

CORONAVIRUS – Pt. 30: SCHOOLS, BILL 23-171, DUMBING DOWN, CHARLOTTE ISERBTE, TARGETTING CHILDREN

Last week we talked about all of the temperature taking, happening in schools and everywhere. Let's take a closer look at what's happening in the schools.

"I am sure the school district is using the excuse of COVID. My young son started summer camp through our school district and all the books have been removed from the classrooms. They claim that the books cannot be cleaned.

Hundreds and hundreds of books regarding American history including Native Americans like Sitting Bull and Famous Sioux Chiefs, foreign nations far and wide,

the Holocaust and even Mister Rogers, found in dumpster behind Sunrise Park Middle School in White Bear Lake, MN. No sign of any fiction books, just non-fiction regarding history, cultures, wars, tyranny, communism, politics, etc. they are trying to erase history and I can't understand why not donate perfectly good and relevant books to a library or cultural centers. This is sad!

Tony said: remember fahrenheit 451!!!!??? This is an excuse to rewrite history where all the atrocities that were performed by the elite get deleted and things like the vatican's slaughtering of Europeans, world war 2 and other historical atrocities get deleted. Even the bubonic plague which was also intitated and created and released on Europeans. Middle east atrocities, African atrocities what has been on going in South America wars that were started by the elite so anyone who has been educated with these facts--is in danger. The AI will run this)(*&^&*(Utopia with the covering over of the bloodletting at the benefit of these contemptible entities.

Christopher shared this on fb on May 27, 2020. LATIMES: One-way halls, lunch at desk, playing alone. L.A. schools could reopen with stark rules.

So now children from the ages of 2 years old and up are supposed to wear masks. They are having to wear these things all day long in school. Breathing in whatever is in the materials of the masks, plus breathing back in carbon dioxide.

If you want to believe the masks are safe and good, there's a video for that. You are not going to convince me of the good of a mask as a citizen at all. First of all because I know the truth about this agenda and also because I have had one on and I know I'm not getting good oxygen when I walk around in one no matter what any video put out by the WHO (World Health Organization) and their fake dr's, news and scientists say.

And they are saying it's for the greater good. It's to stop the virus and save lives. And they are mandating them to try and force people to wear them. They are using the masks and every part of this whole agenda to weaken our immune systems.

God did not make us to have to wear masks all the time in order to survive and be healthy and live.

What about babies and really young children who can't see our facial expressions behind these ridiculous masks? Growing up seeing everyone with masks on all the time is a conditioning tool as well. Wiping our smiles away. Taking our natural expression and damaging our interaction.

Our schools are becoming like concentration camps.

Wash your hands and stay 6 feet apart.

Taiwan: Desk shields

Stay away from your friends they might make you sick.

Some are wearing face shields. I'm sure the schools are overly using hand sanitizers.

More desk shields

Imagine how miserable this is to have to wear a mask all day.

Top: These children are being made to wear one meter hats to keep the social distancing. Bottom: Thailand: Lunch with separated dividers

These were initial pictures when this first started. Separation outside on the playground.

Not to mention the disinfectants that they are spraying everywhere. This just looks like another form of spraying nano right into the air in the classrooms.

Please play from 7:21 to 8:20 and from 14:02 to 16:13 Dr. Tent talks about how he never let the government dictate to him how to raise his kids – example with vaccinations etc. He kept his children out of the government medical system. They have never been to a pediatrician. / Dr. Tent shows what happened with the polio vaccine fiasco ultimately killing and injuring many many children.(about 3 min's)

Who do they give vaccines to? Usually the children get hit the hardest. They have plans for them.

Please play from 19:12 to 21:47 and from 45:51 to 48:38 to Dr. Tent shares a man that confronted a dr. about vaccines being cultured in aborted fetuses. The dr. had no idea what was in the vaccines that he's been giving to his patients. He had to go and look up what the man told him and found it to be true. He said the nurses did not even realize what was in the shots either. / Vaccine drills in school and Blue Cross Blue Shield pays your dr. to vaccinate your children. The dr. receives \$ 400.00 per each fully vaccinated child and if at least 63% of their patients are also given flu shots then they get a \$ 40,000 bonus.(about 5.5 min's)

Vaccines are just a money making racket.

Please play from 19:26 to 23:04 Mary and Polly, from Children’s Health Defense, Robert Kennedy Jr’s organization, discuss bill B23-171. This bill will make it legal for an 11 year old to give consent to get vaccinated without their parent’s permission. And it allows the healthcare provider (school nurse, dr etc.) to conceal (keep secret or private) this information from the parents. They will say to the child this is to save your life. We love you and want to help you but your parents are only trying to harm you.(about 3.5 min’s)

That bill passed on December the 8th. If you have been paying attention to me speak about their witchcraft math, I will just say the numbers in this thing have really packed it with satanic power.

On December 30th, the Today Show, a highly Masonic news program, started talking about a trend happening among children. They said that in the last 30 days 1 million children have been diagnosed with covid and up until that time it was only 2 million. So within 30 days the number skyrocketed.

They are just biding their time until they can get a hold of the children.

From the Jerusalem Post May 8, 2020: Israeli prime minister proposes microchipping children to enforce social distancing. At a press conference, Israeli prime minister Benjamin Netanyahu suggested that microchipping everyone, beginning with children returning to school and kindergarten as the coronavirus lockdown ends; the chip would sound an alarm whenever anyone gets too close much as a car does. Security experts immediately objected on the grounds that microchipping kids was neither legal nor practical, that the children would be at risk from paedophiles if their data leaked to the internet; and that the real issue is enforcement.

This is predictive programming. They always show us ahead of time what they really plan to do. They'll just come out with some type of chip and say it is proven safe and unhackable and then the push will be on to chip the children. They aren't gonna back away from those chips, they want to chip humanity.

If there is any way you can homeschool your children, you really should try.

Our world governments which control our schools have a plan in place that they are following.

Look at the Communist Manifesto by Karl Marx and Friedrich Engels and you should see clearly that they have been carrying out their plans. One part of their plan that pertains to our children is: Corrupt the young, get them away from religion, get them interested in sex. Make them superficial, destroy their ruggedness.

I'd say they have done a great job in accomplishing these points already. If you wonder why they teach socialism and that you can choose your gender and sex ed is now taught in Kindergarten or elementary school in many schools, this is why. It is an agenda. They are destroying the ruggedness with fluoride in the water and chemicals in our food not to mention what's sprayed on us and vaccines etc. We are being sterilized more and more. And our young men are being feminized. Chemicals play a major role in accomplishing their plans.

Just as bonus material, who do we know that always holds the fist in the air as if to say “we got this.” He’s just following the plan and playing his role nicely.

*Please play from 15:40 to 21:16 Charlotte Iserbte shares about her discovery of their plans to brainwash and dumb our children down through education. She got onto an education committee and they asked her what she felt the purpose of education should be. She said to give students a sound academic education in the basics and also a strong sense of sound morals and values. To which they replied, whose values? That’s when she began to realize the educators who are implementing and controlling the schools do not hold to God’s morals and values. In fact they wanted to get them out of the schools. They then sent her to values clarification training. (Sounds like what they do right now when you don’t agree with the government and you have a business. They get you in trouble and send you to reeducation so you will then think and behave the way they want you to.) They then sent her to get educated to become a “change agent.” They taught from “Innovations in Education.” This was nothing more than how to get schools

to implement programs that seemed good but were designed to get the students to drinking and be interested in sex and death and bullying. They even showed how they were to “sneak it in” to the schools. They would present it as a way to help keep kids off of drugs, for example, but in reality it was actually designed to get them ON TO DRUGS. They called it the unfreezing of our children’s values. The values taught by the parents and churches, the school would work to destroy. *(about 5.5 min’s)

<https://www.youtube.com/watch?v=E5tNEBbnt28>

They identified her as a problem because she actually thought school was about a true education and also teaching good morals and values. They did not want any part of God in the schools so they sent her to “re-educate” her. The change agent training she went to taught them how to identify resistors. The resistors were smart and knew the programs were designed to mess up the kids. I’m a resistor. The government is continually trying to sort us out as to who believes what and who is a problem. They have formed their lists. That’s part of what social media is all about. To see what you think and what they can get you to believe.

There are “change agents” in the church too. I will bring that out later on in this teaching series.

If you don’t understand that assault against our children and the family that is happening in the school system, I encourage you to watch that whole video. The link is in my sermon notes on threeheartchurch.org. And it is in the info. box on youtube.

They have done the social experiments. They have studied and know exactly how to drive a wedge between you and your children. And their number one goal is destroying God out of society.

CLOSING

Now children as young as 2 years old are having to wear masks. When I see children in these masks it just tears me up. I don't like to see them on anyone. Those performing surgery, yes. Those in chemical plants, yes. But otherwise no.

Matt.18:5-7,10 - And whoso shall receive (welcome) one such little child in My name receiveth Me (welcomes Me). But whoso shall offend one of these little ones which (who) believe in Me (but whoever causes one of these little ones who trust in Me to fall into sin), it were better for him that a millstone were hanged about his neck, and *that* he were drowned in the depth of the sea. Woe unto the world because of offences (What sorrow awaits the world because it tempts people to sin)! for it must needs be that offences come (Temptations are inevitable); but woe to that man by whom the offence cometh (but what sorrow awaits the person who does the tempting)! Take heed that ye despise not one of these little ones (Beware that you do not look down on any of these little ones); for I say unto you, That in heaven their angels do always behold the face of My Father which is in heaven (their angels are always in the presence of God the Father).

The ones who have done the planning at the top levels and those that are helping them to carry it out, that understand the true intention of what they are doing, are certainly going to receive this judgment against them. They have been purposely working to destroy belief in God in the schools. And to override what is taught in the home if it is taught at all. Don't forget their little science experiments to discover the God gene so that they can try to destroy that. What

do you think their poisons in the vaccines are targeting? They want you so numbed out that you can't connect your thoughts or heart or anything to see God. They teach against God. They are purposely trying to destroy any faith your child may have had in Jesus. They teach evolution, they teach that a child can decide what their gender is, they are teaching sex education as early as kindergarten or elementary school in some schools. They have taken prayer and the Bible out of schools when it used to be part of the curriculum back in 1949. And before that many definitions were defined by the Bible. Not anymore.
