I left the prices in on this update because I want you to understand that when I show you these updates, your tithes and offerings are helping to accomplish the very needs that Pastor has just mentioned. I usually don't ask for money from the church because people here in America don't like to be asked for money. Many do not like to give and don't want to hear about giving. And those are the people who do not have God's Spirit in them or that need to read His Word and grow. To do the work God has called us to do takes money. God loves a cheerful giver and He rewards those that help to accomplish His Kingdom work. I do not take offerings for one outreach over another or for certain things over others. Those that give have been led to Three Hearts Church by God. I am thankful for those that love me and my family and want to help us accomplish what God has called us to do. God has entrusted this ministry to me and with His guidance and staying in touch with the Pastors, and knowing the needs of the ministry here as well, I distribute accordingly. Three Hearts Church is the main support of Pastor Erustus and Pastor Dalbeer's ministries. When you sow into this ministry you are also sowing into Pastor Erustus and Pastor Dalbeer's ministries. We are all very grateful and appreciative and we give God glory for you all.

Pastor Martin Omondi standing out by the church sign. You can see the church is by a road there and we pray that those traveling by will be compelled to come and attend the church.

Here is the congregation listening to God's word.

They could be anywhere, I praise God they chose to come to God's House.

Beautiful, praising God.

Coming to the front for prayer.

**PRAISE TESTIMONY!!!**

Through God's grace we have made good progress in constructing our Holy Trinity Living Water church building, Ekeru-Mumias Town branch. We are trusting God to finish up the walls before end of this month as we trust God to provide for roofing materials.

It is coming right along.

There are the workers laying the bricks

Working on the Lord's church building

Praise God for this great work!

See their ladders that they make leaned up on the picture on the right side. We are helping to pay these workers to do this work and it is a blessing for them and for us.

Here is a view of the wall and working on the wall. They must have climbed a tree or something to get this shot because they don't have drones there.

**PRAISE TESTIMONY!!!**

Praise the living God for enabling us fix electricity at our Holy Trinity Living Water church branch at Muluwa-Butere Town under our Pastor Issabellah. What a faithful God we serve!!! Now we continue to trust Him help us build Toilets & fix electricity at our Ebubole-Mumias Town church branch. Glory to God for blessing our 7 branch churches.

God bless you all our dear friends and family.

Picture of Pastor Issabellah & her dear husband Rama.

Front view of our Muluwa-Butere Town church branch compound. This was a picture from when they held a conference there and look at the overflow outside the church under the tent. See all the motorbikes parked there. They mostly use motorbikes for transportation if they can afford to rent one and some people are blessed to own one. Pastor did not have any transportation of his own until God brought us together for His divine purposes. And with your help we were able to purchase a car for him and his family back in 2017. Thank You Lord Jesus for Pastor's car.

**PRAISE TESTIMONY!!!**

"Every day will I bless thee; and I will praise thy name forever and ever. Great is the LORD, and greatly to be praised; and his greatness is unsearchable. One generation shall praise thy works to another, and shall declare thy mighty acts".(Psalms 145:2-4)

Blessed Sunday to you all. Together we are a team and family !!!

With love Bishop Erustus & Sarah

The Bungoma Church was blessed to be able to purchase a new set of drums.

This will enhance their praise and worship adding drums to the keyboard they already had.

God has been faithful to enable us support the education of our needy girl Brigit of our Holy Trinity Living Water church at Kasebere - Uganda right from primary school level. She is now through with her A-level education. We are now waiting for the exam results to see whether she can proceed to University level.

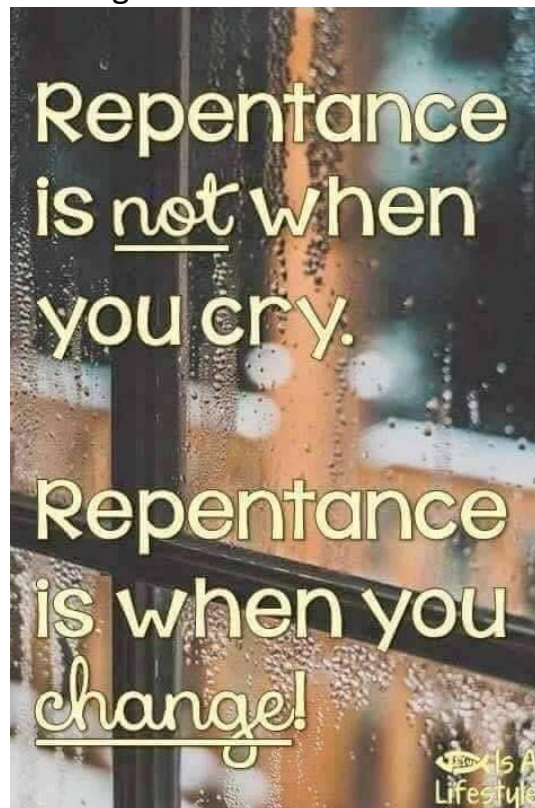

We appreciate you all for the support and prayers. Together we are a team and family.

With love Bishop Erustus & Sarah

Here is Pastor standing with Brigit outside the Uganda church and on the right he is ministering in the church while Brigit interprets.

I want to share a short teaching of Pastor Erustus' that was on facebook.

Acts 2:38-40 Then Peter said unto them, "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call. And with many other words did he testify and exhort, saying, Save yourselves from this untoward generation." Acts 2:38-40

**GOD'S GRACE IS SUFFICIENT!!!**

Praise and honor to God who has continued to strengthen us in the church building project work of our Holy Trinity Living Water church branch at Ekeromumias Town. We are now at the roofing stage.

Blessed week to you all!!!

The roof is going up

Look at those workers, they are walking on the narrowest boards. Two of them are barefoot. I don't know how they manage to do that.

It's really coming together now.

Praise to our heavenly loving Father whose promises are true. We are now done with roofing (timber) work for our Holy Trinity Living Water church branch at Ekeru-Mumias Town. We now trust God to provide for Iron sheets, nails etc then we will complete roofing. Jesus is the same yesterday, today and forever. As always we appreciate you all for your continued support and prayers. Wish you all a lovely week. Together we are a team and family.  
With love Bishop Erustus & Sarah

It's a big deal to have this church made of brick instead of the tree poles and studs that the termites would eat and it would rot out. A permanent structure made of brick is a really big deal. Most of the people are living in houses made of mud.

A look down the side of the church.

Here's a look from the corner at the work being done on the roof.

One last picture of the church and how they have progressed with the brick work and roof.

They have made it pretty far already in a short time.

I thought this was a great place to end this update. Look at the smiles on Pastor Sarah and Pastor Erustus' faces. May God bless their lives abundantly!

Philippians 1: 6 "He who began a good work in you will carry it on to completion until the day of Christ Jesus"

That means, God has already begun a good process of growth in you, and He won't stop until Jesus returns and we all meet him face-to-face! We can trust Him to do his work in us, in His perfect timing. In order to continue to grow and to let Jesus take charge of the process in our lives, we need to press into humility. Growth, especially spiritual growth, involves the pain of brokenness and humility. That's because to grow, you need to dethrone yourself and place Jesus in His rightful place as king in your heart. When Jesus is king (and we are not), God can and will use everything to show us where He is growing us up.

The Christian life is letting Jesus on the throne while we take the cross. But growth comes when we remember that we don't know everything or do everything right. And what's amazing is God's grace doesn't hold our growing edges against us. So if God allows us to be in process then we can stop worrying, rest, and delight in being in process too.
