

CORONAVIRUS – Pt 31: 2012 OLYMPIC RITUAL, COMING for the KIDS, GIANTS

*Please play this video This is predictive programming from the 2012 Olympics held in London. This is from the opening ceremonies. These type of ceremonies are always rituals. There are nurses dancing and children in hospitals beds. There are pyramids to indicate the sun worship of baal/satan. Later comes a giant spirit of death casting a spell and looks as if it is spraying out disease from its wand. Just like how covid is said to be airborne. Then demon looking people enter as if they represent disease and torment. There were no parents. Only nurses and then nanny's. At the end of the show they resurrect a GIANT BABY. *(about 11.5 min's)

Thank you Brenda J. and Phoebe K. for sharing that with all of us.

Whoever put this video together did a good job comparing it to what is happening now. You may have to go back and watch it where you can pause it and read their on screen comments as it plays.

These type of ceremonies are always rituals. The message they send is always revealing something they plan to do. The Olympics are about worship and honor of Zeus. He is the sun god, baal, the king of the bottomless pit which is hell. He is lucifer, satan the devil. They said about 80 world leaders and 40 kings and queens attended. You better believe they were doing ritual blood sacrifices all around the time of the Olympics in honor of their god. The opening and closing ceremonies are nothing more than rituals to satan. Notice the pyramids for sun worship around the stadium. And to begin the ceremonies they rang a huge bell which is

just another way to spell baal – who is satan. Luciferians use bells, gongs, chimes etc. for their demon summoning.

This video did an awesome job showing the nonsense that the world has fallen for thinking the dancing nurses are real nurses. And no doubt I'm sure some real nurses are trying to copy cat the imposter actor nurses. We do have some awake nurses you guys, Ms. Patricia is one and Ms. Tommie is another these ladies have been nurses for over 76 years combined and they know what's going on.

The arrows are pointing out the triangle pyramids for sun worship on top of the stadium. Gosh is supposed to be the acronym of a children's hospital in London.

They paused on a Chinese lady for a reason. She did not fit in with nurses and children or the satanic demonic entities or the nanny's either. She seemed to be symbolic of Wuhan.

The giant spirit of death rose up over everything and began to spray death from its wand or casting it's spell because then the nurses began to act like robots. There were black demonic beings that represented disease and torment flying through the air and going all around. There were no parents, only nurses and then nanny's.

All planned, these Olympics were 8 years ago. Remember they told us that Boris Johnson had covid. They ended that portion of the opening ceremony with a giant baby.

Gen.6:4 - There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare *children* to them, the same *became* mighty men which *were* of old, men of renown.

[New Living Translation](#)

In those days, and for some time after, giant Nephilites lived on the earth, for whenever the sons of God had intercourse with women, they gave birth to children who became the heroes and famous warriors of ancient times.

This has been so sneakily hidden back from us. This is not about Godly men and wicked women mating. In this passage the sons of God are fallen angels. We are also referred to as sons of God when we believe and serve Jesus Christ. (John 1:12). You have to look at the context of Scripture to know who this is speaking of. It is always glossed over or taught that it is just saved men and unsaved women. The spiritual condition of a person's life, for example, an unsaved person mating with a saved person would not happen to produce a giant/nephilim. A human mating with a human doesn't just produce a giant all of a sudden. We must realize something happened here which for the most part is not being

taught in the churches. The witches on tv certainly aren't teaching the truth of this passage. There was a mixing of the supernatural with humanity and giants were produced. The book of Enoch speaks about what happened with the fallen angels mating with women more plain and clear. However, you have to watch out because there are still things in that book that are not right. For example it says that angels built the ark. That's not what our Bibles say. But I do believe there is a lot of truth about the fallen angels in that book.

Everything stopped and they were just looking at and admiring the giant baby. The rulers of this world worship the fallen angels and their offspring, the giants.

The comic book super heroes and all of the movies about them are all about the offspring of fallen angels. Think about it, they all have some type of supernatural power. Kennedy did a message called "Super Heroes" and I encourage you to watch it with your children. The link to that message is in the info box on youtube or go to our website: threeheartchurch.org and click on the sermons tab, go to this message and right underneath where you see the picture of me you will see the link to my sermon notes, click on that and scroll to the bottom and you will see the link there.

Numbers 13:32-33 - And they brought up an evil report (they spread a bad report) of the land which they had searched unto the children of Israel, saying, The land, through which we have gone to search it, *is* a land that eateth up the inhabitants thereof (will devour anyone who goes to live there); and all the people that we saw in it *are* men of a great stature (they are huge / of great height). And there we saw the giants, the sons of Anak, *which come* of the giants (nephilim): and we were in our own sight as grasshoppers (next to them we felt like grasshoppers), and so we were in their sight (and we looked like grasshoppers to them too).

This is from the closing ceremony. Worship of the sun god and especially since the phoenix, a symbol of the sun god, was set on fire and hovered in the air at the close of the Olympics. Nimrod was worshipped as a sun god and then Tammuz was worshipped as a reincarnated Nimrod. In Egypt they were Osiris and Horus. They wrapped it all up with the phoenix rising from the ashes which is what luciferians believe satan will do in the last days.

They haven't started vaccinating the children yet. But then they aren't done with this virus agenda yet either.

Exodus 1:15- 22 - And the king of Egypt spake to the Hebrew midwives, of which the name of the one *was* Shiphrah, and the name of the other Puah: And he said, When ye do the office of a midwife to the Hebrew women (when you help the Hebrew women to give birth), and see *them* upon the stools (delivery stools); if it *be* a son, then ye shall kill him: but if it *be* a daughter, then she shall live. But the midwives feared God, and did not as the king of Egypt commanded them, but saved the men (male) children alive. And the king of Egypt called for the midwives, and said unto them, Why have ye done this thing, and have saved the men children alive (let the boys live)? And the midwives said unto Pharaoh, Because the Hebrew women *are* not as the Egyptian women; for they *are* lively (more vigorous), and are delivered ere the midwives come in unto them (and have given birth before we can get there). Therefore God dealt well with the midwives: and the people multiplied, and waxed very mighty (grew stronger). And it came to pass, because the midwives feared God, that he made them houses (He gave them families of their own). And Pharaoh charged (ordered) all his people, saying, Every (Hebrew) son that is born ye shall cast into the river, and every (Hebrew) daughter ye shall save alive.

God blessed those midwives. They esteemed Him above Pharaoh and He blessed them for what they did.

satan was trying to kill children all through Biblical times to try and stop Jesus from coming to this earth in the flesh and because he likes to kill. All through the Bible, it talks of sacrifices to molech and baal. These are just names for satan. Today is no exception. Every baby that is purposely aborted for reasons other

than saving the life of the mother, is considered a sacrifice to molech. Every child that they can poison through vaccinations and other means and cause to die is considered a sacrifice to molech. The luciferians know this.

Many dr's that are going to be pushing the vaccines are ignorant of all of this. They don't question what they are told. So they can stand there and look you in the eye and say vaccines save lives because they just believe they received a true and right education, when all the while they have been brainwashed and lied to and placed on pedestals. They are supposed to be so smart but for some reason they themselves don't seem to do any research to find the truth. Why can't they dig and discover the same information that we've brought out about the vaccines. Surely they have heard the chatter and had push back about the vaccines. The government knows and that is why they are passing laws to mandate vaccines.

CLOSING

They have been bouncing back-n-forth with in person classes and online classes. Some are giving options either way. Some that close down and only offer at home classes, is to disrupt parents that work and have no way to be with their children for at home classes. This way they have to take off from work. This can cause them to lose their job if they can't work from home. Some of those closures are so that they can get the 5g installed in the schools. Most schools are now fully equipped with cameras everywhere and tv's too. This will all help with the total surveillance of the new world order. The 5g rollout is happening in the schools. You may not see it where you are yet if you aren't in a major city.

Please play from 30:14 to 32:08 Dr. Jeff addresses the speculation about 5G and coronavirus. He says he doesn't buy into that 100% but that it does affect your immune system. He says radiation sickness is caused from ionizing radiation not non-ionizing radiation. He said that while Michigan was on lockdown they were busy installing 5G across the state. He said the canary in the cold mine will be kids and animals.(about 2 min's)

<https://www.youtube.com/watch?v=9NT3ghprjMM>

5g does weaken the immune system. It does cause flu like symptoms which is all I've really heard anyway from people who have been diagnosed with covid. They

are equipping towns and schools with 5g and beyond. When they crank up the frequency platform he said little children and animals will get hit the hardest. I'm thinking maybe older people too since their immune systems are usually already beat down.

What if your child coughs in school? What if they have a common cold and aren't running a fever and go to school like they normally would. When your child is in public school in the middle of all of this they can easily take your kid and say we had to quarantine them or whatever they feel like doing. They can tell you anything at this point. Aren't they already running rough shod over us and doing what they want? Why do we think they will be honest at this point?

They can just tell you your child died of covid-19. You may never know. They could sex traffic them, they could sacrifice them and in the process get the adrenochrome and drink it which supposedly helps to keep the luciferians young and also produces a drug like euphoria sensation which sexually excites them. They can harvest them and take their organs. All they have to tell you is we had to isolate them and they are not allowed any visitors. Just like they are doing at the hospitals when anyone goes in there. They can just tell you that your child went down so fast and there was nothing we could do for them. And then they can say the disease is so contagious and deadly that we had to cremate the body. So you can't prove anything. Or they can give you a dead clone body of your child.

These so called people, reptilians, are capable of anything. I have already covered how they participate in blood sacrifices and rituals and they are the ones running our world. Why do we want to block out this kind of talk and just believe they would never do such things. The beast system, is the world governments, and they run the schools. Keep that in mind.

Brittany M. shared that they do pray at her son's school and talk about Jesus. She shared that many parents are so brainwashed that they are complaining about it. I will add that I did let Kennedy attend a local preschool and they also taught the children a prayer of thanksgiving to pray before they ate. Some schools have Bible electives and the goal is to bring Bible awareness, not acceptance. When I was in school the Bible was never mentioned and it was not a subject or elective

that you could take. We never prayed and the only time God was mentioned was when we pledged our allegiance to that flag.

QUICK RESEARCH: Then Bible was in the schools in the 17th and 18th centuries and began to decline in the 19th and 20th centuries. The Bible itself was used for learning to read and for reading in the schools; the ABCs were learned by use of Bible names like A is for Adam, B is for Boaz, C is for Caleb, etc.. Bible passages were selected to be read based on level of vocabulary. Bible stories and principles were taught; Bible history was learned by selecting historical passages for reading, and Bible principles were emphasized by memorizing the ten commandments. Attitudes toward God and the Bible were instilled by use of both prose and poetry extolling the Bible as God's word and by reading the Bible both devotionally and to study English. Passages from Psalms, Proverbs, and the sermon on the mount as well as parts of the Pentateuch, Job, and the prophets were read to teach Biblical morality. Puritans, Baptists, Presbyterians, and Quakers in 17th, 18th, and 19th century America had no such qualms about "indoctrination": they had God and the Bible in their textbooks and used the Bible itself in their schoolrooms for devotional reading and for learning English as well as religion and morality. Something of the mood of those days is reflected in a poem written in the front of a school book: Whoever steals this Book away may Think on that great judgment day, when Jesus Christ shall come and say Where is that book you stole away. Then you will say I do not know and Christ will say go down below. (Kalman, 15).

Another thing that came to my mind about how they try to cut off faith in God from our children is how they do not teach that God created the world. The Bible says that no one will have an excuse because even nature testifies of God. Genesis 1:1 tells us that in the beginning God created the heavens and the earth. They have implemented their communist plan to say God did not create the world. They have been chipping away at God more and more and have mostly taken Him out of the schools.

For those of you who can homeschool your child but aren't, I hope you will now. You are going to answer to God for how well you taught your child and took care of them.

For everyone with children, be sure to teach them God's Word and His ways and His will. Be sure they know Jesus and He knows them. Praise and worship God with them and pray and read His Word together. Let all of this be part of your daily lives in your home.

Don't let your child grow up and say I never heard mama or daddy pray. I never heard them praise God. We never read God's Word as a family. Get busy doing all of this in your home so that when they have a home of their own, it will be a natural part of what they do and teach to their children as well.

We don't know when they will make their move, we don't know if it will be this time around. They have plans to keep this virus going to further their agenda. They are already talking about new strains and the movie trailer "Songbird" talks about covid23. Seems this isn't going away. They are breaking our countries down so that they can get their new world order fully in place. They are doing these things across the whole world. Protect your family the best you can and leave the rest to God.

Matt.19:14 - But Jesus said, Suffer little children(allow the little children), and forbid them not, to come unto Me: for of such is the kingdom of heaven (the Kingdom of Heaven belongs to such as these).

Have you done your responsibility to God about your child? Bring them to Him. If you haven't, then repent and do what you can while you are still able to even if they are grown.
