

HAUNTED GRAVEYARDS Pt 2: SOAKING, WITCHCRAFT in CHURCH, FAMILIAR SPIRITS

Last week we were talking about how satan mimics everything about God but in an unholy way. We saw how those in rituals to him are wearing different colored robes and his high priest stood out with a different colored robe, a staff and a censer just like God's high priest.

Another type of God's minister were His prophets and they were known by the hairy cloak or rough cloak that was called a mantle that they wore.

1 Kings 19:19-21 - So he (Elijah) departed thence, and found Elisha the son of Shaphat, who *was* plowing *with* twelve yoke of oxen before him, and he with the twelfth: and Elijah passed by him, and cast his mantle upon him. And he left the oxen, and ran after Elijah, and said, Let me, I pray thee, kiss my father and my mother (goodbye), and *then* I will follow thee. And he said unto him, Go back again: for what have I done to thee? And he returned back from him, and took a yoke of oxen, and slew them, and boiled (roasted) their flesh with the instruments (plow) of the oxen, and gave unto the people (the townspeople), and they did eat. Then he arose, and went after Elijah, and ministered unto him (became his servant or his assistant).

When Elijah told him to go back for what have I done to you, the since was to ponder and think on it. It was not in a smart alec way. He was now going to be a spiritual father to Elisha. When Elisha killed and roasted the oxen, it was like a farewell party and a celebration of his call at the same time.

Elisha knew what it meant to have Elijah's mantle put upon him. It was like a spiritual adoption, he knew it meant he was going to be Elijah's apprentice and eventually he would carry the mantle of Elijah's ministry.

L: Elijah putting his mantle on Elisha R: Elijah throwing his mantle down to Elisha

When Elijah was about to be taken in the chariot of fire, he asked Elisha what he could do for him before he was taken from him. Elisha asked for a double portion of his Spirit to be on him. Elijah said if you see me when I am taken up you will have a double portion (**2 Kings 2:9-10**). The luciferians mimic this at their ritual exchange of power. They are there when the person dies so that they can inhale their demons and thus receive the anointing they had in their lives plus what they have already accumulated themselves. satan mimics everything about God in an unholy way, His Word, His ministers, everything.

WITCHCRAFT in the CHURCH

The Roman Catholic Church has taught their parishioners to go out into the graveyards and light candles for the dead. This is in remembrance of them or to

make prayers for their souls. The anniversary of their death or “All Souls Day” are popular days to do this on. This is part of what I mean about them practicing a cleaned up version of witchcraft openly. We have no business praying to or talking to the dead. We pray to God and we can ask Him to give a message to a loved one that passed away but we do not expect God to be a messenger back-n-forth between us. I sometimes ask Him if He feels like it to let my mom know I love her and I miss her and I will see her soon. We don’t ask them anything and we don’t expect God to come back to us and tell us anything from them. If they were saved, we will see them again.

The Roman Catholic Church is teaching witchcraft openly in their so called churches. God is not in those churches. If He’s there it may be by chance in an actual saved person that is in there but God will wake them up and get them out of there. They practice the pagan mystery religions and their goal is to get their parishioners loaded with demons and demonic activity in their lives by dabbling in these type of things.

7 Sky Burial

Sky burial is common in Tibet among Buddhists who believe in the value of sending their loved ones' souls toward heaven. In this ritual, bodies are left outside, often cut into pieces, for birds or other animals to devour. This serves the dual purpose of eliminating the now empty vessel of the body and allowing the soul to depart, while also embracing the circle of life and giving sustenance to animals.

I ran across this in research and wanted to share a few of these with you all. Sky burial is common in Tibet among Buddhists who believe in the value of sending their loved ones' souls toward heaven. This serves the dual purpose of eliminating the now empty vessel of the body and allowing the soul to depart, while also embracing the circle of life and giving sustenance to animals.

This of course is not Godly. We know when we die our soul is not hindered in any way, it returns to God. The minute we die our soul departs.

3 Tower of Silence

One Zoroastrian tradition requires vultures to keep its ancient burial ritual alive. In that tradition a dead body is believed to defile everything it touches—including the ground and fire—and raising a corpse to the sky for vultures to devour was historically the only option. Bull's urine is used to clean the body before tools, which are later destroyed, are used to cut off clothing. The corpse is then placed atop a Tower of Silence, out of the way of the living who could be tainted by it.

Why would anyone ever think bull's urine is good for cleaning anything? This is satan's sick perversion that the Zoroastrians have bought in to. Remember one of his symbols is a bull, think about the golden calf that the Israelites worshipped when they came out of Egypt. It is an idol and symbol of satan.

We have a huge one standing on Wall Street today representing money which the Bible says is a root of all kinds of evil. No tellin' how many people have taken a picture with this idol and I was one of them years and years ago. At that time I had no clue about the Biblical significance, not saved and not awake at all. The idolatry might not look the same but it is still there if you have eyes to see.

2 Ashes to Death Beads

While countless burial traditions around the world include cremation, South Koreans have taken it a step further by turning the ashes of the deceased into beads. These beads have a bit of a shine to them and come in an array of colors, from pink or black to turquoise. Placed inside glass vases or even open in dishes, the beads can then take center stage inside a home, a more decorative choice than a conventional urn. In a country where space is at a premium and cremation is becoming the only realistic choice for burying the dead, getting something beautiful out of the process gives loved ones a new tradition to embrace and an heirloom to treasure.

Get rid of any ashes of dead pets or dead loved ones. It opens doors when we keep those kind of things in our homes and in our lives. A young woman came to the church once wearing a necklace that had the ashes of her father in it. Get that stuff out of your life. I talked about this in the message I did titled "Tattoos Bring in Curses and Demonic Activity."

GRAVE SOAKING

I shared about this already in the message titled “Evil Spirits in Your Home” but I think it bears repeating.

Here is Bethel Church in Redding, CA. The B is a 13 – highly occultic number and false church.

Let’s take a look at just one false teaching this Bethel church in Redding, CA teaches: graveside soaking. Trying to soak up an anointing from a dead person.

Students of Bethel School of Supernatural Ministry at the grave sight of Alexander Dowie “soaking” up the anointing from his dead body.

BSSM Students on ministry trip "soaken up the glory" at Maria B Woodworth- Etter's and John F. Ormsby's graves.

2nd Year BSSM students "sucking up the anointing" at the grave of Evan Roberts.

"So today I got impartation from Maria Woodward Eters grand-daughter and soaked at the grave site..."

L: Bethelite at Smith Wigglesworth's wife's grave- caption reads: "In Bradford soaking up Smith's anointing..." R: The tall gray headed guy is Bill Johnson who is the pastor of Bethel Church in Redding, CA *This is actually the grave site of Smith Wigglesworth's wife who was already a minister before he was.*

BSSM students catching some anointing from Aimee McPherson's grave.

They are basing this teaching on the following scripture:

2 Kings 13:20-21 – And Elisha died, and they buried him. And the bands of the Moabites invaded the land at the coming in of the year. And it came to pass, as they were burying a man (Once while some Israelites were burying a man), that, behold, they spied a band of men (that is raiders); and they cast the man into the sepulcher (tomb) of Elisha (so they quickly threw the man's body into the tomb of Elisha): and when the man was let down, and touched the bone (s) of Elisha, he

revived, and stood up on his feet (as soon as the body touched Elisha's bones he revived and jumped to his feet!).

Dead man's bones brought the guy back to life. This was a miracle that God did showing the great anointing that He had poured out on His prophet Elisha's life. Remember Elisha had asked for a double portion of the Spirit that was on Elijah. The condition was that he had to be there to see him when God took him away and he was. That the anointing was still so powerful even down to his bones even after death.

So now you can see satan's churches have made a teaching centered around this one time miracle and have deceived their parishioners into doing this satanic act. This is not a Godly church and Bill Johnson is a huge false teacher. He also teaches visualization where Christians are interacting with demons posing as Jesus Christ.

These people are soaking up something alright and it isn't any Godly anointing. What they are getting are demonic attachments and satanic power. This church is a cult. I heard a radio interview about a girl who went out there and now her parents can't even talk to her. The church has surrounded her and are blocking the parents off from contact with her. They are mind controlling the girl so she cannot make any decisions without them.

And remember most of these people were lifted up by the world and what I have found is that the ones they are touting as some big minister or prophet of God is just the opposite, but actually a servant of satan. So even though it looks like they are seeking a Godly anointing that really isn't what is going on here. It would just be more of the kundalini spirit that they are getting, an extra dose besides what they receive inside the church there. The leaders know what they are up to in getting these young people to do all of this, getting them loaded with satan's spirits.

You need to avoid churches like this if you want to live for God. Always be aware of what anointing you are sitting under, in church, in deliverance, when anyone lays hands on you. We are not to be ignorant of what happens spiritually when we allow someone else to have authority over us that is not truly of God. What are we in agreement with? satan shows you things openly and when you remain in ignorance then he says, well you gave me permission to do this or that.

1 Tim.4:1-2 - Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; Speaking lies in hypocrisy; having their conscience seared with a hot iron;

If this church was ever Godly, it has clearly departed from the faith.

With all the sick things that people are out doing in graveyards it made me wonder if that is why caskets here in the United States are placed inside of a concrete enclosure underground to keep people from digging up the bones and doing witchcraft. It could just be a money making thing but it would deter people from digging up the bones.

From Wikipedia: The **Sedlec Ossuary** is a Roman Catholic chapel, located beneath the Cemetery Church of All Saints, part of the former Sedlec Abbey in Sedlec, a suburb of Kutná Hora in the Czech Republic. The ossuary is estimated to contain the skeletons of between 40,000 and 70,000 people, whose bones have, in many cases, been artistically arranged to form decorations and furnishings for the chapel. Witches use bones in their witchcraft and that is what you are looking at here. The Roman Catholic Church is doing witchcraft right out in the open. Any church that has dead remains of any sort inside of it is defiled and considered unclean and unholy.

CLOSING

1 Samuel 28 – God had removed His Spirit from King Saul because of his sin against God and now He was not speaking to him. King Saul was desperate to know what to do about going out to fight against the Philistines. So he went to a witch to have her call up Samuel’s spirit so that he could ask him what to do. Samuel was God’s prophet at that time. God allowed Samuel to come up from Paradise and speak to King Saul and pronounce God’s judgment against him.

We are not to interact with the dead but God allowed this in this instance only. This was not a familiar spirit because familiar spirits are demons. This was actually Samuel's spirit.

It is ok to see someone who has passed away in a dream unless they are trying to interact with you in this life through that dream. If you are having interaction with what you think is your dead grandmother, it isn't your grandmother, it is a familiar spirit. That is a demon posing as your grandmother. You need to break that connection, break that interaction. Ask God for forgiveness, and repent, stop the interaction. Plead the blood of Jesus Christ over yourself and bind that spirit and cast it out in Jesus name.
