

OUTREACH UPDATE INDIA: NOVEMBER 2022

This is Shristi, she is a student at our Christian school in the village of Sataghat.

YESHU SAT SANGATI MEETING(YSS) (JESUS FELLOWSHIP GROUP)

Today we have nearly about 58 house churches in 30 different villages and we thank God for helping us coming this much with prayers of Three Heart congregation, Sister Cherie, brother Scott and Kennedy for always being there for praying and helping us. We are committed to bringing good news to those in our rural women through Yeshu Sat Sangati and Its surrounding communities . We are consider ourselves to be a family , we thank God this rural area women

& community are at Jesus fellowship are a family of believer in our Lord Jesus Christ ministers diverse in interests, gift and levels of spiritual growth .

Pastor sitting here and teaching reminds me of when Jesus would sit and teach the multitudes. And what a beautiful backdrop the Himalaya Mountains are too. Pastor is teaching here in the Village Rotu Ki Belli. Pastor shared: We seek to provide a loving spirit- filled atmosphere in which our (YSS) fellowship member can flourish in their commitment to Jesus Christ So Three Heart ministry continue thanks to God for forward this journey to preached the gospel in this rural area through YSS this is the vision. Meetings are the main part of Three Heart Ministry in is meeting we make a relationship with a villagers and share the gospel in these people. In this meeting people share their problems needs and we try to help them by praying for them and just a help for solving their problems by God grace.

WOMEN EMPOWERMENT PROGRAM (DAIRY FARMING and GOAT)

The dairy is helping the widows and left out women of the village who did not had any kind of sustain income to make their children eat and for providing education to them. It has been observed that every morning women get up early and manage to get milk from the animals. They nourish the animals just like their own children. So this is one of the main reason for setting up a dairy farm for making the women sustained. The dairy framing has given a new hope to those women who did not had any kind of income source and lost their hopes but, they had found new hope that this has change their life statement from no hopes to hope.

Through which we are able to share how God test each one of us and if one door is closed for anyone God has a plan behind it and He opens 100 doors to overcome that certain situation. We have open farm for widows in which we have 4 cows and 10 goats.

SUSHMA'S STORY

Sushma (left) moved with her two daughters to a new village to escape the trauma of losing her 7 month old son to illness and then being blamed for his death by her husband and in-laws, who taunted her relentlessly. Her husband would drink and then beat and abuse her and she felt pressure from the in-laws to have another child even though she was not ready emotionally. Even in her new village she had trouble finding a job due to poor literacy, but she was introduced to us and Three Heart Ministry was able to help build a polyhouse for her to grow vegetables to sell at market. Now she is able to earn by her own self and more than that she is also sharing the gospel and how God is being working in her life continually, and making her more strong in faith and now she is having a continually.

SUCCESS STORY

Nali Kalan is a Village in Raipur Block in Dehradun District of Uttarakhand State, India. It is located 11 KM towards East from District headquarters Dehradun. This water catchment has been set up in one of our selected village Nali Kala it has population around 85-90 in the village. it has been a success, now the water, so the villager now doesn't need to go far for the water for the fields, for their animals like Cow buffalo, etc. we built the water catchment in different areas, and have been able to successful to generate water in the dry mountains, it is being a lot help to those women's who had to go far away to get water for the house, cattle's and their fields too. Villages were able to get water in summers also as these water sources used to get dried up but after making pit holes and catchment, we were able to gather water in summers also. This is helping village for getting water supply throughout the year.

This is been a great success of the SHG where not only women are taking part in the activity, but this is the first-time men of the community have come forward. It's been a huge change in the community that women and men are working together for the community development. This was not just sowing plants in the field but it was the togetherness of the community development. It has putted a huge impact in the society for the first time that the men of the village have created there SHG, for the development of the village with developing each other skills and potential.

Construction of a water catchment system for one village has brought the whole village - men and women - together and seen everyone benefit. Now they have consistent water supply throughout the year, enough for their livestock and for irrigating the fields. Greenery is returning to the village, improving the environment and increasing crop yields. And with plenty of water to go around, women no longer have the back-breaking burden of walking long distances carrying water, reducing back issues and improving their health. For the first time in the project, men have participated and worked together with the women for a successful outcome. A village thriving through teamwork! As our vision is to create the Eden Garden again in which God kept us so we are trying to redevelop the environment as it was created.

HOSTEL PROGRAM

Hostel fellowship is also a big point of our mission & vision. We need to provide easy method to understand the teaching of Bible study. We adopt the method of video shows at computer. It is really appreciable that children do learn a lot through this method. First we show them Bible study film and then teach them. We are proud to say that children took more and more attention and doing their regular bible study. We thank to God kindness he gave wonderful responsibility to seek people & save their life for his kingdom. At present we have 20 children in our hostel and 4 staff member to take care of them some of the children are single parent and some children are from those family in which there are alcohol abuse.

THREE HEARTS SCHOOL

School is being a great opportunity for Three Heart ministry to share gospel among each and every family in the area, back in 2016 we had started the school with only 10 children but today by the grace of God we have 84 students and 11 teaching and non-teaching staff in the school still more of the student are wanting admission in the school, but we don't have enough furniture and for these students only so we are trying to hold admissions.

The school children are doing one of their cultural dances here. The school is from Kinder garden to class 5, and its the first Christian value school in the area and we are so glad that God has helped and supported us in the journey so far. Sister Cherie, brother Scott, Kennedy and Three Heart Church congregation that they have been always praying and supporting us in all the activities that are been run through them without your all prayers and support it would be not possible this much.

PRAYER REQUESTS

- Continue prayer for our house churches that God helps all our church member to grow more in Him.
- Prayer for the school children that what seed we have sown in them may become fruit for His Kingdom.
- In one of our area Village Batti gaun in Pauri in which we are planning to open a school pray for it that God provides everything. This will be the first school in

that area with Christian values and teaching .

- Pray for our family that God continue protect us and keep us safe from everything and for my healing continually.

On the far right is Sonali, then Sourav, next to him is Pastor Dalbeer and Sunita with little Shamyra standing in front of her parents.

THANKS LETTER

First of all I would like to thank God for helping us and making ways for us in every situation and He is our all source He provides us every need we have and He knows the right time to provide everything I would also like to Thank sister Cherie brother Scott and Kennedy who has always being supporting us and helping us and I would like to thank Three Heart Church who came forward for the ministry and helping us continuously.

With Christ Love
Pastor Dalbeer Singh & Family
