

DATING and CHASTITY Pt.4: SEX, STD'S, UNWANTED PREGNANCY

SEX OUTSIDE of MARRIAGE

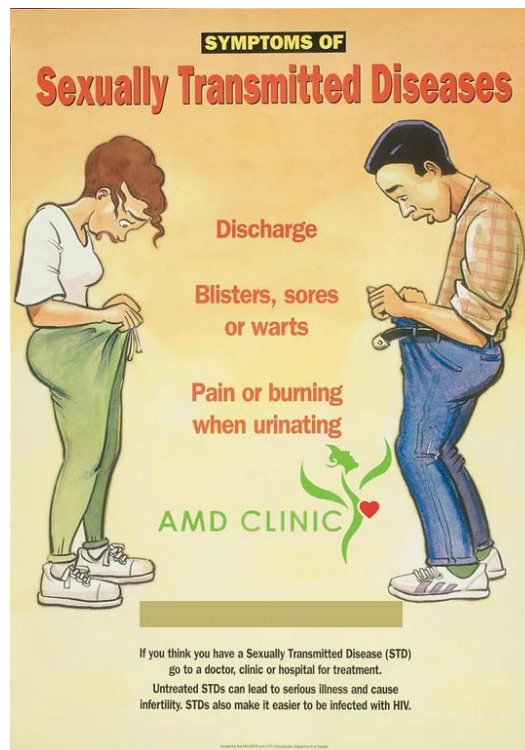

As we have learned already, first and foremost having sex outside of marriage is a grave sin against God. There are many unwanted things that can occur if you have sex outside of marriage. **All sin has consequences. THIS IS A WARNING – of some of the consequences of sexual sins.** You may think you are in health class now but you need to hear these things.

This illustration shows sexual soul tie connections between people that sleep together. I want to use it to give you an idea of how it works when you don't wait until marriage and you go on and sleep with someone and they also have slept with other people. Then it's like you are in bed with all the people they slept with and they are also in bed with whomever you have had sex with too. Each of you is exposed to whatever STD's (sexually transmitted diseases) all those people had and it can now infect your relationship.

Not to mention you open yourself up to demonic soul ties when you have sex outside of marriage. That means you are opening yourself up to receive the demons that are active in the other person's life and they are receiving the demons in your life. I did a teaching on soul ties and I encourage you to listen to that teaching series and teach that to your children at the appropriate ages as well.

Maybe you know about std's and you think you are in love with this person and they tell you they are clean and there's nothing to worry about. They wouldn't be the first person to lie about something just to get what they want. It's better to be safe than sorry. It's always best to obey God and do things His way. Let's talk about some things that can happen when you don't do things God's way.

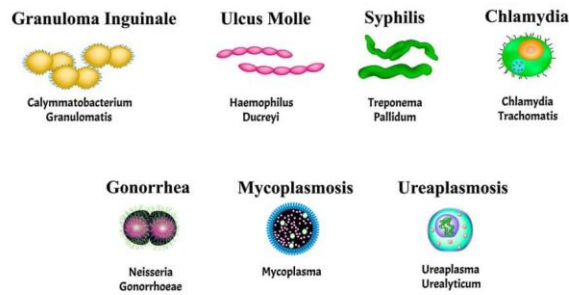

Symptoms of sexually transmitted diseases are: discharge, blisters, sores or warts, pain or burning when urinating. If you think you have a sexually transmitted disease go to a doctor, clinic or hospital for treatment. Untreated STDs can lead to serious illness and cause infertility. STD's also make it easier to be infected with HIV.

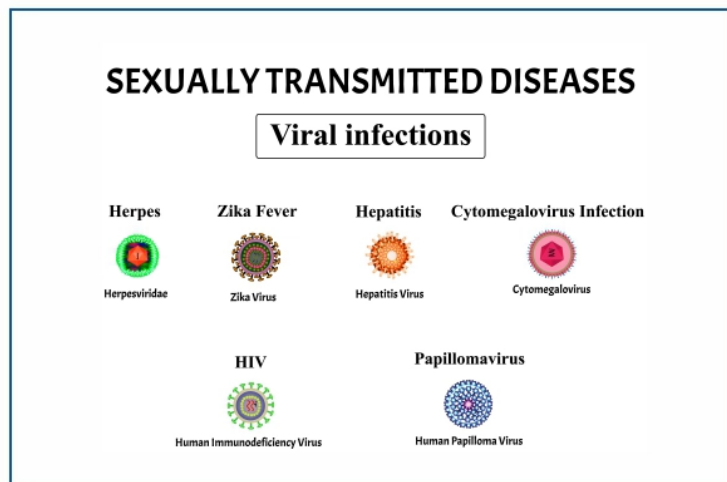

Here you are in the heat of the moment with Mr. Casanova or with Miss Delilah and you cave in and have sex. In that very moment you can be infected with something that can cause you not to be able to have children in the future. You can get a serious illness and you can get a disease that you cannot be cured from, things you will live with the rest of your life. It isn't worth it!

SEXUALLY TRANSMITTED DISEASES

Bacterial Infections

Sexually Transmitted Diseases – Bacterial Infections: Granuloma Inguinale, ulcus molle, syphilis, Chlamydia, gonorrhea, mycoplasmosis and ureaplasmosis.

Sexually Transmitted Diseases Viral Infections: herpes, zika fever, hepatitis, cytomegalovirus infection, hiv, human papilloma virus or hpv.

These diseases and infections can be spread through the sex organs and the mouth. For people practicing further sexual depravity against God and doing things in the anus, you certainly can spread disease that way as well.

Venereal disease covers the earth. Learn to protect yourself NOW. As Christians the way we protect ourselves and stay in the will of God is not to have sex at all until we are married. Abstain from all forms of sex. And to spell it out, that includes not putting your mouths on each other's private parts and doing what is called sexual favors today. Abstaining from sex also means you don't touch each other's private parts and you certainly do not try to bring pleasure to one another by doing this either. This is still all wrapped up in what it means to abstain from sex.

Just a word about online interaction with anyone, in a chat, a game, a private message etc. Christians should not be engaging in sexually explicit conversations. You do not want to participate in anything that is going to sexually arouse you. Guard against temptation.

Sex outside of marriage often leads to an unwanted pregnancy or not ready to have a baby. Teen pregnancy is an example of not being financially stable or responsible enough to care for a baby. Usually teenagers are still in school and don't even have jobs and certainly are not married. And if you are in this situation, you don't want to sin further against God by having an abortion which is murder. You need to stop the sin and seek God's forgiveness and His direction. Most teens wind up seeking help from their parents and some parents will not help. It can be a very difficult struggle to be in this situation. God's way is the best way, wait until you are married.

Some STIs, such as syphilis, cross the placenta and infect the baby in the womb. Other STIs, like gonorrhea, chlamydia, hepatitis B, and genital herpes, can pass from the mother to the baby as the baby passes through the birth canal. HIV can cross the placenta during pregnancy and infect the baby during delivery. Feb 22, 2021

Sexually transmitted infections, pregnancy, and breastfeeding

Some sti's (sexually transmitted infections), such as syphilis, cross the placenta and infect the baby in the womb. Other STI's, like gonorrhea, chlamydia, hepatitis B, and genital herpes, can pass from the mother to the baby as the baby passes through the birth canal. HIV can cross the placenta during pregnancy and infect the baby during delivery. Those that sleep around run the risk of infecting their baby before it is even born.

God's Word is there for our protection and safety. He never wants His children to experience these damaging consequences of not obeying His Word. He always wants what is best for us.

PARENTS MONITOR YOUR TEENS

This is a clip with a young girl asking Steve Harvey for some advice.

Steve Harvey is one of satan's puppets but this clip was speaking truth. Her father is an intimidating man because he's muscular and in shape. But if the young men are not up to shenanigans or trying to push the girl to do sexual things, then they have nothing to worry about.

You need to take an active interest in their love life, in their relationships and dating. You set the age that it is appropriate for your child to begin dating. Meet their dates and talk to them. Find out about them and know their phone number and address and their parents names. My mom was usually the one who met my dates and asked them some questions before I was allowed to go out with them. I think my dad was always off coon hunting.

I remember many times sitting on the couch in the living room watching tv with my date and my mom was in the room too. If we were allowed to go to my room to watch tv we had to leave the door open and we were not to get under the covers. And mom would periodically come by to check on us and see what we were up to. Of course I had dates where I left the house too and mom always found out where we were supposed to be going. There was always the idea that she might check up on us.

You are a spiritual covering for your children. You are to teach them God's Word, God's will and His ways. If you are equally yoked, you will be the best example of a godly relationship for your children.

CLOSING

Chastity hasn't been working because Christians have been compromising their walk with God.

Eph.5:1-6 – Be ye therefore followers of God, as dear children; And walk in love, as Christ also hath loved us, and hath given Himself for us an offering and a sacrifice to God for a sweet smelling savour. But fornication, and all uncleanness, or covetousness, let it not be once named among you, as becometh saints; Neither filthiness, nor foolish talking, nor jesting, which are not convenient: but rather giving of thanks. For this ye know, that no whoremonger, nor unclean person, nor covetous man, who is an idolater, hath any inheritance in the kingdom of Christ and of God. Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience.

The other translations use sexual immorality for fornication. Where the KJV says whoremonger, the other translations use sexual immorality and for unclean they use impure. This passage lays it out straight, if you are sleeping around outside of marriage, you are not pleasing God, you are not living a righteous life, you are in sin against God, you are living a sexually immoral life, an impure life of sexual sins against God and you will not be in heaven. **(Rev.22:14-15)**

We are to keep ourselves pure sexually. We are not to sleep around just because we are single. For those of you who are not virgins anymore but are not married, you are not to sleep around just because you aren't a virgin. If you have committed these sexual sins against God, ask Him for forgiveness and repent which means stop having sex outside of marriage. It's ok to date a Christian who has realized the error of their ways and has repented. God is merciful.
