

PHARMAKEIA Pt.5: HALLUCINOGENS, DRUGS, VOODOO, BLACK MAGIC, ILLUMINATI, SATANIC SACRIFICES

Let's look at some research from Goodfight Ministries regarding drugs and the connection to pharmakeia:

In the teaching on drugs we noted that Santana admitted that he had his first real spiritual awakening when he had ingested LSD in the 1960's. Santana has used psychosomatic drugs like, LSD, mescaline, peyote and ayahausca. (Rolling Stone, magazine, March 16, 2000, p. 48). He claims that, "***It's a spiritual thing... I feel it did wonders.***" The problem is that the kind of wonders such drugs produce are those that Jesus predicted would accompany false Christ and false prophets in the last days. They referenced the following verse:

Matt.24:24 - For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if *it were* possible, they shall deceive the very elect.

Santana said his guitar turned into a snake while he was high at Woodstock trying to play. He was having a supernatural experience but Jesus had nothing to do with it. He talks of spirituality but not of Christianity. He has been deceived away from Jesus as have all those that experience similar experiences just like him.

Santana admitted that some of his experiences on such drugs produced in his own words "***cold sweats, nightmares, and I would wake up screaming:***"

God warns us in His word that those who use mind-altering drugs that are geared toward opening one up to mystical experiences will not inherit the kingdom of God. Not only this, but the Scriptures indicate that there would be a marked increase of such phenomena in the last days just prior to Christ's return to judge the world:

Galations 5:19-21 – Now the works of the flesh are manifest, which are *these*; Adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also

told *you* in time past, that they which do such things shall not inherit the kingdom of God.

Using mind altering drugs is a form of witchcraft and idolatry because it opens up your mind and life to demonic activity. Those practicing witchcraft in any form like taking drugs which opens you up to demonic interaction, they will not be in heaven.

Revelation 9:21 – Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts.

satan's elect will not even repent during the tribulation, seeing God's wrath being poured out in judgement against those on the earth at that time, they still will not turn from their wickedness against Him. Witchcraft is mentioned here as sorceries and that translates back to the word pharmakeia.

Revelation 21:8 - But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

Those that practiced sorcery will live for eternity in the lake of fire. The word sorcery here is pharmakeia. That means idolatry paired with drugs and or poisons.

Revelation 22:15 - For without *are* dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie.

Here we see sorcerers, listed among those that are outside God's city. Sorcerers here again is the word pharmakeia. That means idolatry, worship and interaction with demons paired with drugs and poisons. Those witches, enchanters, sorcerers who are purposely connecting people with fallen angels through the use of drugs and poisons will not enter into God's city NOR will those who are drug users and that includes alcoholism, drug addictions and smoking addictions. Those that used the type of drugs that opened them up demonically and tore their bodies down, bodies made in God's image. Our bodies are temples of God and we are not to tear them down. **(1 Cor.6:19, 1 Cor.3:17)**

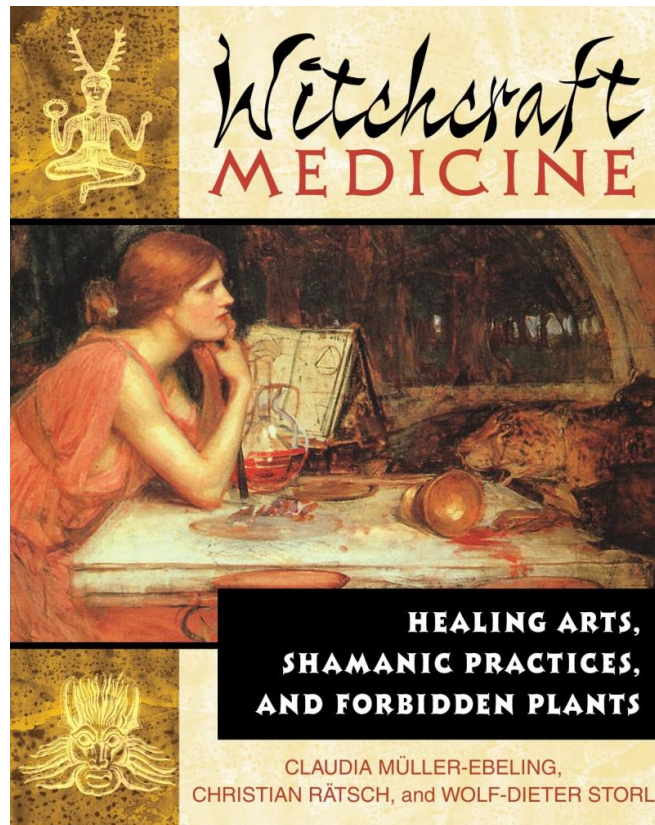

The original family of Greek words translated sorcery in the scriptures cited above as being from the root word pharmakeuo, from which we have derived the words pharmacy and pharmaceutical. The word refers to drugs used to alter one's state of consciousness and open one up to the demonic spirit world. I want to say that again so that you know what pharmakeia / pharmacy / pharmaceutical meant in ancient times and what it means in our Bibles. The word refers to drugs used to alter one's state of consciousness and open one up to the demonic spirit world.

The vaccines are not altering people's consciousness and not connecting them to fallen angels, at least not at this point in time. I'm not saying they are good because they certainly are not. But even though people are being deceived to take vaccines, trusting and taking the government's word – "they are safe and effective." Where is the idolatry? For it to be the definition of the sorcery or pharmakeia that deceived the nations, then along with the drugs, poisons or spell giving potions there must also be idolatry. The vaccines are given to Christians and non-Christians alike. No one professing to be a Christian had to deny Jesus in order to take those vaccines. So saying that the vaccines are the mark of the beast and that they are the pharmakeia that has deceived the nations is just wrong. And even if you take the stance that the ones producing the vaccines serve on Satan's altar and they have made these potions or concoctions and spoken words, chanted over them, done their rituals etc. You can't say that everyone who takes a vaccine has been deceived. Most of us know by now that every medication has side effects. We are deceived about things all the time in this world. The main deception that God is concerned with is being deceived to follow a false god instead of The Lord Jesus Christ.

The word – that is pharmakeia - has been translated both as magic and drugging, in various translations because it involves a marriage between the two. It is through hallucinogens like peyote, mescaline and relatively recently LSD that many have been opened to the demonic world and even full blown demon possession.

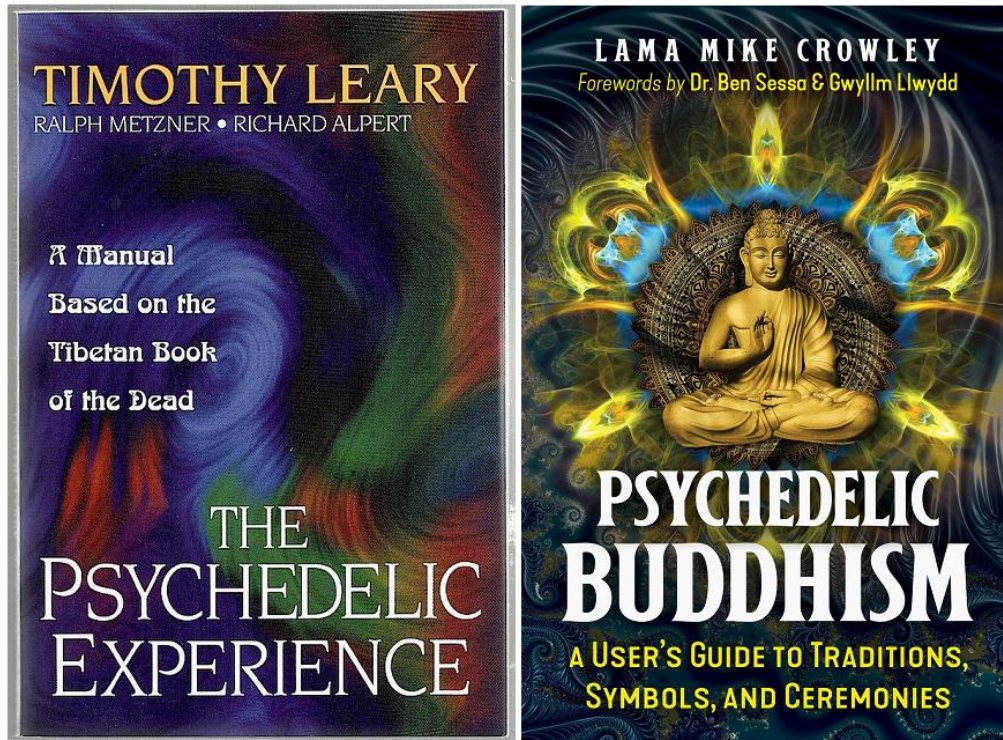

It was while Santana was inebriated by the influence of LSD that he claimed to have his first real spiritual awakening. He found greater definition for the New Age lies he had embraced through McLaughlin and then his guru, but for Santana and millions of others in the hippie movement they became Hindus overnight

through the practice of Pharmakeia. That's what Woodstock was all about, connecting people directly with demons through drugs.

Witchcraft Medicine – Healing Arts, Shamanic Practices, and Forbidden Plants By Claudia Muller-Ebeling, Christian Ratsch, and Wolf-Dieter Storl

In ancient times, the witches knew what plants, herbs etc. to use in their witchcraft potions and concoctions to produce an altered state of mind and connect with what they called the gods.

Left – The Psychedelic Experience – A manual based on the Tibetan Book of the Dead – by Timothy Leary, Ralph Metzner, Richard Alpert Right – Psychedelic Buddhism – A User’s Guide to Traditions, Symbols, and Ceremonies By Lama Mike Crowley The luciferians have their books that teach them ancient witchcraft, like the Egyptian Book of the Dead and here we see referenced a Tibetan Book of the Dead. Remember Cathy O’Brien and all the traumatic mind control she underwent at the hands of the U.S. government. She said they were using the Egyptian Book of the Dead for many of the things they did to her and others. That is because they are luciferians and they have preserved ancient black magic writings and they do practice them to this day. What these books are talking about are psychedelic experiences, supernatural experiences where the people who participate and do the drugs will be connected to demons.

The nations were deceived through her sorceries or enchantments which is supposed to be related to drugs, medicines or poisons. People today blindly do what dr's tell them to do. Like when I had Kennedy vaccinated because the dr’s who we trusted said we were supposed to. The government who we have blindly trusted said we should. I praise God for everyone who has been awakened to the lies behind the vaccine agenda. I have spoken out against vaccines numerous

times. I have to censor myself now because you cannot openly speak against vaccines now. You are not allowed to disagree with government paid for science and medicine. That is why this sermon series is not on Youtube. You certainly cannot talk about vaccines on facebook either. Our freedom of speech is gone. I praise God for getting this sermon out at all and am thankful for everyone who does get to see it. I'm also thankful for all of you who stand with this ministry and share the sermons and teachings to your family and friends.

The vaccines they require for children have increased exponentially to about 30 vaccines by the age of 15 months. That is crazy. And especially now that I know they have been putting viruses, cancers, nanotechnology etc. in those vaccines. They have been working to sterilize the population through vaccines too. So many wicked schemes packed into the vaccine agenda.

We have taken vaccines, we have taken pharmaceuticals - medicines that "they" created and most likely have done witchcraft on. Yet, we are not deceived. We know some of the extent of their wickedness. We are not naïve about how they are operating. Even though some of us have been deceived about the medical industry in the past like taking vaccines, that never led us to serve satan and the fallen angels.

Thinking about Rev.18:23 where the nations were deceived by sorcery which is pharmakeia, witchcraft paired with drugs or poisons, my mind went to the deadly head wound of the antichrist. They could use their sorcery with drugs etc. to conjure him back from the dead.

Take a look at this research with me:

One of the most fascinating and intricate processes in Haitian Vodou is zombification, which revives the recently dead into mindless, soulless zombies. As part of the vodou religion, the *bokors* (Haitian vodou sorcerers) have the power to create and control zombies. The exact methods and concoctions used vary among *bokors*, but the process believed by the Haitian people describes the following general pattern. Some zombification processes use blood and hair from their victims in addition to using vodou dolls, while others involve a carefully prepared mixture called "coup de poudre" ("powder strike") made of mystical herbs, human remains, and animal parts. Administering this mixture can also vary from ingestion, injection, or even a blow dart ("The Bokor and Magic Powder").

Left – Bokor grating human bones/ cemetery materials

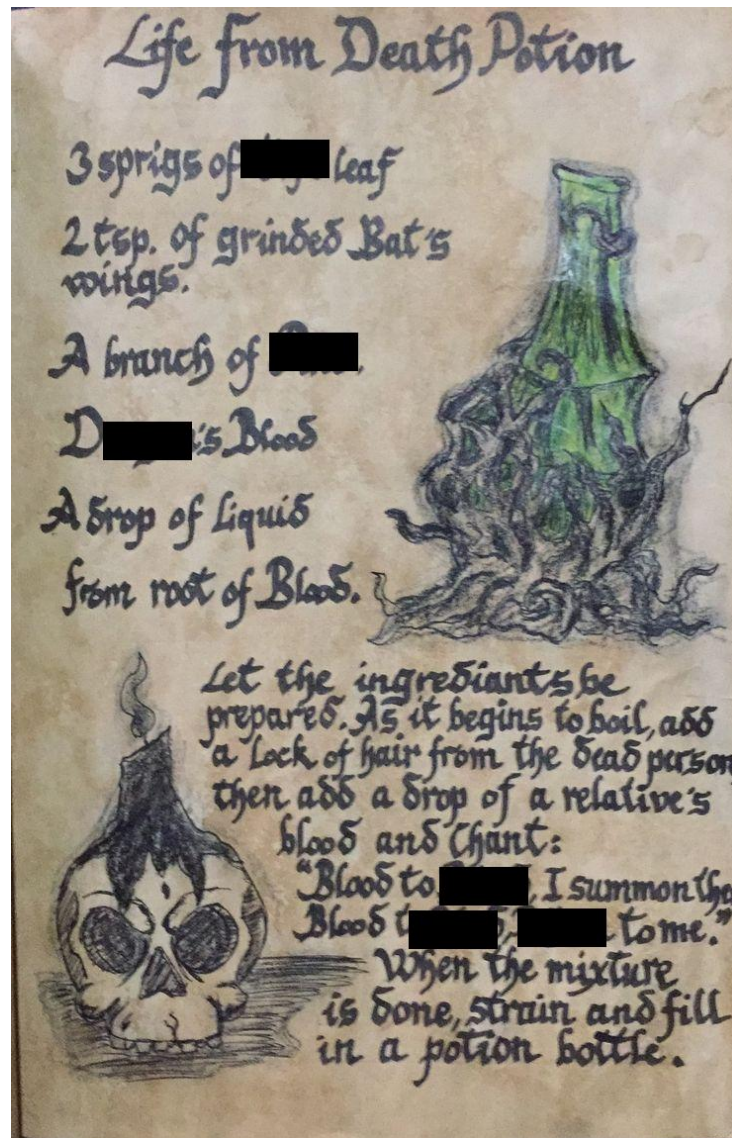

Right – Bokor preparing the poison: the mortar and pestle

This is big time pharmakeia. Before you dismiss this, thinking it is far-fetched remember some of what I have shared about how the witches work where Pastor Erustus is. They use animals, bones, blood and even body parts in their witchcraft. They kill people for sacrifices. When they sacrifice a person, they are rewarded by satan with more powerful demons.

Witchcraft has gone deeper than we can even imagine. Pastor Erustus and I were talking about how deep and wicked witchcraft is now and he said if the witch of Endor (1 Samuel 28:3-25) could conjure Samuel's soul up from the dead and he was a righteous man, then surely they can conjure those souls who were powerfully serving on satan's altar and use them in their witchcraft. I agree with that.

Look at this life from death potion online. I am not promoting this wickedness but I want you to realize what those who serve the serpent are doing. There is a recipe including various types of blood, bats and roots etc. Then it says let the ingredients be prepared. As it begins to boil, add a lock of hair from the dead

person, then add a drop of a relative's blood and chant etc. After their chanting ritual then they put the mixture into their potion bottle.

Black Magic is very dark and things are going on that you cannot even fathom. It is nothing for these people to take a human life and sacrifice them. Pastor Erustus' younger brother was planning on sacrificing their father. And they found out he had short listed to their mother, Pastor Erustus, Pastor Sarah and their children. This younger brother has joined the illuminati and to move up in rank in the illuminati, freemasons, witchcraft, as a luciferian – you will sacrifice humans and that is how they get more demonic power. That's how they get more powerful because they are receiving and aligning with more powerful demons. satan requires blood sacrifices. I praise God Pastor found out about his plans and began to pray against those plans. Now he is mad because his plans have failed. Pastor Erustus said witches always give **sacrifices** to gain more powers in order to fight and control areas, people or regions. Many times when people are killed as a sacrifice, people are not willing to pay money to look into it so it just goes unchecked, they get away with it there. And even here in the U.S., remember the luciferians get a nod, a hand signal etc. in the court system and then they get off Scott free.

This voodoo black magic pharmakeia would fit with Rev. 13:3 - where the antichrist revives from the deadly head wound. This is one way sorcery and drugs or pharmakeia could deceive the nations and this scenario would surely cause the people on the earth at that time to take the mark because it says they followed the beast then.

Do they really have to do black magic to deceive everyone?

I'll throw this out there, since we know about their cloning operation, it seems to me it would just be easier to just slide a clone of the antichrist in and keep going without missing a beat. The clone would look just like the antichrist and satan of course would still possess and empower the clone body in that scenario.

One more thing I want to share about the sorcery used to deceive the nations.

Pastor Erustus shared:

You are right Pastor, I have also been thinking about these people manufacturing the vaccines drugs and medicine for treatment of diseases but at the same time the medicine has lots of side effects. Is it intentional to put in side effects in the medicines? How and where they manufacture these medicines, few know. Even here Pastor our piped water from the government contains lots of chemicals.

Technology has really advanced since the times the bible was written. So evil has also increased and sorcery is done now in different forms as we advance. Through discernment the Holy Spirit will continue to teach and guide us on what pleases God or not.

Pastor I know they will keep on using deception to make many get lost but am sure God in His own ways will keep protecting His remnants. The Holy Spirit living in us will guide us into God's truth even at times of confusion and mix up in this world. You are right Pastor the greatest deception is not believing in Christ Jesus. The devil thrives on lies and is so subtle that without the Holy Spirit and living according to truth you cannot discover him. It's true that if one will not accept and walk in truth, he/she will get delusioned.

CLOSING

I know the medicines I take are not good but they are not connecting me with demons as I wait on Jesus to heal me. If it is not His will to heal me then I know His grace is sufficient for my life. In the meanwhile, in order to have a better quality of life, I take the medicines.

Most of us are or have taken pharmaceuticals like blood pressure medications, migraine meds, heart meds, diabetic meds etc. but we are not deceived into believing these things are good for us. They are helping us to function better and helping to sustain us in different ways, helping us to have a better quality of life for a time. They are not causing us to hallucinate. If you are ever given medicines that cause you to hallucinate then you need to see your doctor about getting off those meds.

Even though I take medicines to manage migraines and r/a I do not take vaccines any more. I believe they are purposely made to harm and kill if at all possible.

Many people remain ignorant about how damaging the vaccines are, don't realize how damaging modern medicines are. Even if the luciferians are doing spells over the vaccines and modern medicines, people are not being connected to the fallen angels through those things. Christians may be ignorant about modern medicine and all the wickedness going on in the medical industry today but they are not in idolatry against God.

The idolatry is at the top levels of the mega corporations. They are the ones making the vaccines, drugs, medications etc. They are the ones serving lucifer and his agendas on purpose. The top levels, the ones who founded the corporation and dedicated it and all products coming from it, they are the luciferians. They dedicate everything they do to lucifer. Even if they do their witchcraft over these things unbeknownst to us, these things are not connecting us with demons. They can harm us, disable us, tear our health down and ultimately kill us and that is just another way satan is working to kill, steal and destroy. **(John 10:10)**

As I said in part two, pray over the medications you take and keep praying for your healing and do what you can to be as healthy as you can.

In regards to being deceived, we've already been deceived about so many things in this life. The main thing that you never want to be deceived about is, Who Jesus is and what He has done for us. He's the only way to God and to eternal life.

The greatest deception of all is not believing in Jesus - denying Him. Those that are deceived during the tribulation will take the mark, will wander after the beast - the antichrist. We can only speculate what the fulfillment of Rev.18:23 actually is. God decides what He will reveal ahead of time and He doesn't have to reveal anything at all. He has already given us everything we truly need to know in Christ and His Word. We know Jesus is The Way to eternal life. Those that don't want to believe in Jesus will be deceived. It all comes back to believing in JESUS!
