

## NEW AGE Pt 2.: DEFINING NEW AGE, ALICE A. BAILEY, ALIENS, SATAN'S PUPPETS

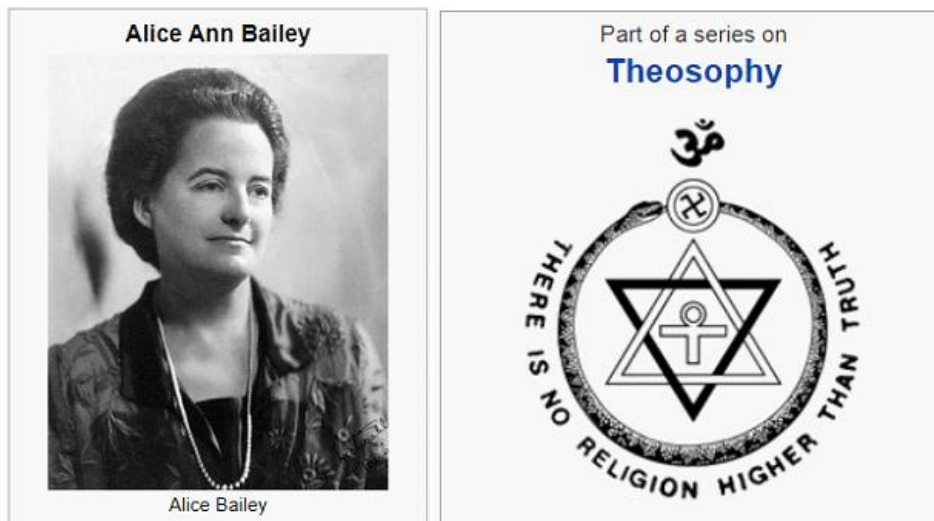

Let's continue defining New Age. I'm taking this information right off of the Wikipedia which is the world encyclopedia and so they should be able to get this worldly New Age Movement correct.

The sociologist of religion, Michael York described the New Age as "an umbrella term that includes a great variety of groups and identities" that are united by their "expectation of a major and universal change being primarily founded on the individual and collective development of human potential."

York also heuristically divides the New Age into three broad trends. The first, the social camp, represents groups that primarily seek to bring about social change, while the second, the occult camp, instead focus on contact with spirit entities and channeling. York's third group, the spiritual camp, represents a middle ground between these two camps that focuses largely on individual development.

The concept of a coming "new age" that would be inaugurated by the return to Earth of Jesus Christ was a theme in the poetry of Wellesley Tudor Pole (1884-1968) and of Johanna Brandt (1876-1964), and then also appeared in the work of the British-born American Theosophist Alice Bailey (1880-1949), featuring prominently in such titles as *Discipleship in the New Age* (1944) and *Education in the New Age* (1954). Carl Jung frequently wrote of the "new aeon/aion," denoting the shift from the "Platonic month" of Pisces to that of Aquarius.

Me: If any of these people wrote anything about Christianity, just remember they put a perverted twist on it as we learned last week. They are the very ones working to bring the worship of lucifer right into the churches. Just as it said in the Bible that the serpent was more subtle than any beast of the field (**Gen.3:1**), that's what they are trying to do by using words like Christ or Jesus and Christianity in their new age teachings. They are teaching a different Jesus and a different gospel. (**Gal.1:6-12, 2 Cor.11:4**) The Bible says whoever does that will be cursed by God.

Pictured here is Alice Bailey and if you remember the broach of Helena Blavatsky that we saw last week, you will notice it is very similar to this symbol. Alice revamped Blavatsky's satanic symbolism. You still have the ouroboros, the snake feeding on itself. You have the hexagram or satanic star of remphan which is satan (**Acts 7:42-43, Amos 5:26-27**) with an ankh in the middle, hearkening back to the Egyptian mystery religions and there is a swastika there at the top and on the very top is the om (aum) which is considered by occultist as a sacred sound, syllable, mantra or invocation in Hinduism. She really packed this thing full of occult symbolism. This is a demonic sigil used to draw the fallen angels and get more demonic power.

Bailey's works, written between 1919 and 1949, describe a wide-ranging [neo-Theosophical](#) system of [esoteric](#) thought covering such topics as how [spirituality](#) relates to the [Solar System](#), [meditation](#), [healing](#), [spiritual psychology](#), the destiny of nations, and prescriptions for society in general. She described the majority of her work as having been [telepathically](#) dictated to her by a Master of Wisdom, initially referred to only as "the Tibetan" or by the initials "D.K.", later identified as [Djwal Khul](#).<sup>[2]</sup> Her writings bore some similarity to those of [Madame Blavatsky](#) and are among the teachings often referred to as the "[Ageless Wisdom](#)". Though Bailey's writings differ in some respects to the Theosophy of Madame Blavatsky, they have much in common with it. She wrote on religious themes, including [Christianity](#), though her writings are fundamentally different from many aspects of Christianity or other orthodox religions. Her vision of a unified society included a global "spirit of religion" different from traditional religious forms and including the concept of the [Age of Aquarius](#).<sup>[3][4]</sup>

Bailey's works, written between 1919 and 1949, describe a wide-ranging neo-Theosophical system of esoteric thought covering such topics as how spirituality relates to the Solar System (that would be astrology which is a no-no for Christians), meditation, healing, spiritual psychology, the destiny of nations, and prescriptions for society in general. She described the majority of her work as having been telepathically dictated to her by a Master of Wisdom, initially referred to only as "the Tibetan" or by the initials "D.K.", later identified as Djwal Khul. Her writings bore some similarity to those of Madame Blavatsky and are among the teachings often referred to as the "Ageless Wisdom". Though Bailey's writings differ in some respects to the Theosophy of Madam Blavatsky, they have much in common with it. She wrote on religious themes, including Christianity, though her writings are fundamentally different from many aspects of Christianity or other orthodox religions. Her vision of a unified society included a global "spirit of religion" different from traditional religious forms and including the concept of the Age of Aquarius.

We will get to the Age of Aquarius in the coming weeks. It seems like the age that they are hoping to usher in is not the time of Christ but of the antichrist. If you read your Bibles you know that is not a time of peace. It will be a universal religion, the religion of the beast. You will bow down to the antichrist beast system or you will die most likely by being beheaded.

She said she was receiving information from a "Master of Wisdom" this DK or Djwal Khul – telepathically. Satan and the fallen angels try to mimic how God speaks to His children. He gives us thoughts and speaks to our minds and hearts and usually it is not with an audible voice. So no surprise that we see Satan and his co-horts doing the same thing.

You have to check what they have written against God's Word and when it doesn't line up then you know it was not of God. All of these occultists came into contact with fallen angels whom they called "masters" and claim that they imparted wisdom to them. Listen to this: According to Theosophical writings, Djwal Khul is said to work on furthering the spiritual evolution of our planet through the teachings offered in the 24 books by Alice Bailey of Esoteric Teachings published by the Lucis Trust (then named the Lucifer Publishing Company); he is said to have telepathically transmitted the teachings to Bailey

and is thus regarded by her followers as the communications director of the Masters of the Ancient Wisdom.

Me: When I was researching some information from Phil Schneider about the treaties that the fallen angels made with our government, I ran into testimony of different people saying that the aliens kept out at Area 51 spoke telepathically. Right into the persons mind. Aliens are demons who are fallen angels. When you research these occult people they are usually saying they had contact with a higher being who gave them the information they are passing on. The information they are receiving does not match our Bibles. Because it is from fallen angels.

A common theme in all of this is lucifer. He's the one this religion or movement worships, knowingly or unknowingly. Remember Blavatsky's newspaper was called "lucifer" and those of theosophy have said that lucifer worship will come in through the churches. This woman's teachings were originally published by a company called Lucifer Publishing Company. Today it is called Lucis Trust. Maybe they are trying to make it a little less conspicuous so that people don't connect the dots to lucifer. Lucis is a form of the latin word 'lux' which means light. Remember they call lucifer the light bearer, the light bringer or the illuminator. Lucis Trust is involved with the UN. No surprise there, since the world religion will be to worship lucifer through the antichrist and the beast system. So we can already see them aligned with the United Nations. satan's titles mock Jesus who is the true and real Light of this world! **(John 8:12)**

Even though they speak of the return to earth by Jesus, these are not Christian writers. The Age of Aquarius is another term for New Age. The zodiac signs, astrology in general, factor heavily into New Age. The Bible tells us not to be involved in astrology. **(Jer.10:2)**

There are aspects of the New Age that believe a new age would be brought about through contact with extraterrestrials.

Are aliens and ufo's really just demons? Yes, that's right. Today, we understand that what the world calls ET's or aliens are actually demons which are fallen angels. In a way this statement about the new age being brought about through contact with demons is true. The luciferians, new agers, witches, freemasons, the beast system government etc. are making more and more contact with them. They are summoning them more and more into this realm. That is a lot of the work that CERN and other hadron colliders are doing is trying to open up the abyss and let the demons loose that are being restrained there. The people who are going to the UFO conferences and sharing experiences they have had with real aliens are actually sharing about making contact with demons. A common theme from many abductions is that when the person cried out to Jesus, the abduction stopped.

Some years ago when I shared some of Phil Schneider's testimony, we learned that our very own government has made treaties with the fallen angels at least as far back as Truman. We agreed to give them so many livestock and humans to experiment on, kill, eat etc. And in exchange they have given us fallen angel technology. Phil said they call us bags or containers of food. That's how they view us. All the people talking about abductions etc. It is a mixture, a lot of it was interaction with fallen angels and some of it has been the government in costume trying to mess with people for their own purposes. A lot of fallen angel experimentation has taken place against those born into luciferic families and those that have undergone MK Ultra mind control programming.

Back to the research:

From a historical perspective, the New Age phenomenon is most associated with the counterculture of the 1960's. According to author Andrew Grant Jackson,

George Harrison's adoption of Hindu philosophy and Indian instrumentation in his songs with the Beatles in the mid- 1960's, together with the band's highly publicized study of Transcendental Meditation, "truly kick-started" the Human Potential Movement that subsequently became New Age.

It is well documented that Harrison, along with the other members of The Beatles, **embraced the concept of Transcendental Meditation in 1967** whilst on a spiritual jaunt to India. Aug 7, 2021

[Why everyone should meditate, according to George Harrison](#)

It is well documented that Harrison, along with the other members of The Beatles, embraced the concept of Transcendental Meditation in 1967 whilst on a spiritual jaunt to India.

There's our connection to Hinduism cropping up again. Satan lifts up those that serve him. He makes use of the musicians, singers, actors, sports players, radio persona etc. They are all at his disposal to use however he pleases to deceive those that idolize and follow them. And ultimately they are following Satan. This is his world for now. **(2 Cor.4:4)**

Madonna did an onstage ritual when she performed dressed as the baphomet.

Lil Nas X Montero Video – These singers are doing summoning rituals right in front of their fans eyes.

This is LeBron James, considered one of basketball's greatest players ever. They have nicknamed him King James. There's only one King and His name is Jesus. In every picture he is making the pyramid, to indicate worship of baal, the sun god, who is satan. This goes back to Egypt, to Osiris which is another name for Nimrod

who was possessed and empowered by satan. The freemasons worship Egyptian gods. You see it in their bibles and in their lodges.

Also it is for the all seeing eye of Horus, again taking us back to Egypt. Think of the pyramid on the back of our \$ 1 bill with the all seeing eye hovering over it. This is all about worship of satan. LeBron is speaking to the brotherhood here. In the bottom left corner he is pictured with Jay-Z. They are both freemasons. He is now tight with Jay-Z who seems to be a type of occult king pin for basketball players and rappers. They say this symbol that they do is for Jay-Z's Roc-a-feller records or roca wear or roc-nation. But that's just a cover for the Masonic symbol they all flash in honor of satan. And further more Jay-Z named all of those companies after Rockefeller, a huge freemason. Freemasonry is based on the kabbalah and kabbalah is based on Judaism and Judaism is witchcraft. That's what it all is, is witchcraft against God. The mystery religions of Egypt and Babylon – all witchcraft. These people are witches, summoning and relying on the power satan and the fallen angels are giving them.

The ones satan has blessed with power, money, fame and the pleasures of this life, he uses them. They will serve his agenda. He uses them against us and themselves. The ones who have entered into a contract with him. They are made to sacrifice loved ones and friends to him in order to move up in rank and be idolized by the public. They are in the movies, tv, sports and radio. These are the big ones he uses to sway the world because they are the ones we see and hear. They are his puppets, his mouth pieces and they will show honor to him. They always show through symbols, hand signs, logos, rituals played out in their music videos, movies etc. who they worship.

We don't have to wonder about who The Beatles served, they are telling us clear as day right here. Paul McCartney is holding up the 666 and John Lennon is flashing devil horns.

What message were the Beatles sending on their album cover for "Yesterday and Today". There was such an outcry against this cover by retailers that Capitol Records pulled the LP and made a new cover. To me this sends the message to the brotherhood. They are part of the freemasons, illuminati, witches that sacrifice and eat babies. I brought out at least 4 different witnesses speaking of these satanic practices by these people in "Satanic Ritual Abuse and Sacrifices." Those teachings are on Rumble and the church website. I will leave a link in the info. box and on my sermon notes.

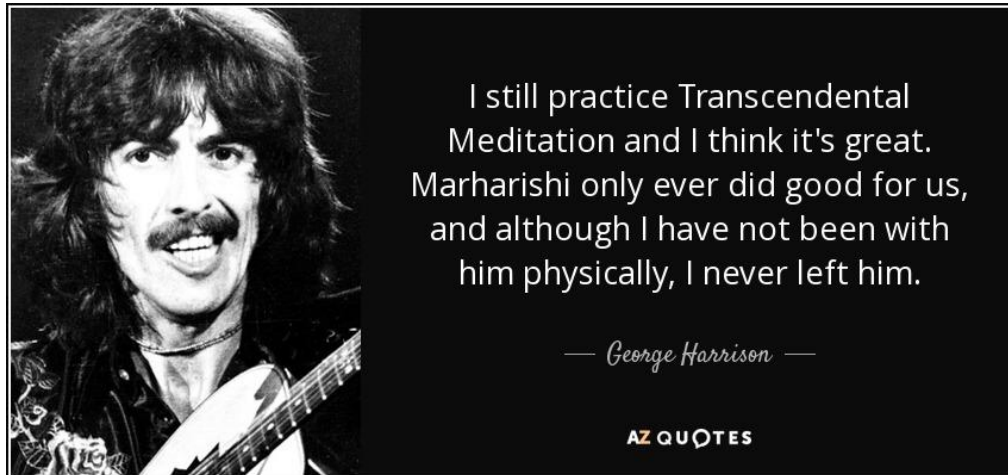

This is a Katy Perry video for a song titled “Bon Appétit”. In the video she looks like a person they use in their spirit cooking because she lays down and they spread food all over her as if she is the meal. Then later at the end it shows her ready to eat this meat pie or pizza with human fingers, an ear and a foot sticking out. A picture of cannibalism which they participate in at the rituals they attend. And also a picture of sacrifice. Most of the time after they sacrifice a baby or person, they eat them and drink their blood. They live off of the adrenochrome which makes them high and keeps them looking younger longer. They do this because life is precious and God said not to eat or drink the blood. **(Lev.17:11-12)** The more you see these people climb to the top and being in the lime light, the more sacrifices they have made and the more perverse things they have done in worship of satan. They send messages of truth in everything they do. Mostly they show us truth and we blow it off as artistic entertainment.

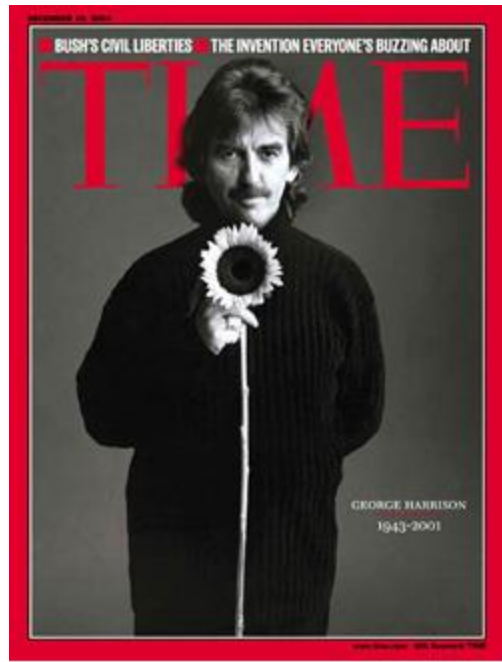

Katy Perry has made it clear who she serves. Here are the signs and hand signs too. She has said on record that she sold her soul to the devil.

Here are The Beatles with their guru Marharishi in India.

George Harrison said, “I still practice transcendental meditation and I think it’s great. Marharishi only ever did good for us, and although I have not been with him physically, I never left him.” That is because there was a demonic encounter and exchange that took place. That is why they were sent there in the first place to get more demonically empowered.

Here is George Harrison posing with a sun flower and a hidden hand. This picture spoke to the luciferic and freemasonic brotherhood. They all worship the sun god, thus the sun flower prop used here to denote the sun worship. The sun god is baal and that is satan.

## CLOSING

The New Age places a strong emphasis on spiritual authority of the self. You are a god or goddess. You have the power inside of yourself, you just need to activate it or tap into it.

If you are a Christian and you read God's Word, then you know the only spiritual authority you have comes through Jesus Christ. You are to be surrendered and submitted to Him and only through Him do you have any spiritual authority and power. Just as a person, apart from Him, you have no spiritual authority or power to do anything.

**John 15:5** - I am the vine, ye *are* the branches: He that abideth in Me, and I in him, the same bringeth forth much fruit: for without Me ye can do nothing.

There is only one spiritual authority. One true God and His name is Christ Jesus of Nazareth. All others are wanna be's. The angels and masters that New Agers are interacting with are satan and the fallen angels. The fallen angels and everyone

who did not come to Jesus in sincerity will bow the knee to Christ when everything is all said and done and Jesus passes judgement on the world.

**Phil.2:10-11** - That at the name of Jesus every knee should (will) bow, of *things* in heaven, and *things* in earth, and *things* under the earth; And *that* every tongue should (will) confess that Jesus Christ *is* Lord, to the glory of God the Father.

Seems like there has been some verb tampering going on with our Bible translations. Let's get it straight, it's not that they should but won't or don't. They WILL bow down to Jesus.

**Romans 14:11-12** - For it is written, As I live, saith the Lord, every knee shall bow to Me, and every tongue shall confess to God. So then every one of us shall give account of himself to God.

If you had any spiritual authority of yourself, if you really were a god or goddess, then you would not need to bow. The humanist and occult belief that humans are gods is mixed into New Age and most false religions.
