This is the prayer practitioner website that I began teaching on last week. Let's continue on it now.

The purpose in going the extra mile to obtain certification is that it will increase your awareness that further step. Plus, you'll have that deeper connection with your fellow participants, including Jennifer.

In the Certification class you'll be REQUIRED to document miracles brought about by your prayer work and your consciousness. Doing this will change your mind forever.

You can and will still experience miracles with or without the training, with or without the certification, but the extra support, the homework, the requirements, and the community WILL strengthen you. You'll be able to inspire faith in others by your example. What a gift!

**We are ALL Teachers of God, and we teach what we are learning.**

required to document miracles brought about by your prayer work and your consciousness. CONSCIOUSNESS Doing this will change your mind forever.

Me: There's another tip off that these are New Age prayer techniques. These prayers will not go to God. Satan and the fallen angels will be actively at work in the lives of those who sign up for these type of classes. So if miracles happen or those prayers are answered, it will be by Satan and his crew and the purpose is deception to keep you away from Jesus.

You can and will experience miracles with or without the training, with or without the certification, but the extra support, the homework, the requirements, and the community WILL strengthen you. You'll be able to inspire faith in others by your example. What a gift! We are ALL teachers of God, and we teach what we are learning.

I notice a big running theme in the New Age is about experiencing miracles. Walking in the miraculous. This is all hype, used to draw you in because people want miracles, to see them and believe they have the power to bring them about. Most people want to see God do miracles in their lives but they don't really want Jesus, don't want to take the time to learn and grow and cultivate a real relationship with God.

## I support us ALL in becoming the **teacher of teachers.**

It's my intention to support the continued expansion of our **Prayer Ministry** which currently offers prayer on Zoom every 3 hours, 24 hours a day, 7 days a week. Those who participate in this training are invited to come and pray with the community, further anchoring you in the Christ Consciousness. When we pray, we are healed.

**It's my goal that this ministry can support, through increased donations, being able to hire Prayer Practitioners and to have a staff of Prayer Practitioners and a leader for the Prayer Ministry.**

*At the Power of Love Ministry, we're intending to hire and employ more and more lightworkers to answer their heart call and be paid for sharing their gifts, talents, and expertise.*

\*I'm just going to read a few sentences and then skip to the bottom.\* I support us ALL in becoming the teacher of teachers. It's my intention to support the continued expansion of our Prayer Ministry which currently offers prayer on zoom every 3 hours, 24 hours a day, 7 days a week.

God did not call or gift everyone to be a teacher. That is part of the five fold ministry gifts. It is one of my gifts. They are trying to get donations so they can increase their prayer ministry.

If Christians have gifts and talents then so will satan's servants. satan is a copy can, a cheap imitation. Christians are empowered by The Holy Spirit of God and these New Agers are empowered by satan and the fallen angels whether they know it or not. Real Christians have the true power on their side. **(Romans 8:31)**

Notice they used the word "light worker", let's look into that New Age term.

A Lightworker is **someone who has a rare gift: the ability to lend their healing energy to a planet that is now heavy with fear and negativity.**

Lightworker Powers: Which Ones Do You Have From: Basicallywonderful.com

I am a light worker – I awoke so that others may awaken. I learn so that others may also learn. I transform so that others may transform. I forgave myself that I may help others to forgive. I love myself so that I may bring out Love in others. I live to shine Divine Light. I live to BE truth. I live to Unify. I live to Love.

This book by Isabelle Cerf is written in French. You can see it is a guide of the Lightworker. The bottom says “all the tools to discover your inner magic.” You see on the cover, chakras, astrology, karmic lineage, numerology and lunology. These things are of the occult.

New Age teaches that the power lies within you. But they are not speaking of The Holy Spirit. They speak with vague spiritual overtones but they do not acknowledge Jesus, Who is the light of the world.

**John 8:12** – Then spake Jesus again unto them, saying, I am the light of the world: he that followeth Me shall not walk in darkness, but shall have the light of life.

That is we will have the light that leads to eternal life. That light is Jesus, Who is the Word of God and is God Himself. Jesus is the true light.

So here are all these different versions of satan trying to be the light of the world. He wants to usurp Jesus' titles as his own. Top row l-r: Mithra, a sun god and cult of Rome, and India, Helios another sun god of the Greeks, and our very own statue of Liberty ( is it a man or a woman or both) holding her/his torch up in worship of the sun and sun rays on her/his head, and last is lucifero – lucifer the fallen angel. Bottom row l-r: Prometheus a titan god of fire and supreme trickster credited with creating humans from clay and stealing fire from the gods and giving it to man. He didn't create mankind, Jesus did. No idea who the next one is. Then there is Santa Lucia which translates to Saint of Light or holy light. The last one looks like the Columbia Pictures icon of a woman holding up a light in honor of the sun god, light bearer, satan. These torches being lifted up are all in honor of satan who calls himself the light bringer, the light bearer, the enlightened one, the illuminator, the daystar and morning star. Yes, he uses titles of Jesus for himself. These are all variations of him or in honor of him and these things are all around this world. Just like the big deal made about the torch of the Olympic games which are in honor of the sun god Zeus who is satan.

satan knows Jesus is God. He knows His Maker. **(Col.1:16, John 1:3, John 1:1 & 14, Ezek.28:15)**

We as Christians are the light of the world.

**Matt.5:14-16** - Ye are the light of the world. A city that is set on an hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.

Because Jesus is our Master, we are like Him. There is a true light and there is a false light. Satan is not the true light, he is blinding those that come to him. **(2 Cor.4:4)** And in the spirit realm, God's holy fire is all around His true children. The spirit realm knows who has God's light and fire in them and who doesn't.

The Holy Spirit gives gifts to the body of Christ like the gift of healing. **(1 Cor.12)** So Satan gives gifts to those that seek and serve him and he works it through demons that he assigns to them. That's where the witches and New Agers, Freemasons, illuminati get their power, from demons / fallen angels. So maybe a lightworker believes they have the power to heal, it is done through fallen angels. If Satan wants someone to come and serve him, even in ignorance of who or what they are really serving, then he can allow them to believe they are healing people. And all he has to do to bring this about is call off his demons from the person being healed. Where does sickness and disease come from anyway? Satan. So he can then when the confidence of the person that got healed also. This will cause them to believe in these ungodly practices because "it works". Right. They believe it was God when all the while it was just Satan rearranging his demons in their life. Now instead of tearing the person down one way, they will have new avenues to work through them and tear down their lives. And if he chooses, he can always bring it back to sickness and disease as well. The person who believes they are a healer also is reeled in more on Satan's hook because the person exhibiting the healing increases their belief in the system they themselves have bought into and given their lives to. They have put time and devotion and money into learning this New Age system of healing and to see someone supposedly healed reinforces their belief in it all. And all the while it is Satan working in these people's lives and not the power of God. Not the power of Jesus Who is the real Healer.

New Age has closely chosen Christian terms so as to confuse those that cannot discern the truth so that they will be deceived into these New Age lies. They will

actually be engaging satan and summoning the fallen angels into their lives by what they believe and practice.

This prayer practitioner website never mentioned Jesus at all. That's because they aren't serving Jesus, aren't teaching Biblical prayer. They are only using the word god and spirit to promote their classes and get money. I had never heard of this before because it isn't Biblical.

I have been exposing occult teachings right in the churches. The occult, in the broadest sense, is a category of esoteric supernatural beliefs and practices which generally fall outside the scope of religion and science, encompassing phenomena involving other worldly agency, such as magic and mysticism and their varied spells. This is what we have been looking at throughout this whole teaching series, the occult. Mysticism, witchcraft, magic all supernatural ways to interact with satan and the fallen angels and not with Jesus.

The lie of New Age meditation is that you will be enlightened if you do deep meditation etc. One lie of these meditative practices in the church is first of all that it is prayer. Second of all that you can just experience God's power through these ungodly practices that they have disguised and labeled as prayer. These practices are coming from the eastern religions, from the occult, pagan practices, Hinduism.

## **CLOSING**

**Philippians 3:14-15** – Do all things without murmurings and disputing: That you may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation, among whom ye shine as lights in the world; holding forth the word of life; that I may rejoice in the day of Christ, that I have not run in vain, neither labored in vain.

If you want to shine brightly, speak about God's Word, stand on it and share it to others. That's how you hold forth The Word of Life. Don't hide your light, let it shine.

satan is not original, he tries to keep up with God. We are lights in this world for God's glory. So satan calls some of his servants lightworkers. This term can easily deceive someone that knows enough to know Jesus is the Light of the world and we are like Him. They could believe it is a Christian term when it isn't Christian at all. I remember once when I was a baby Christian someone was talking about being a lightworker and I did not know about New Age back then and so I thought they were just trying to say they were a Christian because I knew we are called the light of the world. satan likes it that way, he wants to closely mimic Christianity so he can catch and deceive more people.

Next week I'm going to wrap up about prayer practioners.
