CORONAVIRUS –PT 26: CASHLESS, TRACK AND TRACE, HR 6666, TRACE ACT

I found the video that had the lady talking about getting rid of cash. Listen to this you guys:

Please play from 15:32 to 19:14 On a 3-way zoom call, one guy had a background that said World Government Summit Covid-19 & Government. A lady on that call said one of the greatest obstacles they have for growth is cash. This lady is talking about their plans to get rid of cash. She says it is just in the way and they can make more money when they do away with it. They want to purposely disrupt cash. She said eliminating cash would catapult the eco system for sure. They said it costs the economy when people use cash. She said their needs to be a disruption in "fin-tech" which is financial technology. She said if you can disrupt cash you will evolve as the next "unicorn" company. That means of \$ 1 billion + as a company. ((Unicorn is a mystical creature or new age creature that the luciferians like.)) She ended by saying that eliminating cash will boost the economy.(about 4 min's)

HR 6666, TRACE ACT or TRACK-N-TRACE

I touched on this briefly in part 22. Let's look deeper into this now. First off, you can't miss the 6's here. The luciferians love their 6's because 666 is the number of their god, lucifer. This plandemic is highly coded.

Thank you Amy Danielle for sharing an e-mail from NVIC (National Vaccine Information Center) with me which I'm about to share with you all.

Dear NVIC Advocacy Team Members,

<u>H.R. 6666</u>, otherwise known as the COVID–19 Testing, Reaching, And Contacting Everyone (TRACE) Act, was introduced and referred to the <u>House Committee on</u> <u>Energy and Commerce</u> on 5/1/2020.

Summary

H.R. 6666 provides 100 billion dollars this year and unlimited federal funding in future years to create and operate a massive and likely unconstitutional surveillance, testing, and tracing enforcement system under the guise of "protecting" Americans against coronavirus.

H.R. 6666 is a federal funding bill. It proposes to create a surveillance infrastructure that can be used by the federal government, as well as local and state governments and private businesses, to require medical testing and tracking of all citizens in violation of fundamental civil liberties as set forth in the Bill of Rights, which include the first 10 amendments to the U.S. Constitution designed to protect individual rights and limit the power of the government.

H.R. 6666 lacks safeguards and conditions related to funding of the proposed surveillance operation to prevent it from being applied to intrusive programs mandating testing and surveillance without an individual's voluntary consent. If this legislation is passed by Congress and enacted into law, it could lead to denial of an individual's right to appear in public spaces and travel; the right to employment and education or participation in government-funded services, and the right to receive care in a government funded hospital or other any other medical facility.

H.R. 6666 specifically allows for funded entities to home quarantine a person against their will, even while they are healthy. Once a vaccine is available, the testing and tracing results potentially could be used to force individuals to be injected with a COVID-19 vaccine against their will.

According to a <u>Press Release</u> from the sponsor Congressman Bobby L. Rush, "Reopening our economy and getting back to normal will be all but impossible if we do not step up our testing efforts and implement robust and widespread contact tracing," said Rep. Rush. "Until we have a vaccine to defeat this dreaded disease, contact tracing in order to understand the full breadth and depth of the spread of this virus is the only way we will be able to get out from under this."

The Devil is in the Details

H.R. 6666 would allow The Secretary of Health and Human Services (HHS), acting through the Director of the Centers for Disease Control and Prevention (CDC), to award federal grants to eligible entities to conduct diagnostic testing for COVID–19, to trace and monitor the contacts of infected individuals, and to support the

quarantine of such contacts. Through the use of mobile health units, as necessary, individuals would be tested and provided with services related to testing and quarantine at their residences.

The amount of money appropriated for fiscal year 2020 would be \$100,000,000,000 (one hundred billion dollars) and more money may be appropriated by Congress as necessary for any subsequent fiscal year during which the emergency period continues.

A grant recipient may use the federal grant funds, in support of the above referenced activities to hire, train, compensate, and pay the expenses of individuals; and to purchase personal protective equipment and other supplies.

H.R. 6666 Does Not Guarantee Privacy

Section 2 (e) of H.R. 6666 is entitled "Federal Privacy Requirements", but it does little to protect privacy. It states that "Nothing in this section shall be construed to supersede any Federal privacy or confidentiality requirement, including the regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (<u>Public Law 104–191</u>; 110 Stat. 2033) and section 543 of the Public Health Service Act (<u>42 U.S.C. 290dd–2</u>).

In actuality, H.R. 6666 offers few privacy protections for Americans who will be surveilled and tested without their consent under programs funded with this grant. In fact, Americans can expect their privacy to be violated under TRACE funded programs. That is because the Health Insurance Portability and Accountability Act of 1996 (<u>HIPAA</u>) <u>45 CFR 164.512(b)(1)(i)</u> has always allowed disclosure of private health information to government officials and other government approved entities including foreign governments without the knowledge or consent of the individual for the purpose of conducting public health surveillance, investigations or interventions.

Bill of Rights Cannot Be Suspended During A "Public Health Crisis"

The Bill of Rights in the U.S. Constitution cannot be set aside by the federal government or state governments during pandemics or other public health emergencies. In <u>The United States Statement of Interest in Support of Plaintiffs</u>, filed by the Department of Justice (DOJ) in <u>a case</u> last month in which church

goers attending a drive-in sermon were issued citations for violating an <u>executive</u> <u>order</u> in Mississippi, the DOJ stated;

"There is no pandemic exception, however, to the fundamental liberties the Constitution safeguards. Indeed, "individual rights secured by the Constitution do not disappear during a public health crisis." In re Abbott, --- F.3d ---, 2020 WL 1685929, at *6 (5th Cir. Apr. 7, 2020). These individual rights, including the protections in the Bill of Rights made applicable to the states through the Fourteenth Amendment, are always in force and restrain government action."

H.R. 6666 sets the stage for multiple violations of our constitutional rights.

The <u>4th Amendment</u> right of American citizens is to be secure in their persons, houses, papers and effects against unreasonable searches and seizures. The proposed law would provide government funding of entities that create and implement programs to trace and monitor healthy people potentially exposed to the coronavirus. However, the bill does not allow individuals to exercise their Constitutional right to be safe in their homes free from warrantless government intrusion, and does not provide for voluntary refusal of testing and monitoring by a government funded entity. The bill also does not set forth how the contacts of persons with COVID-19 will be traced and whether the Constitutional rights of those infected with COVID-19, as well as their contacts, will be upheld.

The <u>5th Amendment</u> of the U.S. Constitution guarantees that no person shall be deprived of life, liberty, or property, without due process of law. This legislation provides government funding of entities that will enforce testing and potentially enforce vaccination of healthy individuals, who are suspected of having come into contact with COVID-19 positive persons whether or not they are exhibiting symptoms, without requiring the voluntary consent of the individual.

The <u>8th Amendment</u> prohibits cruel and unusual punishment of citizens. The proposed law provides government funding to entities that will create and implement programs that trace, monitor and support the enforced quarantine of healthy individuals, who are suspected of coming into contact with COVID-19 persons, whether or not they are exhibiting symptoms and whether or not they may already be immune.

The <u>9th Amendment</u> of the U.S. Constitution bestows upon the people rights not specifically set forth in the Constitution. H.R. 6666 provides funding for entities to

create and implement undefined "related activities" to COVID-19 testing and unnamed "other purposes."

H.R. 6666 should be opposed because it provides federal funding to entities to create and enforce unrestricted surveillance, testing, tracing and quarantine mechanisms and has no set end date. There is simply no way to know how many inalienable rights protected under the U.S. Constitution could be infringed upon or taken away from citizens if this bill becomes law.

To authorize the Secretary of Health and Human Services to award grants to eligible entities to conduct diagnostic testing for COVID–19, and related activities such as contact tracing, through mobile health units and, as necessary, at individuals' residences, and for other purposes. May 6, 2020

Look at this part of HR 6666: To authorize the Secretary of Health and Human Services to award grants to eligible entities to conduct diagnostic testing for COVID-19, and related activities such as contact tracing, through mobile health units and, as necessary, at individuals' residences, and for other purposes. "Other purposes" is pretty vague and wide open for their wicked schemes.

This next video is going to give us a clearer picture of how they are going to use this Trace Act.

Please play from 1:02 to 9:53 and from 14:44 to 15:05 and from 23:41 to 24:20 This video shows Ireland's covid-app and track-n-trace plans. It is an app that will be on your phone where you will have to show it at places that require to know if you are negative for covid. They show a check point scene with Will Smith from the movie "I Am Legend." He is scanned and found to be healthy but his wife doesn't pass her scan and the military is detaining her. Then Will's character pulls rank and makes them scan her again and this time she gets a clear signal and is able to pass through. The idea with the covid app is that you will eventually have to show that you are not positive for covid in order to participate in society. They show how they are using these apps in China and a guy received a code red for no reason. He had to quarantine and then a few days later for no reason his code turned green and he could participate in society again. All of this information is said to be a government app or program but is at the same time reported to police too. The police are receiving this information instantly. They show how the tests on the app will expire and this will force people to constantly be retesting to get an updated digital health certificate. They show another quick covid test that also works with an app. Then they show a man that is locked in a high rise building with other people even though he has tested negative he is not allowed to leave the building. Police are keeping him shut in. / The app is going to work in harmony with government contact tracing apps and contact tracers. When a vaccine is available you will be able to display your vaccination status. The app has a diary where you can keep a record of your travels and events you have attended. / They show police using drones to police people. Shows a man being interrogated for speaking against the government.(about 10 min's) https://www.youtube.com/watch?v=N81ve_NH7-c

Thank you Monica C. for sharing that with us.

Remember we talked early on in this series about COVID and someone was saying it stood for: certificate of vaccination identification. It's making more sense as we move along in this plandemic.

Notice how the checkpoint scene from the movie "I Am Legend" was chaotic and high stress. The sick woman was just trying to get someone to take her baby to get it to safety and no one wanted to. Then Will and his wife were separated and the military was flexing its muscles to split up his family. Only because he pulled rank did they shoot her again with the temperature gun and she was cleared to move through. Remember they always show us their plans in their movies. If not this time, be ready because they want to bring it to this point. A young lady who used to go to church here said she had a friend in the military and she was asking them about turning on American citizens and he said he was just going to follow orders.

Notice the reporter guy said that the app was supposed to be a government program but that he found out the information was immediately sent to the police at the same time. They are informed because they are the watchdogs to enforce quarantines and fines and restrict movement. When they move to martial law the information will still be reported in the same way it will just go to the military as well. Because the surveillance system is ultimately a weapon against us, I believe the information will go out to all agencies, as it will be in the central database.

With this system in place they will just keep making us get tested over and over to keep participating in society. They control the system. If you stand for Christ and recognize the world governments as the anti Christ beast system, what do you think your chances of being positive for Covid through this app are going to be? It will be used to shut people up and limit their mobility and ruin their lives. It is the ultimate targeting system.

Please play from 38:52 to 40:22 Jane Burgermeister shares from 2009 about their pandemic plans and their (the luciferians) plans for us. She talks about them injecting people with the virus while pretending it is a vaccine to help them be healthy. She said once the disease is in your bloodstream there is nothing you can do about it. The guy conducting the interview clarifies that she is talking about two different scenarios: the genocide scenario and the total control scenario. She agreed. Then she talks about the surveillance system the "WHO" (World Health Organization) already has in place. She said as soon as we get our nano chips with all of our health information on them, that they will be able to track us by satellite and computers for the rest of our lives even if we survive.(about 1.5 min's)

https://www.youtube.com/watch?v=PelTWCUmTsU

They want total control. They have this surveillance system in place already and are adding more to it all the time. They want those nano chips in us. They want to be sure they are in us through forced vaccination, if not this time they will just keep creating more scenarios and rolling them out on the world to get the world to comply. They are about genocide and total control. The same applies to their survelliance and tracking us, they keep updating their system and bringing more areas online with it all the time. If they don't achieve their goals this time, there will be a next time. There will just be another fake war that they funded, another viral outbreak, another event that works for their plan of a NEW WORLD ORDER.

CLOSING

From the beginning of this plandemic they have rolled right over our rights. And many people are fine with it as they have bought into the tag line "stay home and

save lives" or "follow the science." The science is paid for by the luciferic beast system to deceive the masses. Our rights, our freedom, our privacy has all gone out the window. They have been very crafty in how they have framed this whole thing around saving lives and caring about our fellow man. If you don't wear the mask you don't love people and are a killer. If you have a problem with quarantining while you are perfectly healthy then you are a hater of society.

Rev.13:12 - And he (it / the false prophet) exerciseth all the power of the first beast before him (on its behalf), and causeth (makes / forces / requires) the earth and them which dwell therein to worship the first beast, whose deadly wound was healed.

Some of the translations say "it" when referring to the false prophet. All I can make out of that is that what appears to be a human may not be. The best looking candidate for the false prophet so far has been the pope. He leads what is called the "mother church." It is named for Asherah, who was Nimrod's wife and mother and started the mystery Babylon religion that all the world participates in today. In Rev. chapter 17, she is called "Mother of harlots." So "mother" church does fit. She is the religion who caused everyone to cheat on God. She caused the world to serve satan. The Roman Catholic Church Christianized all things pagan, and said that they are good for Christians, when all the while they are an abomination to God. Go to the church website, to the sermons page and look up Christmas and Easter and learn the truth about the Babylonian holidays that the world celebrates.

Now the false prophet forces / requires those that live on the earth to worship the first beast. There is no freedom in being forced to do something. The first beast in various translations is also called an "it." It is a combination: a person or something that appears to be human and a system which is the world governments also called the beast system. So the false prophet will head up the New World Order religious system. There will be one religion. Only one will receive worship on the earth at that time. That is satan because the antichrist and the false prophet worship him and he is the one who gives them their power. Remember satan wanted to be God and he wanted even Jesus to worship him. He will force the ones who love this world and love their lives to worship him. He will never be God. God gives us freewill to choose Him or not. satan is trying desperately to be omniscient (all knowing), omnipresent (present everywhere at the same time) and omnipotent (all powerful). God naturally is all of those things. satan is trying to achieve God status through a surveillance system, through technology and nanotechnology. Trying to know everything through watching and listening to our every move. Trying to hold all the power forcefully. Trying to be present everywhere through technology sending thoughts and retrieving our thoughts too.

Through this event you should be understanding how they are going to force that worship to come about. They – the luciferic beast system, which is our governments, are just going to pass laws and mandates and force people to comply. Many will do it easily because they still don't understand what the beast system is. They actually still believe that our governments care about us. When the government is not in line with God's Word then you certainly do not obey them.

As a Christian, you should be able to see these scriptures coming into view. If not, make sure you are saved and pray for God to help you to grow and open His Word to you.

Who is going to worship this antichrist?

Rev.13:8 – And all that dwell upon the earth (those that belong to this world) shall worship him (the antichrist), whose names are not written in the Book of Life of the Lamb slain from the foundation of the world.

God knew the end from the beginning. So He knew He was going to send Jesus to be our Sacrifice before the world was even made. That's why it says the Lamb slain from the foundation of the world. All those that belong to this world will worship the antichrist.

If you are a Christian then I want you to understand that they are going to keep pushing until sooner or later you are going to have to stand against the government. It is the beast system. What was Nimrod doing at the Tower of Babel when God shut that project down and scattered the people and changed the languages? He was building his empire, his government against God. What was the system that destroyed the last physical standing Temple of God's in Jerusalem? The Roman government. Remember that double headed phoenix wearing a crown. Ruling over politics and religion.

Big money has been pumped into this TRACE act. They have spent too much money and time on their testing and tracing measures. It isn't just going to go away. Next week we are going to hear from someone who was trained to be a contact tracer.

Phil.4:7 - And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

DO not be afraid, just make sure you belong to Christ and He will give you peace even in the midst of the storms of this life.
