

OUTREACH UPDATE KENYA: JUNE – JULY 2020

We thank God for giving us an opportunity to travel this week for home visitation to pray & encourage our members of our Holy Trinity Living Water Church, Ekeromumias Town & to support widows, Orphans and the needy with food at our Muluwa-Butere Town church.

As always we appreciate your prayers and support. Wish you all a blessed weekend. Pastor Erustus & Sarah

This was during the time when covid and the lockdowns first started. And we were able to help distribute food to the poor and needy. So special when God's people get together and what a blessing that He is using us to bless and be part of this great work that Pastor Erustus and Pastor Sarah are doing. Look at the little girl with the purple skirt, so precious with her little arms crossed and not lookin' too happy!

Yesterday we traveled back home safely after a successful home visitation and blessing the widows, Orphans ,the elderly & children with food stuffs at our Ekeromumias Town & Muluwa-Butere Town Holy Trinity Living Water branch churches during this Covid-19 pandemic hard times. Enjoy the pictures!!

Giving a refreshing drink and a treat to the little children in the name of Jesus.

Look how sweet, enjoying their refreshment.

In Mumias Town at our Holy Trinity Living Water Church branch - Ekeru market with leaders & youths planning over church bricks making project in preparation to start building a permanent church.

That's Pastor Sarah in the red and black.

Pastor talking to some of the members before the project begins.

Pastor Erustus and Pastor Sarah with some of the youth who will be making the bricks.

Here they are being silly and having fun.

Started today finish work on our Holy Trinity Living Water Church building at Muyayi branch, Bungoma Town as we await the opening of churches due to Covid-19 pandemic.

Put a Bible in the hands of village children a powerful tool of transforming their families and entire villages! I can't think of anything more exciting! Thank you for your heart to share the Gospel in remote areas! These Bibles cost \$ 8.00. What a blessing to be part of this.

They got a little sweet treat.

We are all part of blessing these children.

Distributed Swahili language Bibles to some of our dear Sunday School children at our Holy Trinity Living Water Church branch, Ekeru-Mumias Town. What a joy for these lovely children to have a Bible of their own as we promote the Gospel in their families and villages. There is still a big need for more Bibles. I can't think of anything more exciting!

Thank you all who have made this happen through your prayers and support.

Thank you for your heart to share the Gospel in remote areas!

With love Pastor Erustus & Sarah

There they are with their very own brand new Bibles.

Pastor speaking to the children and looks like he may be praying over them.

They also go to enjoy some refreshments.

Brick making project going on at our Holy Trinity Living Water Church branch at Ekeru , Mumias Town towards building a permanent church structure. Posted here some pictures. We are trusting God to provide for sand, cement, hardcore, ballast,timber, Iron sheets etc needed to enable us start the building process. With God nothing is impossible!!! As always we appreciate you all for your prayers and support. With love Pastor Erustus & Sarah

Pastor is praying over some of the workers.

So the work begins. You can see one of their molds here that they use to make bricks.

This is a lot of work. It was during a time when the youth were not in school because of covid.

Here they are working hard.

The bricks are starting to add up!

Seeing them making these bricks reminded me of the Israelites in Egypt being slaves to the Egyptians having to make bricks.

Those young kids have made a lot of bricks by now.

Just look at how many.

The youth made the bricks and were paid for their hard work and they were a blessing to the church because we saved a lot of money by letting them make them instead of buying them from the market. They had something to do and made some money in the meanwhile.

The churches in Kenya were able to open back up in July of 2020.

GOD IS LOVE!!!!

This week I and my wife Sarah visited my dear Parents at the village and had a good time together. Shared the gospel with them ,they accepted Jesus Christ in their lives and we blessed each with a Bible. They are eager to read & study the word of God. Thank you Jesus!!! Posted some pictures.

We request for your prayers that they finish well in our Lord Jesus.

God bless you all & enjoy your weekend.

With love Pastor Erustus & Sarah

These are Pastor Erustus' parents. Pastor had shared to me that he had prayed for 25 years for his parents to be saved. Don't give up on that person you are praying for. Don't give up on God, but wait on the Lord.

The brick making project is going on well, 5,000 bricks made ; 15,000 remaining to enable us start building the permanent church structure.

Kindly continue praying and supporting our ministry vision & plans.

Wish you all a blessed week.

With love, Pastor Erustus & Sarah.

This is the church branch where the bricks are being made to turn this church into a permanent structure. Termites eat away the wooden posts.

They have made so many bricks and not many remaining now.

Still doing the work.

Drying in the sun.

They began to stack and store them inside the church.

God has been so faithful in my past years, today as I celebrate my birthday I rejoice in the Lord for His call in my life. Friends & family I look forward to another year privileged to serve God , I am proud of you all!!! I love you in Christ Jesus.
