

# MANDELA EFFECT SCRIPTURE CHANGES – Pt 2: QUANTUM WITCHCRAFT, OCCULT SCIENCE, SUMMONING SATAN

Next week will be getting into those that say the Mandela Effect is just people having false memories.

The world governments fund CERN. I was surprised to see that the United States was listed only as observer status. Most of their full member states are European and Israel was the first non-European full time member to support. Why would they support a clearly satanic company? Because they serve lucifer. They are the beast system. Mega corporations work directly with the beast system. They are working to bring their master, lucifer, into this realm. The fallen angels have to have permission or be summoned into this realm. The luciferians want to unleash the beast. God is holding all of this back but there will come a time when He removes the bride of Christ and allows satan and his co-horts to open the abyss. The Holy Spirit is holding all of this back for now.

**2 Thess.2:6-7** - And now ye know what withholdeth that he (the anti-christ) might be revealed in his time. For the mystery (secret) of iniquity doth already work (this lawlessness is already at work, secretly): only He Who now letteth will let, until He be taken out of the way (and it will remain secret until the One Who is holding it back steps out of the way).

The One Who is holding all of this wickedness at bay for now is the Holy Spirit. There is an appointed time for the anti-christ to come to power. Just as there is an appointed time for Jesus to receive His bride.

Stargates, quantum computers like D-Wave, artificial intelligence, H.P. Lovecraft's mysterious "Old Ones". Quantum computers and the coming of the "great old ones" (or fallen angels) They talk openly and write openly about what they are trying to do.

Geordie Rose, the founder of the D-Wave quantum computer has also spoken of bringing back the old ones. Quantum computers are being used in their witchcraft against this world in trying to achieve their goals.

\*Please play from 6:16 to 10:21 Geordie Rose, founder of the D-Wave quantum computer is speaking at a Tech Vancouver conference. He says, so what does this (quantum computing) have to do with aliens? ((Aliens are fallen angels)). He gives an example of us being warned by the fallen angels (which he calls aliens) about 50 years in advance. Saying we better get ready. He says they are super intelligent beings. He says it would take the world's resources to get ready for this encounter. He says they are not going to be like us. He says aliens just means different. Then he goes into talking about making super intelligent a.i. (artificial intelligence). He says these "things" that we (quantum computer companies) are building are not going to be like us, they are going to be aliens. Then he talks about Elon Musk saying to beware of unleashing demons. (quote below) He says some have this attitude, this emerging alarmism about how this is going to go. But these words "demons" doesn't capture the essence of what is happening here. He then talks about H.P. Lovecraft (a very famous weird fiction author) and says he exposed a view "cosmicism" the essence of cosmicism is cosmic indifference. He was basically saying, yes there are these massively intelligent entities out there but they are not good and they are not evil. They just don't give a (curseword) about you even in the slightest. In the same way we don't care about an ant is the same way they are not going to care about you. **AND THESE THINGS THAT WE ARE SUMMONING INTO THE WORLD NOW, ARE NOT DEMONS, THEY ARE NOT EVIL, but THEY ARE MORE LIKE THE LOVECRAFTIAN GREAT OLD ONES.** There are entities that are not necessarily going to be aligned with what we want. This transition is massively important for our species to navigate. This thing is happening in the background while people bicker about politics and healthcare in the background. Underneath it all is the rising tsunami that if we are not careful is going to wipe us all out.\*(about 4 min's)

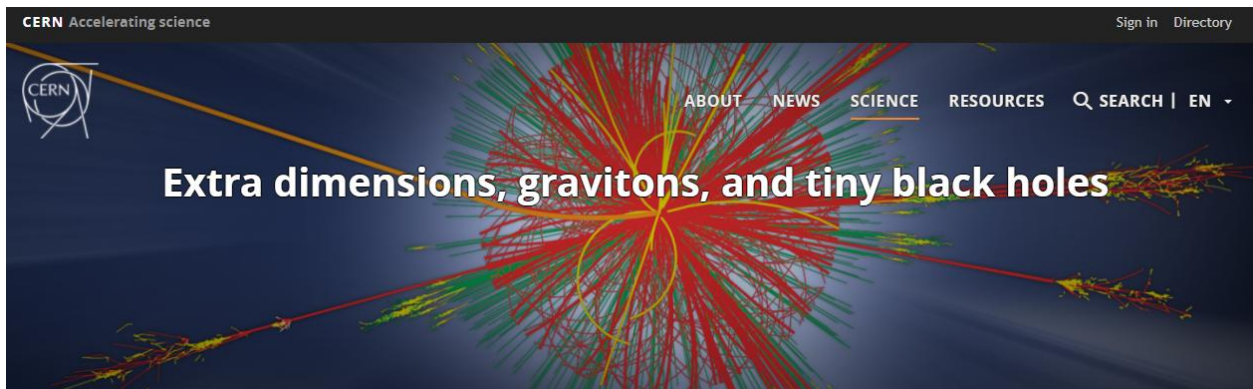

[https://www.youtube.com/watch?v=cD8zGnT2n\\_A](https://www.youtube.com/watch?v=cD8zGnT2n_A)

These things are not being broadcast on tv and so for the most part we stay unaware of what these people believe, who they serve and what they are up to. All of these mega corporations are linked together with a common goal and you just heard what it is.

He said: **AND THESE THINGS THAT WE ARE SUMMONING INTO THE WORLD NOW, ARE NOT DEMONS, THEY ARE NOT EVIL, but THEY ARE MORE LIKE THE LOVECRAFTIAN GREAT OLD ONES.** There are entities that are not necessarily

going to be aligned with what we want. This transition is massively important for our species to navigate.

They openly state they are summoning entities. And let's be clear, not one fallen angel is good and not one nephilim or titan is good. They are against God and those who serve Him. They are openly talking about aliens who are fallen angels and demons and no one is laughing at them or shouting them down. No one is telling them to shut up because it is non-sense.

Remember this statement from CERN's website: Extra dimensions, gravitons, and tiny black holes. At the end of this article was the following sentence: Finding more on any of these subjects would open the door to yet unknown possibilities.

Geordie Rose of Kindred AI presents Super-intelligent Aliens Are Coming to Earth

Elon Musk said, "With artificial intelligence we are summoning the demon. You know all those stories where there's the guy with the pentagram and the holy water and he's like...yeah he's sure he can control the demon...doesn't work out.

Elon Musk is one of their puppets for our time. He is speaking truth here. Notice how these men who are not Christians are speaking of demons openly. Demons are fallen angels. Satan has duped the witches into believing they control the fallen angels but if he didn't play it that way, would they really serve him?

His t-shirt says "kindred" on the front under the occult "oroboros" symbol. Notice the logo or demonic sigil for Tech Vancouver, a 6-sided hexagon, with two triangles which always represent sun worship when we are talking about luciferians and a big T right in the middle. Maybe that "T" is for tammuz who was one of their false gods worshipped as a sun god. These super intelligent beings they are talking about are the fallen angels.

Geordie Rose of Kindred AI presents Super-intelligent Aliens Are Coming to Earth

Look at their joke here, we are hiring demonologists which is crossed out and then they write, software engineers. The joke is going to be on them because God has the last laugh.

**Psalm 37:12-15** - The wicked plotteth against the just, and gnasheth upon him with his teeth (they snarl at them in defiance). The Lord shall laugh (laughs) at him: for He seeth that his (their) day is coming (of judgment). The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, *and* to slay such as be of upright conversation (life). Their sword shall enter into their own heart, and their bows shall be broken.

God will laugh at them. In fact the newer translations say He IS laughing now.

Bonus material. Geordie Rose has taken first place here at NAGA. Notice the acronym of this company – NAGA. All of the acronym’s of these Luciferic organizations speak to the brotherhood.

#### What is a naga snake?

**Naga**, (Sanskrit: “**serpent**”) in Hinduism, Buddhism, and Jainism, a member of a class of mythical semidivine beings, half human and half cobra. ... They are a strong, handsome species who can assume either wholly human or wholly serpentine form and are potentially dangerous but often beneficial to humans.

[Naga | Hindu mythology | Britannica](#)

Naga, Sanskrit: ‘serpent’ – remember the Sanskrit tablet at CERN. Ancient occult writing. In Hinduism, Buddhism, and Jainism, a member of a class of mythical semidivine beings, half human and half cobra..They are a strong, handsome

species who can assume either wholly human or wholly serpentine form and are potentially dangerous but often beneficial to humans. Remember satan is the serpent, and he is the sun god and the serpent and the sun are symbols of worship of him. What's going on at CERN seems to be based heavily on Hinduism.

Google and IBM clash over quantum supremacy. High level black magic-witchcraft is being done in quantum computing. Mega corporations are spending big money trying to usher in the antichrist and lucifer. L: Google's quantum computer R: IBM's quantum computer called summit, think top of the pyramid because it is all about lucifer. The triangles are for sun god worship. Think about the pyramid on our dollar bills. The luciferians say when the anti-christ comes into power then the capstone will be in place. The summit, like on Mt. Olympus where the fallen angels ruled from.

Reverse it – because this is occult knowledge.

### El (deity) - Wikipedia

[https://en.wikipedia.org/wiki/El\\_\(deity\)](https://en.wikipedia.org/wiki/El_(deity))

Ēl is a Northwest Semitic word meaning "god" or "deity", or referring (as a proper name) to any one of multiple major Ancient Near East deities.

**goog**. Noun. (plural googs) (Australia, slang) An egg.

[Goog dictionary definition | goog defined - YourDictionary](#)  
[www.yourdictionary.com/goog](http://www.yourdictionary.com/goog)

The Orphic Egg in the ancient Greek Orphic tradition is the cosmic egg from which hatched the primordial hermaphroditic deity **Phanes/Protogonus** (variously equated also with Zeus, Pan, Metis, Eros, Erikepaios and **Bromius**) who in turn created the other gods. The egg is often depicted with a serpent wound around it.

[World egg - Wikipedia](#)  
[https://en.wikipedia.org/wiki/World\\_egg](https://en.wikipedia.org/wiki/World_egg)

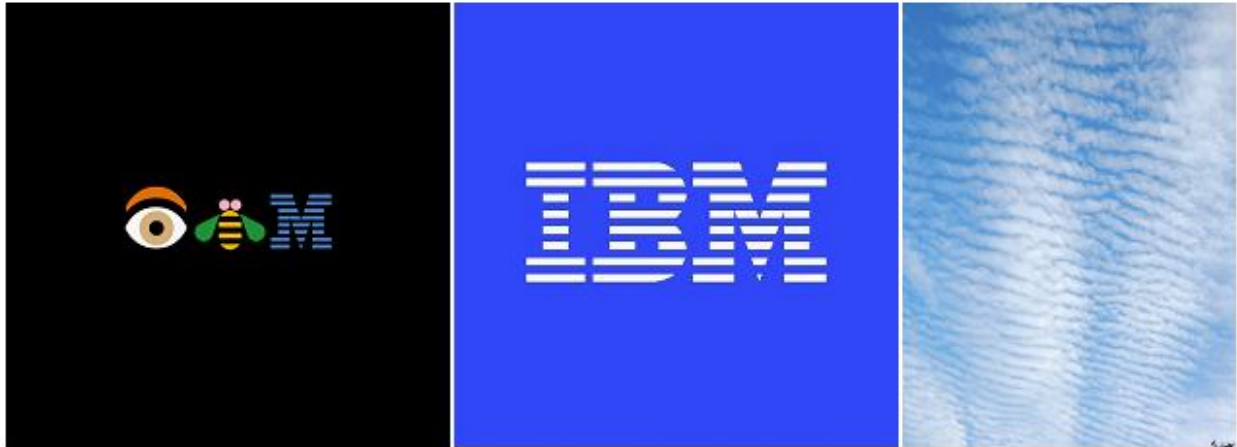

So GOOGLE is referring to the god of the egg.

Thought you might like this short teaching seeing it is Easter Sunday tomorrow.

Google. Reverse it because this is occult knowledge. El goog. El – is a Northwest Semitic word meaning “god” or “deity,” or referring (as a proper name) to any one of multiple major ancient near East deities. It was the name of the god the Canaanites served too. Goog – (Australia, slang) An egg. The orphic egg in the ancient Greek orphic tradition is the cosmic egg from which hatched the primordial hermaphroditic deity phanes/protogonus (variously equated also with zeus, pan, metis, eros, erikepaios and bromius) who in turn created the other gods. The egg is often depicted with a serpent wound around it.

So now you know the occult meaning of the mega corporation: google.

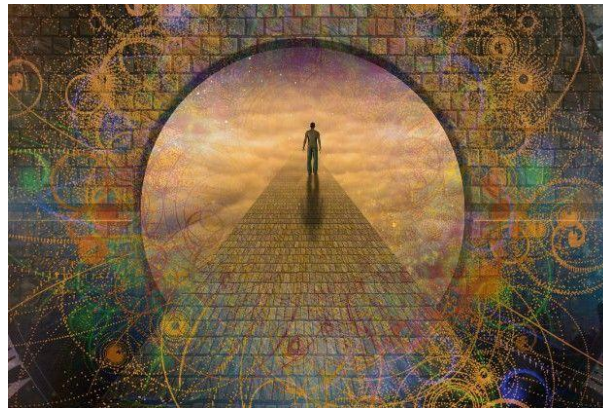

Look at the pictogram on the left. It shows the all seeing eye of lucifer for the letter i, then a bee for the letter B, and then a sliced up letter M. M: The IBM logo all sliced up. R: Chemtrail clouds with frequencies shot through them slicing them all up. That's what the current IBM logo reminds me of. The luciferic aenda in the sky from the prince of the power of the air and those that serve him or are too coward to risk their lives not to continue harming mankind.

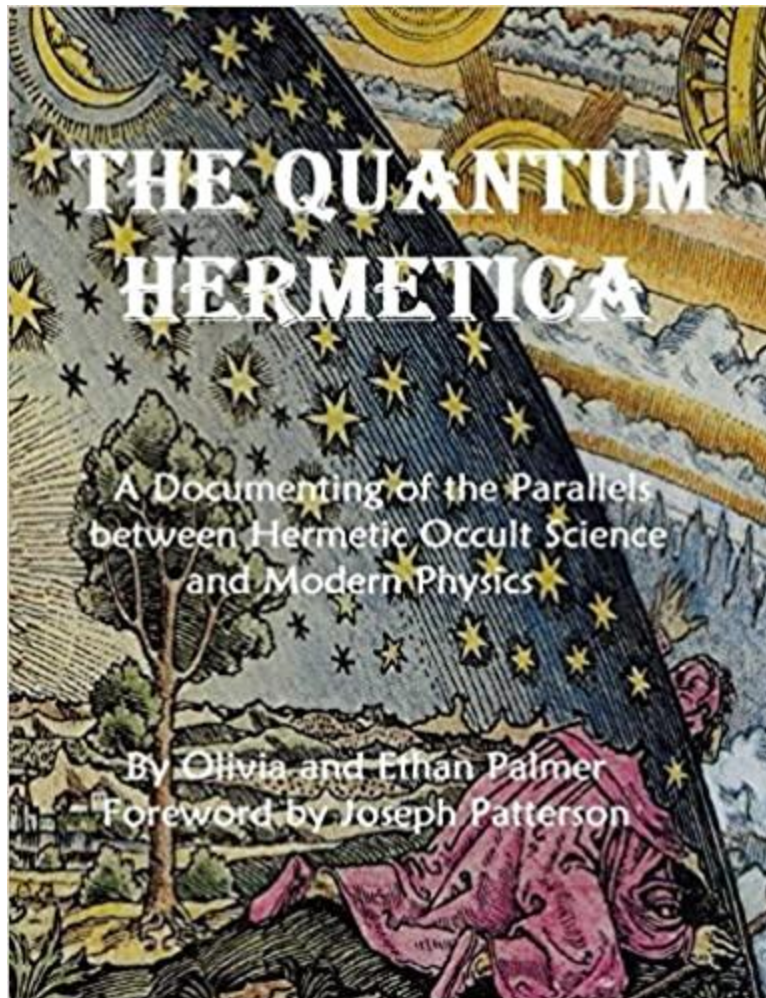

Cern's parking globe. From an aerial view looks like a huge eye. Side view looks sort of like a bee hive. Like satan has all the busy little worker bee's. Think about his hive mind that he is plugging everyone into through a.i. working through their dna via frequencies.

Part of what they are also doing in the chemtrail program is looking for portals or gateways to the spirit realm just like what they are trying to do with CERN, open the portals.

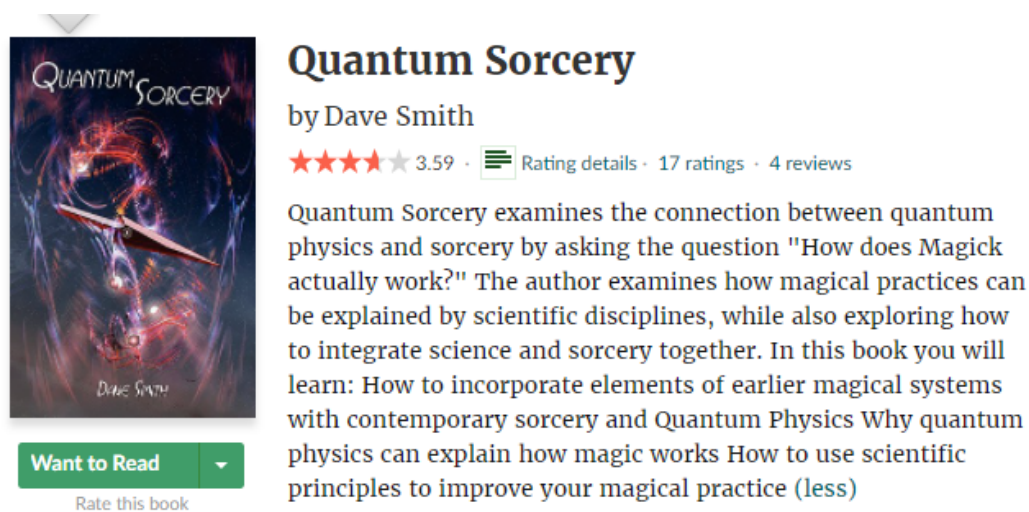

Just like what the ancient pyramids of sun worship were all about. Worship and communicating with the fallen angel lucifer, their sun god.

"The Quantum Hermetica." A documenting of the parallels between hermetic occult science and modern physics. Interesting how they are admitting and writing about how these two things, occult science and modern physics, are now crossing over and looking like the same thing. The government is the beast system. So any science that the government is paying for will be for a luciferic cause or outcome. Maybe not all of the scientists are aware because they do like to compartmentalize things so that each person is only aware of their little piece of the pie and not what the whole is producing. However, at the top, they always know what is being accomplished for the brotherhood of lucifer.

Our governments and militaries are steeped in black magic. Remember Hitler and his men studied deep into the occult and so do our modern militaries around this world. The Mandela Effect is black magic paired with occult science being performed on our world. One of the most noticeable areas of the effect is on our KJV Bibles. If you follow this ministry then you know by now that our military runs the government and they have been involved in the occult for a long time now. Before they killed Dr. Rauni Kilde, she shared that they sleep in Deep Underground Military Bases in meditation rooms and listen to meditation music that will help them to astral project out of their bodies. The green berets practice using their psychic powers to burst animal hearts and then they can move up and start doing it to humans.

Quantum Sorcery by Dave Smith: Quantum sorcery examines the connection between quantum physics and sorcery by asking the question “How does magic actually work?” The author examines how magical practices can be explained by scientific disciplines, while also exploring how to integrate science and sorcery together. In this book you will learn: How to incorporate elements of earlier magical systems with contemporary sorcery and quantum physics. Why quantum physics can explain how magic works. How to use scientific principles to improve your magical practice.

They have been experimenting and using fallen angel technology for a long time now. Go and watch the series I did called “Opening the Abyss” because they’ve been trying to accomplish this for a long time. They have been time traveling and messing with time for a while now too. That’s why they have all the time travel movies, showing us truths that we think are just science fiction. Ever since

President Truman, maybe even before him, they made treaties with the fallen angels. They would trade people and animals for the fallen angel's to use and experiment on, in return, they got technology. They are hundreds to a thousand years ahead of us with their technology according to Phil Schneider whom they murdered because he knew too much and was speaking out about it.

## CLOSING

The sheer power of the machinery like CERN and quantum computers, paired with occult science and high black magic is changing things in our world and especially words in the KJV translation. Next week I'm going to begin to show you some of the Scripture changes so you can see this for yourself and understand it better.

**Psalm 2** - Why do the heathen rage (Why are the nations so angry), and the people imagine a vain thing (Why do they waste their time with futile plans)? The kings of the earth set themselves (rise up), and the rulers take counsel together, against the LORD, and against His Anointed (Christ Jesus), *saying*, Let us break their bands (chains) asunder, and cast away their cords from us (free ourselves from slavery). He that sitteth in the heavens shall laugh (The One enthroned in heaven laughs): the Lord shall have them in derision (He scoffs or taunts them). Then shall He speak unto them in His wrath, and vex them (terrorize them) in His sore displeasure (fierce fury). Yet have I set My King upon My holy hill of Zion (I have set My King on the throne in Jerusalem, on My holy mountain. I will declare the (Lord's) decree: the LORD hath said unto me, Thou *art* My Son; this day have I begotten thee (become Your Father). Ask of Me, and I shall give *thee* the heathen (nations) *for* thine inheritance, and the uttermost parts of the earth *for* thy possession. Thou shalt break them with a rod of iron; thou shalt dash them in pieces like a potter's vessel (like clay pots). Be wise now therefore, O ye kings: be instructed (be warned), ye judges of the earth (rulers of the earth). Serve the LORD with fear, and rejoice with trembling (celebrate His rule with trembling). Kiss the Son (submit to His royal Son), lest He be angry, and ye perish *from* the way (and your way will lead to your destruction), when His wrath is kindled but a little (for His anger flares up in an instant). Blessed *are* all they that put their trust in Him.

Where it calls Zion a hill is a Mandela Effect. That should be mountain and not hill. That's not a poor translation but a Mandela Effect. It that particular Mandela Effect is throughout our Bibles now.

God will laugh at them. Nothing can hold back His will. They are fighting against Him and His creation and all Christians to no avail.
