

# ISRAEL Pt.6: KABBALAH, ANGEL WORSHIP

Remember last week I said that Judaism is the root of freemasonry. Here ya go. The Lion's Paw Series. The Jew and Masonry, Volume 11. I will speak more about that star later on in this series.

Last week I began to show what kabbalah is. It is from the mystery religions of Egypt and Babylon, often called mysticism and it is from the occult. It is witchcraft and it is idolatry against God. Today I want to focus on one part of the kabbalah so that you can get a clearer picture of how Judaism is putting the unsaved Jews directly in touch with fallen angels.

## ANGEL WORSHIP within KABBALAH

**Michael, Gabriel, Uriel, and Raphael** [edit]

The [Talmud](#) names four angels who would later be known as [archangels](#), surrounding God's throne:

As the Holy One blessed be He created four winds (directions) and four banners (for Israel's army), so also did He make four angels to surround His Throne—[Michael](#), [Gabriel](#), [Uriel](#) and [Raphael](#). Michael is on its right, corresponding to the tribe of Reuben; Uriel on its left, corresponding to the tribe of Dan, which was located in the north; Gabriel in front, corresponding to the tribe of Judah as well as Moses and Aaron who were in the east; and Raphael in the rear, corresponding to the tribe of Ephraim which was in the west.<sup>[16]</sup>

The Talmud names four angels who would later be known as archangels, surrounding God's throne: As the Holy One blessed be He created four winds (directions) and four banners (for Israel's army), so also did He make four angels to surround His Throne – Michael, Gabriel, Uriel and Raphael. Michael is on its right, corresponding to the tribe of Reuben; Uriel on its left, corresponding to the tribe of Dan, which was located in the north; Gabriel in front, corresponding to the tribe of Judah as well as Moses and Aaron who were in the east; and Raphael in the rear, corresponding to the tribe of Ephraim which was in the west.

Me: There are angels mentioned here which we do not see named in Scripture. In New Age you will find all sorts of names for angels that are not named in Scripture. You will find the same practices shared in New Age, freemasonry, the illuminati and Judaism. It all circles back to Babylon and Egypt.

Within Judaism, they have elevated rabbinic sages to be equal with angels and this also came straight out of Babylon.

Research: On the whole, the quantitative data show that the sages are frequently juxtaposed with angels, and the main dimension of comparison is their intellectual proficiency. When it comes to the mapping of specific rabbinic competencies onto the angels, the most popular is the ability to engage in halakhic scrutiny and teaching. In sum, this presentation of the sages as angels can be taken as an expression of the sense of elitism entertained by the Babylonian sages.

The Zohar which is also part of Judaism, teaches all sorts of lies about angels and names all sorts of angels we never hear of in Scripture. The Jewish writings teach that the angels created mankind and debated about creating us. So many lies contained in their teachings.

This idea that the angels created us also matches what the anunnaki, are telling Donald Marshall at the cloning center, that they created us. Those things he has seen that look like huge humans with a bird head that say they created us are just fallen angels taking on that form. Those are lies, we know that Jesus created us, He created all things. **(Col.1:16-17)**

Kabbalah teaches angel worship by invoking them:

I want to be clear here, we as Christians, don't call on angels, we don't pray to them. We are thankful for God's angels who protect us and carry out His commands where we are concerned but we go directly to God with our worries, needs and everything. Angels are beneath God, created by God, they are not as powerful as God. We go directly to The Most Powerful One of All, God Himself through Jesus Christ.

The magick of 72 angels of Shem HaMephorash: The complete guide to contacting the celestial forces (angel magick). The magick of the 72 Shem HaMephorash angels is a spiritualist work that aims to give humanity due access to all the famous 72 angels of kabbalah, also known as genies. Here, we demystify some essential points concerning the beloved angels and provide the teachings given by spirituality to contact all the celestial forces that long for their manifestations in your life.

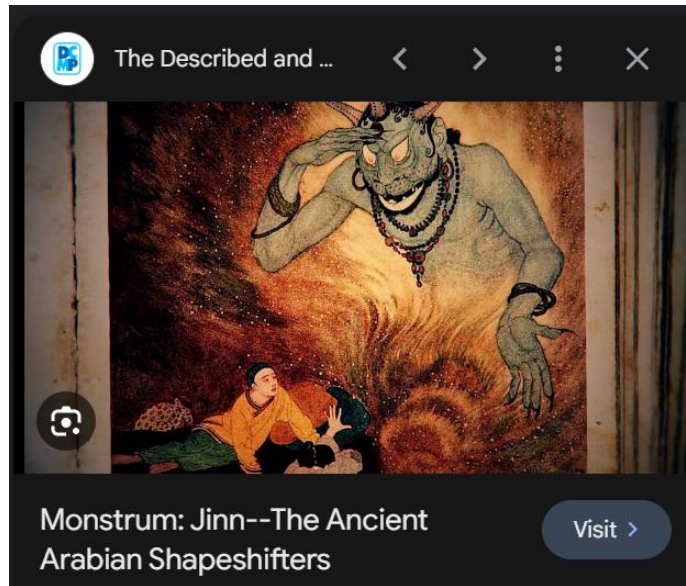

These entities that they teach people to connect certainly do long to manifest into a person's life, they long to be summoned through worship so that they can wreak havoc in this realm and tear down and destroy God's creation.

Judaism, new agers, witches use numerology. I think it is interesting to note that they speak of 72 angels, the muslims are taught that when a muslim man dies he

will be rewarded with 72 virgins upon death when they go to paradise. This is number magic. These angels are referred to as genies. A genie is a demon and a demon is a fallen angel. Judaism is teaching interaction with fallen angels.

If you are my age you may remember a tv show called *I Dream of Jeannie*. She came out of the purple bottle. And she performed magic all the time which is witchcraft. On the right is a depiction of the genie from the lamp in *Aladdin*. They have been conditioning us to this stuff for a long time. They have always put the truth out in plain sight but spiritually, we have not understood these things because they portray them as good and not wicked. These genies are demons which are fallen angels.

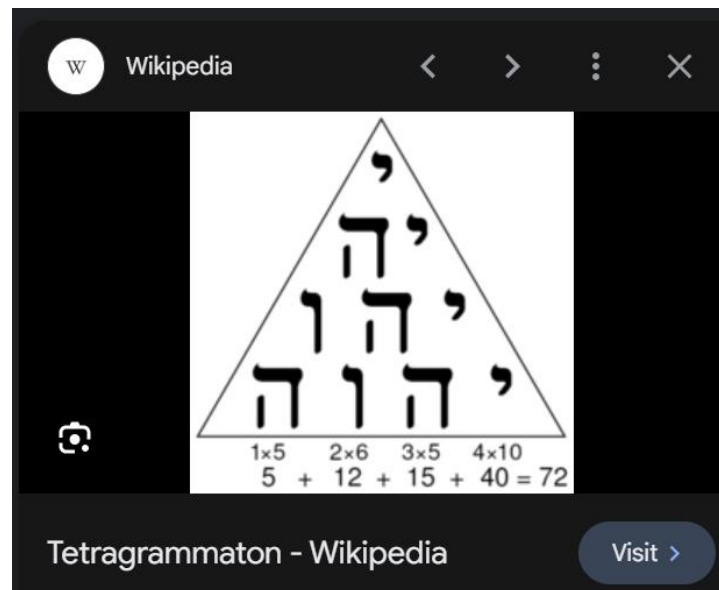

Monstrum: Jinn – The ancient Arabian shapeshifters. The muslims call demons and genies – jinn. They are the same thing, which are fallen angels which are demons.

The 72 Names of God – The 72 Keys to Transformation by Baal Kadmon. Here is that number again supposedly equated to God. But in reality it is not equated to the God of the Bible but to satan, who is the god of the Jews who practice Judaism, he is the god of the luciferians and of the freemasons. The authors name is telling – baal as in satan.

The caption says this is about Jewish magic and that's right. Don't forget that magic is witchcraft. God still hates witches today, He does not change. God does not have 72 names. But they have taught us that He does so that we will say all the names and titles of satan in prayer to God, believing we are honoring Him with these Hebrew names. I got out of that deception when I learned that yahweh was not the name of God but was actually a name for satan. I encourage you to go and watch the teaching "Deception of God's Name" and learn about the lies they have taught us about what God's name is. I don't speak Hebrew so I quit using Hebrew words to speak to God. There is power in the name of Jesus. I don't even say Yeshua anymore, I just call Him Jesus and demons will flee at that name.

Here is some more Jewish witchcraft – The Tetragrammaton which they say is God's name. They say His name consists of 72 letters. I don't think so.

In numerology, 72 is divisible by 6 exactly 12 times. Remember I learned years back that the more a number repeats the more power it lends to their spells and witchcraft. That's a lot of 6's. satan's favorite number. It is the number of the beast. And  $7+2 = 9$  flip it and you get another 6. They love to do things upside down, backward and in reverse and this gives them more satanic power. If you take 72 and reverse it to get 27 and add those together you get 99 and if you flip that it is 66 and it just goes on and on. There are a lot of combinations of 6 from

this number. This is what the occultists teach in their numerology pertaining to witchcraft.

Michael is invoked to attain power and success; Raphael for health issues, books, and studies; Uriel for money matters; and Gabriel for family matters and travels.

It is always important to remember that angels have only the powers conferred upon them by the Creator. One cannot invoke Michael in love matters because that is not what he rules, nor Gabriel in health problems because he has no power in those situations. Furthermore, it is easier to contact an angel on the days and hours that he rules. The colors and the attributes of each angel must be used during the invocation to empower the petition. Following is a list of the days, the hours, and the attributes of these angels:

Furthermore, it is easier to contact an angel on the days and hours that he rules. The colors and the attributes of each angel must be used during the invocation to empower the petition. Angel	Day	Times	Color	Stones	Incense	Flowers	Candle	Rules:
Michael	Sunday	1am, 8am, 3pm, 10pm	color gold	topaz, citrine, sunstone	frankincense	yellow flowers	gold candles	Michael rules power, victories over obstacles, protection against adversaries
Gabriel	Monday	1am, 8am, 3pm, 10pm	color violet	moonstone, selenite	jasmine incense	white lilies, violets, purple hyacinths	silver candles	Gabriel rules travels, family matters, mental clarity
Kamael	Tuesday	1am, 8am, 3pm, 10pm	color red	bloodstone, rubies, carnelian	cinnamon	red carnations	red candles	Kamael rules legal matters, war and strife, surgeries, accidents
Raphael	Wednesday	1am, 8am, 3pm, 10pm	color red	agates, amazonites	copal	orange flowers	orange candles	Raphael rules all paper work, studies, health, communications

Look at this chart, I only copied part of it, I just want you to see this non-sense.

Angel Michael, his day is Sunday, the times to contact him are 1 a.m., 8 a.m., 3 p.m., 10 p.m., his color is gold, stones to use in contacting him are topaz, citrine, sunstone, the incense to burn in worship of him is frankincense, flowers to offer him are – yellow flowers, you would burn gold candles in worship to him, Michael rules power, victories, over obstacles and protection against adversaries.

Angel Gabriel, his day is Monday, the times to contact him are 1 a.m., 8 a.m., 3 p.m., 10 p.m., his color is violet, stones to use in contacting him are moonstone, selenite, the incense to burn in worship of him is jasmine, flowers to offer him are – white lilies, violets, purple hyacinths, you would burn silver candles in worship to him, Gabriel rules travels, family matters, and mental clarity.

Angel Kamael, his day is Tuesday, the times to contact him are 1 a.m., 8 a.m., 3 p.m., 10 p.m., his color is red, stones to use in contacting him are bloodstone, rubies, carnelian, the incense to burn in worship of him is cinnamon, flowers to offer him are – red carnations, you would burn red candles in worship to him, Kamael rules legal matters, war and strife, surgeries and accidents.

Angel Raphael, his day is Wednesday, the times to contact him are 1 a.m., 8 a.m., 3 p.m., 10 p.m., his color is red, stones to use in contacting him are agates, amazonites, the incense to burn in worship of him is copal, flowers to offer him are – orange flowers, you would burn orange candles in worship to him, Gabriel rules all paper work, studies, health, and communications.

Apparently you can reach any of these angels at the same exact times. A supernatural entity will respond to this worship but it will not be a holy angel. That only leaves fallen angels, which are demons. That is who the Jews who practice kabbalah are seeking and interacting with. I praise God that we, as Christians, seek to the highest power there is, The One Who made the angels, Christ Jesus! We can go to The Father anytime day or night. He does not have a particular day and time that we can reach Him. He is always there for His children day or night and He's always with us, in fact He's right inside of us by His Spirit, The Holy Spirit.

When you look at this chart you are taking a look at number magic and color magic. This is worship with the burning of incense and giving of flowers to these fallen angels. Even though they use the name of Michael, he will not respond to human summoning or human worship. He is true and faithful to God alone. Let's look at a passage from the book of Revelation when John was seeing all that would happen in the end times:

**Rev.22:8-9** - And I John saw these things, and heard *them*. And when I had heard and seen, I fell down to worship before the feet of the angel which shewed me these things. Then saith he unto me, See *thou do it* not: for I am thy fellowservant, and of thy brethren the prophets, and of them which keep the sayings of this book: worship God.

Holy angels will not receive worship, they know that is reserved for God alone and they are loyal and dedicated to God, they did not fall, they were not sinful as satan and the third of the angels that chose to follow him in the fall. The holy angels remained faithful to God.

Those that practice kabbalah and believe in summoning angels are summoning a fallen angel that will respond to the name of Michael because holy angels will not participate in this sin against God. This is witchcraft. The person practicing these things will be interacting with fallen angels because they did not care to read God's Word and get proper knowledge of Him. **(Hosea 4:6)**

Notice they use different colored candles in summoning the different fallen angels.

That ties in with the Roman Catholic church using prayer candles to different saints. This is just a deceptive way of promoting the same thing, worship of fallen angels. When they light a candle to Mary or pray through Mary, there is a fallen angel who responds to that.

To invoke any of these angels to get their help in problems connected with the things they rule, gather some of the attributes of the chosen angel and place them on a small table facing east with a small glass of wine and a small bread roll. Do this on the day and at one of the four hours ruled by the angel. Burn some of his incense and light two candles of the color associated with him. Purify the area by sprinkling salt water around its perimeter, and trace a circle in the air from east to east to protect the ritual. To do this place your thumb between the index and middle fingers of the right hand; this gesture is known as a *ficca* and is used to seal a circle. Point the *ficca* towards the east and turn around slowly, tracing an imaginary circle that ends back in the east. Now you are ready to contact the angel. Open your arms wide while facing the east and say a simple invocation like the one that follows:

"I invoke you in this your day and hour, most glorious and exalted Prince of the Heavenly Court (mention the chosen angel's name) to come to my aid in the situation I am facing (mention the situation). I ask this in the name of our most beloved Creator, our Lord and King of the universe, having full confidence in his love and his compassion. Please accept and bless my humble offerings and help me in the solution of this problem. May the eternal light be with you always. Amen."

When they bring in the salt and the circle, that is the magic circle as we see here in the picture being drawn by the witch around her caldron. They believe they will contain the entity being summoned within the circle and sometimes they believe it is to protect themselves from the entity while they stand inside the circle. Even though what they describe was an imaginary circle in the air, it accomplishes the same thing and the actual circle is still drawn with the salt.

They mentioned starting while facing the east and trace the imaginary circle all the way around until they end up facing the east again. Look at this picture, a Solomonic circle with a triangle of conjunction in the East. In **Jeremiah 19:2** we learn that the valley of the son of Hinnom, where the Jews used to sacrifice their children to the sun god baal, (**Jer.32:34-36**) this was located right by the east gate. The sun rises in the east and facing the east has to do with worship of their sun god baal, who is satan. That is why there is a triangle of conjunction in the East on this diagram. A lot of witchcraft was learned from King Solomon when he was in idolatry against God because he allowed his foreign wives to draw him away from God. Freemasons have coded speak in order to recognize when they are in the presence of another freemason. One will ask the other if he is a traveling man? If the other says he has just traveled back from the east, then they both know they are freemasons.

They mention words like creator, freemasons call their god the master of this universe, the great architect, and creator. He is the god who is mentioned on our money.

The Jews give satan these same type of titles including lord and king of the universe etc. Remember Madam Blavatsky of the occult theosophical society wrote in her news paper that lucifer is Jesus. This is how they disguise their worship and interaction with fallen angels, they just package it with Christian terms. This is not the way to worship or reach God The Father or Jesus, an unholy entity will respond.

Now you may proceed to eat the bread roll and drink the wine. Vanish the circle by repeating the motion with the ficca from east to east. Gather the angel attributes and keep them safe, as they are a point of contact with the angel.

Repeat the ritual seven times, always conducting it on the angel's day and one of his hours. It is important to remember that all angel invocations must be conducted when the moon is waxing, that is, between [New Moon](#) and [Full Moon](#).

Angel invocations are very powerful and effective when done with total faith and reverence.

**Psalm 103:20** - Bless the LORD, ye His angels, that excel in strength, that do His commandments, hearkening unto the voice of His word.

**Psalm 91:11-12** - For He shall give His angels charge over thee, to keep thee in all thy ways. They shall bear thee up in *their* hands, lest thou dash thy foot against a stone.

satan quoted this passage of scripture to Jesus when he tempted Him. In the same way God protected Jesus while here on this earth, He protects us too, this is a promise we can stand on for our own lives.

We do not summon God's angels, we don't worship them, we do not seek them at all. They move at God's commands. They watch over us and guard and protect us. We don't try to see them or communicate with them. We don't pray to them or ask them anything.

**Heb.1:14** – Are they not all ministering spirits, sent forth to minister for them who shall be heirs of salvation?

They minister to us in protecting us and watching over us. God can use them as messengers to us at various times. But in doing these things they are given their orders and direction from God and they carry out and follow His commands alone.

## **CLOSING**

**Col.2:18-19** – Let no man beguile you of your reward in a voluntary humility and worshipping of angels, intruding into those things which he hath not seen, vainly puffed up by his fleshly mind, And not holding the Head, from which all the body by joints and bands having nourishment ministered, and knit together, increaseth with the increase of God.

I want to take a look at verse 18 in the NIV, I think it is clearer there:

### **New International Version**

Do not let anyone who delights in false humility and the worship of angels disqualify you. Such a person also goes into great detail about what they have seen; they are puffed up with idle notions by their unspiritual mind.

Do not let anyone who delights in false humility and the worship of angels disqualify you. Such a person also goes into great detail about what they have seen; they are puffed up with idle notions by their unspiritual mind.

How many people do we have today telling us about all these experiences with angels and visions and words from God when they don't even know Jesus. We have to test the spirits. We do not want to get tangled up with false teachers and people practicing occult and pagan worship, we do not want to lose the prize we are running for which is eternity, we do not want to lose our Christianity by being deceived away from Jesus.

Let's look at verse 19 in the New Living Translation:

### New Living Translation

and they are not connected to Christ, the head of the body. For he holds the whole body together with its joints and ligaments, and it grows as God nourishes it.

And they are not connected to Christ, the Head of the body. For He holds the whole body together with its joints and ligaments, and it grows as God nourishes it.

Jews practicing kabbalah and anyone summoning angels, are not even connected to Christ. They don't love, serve and obey Him, they do not hold Him in a position of worship and reverence where He rightly belongs. They don't even know Him and He is Head over all. They have no knowledge of God's Word.

Both in creation and redemption, the philosophic Judaists assigned to the angels a **role** inconsistent with the sovereign mediatorship of Christ (see notes on vers. 10 and 15). **From whom all the body, through its joinings and bands being supplied and knit together, increaseth with the increase of God** ([Colossians 1:18](#); [Ephesians 1:22, 23](#); [Ephesians 4:15, 16](#); [John 15:1-6](#); [1 Corinthians 3:6](#)). Disloyalty to "the head" works destruction to "the body," which in this case "proceeds from" ("grows out of," ἐξ... αὐξεί,) its Head, while it depends upon him. Gnosticism from the beginning tended to disintegrate the Church, by the caste feeling ([Colossians 1:28](#), note; [Colossians 3:11](#)) and the sectarian spirit to which it gave birth (ver. 8; [Acts 20:30](#)). Its vague and subjective doctrines were ready to assume a different form with each new exponent, Here lies the connection between this and the Ephesian letter, the doctrine of the Church following upon and growing out of that of the person of Christ, each being threatened - the latter immediately, the former more remotely - by the rise of the new Judaeo-Christian mystic rationalism.

I want you to see this portion of Pulpit commentary: Both in creation and redemption, the philosophic Judaists assigned to the angels a role inconsistent with the sovereign mediatorship of Christ. From Whom all the body, through its joining and bands being supplied and knit together, increaseth with the increase

of God. Disloyalty to “the Head” works destruction to “the body,” which in this case “proceeds from” its Head, while it depends upon Him. Gnosticism from the beginning tended to disintegrate the Church, by the caste feeling and the sectarian spirit to which it gave birth. Its vague and subjective doctrines were ready to assume a different form with each new exponent. Here lies the connection between this and the Ephesian letter, the doctrine of the Church following upon and growing out of that of the person of Christ, each being threatened – the latter immediately, the former more remotely – by the rise of the new Judaeo-Christian mystic rationalism.

By the unsaved Jews practicing their kabbalah and interacting with fallen angels and trying to pass it off as holy angels, they are being disloyal to the Head of the church Who is Christ. They are placing fallen angels above Him. Here this again: disloyalty to The Head, Christ, works destruction to the body – that is the church. They end by pointing out that the church was threatened by the rise of the new Judaeo-Christian mystic rationalism. Christians have nothing in common with Judaism except for The Old Testament. We do not hold to the false and perverted teachings of Judaism. I certainly do not call or consider myself to be a Judaeo-Christian at all. The Judaeo-Christian mystic rationalism that rose up is a mix of philosophy and witchcraft. There are many people who still don’t understand what witchcraft is and there are many that are practicing different forms of it right in the church. The unsaved Jews that practice Judaism and kabbalah have been tearing down God’s church. They have managed to get their lies taught right from American pulpits.

They say that Christians are in idolatry against God for worshipping and believing in Jesus. All the while they are the ones in idolatry against God for worshipping fallen angels!
