

CLONING & TORTURING EXPOSED – Part Two

The illuminati get a powerful feeling by victimizing someone. They set up alien abductions. They are making people think they have been abducted by aliens. They have a fake ufo and they wear chicken skin alien type masks and they tape the whole thing. Then they watch it later and laugh.

They also believe that pedophilia keeps you young. The illuminati believe inbreeding makes you strong, the 13 bloodlines have been contained by inbreeding. The bloodlines are all people that helped the lizards in the past with victims and to survive. In exchange for their help, the lizards were bringing them jewels and gold.

The lizards have no use for the jewels and gold underground, it was nothing to them. Many kings got their money for trading children to the lizards. China has the most gold, they have been down with vril for 1000's of years and have droned the most people.

Luke 12:15 – And He said unto them, Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth.

Haggai 2:8 – The silver is Mine, and the gold is Mine, saith the LORD of hosts.

Luke 16:19-31 – summarize the rich man and Lazarus – that is what they are like. They did not care about the lives they sacrificed – just like the rich man didn't care about Lazarus starving to death.

China has been chipping people's heads and putting dead people's consciousness in them and running them. They think they are going to get nuked because of this.

He says Bono is a drone – host body for a lizard and that is why he always wears shades.

He was honored by Queen Elizabeth with these awards in 2006. Notice he is covering one eye in this photo – that is to suggest the eye of horus, or eye of lucifer. Illuminati do this all the time. Remember Queen Elizabeth is called Dame of Malta and she is head of the Order of the Garter (Illuminati secret societies) and that is what these honorary medals represent, being an honorary member of those societies.

Government leaders used to meet up and do this (the cloning station stuff). JFK didn't want to go.

The more I learn about JFK the more I learn he was against what they were doing.

A bunch of billionaires said they don't want to die, they just want to keep on living. They made a chip the size of an apple seed and it can hold all of your mental stuff. (memories, thoughts, intellect etc.)

**This sounds like Richard Seed who is affiliated with cloning and CERN and said they were going to become gods. ((SOUNDS LIKE NIMROD)) Also a computer chip implanted behind the eye that could record a person's every lifetime thought and sensation is to be developed by British scientists.

"This is the end of death,"

said Dr. Chris Winter, of British Telecom's artificial life team. **They are trying to discover how to make a person live forever.**

He predicted that within three decades it would be possible to relive other people's lives by playing back their experiences on a computer. "By combining this information with a record of the person's genes, we could recreate a person physically, emotionally and spiritually." An implanted chip would be like an aircraft's black box and would enhance communications beyond current concepts," he said. **

Rich people can put their info. from the chip into somebody's head and body snatch that way. They are a small part of the population. **They make beautiful drones and marry them and don't care that the lizard they used killed the other person.**

Rich people, world leaders, celebrities and stuff own these things for pets.

Queen Elizabeth has a “pet lizard.” The people who have them for pets sometimes get real kids (off the street, kidnapped, or given to them by people in the program) and feed the kid to the lizard. The lizards like to eat young kids because usually young kids do not have as many vaccinations and drugs in them. If they eat older people they tend to get sick. **THEY ARE SACRIFICING PEOPLE!!!!** It is kind of like that show “Alf,” he ate cats. They (the lizards) like to scare their food first to get the adrenaline flowing. They (children) taste better and they (lizard) get a slight high off of it. If you try to help the child that is being sacrificed they just push a button and your clone freezes. They paralyze you, but you can still see, you just can't move.

Psalm 106:34-38 – They did not destroy the nations, concerning whom the LORD commanded them: But were mingled among the heathen, and learned their works. And they served their idols: which were a snare unto them. Yea, they sacrificed their sons and their daughters unto devils (demons). And shed

innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan and the land was polluted with blood.

Deut.12:31 – Thou shalt not do so unto the LORD thy God: for every **abomination** to the LORD, which He hateth, have they done unto their gods; for even their sons and their daughters they have burnt in the fire to their gods.

Jer.7:31 – And they have built the high places of Tophet, which is in the valley of the son of Hinnom, to burn their sons and their daughters in the fire; which I commanded them not, neither came it into My heart.

They are the ones doing the chemtrails. The chemtrails contain nanobots with probes, tiny wire nanites, in everyone now. This is for depopulation, trying to make people die sooner. He talked about how the world leaders are not really trying to have war with each other and stuff. They are down in the cloning station talking about what they are going to do and say and what we see is just a big show. He said that they have a satellite that can track anyone. They have death beams that can give someone cancer.

N. Korea doesn't have to worry about having a nuke that can reach here, that is just tv drama.

They have a satellite above the U.S. with nuke pods on it, there are nukes on the satellite.

Justin Bieber – He's in it. He was mean to Donald.

Motley Crue – Of course they are in it.

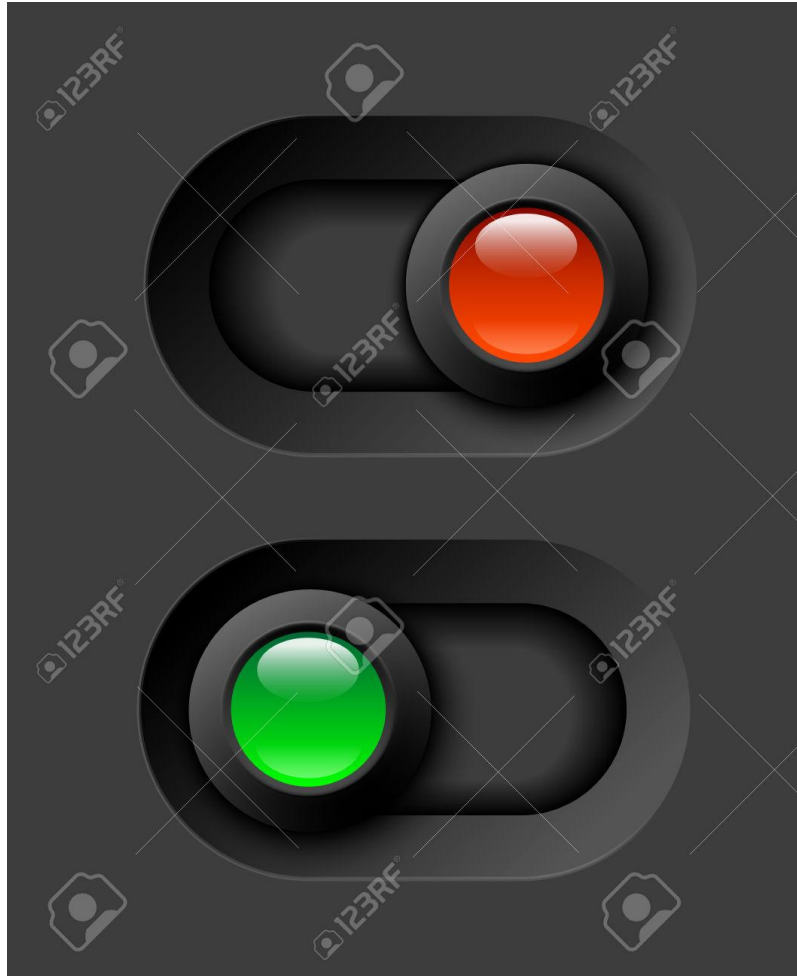

They have a sex slave project called “Project Muffin.” Some of the things they do too is if someone isn’t very attractive but they want to be with a certain girl or something. They clone them and while they are asleep they play out different scenarios where she is in danger and this guy keeps saving her. Then in real life when she runs into the guy she is automatically predisposed to be attracted to him because of that.

They own Hollywood and they sit around and discuss stuff. They act all the time and try to impress each other with their acting. Politicians show off for the celebrities. The politicians and celebrities trade ideas and lines. They have god complexes like some dr’s get. Queen Elizabeth says she is the technology god. She owns the cloning station where they take Donald, it is an above ground one and it is somewhere in West Canada. Most of the cloning stations are D.U.M.B.S. (Deep underground military bases).

No one at the cloning station is real. All of this happens during REM (rapid eye movement) sleep. At the Chinese cloning center, their clones have light brown for the whites of their eyes. The cloning station they take Donald to is in Canada, but there are many others. Most people get MK Ultra’d (mind control) so they are out of it.

THE PROCESS

Once you have been cloned, your clone is there, at the cloning station asleep or breathing real shallow. When the clones are on the rack just lying dormant, they have a feeding tube down them. There's a machine there that shows when you are in REM sleep.

When the light is green, signaling you have reached REM sleep, they flip the switch to activate your clone. If they activate you before the green light, then you will be all disoriented and go psycho. They do what is called consciousness transfer. They put your consciousness into a clone. For those involved in this, they give up their ability to dream and have nightmares; instead they go to the cloning station. The clone is borrowing the person's consciousness. When the person wakes up in their real body, the clone drops limp to the floor. They always try to stay sitting in the stands at the cloning station because when the real person wakes up they've broken elbows and cracked their heads off.

“Avatar” the movie is based on a Mark 2 clone.

In 1944 or 1945 it was only politicians participating in cloning. But they got bored with it and so others were added into the process.

The interviewer asked what he thought could be done. The average army are serving “hosts” or scumbag leaders. We need a cue (coo). His mom’s side of the family believe him but they say, what do you want me to do? His friends don’t know what to do to help him. Some of them have kids and said they don’t want to be involved. A few of them were brought there and threatened. Anyone who is going to tell dies. To keep Donald singing they started torturing his clone. People have been killed before. They want it shut down, but no one wants to stick their necks out. He said it is all set up, they could decide to go to WWII to keep the world from talking about it or they could just shut it down.

He named several people that they have killed.

Bernie Mac – killed

Bernie spoke up for Donald and wanted all of this to stop. So they cut his clone up for hours and hours which was pure torture. They went through his clones cutting them up into little pieces. They made everyone watch what happened to him.

Whitney Houston - killed

Heath Ledger - killed

Heath broke his neck doing some break dancing type of move and they didn't want to deal with him being a paraplegic so they just killed him.

Tela Tequila kept making agreements for shows and then she didn't want to go (to the cloning station) anymore and she made a blog about the cloning station. She was telling about the cloning stations on her radio show. So they gave her an aneurism. They also put a bunch of lizards in her face and they said they would bite her to death so she gave up.

Matt.16:25-26 – For whosoever will save his life shall lose it: and whosoever will lose his life for My sake shall find it. For what is a man profited, if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?

Rev. 12:11 – And they overcame him (satan) by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death.

Those involved in this that were too scared to speak up or stand against this evil for fear of losing their lives. Jesus expects us to stand against evil even if it means losing our lives. If you are scared to stand against this and sit by and watch kids being sacrificed and people being killed and tortured and say nothing. THEN –

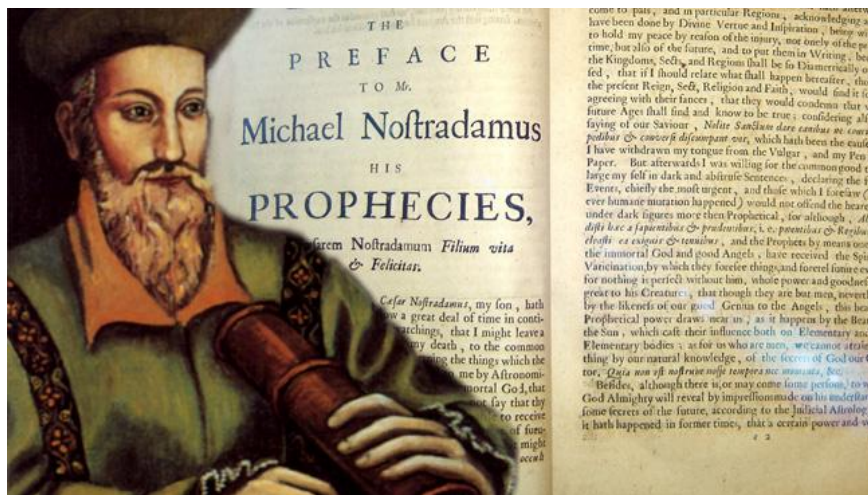

Rev.21:8 – But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

Obama is down with the lizards.

Some people online try to study the pupils of the eyes, or the shape of the teeth, or changes in facial appearance to determine if someone is a host or not. I'm not getting into all of that, I don't have time to spend on that.

At first they told Donald that he would be regarded as the anti-christ. Then they stopped calling him that when they saw his talent for making up these songs on the spot. After Donald made up around 50 songs or so they started talking to him about

Nostradamus prophecies. They believe in these prophecies. They started saying maybe he's the lamb, the lamb and Donald was saying, no I'm not. He has never had visions or heard anything. They wanted him to be part of Project Camelot. To be a religious figurehead during a time of catastrophe, talking the people through it. They were planning on leading people into underground facilities and killing them to depopulate. The popes cronies said that he could be the comeback messiah, the guy to save the world. They wanted him to play Jesus. Then they started thinking he was part of the prophecies. They said, don't kill him or God will take us out.

Acts 5:39 – But if it be of God; ye cannot overthrow it; lest haply ye be found even to fight against God.

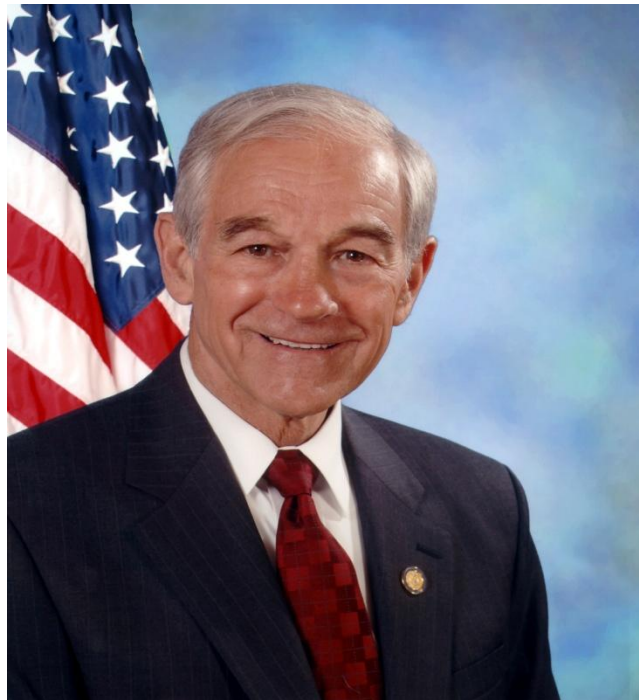

****They are serving satan, but do recognize that GOD is the higher power.****

He said exposing the lizards could cause an end of the world event. **They make stuff happen in the real world to make it look like prophecy is coming true. They like to be called the “cold ones.”**

Rev. 3:15-16 – I know thy works, that thou art neither cold nor hot: I would thou wert cold or hot. So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of My mouth.

****They like to be called the “cold ones” because they want nothing to do with Jesus.****

Some of the people that are involved with this are:

Ron Paul

Hillary Clinton

Muammar Gaddafi. By the way, he is not dead. He did not want to look like Sadaam H. shamed in his underwear, so they staged a death for him. They cut his clone at the hair line so blood would be all over his face and stuff. He is currently living in Gaza. Donald said there was no body, and that he was supposedly buried in secret. He said you can tell a difference between the clone cells if you dig them up.

They love symbolism. Prince Charles even says the ram on the

Dodge truck is a satanic thing. They say you can't escape the symbolism. He said, but you made the symbolism, it's not like it is magic.

There were some hookers killed in Alberta Canada by Robert Pickton. They sat there in the arena and watched the murders on tape. They made people watch them just so they would be traumatized. Traumatization is part of mind control. This is what he believes was going on with

Britney when she lost it and shaved her head. This really messed with her head being forced to watch these murders.

Brad Pitt – is there. He’s in it.

Nelly Furtado – is in it.

The stars are dropping hints about what is going on. Nelly has a song about clones and this situation, called “Say it Right.”

Certain people go to certain cloning stations. You can only go where your clone is being stored. Queen Elizabeth used Donald for a soap box. She’s 87 years old and she still tries to run things. No one wants to hear her talk. She stays medicated to try and be asleep a lot so that she can be at the cloning station.

Prince Charles and the Dutchess of Cornwall Camilla

They are both terrible. They are participating in it.

Prince William on the left and Prince Harry on the right

Donald says something is wrong with William and Harry is scared.

He talked about “gold foiled babies.” They wrap a baby in gold foil and roast them with spices and stuff. Then they eat them, all in tact. Queen Elizabeth told Donald that you have to eat them shallow, just eat the surface skin and the outside because the inside is rotten. He said this is a religious thing. ****THIS IS A SATANIC THING.****

**** Remember the pope who is under charges for sacrificing and eating babies and raping and molesting...Kevin Annett clearly states that the International Common Law Court of Justice Criminal Trial Division in Brussels has a warrant out for the pope’s arrest along with 29 others. They are wanted for: rape, torture, trafficking, treason, death, murder, committing and concealing offense.**

WANTED – You can do citizen’s arrest on this man.

He said since this has gone public the Vatican sent out a black ops team (in the employ of the Jesuits) to destroy the case. They come against anyone opposing the Vatican. He said the Jesuits feel they have a “magisterial privilege” and they are all engaged in rape, molestation, torture and sacrifice. They kill, and drink the blood to gain more satanic power. He said that the Jesuits were banished from

the church for a few years and so they just went underground and established the Illuminati and this was around 1773.

I personally know a lady that was raised Catholic and saw horrible things being done in the Catholic school she attended. She saw them cut testicles off of little babies and eat them. They said they were doing them a favor because it would keep their voices higher. Pastor Philip has shared testimony from a man that came to his church and was sharing many things the Catholics were doing, along with eating babies and body parts for power.**

Donald said that Kevin Annitt's dates don't line up. He said they (the elite – pope & queen) were asleep in England and running around here in Canada and that is how they did those crimes.

The lizards are not shape shifting, the elite promote this because it throws people off.

The lizards heads look like a king crab with their eyes on stalks and everything. They have built in sonar and are highly evolved. They didn't die when the dinosaurs did because they were so deep in the earth. They do walk around in the day light although light hurts their eyes. The sun would blind the lizards and they are very sensitive to sound. They slink around in the dark.

The lizards cells are parasitic and they eat the persons (host's) brain. The lizards have been called mimics and doppelgangers. Once a person is undergoing the droning process, it takes about a month to recover.

He said they (the lizards) are in some people's religions: as fallen angels and demons. They are also called the army of set in Egyptian mythology. These lizards are all over the world. The Tibetan monks have been hiding them. The lizards have an underground hierarchy. The ones in Iran talk a little different. Sometimes they look a little different. There are more vril type 1's and the vril type 3's run them.

The Dahli Lami (he's in Tibet) knows about them but he doesn't want anyone to know he knows.

He thinks the "walk around all the time clones" require a chip implant. Many charities are just a front for these evil people behind the scenes. Remember just like the freemasons who use Shriners and other charities to appear to be doing good deeds/works. That is a lie, that is just a front. **They (Illuminati) own the Red Cross and so they have access to all that blood.** In order to know if it is a clone, he believes you may be able to tell by putting their cells under a microscope. People, myself included have been saying that the "clones" have no soul which is true, however, Donald says that he feels more as a clone.

They have reanimated dead people, this is sort of like

pet cemetery but they don't rot. They are angry all the time. They have impediments and side effects. They hate the living. Their cells are grown too quickly. The dead reanimated clone people have a chip in the head and if they hit a button it shuts down.

Mao Tse Tung (died in 1976)

The government in China is being run by Mao Tse Tung, he is still living by consciousness. When they recorded his consciousness onto the chip it was done with Mark 1 technology. It is flawed, but they can't go back and update it. Whatever is recorded at death is what you are stuck with.

The elite follow luciferiansm, Nostradamus, the book of Revelation, and Hopeny Indian prophecy.

They have studied the brain and have it down inside and out. The brain is not a mystery to them at all. Thule used to be called Atlantis, had a base in Antarctica. Hitler went to Tibet and he met the lizards and they told him about a base at the South Pole and he went there and found it and took it all back. He was so appreciative of their help that he started calling the saucers Vril1 and Vrilheimer. *Remember in the mind control message I spoke of Hitler and how he and all his top men were in the Thule Society and were studying the occult and practicing under Madam Blavatsky.* It is no secret that Hitler was looking for Atlantis and that he was an occultist.

The History Channel's Nazis and UFO series' reveal research now being done on UFOs and USOs (underwater UFOs)—i.e. the infamous flying Nazi Bell UFO, to variously sighted USOs moving in and out of deep sea waters. Hitler's Bell UFO, is hidden in the Henge in Poland which was a vast underground scientific testing station in which apparently UFOs and USOs were built.

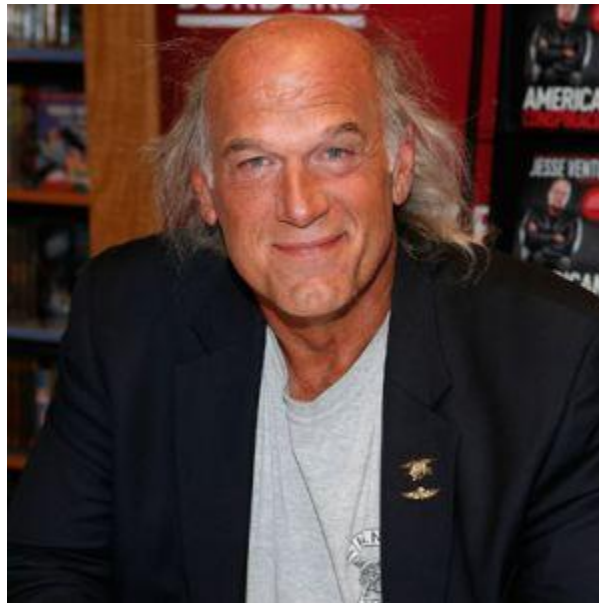

The early work on Hitler's Nazi spiritism, is 'The Morning of the Magicians,' by Louis Pauwels and Jacques Bergier. Of the völkisch movements, they write: "In partnership with the Thule Society and the Nazi Party, the Vril Society developed a series of flying disc prototypes. With the Nazi defeat, the society allegedly retreated to a base in Antarctica and vanished into hollow Earth to meet up with the leaders of the advanced race inhabiting inner Earth."

They also call themselves "The Pharisees." They say that they ensure that religion stays viable by making prophecies come true. They were going to put deities in the sky but they scrapped that plan because no one would believe it. That sounds like Project Blue Beam.

He said

David Wilcock talked to him while at the cloning station. They let him go and have his own show. What a bunch of lies they are feeding us. This guy has been on the History Channel with a show called “Ancient Aliens.” He knows this is going on and he is acting like he doesn’t know anything about it.

Jesse Ventura – He’s there too.

He said he’s known him from the cloning station since he was little. Look how these stars try to lie to us and get away with it. He is going around talking like he’s trying to expose things and the whole time he’s working with them.

David Icke – Yep he’s there as well. He said the interview done between Icke and Ventura, they talked about it there. Another person acting like he’s exposing things and telling the truth about things.

Alex Jones is obnoxious and he’s part of it too. He attends.

Sometimes musicians use clones.

Beyonce did an appearance in her clone with a vein popping out of her head. She wants out.

At Camp David they reanimate clones every 6 months because the clones degrade over time. The richest people are heads of religious sects. They buy people's loyalty and threaten them with eternal torture.

Deut.16:19 – Thou shalt not wrest judgment; thou shalt not respect persons, neither take a gift: for a gift doth blind the eyes of the wise, and pervert the words of the righteous.

When they were saying that Donald was Jesus, there were luciferians there saying they needed to get him. So they could get good luck and good fortune. They called it fleecing the lamb. Sometimes what the world thinks is an alien is just something they spliced genes on and put consciousness in it.

Kim Jung Il - former supreme leader of N. Korea died in 2011
He wanted to get Japan before he died. He wanted to nuke them but the elite said No absolutely not. You have to get permission from illuminati before you do anything. He did it anyway. So they made him have an aneurism. His son takes over then. Kim is still kicking around as an undead clone. Supposed to have died in 2011 being kept alive by consciousness in a clone.

Rev.9:3-6 – And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of God in their foreheads. And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man. **And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them.**

Reminds me of the remote torture that they are able to inflict on people right now, shooting DEW (directed energy weapons) at people and using microwave weapons on them. Able to burn their skin and inflict all sorts of pain on them. And with clones, they can just keep moving the chip and keeping the person's consciousness alive so that they are not dying.

Donald said: COMPLACENCY WILL BE THE DESTRUCTION OF THE WORLD.

He mentioned movies that this is like: Hunger Games, Avatar, Nightmare on Elm Street – Freddy (don't go to sleep, because that was when the bad things happened.)

CLOSING:

Some of the celebrities have sold their clones to be used at the cloning center. Celebrities are allowed to leave but the “slavish” people are not allowed to leave.

I'm sure there are people that were forced into this since they were just small children and had no choice. But I know there are those that wanted fame and money and that was their motivation to be involved even if they don't like it now.

For the celebrities and politicians who are willfully going along with this because they wanted to be famous.

2 Samuel 7:9 – And I (the Lord) was with you whithersoever thou wentest, and have cut off all thine enemies out of thy sight, and have made thee a great name, like unto the great men that are in the earth.

HE WILL MAKE YOUR NAME GREAT. When you trust in Him. He will stop and defeat your enemies when you seek Him.

We must pray for our enemies:

Matt.5:44-45 – But I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you; That ye may be the children of your Father which is in heaven: for He maketh His sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust.

ADDITIONAL THOUGHTS

God has brought me a long way in my spiritual knowledge and deep research since then. My hand gestures back then make me laugh, I would be so attacked today if I still talked with my hands like that.

As I stated last week, I still ponder who is supposedly turning these clones on and off. If they are sitting out in the bleachers and they wake up in their natural bodies and so the clone drops instantly and just stops functioning, who carries it back over to its resting station and puts the feeding tube back in? Who's bringing food in and running the place? Don't get me wrong, the Luciferians have plenty of people to do those things. These cloned movie stars have handlers that control them and the public is still unaware of that, so the handlers aren't too concerned with getting that information out there or they themselves are so controlled that they don't bother – there is a payoff.

When the real person goes to sleep and hits REM sleep, that is when the switch is flipped and they are all of a sudden at the cloning station. Scott said this sounds like forced astral projection. That's what it sounds like to me too. These people are so full of demons that the demons take over and go there. I know Donald has demons too because of all the things they did to him when he was young with rape and molestation. He claims to be a Roman Catholic, still clinging to that false religion, and getting mad when I would speak of Jesus.

The astral projection would make sense as to why the clone gets tortured but the actual body at home in bed feels the pain. The soul has flown to the cloning station but the spirit is still in the body breathing, keeping it going.

The small lizard pets that described and said the old dead queen had one, are demons. Maybe low level demons since there are those that have them as pets. Arizona Wilder confirmed the same thing in her interview with David Icke. Speaking of David Icke, I believe he is a shell. They are using him to get truth out.

The drone body that Donald describes is to me, demonic possession. I do not believe the person is just completely dissolved away and doesn't exist anymore. What I believe is that the demons are so strong and overpowering in the person that they are completely taken over. They are a host body. Satan and the fallen angels look for bodies they can inhabit so they can remain in this realm.

This peace sign that Bono is holding up as he walks with former president George Bush doesn't stand for peace. It is secret speak and coded talk, he's speaking to the illuminati brotherhood without saying a word. That is a v for vril, a Roman numeral 5 for the 5 masonic laws of nature, it is a 2 in Pythagorean numerology it stands for the color orange and when you chart that it comes up to 33, the most recognized degree freemasonry. At the 33rd degree you are not ignorant of what you have signed up for any longer, you know full well that you are serving lucifer. We have been conditioned to copy what they do, so it is only speaking to the brotherhood when it is a freemason who is doing it.

Donald Marshall and Phil Chuppa are not the only ones who have spoken of the reptilians. Phil Schneider and Arizona Wilder are two more people who have spoken out and there are others.

When Donald told then "Prince" Charles that the symbolism wasn't magic, that's wrong. That's exactly what it is. These luciferians practice symbol magic, color magic, number magic etc. That's why Prince Charles said you can't escape it, because it's witchcraft.

The old dead queen shape shifted and she certainly ate babies. I shared other testimonies of those that have spoken out about the eating of babies at rituals. Go to the church website and listen to "SATANIC RITUAL ABUSE, SACRIFICES".

The movie "Men in Black" is speaking of The Jesuits. They wear black and when they put a hit out on someone that is who goes to get them and take them out.

Donald continues to repeat that the vril don't shape shift. I don't believe that. Maybe in straight lizard form they don't but inside of a person's body, I certainly believe they do. We are talking about demons here and they certain can shape shift. High level witches who have gone deep into occult black magic do shape shift.

When he spoke of reanimated dead people, those deep in black magic like hoodoo can do this. They can bring a dead body back to life but it will be off, not right and not the same, sort of like a zombie.

If all of this seems too far out there for you to believe, just remember this is deep supernatural interaction with fallen angels. There is a mixture of those who are willingly using their bodies as vessels for the demons and there are clones that are also vessels for demons. satan and the fallen angels have been perfecting how to get into this realm and how to stay here. They are among us and ruling this world in all positions of power.

I think Donald is limited in his knowledge because he does not know Jesus. I still believe he is bringing forth truth about the cloning and things he's witnessed.
