

NEW AGE Pt.10: MEDITATION, SATAN'S SERVANTS, BEATLES, OPRAH, BILLY GRAHAM, ELVIS

****WARNING** – There is some mature content in this message today.**

BACK TO OUR BEATLE'S INTERVIEW:

George Harrison: You don't feel like you have more knowledge or anything. You might, but it doesn't feel that way exactly. You just feel more energetic. You just come out of it and it's been refreshing.

John Lennon: It takes a lot of practice to remain in this state. We've been doing meditation for a matter of about six weeks, maybe. I definitely feel that it takes a long practice to be able to hold that level of consciousness, to be able to bring that level of consciousness into this grosser level.

You have had six weeks of this and it is obviously has already had a tremendous impact on you. Do you find that this concern with meditation is now starting to impose – perhaps not necessarily rules but a sort of conduct for the rest of your day?

John Lennon: It is just added to your routine. You are still the same. You don't have to change your religion or anything, you know. Whatever you are, you just carry on with it.

George Harrison: If we had Maharishi as the model to live by, it would be the same thing as Christianity. It is the answer as well, to the same thing, you know.
()

Me: This is where they are saying that Hinduism leads to eternity in heaven. They just compared it to Christianity. There's only one way to heaven.

*Please play this clip – The Oprah Show talked about this subject long ago. STOP

The guest says that there is a power of darkness just as there is a God. Oprah asks the guest if she believed that a person could choose one or the other and the

guest said yes. Then Oprah started promoting a book where the author says that you are always walking toward one or the other. You are walking toward the darkness or you are walking toward the light. The author called the darkness – fear and the light she called love. That’s just New Age wording. This book she referenced says that a mistake that humans are making is believing that there is only one way to live. The author says there are many ways to live, millions of ways to be a human being. The guest says, but how do you please God? She says, there are many paths to what you call God and her path might be something else and when she gets there she might call it the light. She says if her loving and her kindness and her generosity brings her to the same point that it brought you, it doesn’t matter if she called it light or not. Oprah says “there couldn’t possibly be just one way.” Then an audience member who didn’t have a microphone says something about JESUS! And Oprah says, what about Jesus? This audience member challenged her and said there is only one way and it is JESUS! The woman told her she was intellectualizing it and saying there isn’t. She said if you believe there is more than one way then you are all buying into the lie. Oprah says, if you are somewhere on the planet and you never hear the name of Jesus, but yet you lived with a loving heart, you lived as Jesus would have had you live, you lived for the same purpose that Jesus came to the planet for...but you are in some remote part of the Earth and you never heard the name of Jesus. You can’t get to heaven you think? The lady said, God knows your heart. Then Oprah says, does God care about your heart or does God care about if you call His Son Jesus? The guest says, Jesus cannot come back until that gospel is preached in the four corners of this Earth. So...you know figure it out. Then Oprah smiled and said, ok, I can’t get into a religious argument with you.*(about 2.5 min’s)

https://www.youtube.com/watch?v=noO_dCWtB1E

Oprah was having a religious argument with that woman, and she stood against Jesus being the only way. The terms she was using were New Age terms, love and light. Praise God for those ladies standing up for Jesus and standing on God’s Word.

Let's take a look at some more of satan's servants who believe there are many ways to heaven.

*Please play this clip – Robert Schuller speaks with Billy Graham in 1997. STOP

Robert asked Billy what he thought was the future of Christianity. Billy says, Christianity and being a true believer, you know I think there's the body of Christ which comes from all the Christian groups around the world. All outside the Christian groups, I think everybody that loves Christ, who knows Christ, whether they are conscious of it or not, they're members of the body of Christ.

((WRONG!!!)) I don't think we're going to see a great sweeping revival that will turn the whole world to Christ at any time. He says, I think apostle James answered that in the first counsel in Jerusalem when he said that God's purpose for this age is to call out a people for His name. And that's what God is doing today. He is calling people out of the world for His name. Whether they come from the muslim world, or the Buddhist world, or the Christian world, or the non-believing world. They are members of the body of Christ because they have been called by God. They may not even know the name of Jesus but they know in their heart that they need something that they don't have. And they turn to the only light that they have and I think that they are saved and that they are going to be with us in heaven. Schuller says, that is fantastic, I'm so thrilled to hear you say that. There's a wideness in God's mercy. And Graham says, there is. The videographer shared Scripture – about the wide path / the broad way that leads to destruction. Narrow is the path for believers. And also Scripture on false prophets in sheep's clothing – which are these two men are.*(about 2.5 min's)

They were both freemasons. I still remember how shocked and sad I was when I learned about Billy Graham. Not sad or distraught about it anymore as God has now revealed so many more of satan's servants to me. Robert Schuller was the first host of the "Hour of Power" program on tv. When you realize he was a false teacher, a freemason, then you understand what the name of his program meant. They chose their logos, company names, program names etc. to honor their god.

This next passage of Scripture is Jesus speaking to the religious leaders and the mob that came out to arrest Him and take Him all the way to His crucifixion.

Luke 22:53 – When I was daily with you in the temple, ye stretched forth no hands against Me: but this is your hour, and the power of darkness.

Jesus talked about the hour of power for the evil ones on this earth. So Robert Schuller adopted this as the name of the show where he would spread his false teachings. It also ties in with the wicked leaders who will receive power to rule with the beast for one hour in **Rev.17:12**.

Are there many ways to heaven? Let's go to Scripture.

John 14:6 - Jesus saith unto him, I Am the way, the truth, and the life: no man cometh unto the Father, but by Me.

Continuing with The Beatles' interview: The words – like 'God', for instance – do they mean anything different to you now than it did before you met Maharishi?

George Harrison: It means all kinds of things to me – the first context was 'a man in the stars.' And I've gone back to it now, I think it is a man in the stars as well, if you like! Divine is in everything. Every aspect of creation is a part of god, an expression of it.

Me: Everything is not a part of God and God is not in everything. This is His creation and He is only in those who have come and surrendered their lives to Christ. And how irreverent to call God "the man in the stars."

There was a statement on the interview site: No religion involved: Transcendental Meditation is just a mind-body technique. As expounded by Maharishi, the practice involves no demand whatsoever on one's religious beliefs.

Me: Remember the court case against TM uncovered the fact that they changed what they tell the initiate about the puja ceremony so that people would not turn away once they realized there was a religious aspect. They were losing atheists and they were losing Christians who had enough discernment to realize that this was not worship of Jesus. They now say that it is only for the yogi and that the

initiate is not involved in any way and we have already revealed how that is a complete lie.

John Lennon: It's the same in the whole universe, in all religions. It's just opening your mind to see that. Buddha was groovy, you know. And Jesus was all right. It's exactly the same thing.

Me: He just brought Jesus down to the level of only being a man and not being God. Buddhism, Hinduism and Christianity are not the same.

What differences were there, would you say, between Jesus and Maharishi, for instance?

John Lennon: Well, Maharishi, didn't do miracles, you know. He giggles – I can't say how divine or superhuman that is.

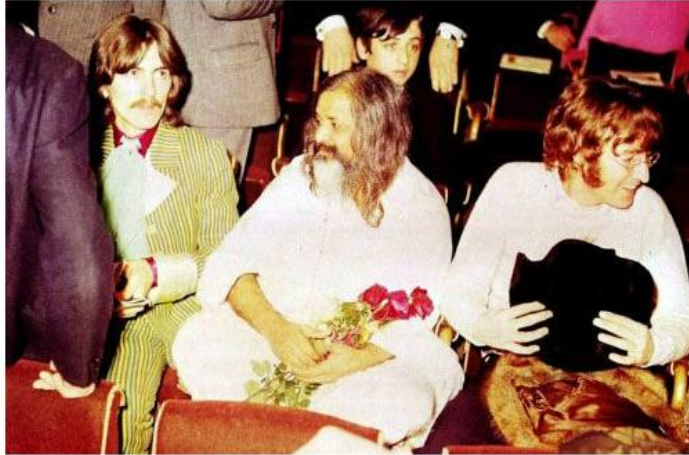

George Harrison: Jesus was one of the divine incarnations. You know, some people like Jesus or Krishna because they were the divine the moment they were born. They chose to reincarnate, to come back in order to try to save a few more people. Whereas others manage to be born just ordinary and attain divinity in that particular incarnation.

John Lennon: So Marharishi is probably one of them, you know. He is quite ordinary, but working at it. (laughter from audience)

Me: Krishna never saved anyone. And no human born on this earth attains divinity. Jesus was, is and always will be God. Even before He was the baby in the manger, He was already God in heaven. **(John 3:13, John 6:33 & 38)** He left heaven to come here to be our sacrifice.

How do you think Maharishi, his meditation could help solve the worlds problems?

JOHN LENNON: It's only by doing it – going home and realizing the deeper levels of consciousness. The real problem is lack of wisdom in the world. So each person, each individual has something to do.

— George Harrison and John Lennon with Maharishi, 1967.

How do you think Maharishi, his meditation could help solve the worlds' problems?

John Lennon: It's only by doing it – going home and realizing the deeper levels of consciousness. The real problem is lack of wisdom in the world. So each person, each individual has something to do. Pictured here: George Harrison and John Lennon with Maharishi, 1967.

The Bible tells us if any lacks wisdom let Him ask God. **(James 1:5)** And God says that His people are perishing for lack of knowledge. **(Hosea 1:5)** That's how people are getting tangled up into stuff like New Age. They don't know God's Word and don't have His Spirit inside of them so that they can discern the right way by the being empowered by The Holy Spirit. The breakdown started in the homes with parents not teaching their children God's Word and His ways and they themselves not serving Jesus. The churches have fallen down on the job of exposing this type of wickedness too.

Last week we looked at some of satan's servants that he uses on the world stage to influence those that idolize and follow them. Each one was giving witness to the fact that they are not themselves when they perform. One thing they all had

in common was meditation. Let's take a look at someone who was used powerfully by satan to influence the world. He was called the king of rock-n-roll.

This is an expose on Elvis Presley done by Good Fight Ministries. STOP

Elvis said he had no control over the way his body responded to music. He described the transformation that took place with him on stage as though he were being possessed by some "surge of electricity." Later in life Elvis admitted that the strange powers he had wielded over his audiences were occultic powers that he had received from the spirit world. Elvis as a child believed that he was being guided by the voice of Jesse, his twin brother who died at birth. He later admitted he was being used by a hierarchy of spirit beings. He believed he was working under the aegis of these "masters" that they had helped him. He said this voice guided him all his life. Yet he mocked Jesus and made fun of Him. Elvis recognized the devil's part in his success. He even had a song titled "I'm Evil." Elvis had psychic powers and he believed he was a prophet and that his body guards and band were his disciples. He tried to use telekinesis to get his body guard to kill Mike Stone because he believed he was breaking his family up. / Many people have been deceived into believing that Elvis was a Christian. Elvis denied that Jesus was the only begotten Son of God. He thought that all people had Jesus Christ in them. THIS IS WRONG. They reveal many false things that Elvis said, like that Jesus slept with Mary Magdalene. When Elvis went to receive his federal narcotics badge from Nixon, he was high as a kite. He was cranked up on speed. Elvis lived in fornication with Priscilla and he cheated on her his whole marriage through. / Elvis did not follow the Jesus of the Bible, but used Him as a cover. Eventually, Elvis claimed to be more than a prophet. He claimed that he himself was Christ. His step brother shared that Elvis said, I know who Jesus Christ is, "but who am I?" His step brother shared of a time they were in a very bad storm with thunder and lightning and hail all around. They could not even see their hands in front of their faces. Elvis said, man I'm sick of this. He said he would take care of it. He rolled back the sun roof and stood up in the car out of the sun roof, and waved his hands apart (like Moses parting the Red Sea – which was God – not Moses). All of a sudden the storm parted and on either side there

was rain but it was clear and sunshine right down the middle. **This was a demonic miracle.** He named his gospel group “Voice” after the New Age voice. He was having his stage costumes designed to be like the “masters from new age – which are fallen angels. “In Elvis’ mind, his life was being directed divinely by the brotherhood of masters and illuminated beings, enlightened entities that have existed since time immemorial, and he truly felt he was chosen to be here now as a modern-day savior, a Christ.” Elvis Enterprises rakes in over 100 million dollars a year. He died in 1977. Elvis was a promoter of New Age teachings. He even had fans that believe if Elvis touched their sick children they would be healed. Elvis followed Madam Blavatsky’s teachings. Blavatsky influenced Adolf Hitler and the SS. Aleister Crowley said he and Blavatsky were one. Blavatsky said, “satan is that angel who was proud enough to believe himself God; brave enough to buy his independence at the price of eternal suffering and torture.” She said, “satan the serpent in Genesis is the real creator and benefactor, the father of spiritual mankind...and he who was the first to whisper: ‘In the day ye eat thereof ye shall be as Elohim, knowing good and evil’ – can only be regarded in the light of a savior.” Blavatsky said that satan, lucifer, the tempter, the mind – is our redeemer, our intelligent liberator, our savior. Elvis was used by satan and the fallen angels to spread New Age. Elvis claimed that his “mission” was to use his “name and influence” to initiate people into the “spiritual world” of which he was being used. He claimed that this “voice” was using him as a “channel” to reach “millions” of people, through the “universal language of music.” Elvis would read from Blavatsky’s book while on stage. Some lyrics from one of Elvis’ songs were: “as long as a man has the strength to dream he can redeem his soul and fly.” THAT IS A LIE from satan. Anton Lavey, Blavatsky, and Crowley all teach that you can redeem yourself. In Anton Lavey’s satanic bible he states “say unto thine own heart I am my own redeemer.” Elvis died with 14 different drugs in his body. The night Elvis died he was reading a book on psychic energy. He thought it would help him fall asleep.*(about 17 min’s)

I thought The Good Fight Ministries did an excellent job on this piece about Elvis. And they did an awesome job exposing his life and wrong beliefs against God's Word.

Elvis was also under the influence of MK Ultra. So we have to remember he was programmed with many of his beliefs. In that type of mind control programming, they layer in demons as well. Elvis lived and practiced New Age and promoted it out to the world.

Los Angeles Times

Elvis' routine also included meditation ("Better than any drug I know," he once said), particularly before performances.

"A lot of people don't know that he was a member of the Self-Realization Fellowship of Yogananda," Rosen said. "Elvis meditated 30 minutes a day to get the ego out of the way so God could speak through his songs. He thought God had a special use for his voice."

From the Los Angeles Times: Elvis' routine also included meditation ("Better than any drug I know," he once said), particularly before performances.

"A lot of people don't know that he was a member of the Self-Realization Fellowship of Yogananda," Rosen said. "Elvis meditated 30 minutes a day to get the ego out of the way so God could speak through his songs. He thought God had a special use for his voice."

So here we see Elvis also meditated and was practicing Hinduism. He was demonically empowered to do what he was doing. He said he had no control over the way his body responded to music. He described the transformation that took place with him on stage as though he was being possessed by a surge of electricity. That was demonic power. The Holy Spirit doesn't cause you to move

like that. But yet, He used his body as an instrument of lust and he did not use his talent to bring glory to God in any way.

He was himself deceived to believe he was communicating with God through meditation. It was a demon speaking to him. Elvis was bragging about some of his sex-capades in the limousine one day and an interviewer was there in the car. Elvis did not know that there was a live microphone in the car and when his body guards told him he quickly started singing "What a Friend we have in Jesus." How rude and disrespectful and what a mockery of christianity and of Jesus that was. This man truly was evil. And furthermore, if you loved Jesus and believed He had a special use for your voice you would have never sang a song called "I'm Evil".

He even admitted later in his life that the powers he had were occultic powers from the spirit world. When he was a child he thought he was being guided by his brother Jesse, his twin who died at birth. But later he admitted he was being used by a hierarchy of spirit beings – fallen angels/demons. He recognized the devil's part in his success. Elvis did not believe in Jesus and even began to believe he was Jesus himself. He had an antichrist spirit, was demonically empowered and used mightily by satan. He was used to initiate people into New Age and away from Jesus.

His body guards spoke of his psychic powers. It seems like those in the music industry talk more freely and openly revealing the truth. I believe they censor and keep the reigns a little tighter on what actors and actresses are allowed to reveal to us.

Elvis Enterprises is still raking in millions of dollars long after his death in 1977. Look at the money satan is still making off of Elvis for his kingdom and glory. If you really get saved and love Jesus more than anything, He will break your idols down. I always had a fascination for Elvis. Not anymore. I don't care for anyone that is in the lime light anymore. If they can be saved, we need to pray for them. Most of them are unhappy, depressed and living in fear.

CLOSING

Heb.13:7 - Remember them which have the rule over you (your spiritual leaders), who have spoken unto you the word of God: whose faith follow, considering the end of *their* conversation (life).

The Word of God tells us to watch God's ministers lives and live like them keeping the faith. Elvis was not a righteous man, let's consider the end of Elvis' life. He had demonic powers. You heard his body guards and step brother talking about his supernatural power and even miracles he performed. Or rather that satan performed through him. He tried to commit suicide and said that it is better to be unconscious than to be miserable. In the end, how did he die? He died of a drug overdose reading a book on sex and psychic powers. His family was wrecked. He was still sleeping around. He was miserable. He served the wrong god and he served himself. All those serving satan end up the same way, dying in misery.

Look what he confessed to his one-time pastor. He said he had all the money he could ever spend, he had fame and friends but he was miserable. No amount of money, sex, fame, power or stuff can buy real happiness. It comes from Christ Jesus alone.

If you want to know what the New Age ultimately brings, it brings destruction, misery and damnation for those who don't get out and come to Jesus.
