember the Olympics are held in honor of Zeus and as well the other greek gods and goddesses.

Now let's look at what is resting on top of it's head.

In Romanian, flor de lis but in English it means lily flower.

Let's look at a passage of scripture about a vessel used in service to God called the sea.

2 Chron.4:5 - And the thickness of it *was* an handbreadth, and the brim of it like the work of the brim of a cup, with flowers of lilies (like a lily blossom); *and* it received and held three thousand baths.

In the Geneva Bible in a side margin it states: floure de Iyaes

The symbol has rich religious and spiritual meaning. Allegedly, the fleur de lis also represents the Holy Trinity in the Church. The three petals of the design reflect this, with the band at the bottom symbolizing Mary. Until about the 1300's, the fleur de lis were found in many depictions of Jesus.

That is a straight lie that has been told to the church. Remember the Roman Catholic Church worships Asherah as Mary. This is nothing more than a lie out of the Mystery Babylon religion. Of course they have this symbol held in reverence because it represents their false goddess, the mother of harlots.

Nimrod / Tammuz – baal – the sun god. He existed before the time of Christ on this earth. L: Notice what is sitting on top of his helmet. R: Notice at the base of this tree there is the little vegetation sprouting again or also the symbol of the flor de lis.

SAINT LOUIS UNIVERSITY

**Higher purpose.
Greater good.™**

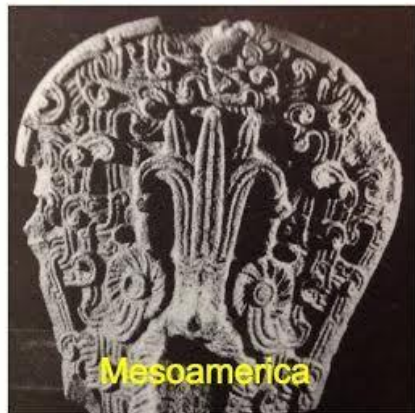

This is a Jesuit University. IHS does not stand for “in His service” as they want you to believe. Rather it stands for Isis, Horus, Set – a false trinity of satan’s. Ad Majorem Dei Gloriam means: as the greatest honor. Notice there is a little crown in the middle. That is for the sun god, baal. Cross and crown or cc = 33 in their witchcraft math / Pythagorean numerology.

How can this be for Christ and Mary when it was before the time of Christ on earth and before Mary also.

Here we see a nearly 2000 year old Kshatrapa Dynasty coin from ancient India. The flor de lis is associated with French royalty.

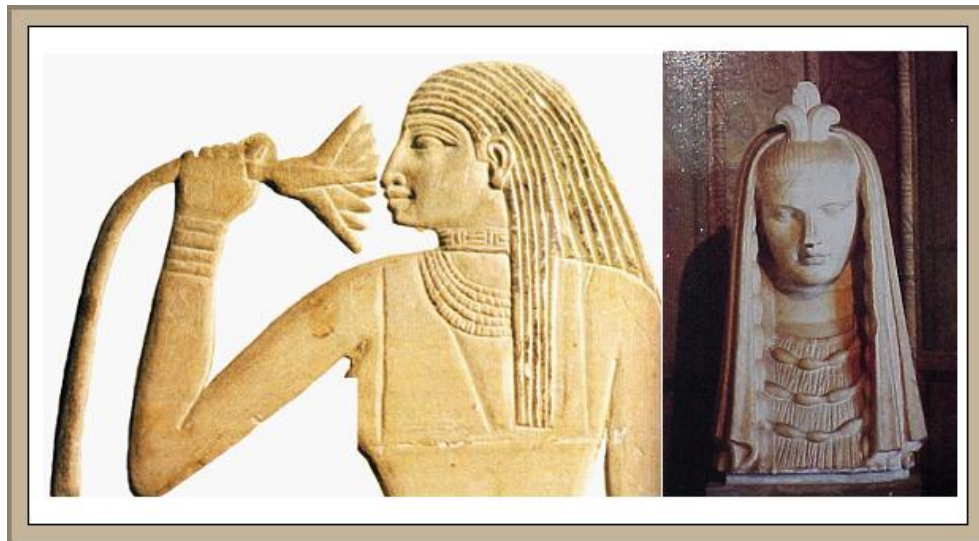

Temple at Esna or ancient temple of the Egyptian god Knem. Look at those columns and you see the fleur de lis in the form of vegetation sprouting.

He is considered to have been worshiped from at least the nineteenth century BC. Later he became a vegetation god concerned with fertility of the land. From the mid-sixteenth century BC in the Egyptian New kingdom, Baal enjoyed a significant cult following, but the legend of his demise and restoration was never equated with that of OSIRIS. Pagans worship the changing seasons and Tammuz, a reincarnation of their sun god Nimrod, is worshipped in the spring time as a god of vegetation. **Christians know there is no such thing as reincarnation.** They were worshipped as sun gods together because of the story Asherah made up about Nimrod's spirit going to the sun. That's what this is all about. 3 prongs on the flor de lis representing satan's false trinity.

Isis. This is supposed to be a lily that she is holding.
R: Notice the flor de lis on her head.

These are depictions of what is called St. Joseph's Day where the Catholic Church celebrates their sun gods. The deceived Christians think this is Joseph and baby Jesus but it truly is a picture of Nimrod and Tammuz. See the sun halo's around their heads. That doesn't indicate righteousness but rather the sun as in divinities of the sun. What I wanted to show you is how each picture has lilies in it. That is

because she, Asherah, Diana, Isis, Athena, the mother of harlots is depicted here by the lilies. That flor de lies not only stands for satan's false trinity but it stands for the queen of heaven who is an abomination to the God of the Bible.

Ancient Egyptians revered the **lily** and entombed it with their dead. The Greeks and Romans also treasured it. According to their folklore, **Venus**, the goddess of love and beauty, was so jealous of the **lily** that she caused an elongated pistil to grow from its center, thus making it less attractive. Ancient Egyptians revered the lily and entombed it with their dead. The Greeks and Romans also treasured it. According to folklore, Venus, the goddess of love and beauty, was so jealous of the lily that she caused an elongated pistil to grow from its center, thus making it less attractive. The lily is a symbol for Isis and that is why the Egyptians revered it.

Do you think they knew what they were doing when they took a logo for satan's false trinity and put the word "saints" with it? They know but we didn't. All of our media is provided by satan – he owns them all. The luciferians know what these symbols mean, it is the language of their religion and not Christianity.

Acts 17:29 - Forasmuch then as we are the offspring of God, we ought not to think that the Godhead is like unto gold, or silver, or stone, graven by art and man's device (an image made by human design and skill).

In their gematria / numerology / witchcraft math:

GET READY FOR THE PHOENIX

**1+9+1+9+8+8 = 36. Broken down as 3 - 6's which is 666 or 666666
Vol. 36 again is the same thing repeated
page 9 is another 6 to them. Packed with 6's.**

It is interesting to note that January 9, 2021 will be 33 years since that article was published. They never seem to make their projected dates, since the coin was dated 2018. Will everything go cashless in 2021? A type of crypto currency seems to be the direction they are headed. And some say, that coin on the cover, resembles a bit coin. They have been working feverishly to get their digital identity system in place. For control and to go cashless.

Forever Free and Dawn S. had shared a video with me where three people were on a zoom call and one lady began talking about their plan to get rid of cash. She said it is just a hindrance to them and they can make more money without it. They are fast tracking trying to get rid of cash. The video is gone and I can't even find the comments where that video was shared on youtube.

COIN SHORTAGE

I saw some signs around town talking about the coin shortage. So one day I was at the bank and they had a sign posted. I tried to take a picture but I have a new camera software and it was on record and so I could not get it figured out fast enough to get my picture. So the next time I was at the bank I made Kennedy come in with me and take a picture while I dealt with the bank teller. She took two pictures. That same day Kennedy has a class with a live teacher. We have had so much electronic interference happening between us and this teacher. My e-mails are being sent under a different e-mail and sometimes the software

required for the lesson doesn't work. Sometimes our volume goes super low and she can't hear us. This particular day the program that they use was not working properly. So I was going to call Scott and make sure we had everything plugged in correctly. When I picked up my cell phone and tried to use it, it popped up some crazy message on screen about closing some app. Something that no one had been using. So I told it to close. Well my phone froze up. So I hit the back button and tried to close it again and it was still frozen. So I decided to restart my phone. This is what Scott has taught me to do when the phone starts wiggin' out. Well the phone would not come back on. When Scott got home he pulled the battery out and restarted it or something like that.

For you guys who are targeted, you recognize that scene all too well. They run interference and try to make you look crazy to other people. They just agitate and mess with you constantly. Well I thought to look for that picture Kennedy took at the bank. Guess what was gone. She took 2 pictures of that coin shortage notice at the bank and they both were removed from my phone.

The notice at the bank said there was a national coin shortage. And due to the coin shortage the bank would not be issuing coins to customers. The notice said that the customers could help by rolling their coins and bringing them in to the bank. It also said that they could only issue 1 roll of coins per denomination to commercial account customers.

See their plan to gather up all the coins. The "don't issue" any more coins is coming from the top. It's just part of their agenda to bring in the New World Order. Establishments like the World Bank, the Federal Reserve which answer to the Rothschilds – the luciferians give the orders to carry out their plans. So the banks are working to stop the flow of coins and gather up what they can. I mean seriously, why would a virus cause a coin shortage? It is orchestrated.

Notice posted at The Home Depot. National Coin Shortage: If possible, please use exact change for cash transactions. We apologize for the inconvenience. Pay with debit, credit, check, store credit, gift card or exact change for cash transactions. All around the area where we live here in Texas the businesses posted these type of coin shortage notices.

CLOSING

Ezekiel 7:19 – They shall cast their silver in the streets, and their gold shall be removed (treated as a thing unclean / worthless trash): their silver and their gold shall not be able to deliver them in the day of the wrath of the LORD (their gold shall not be able to save them in the day of the wrath of the Lord): they shall not satisfy their souls (it will not satisfy their hunger), neither fill their bowels (stomachs): because it is the stumbling block of their iniquity (it is the thing that has caused them to sin).

Gold and silver will hold no value in a truly cashless society. The luciferians believe they will determine, through the artificial system, who gets paid and how much. It won't matter if you have silver coins or gold bars, you won't be able to barter with them in a system that is run by the small percentage of luciferians at the top levels. A merit system that is electronically maintained. Just like Aaron Russo shared with us last week, they want to put all the cash onto chips inside of

people. They control the whole thing digitally and if you don't go along with their plans they can just turn your chip off.

The luciferians have lived rich lives of luxury and plenty. But God says in the day of His wrath which is the tribulation, their silver and gold won't be able to save them. They won't be able to buy their way out of what God is going to do to them.

1 Timothy 6:10 - For the love of money is the root of all evil (a root of all kinds of evil): which while some coveted after (were greedy for money / craving money), they have erred from the faith, and pierced themselves through with many sorrows.

God says it is the stumbling block of their iniquity. That is because they loved money more than God. Their money will be useless.
