A very power packed Sunday service at our Holy Trinity Living Water church branch at Ekeru-Mumias Town. Many were delivered, healed and filled with The Holy Spirit. We give glory to God for moving mightily!!! We request for your continued prayers and support towards our ministry work.

With love, Bishop Erustus & Sarah

I pulled one picture from that service. This is a woman being delivered from demonic powers.

The Maasai land mission at our Holy Trinity Living Water church at Lormeut, Oloitokitok , Kajiado County was very successful and glorious. We did officially open & dedicate the church building we built a few months ago and Ordained our Pastor Simeon Ole Mpaa and his wife who are now the overseer of Kajiado County in our ministry work. Thank you Jesus!!! We appreciate Bishop David & Pastor Amos in this noble work. Enjoy the pictures.

A quick refresher on the church in The Maasai Land:

We had a good time with Pastors and the key leaders. We were welcomed with love and these people for sure love God. It's one of the tribes in Kenya that live in the arid areas, many have no education, still living old traditional life, unreached with the gospel, poor and live a nomadic life. No vehicles we used motor bikes to move into the villages on very dusty roads where the churches are. We now have 4 branch churches under our ministry. I give glory to God.

Where the main church is build it's a rented land. My visitation was fruitful, God touched one of the brothers in church who donated a 4 acre piece of land . Now the leaders decided here is where the headquarters of our ministry will be build for our Maasai land ministry work, it's just next to piped water and a passable road on its lower part. Thank you Jesus!!!

The other 3 branch churches are in different locations in the remote villages.

\*Pastor Erustus was under a spiritual attack and was kept from going on this mission to the Maasai Land. In fact he has been fought very hard many times when he has planned to go here. On this trip Bishop David, a very close ministry friend of Pastors and Pastor Amos stood in for Pastor Erustus.\*

The man in the tan suit is Pastor Simeon and his wife Mary. On the far right in the brown suit is Bishop David.

Here are Pastor Simeon and Bishop David on the left getting the door to the church in place. And once they had it in place they put a rope across it to be part of the dedication process.

Bishop David is laying hands on Pastor Simeon and his wife Mary ordaining Pastor Simeon and praying over their lives as they begin to pastor and oversee this new church.

Looks like they go to have holy communion.

Here are some of the congregation and church service.

On the left is Bishop David, one of the Maasai church brothers and on the right is Pastor Amos

Bishop David and Pastor Amos with some of the church members.

A blessed old mama who has served God for many years. Her testimony is so encouraging. We love you our dear mum.

This looks like such a lonely picture of the church with one little boy in it but when they gather together it is such a wonderful time of fellowship and God's presence.

Pastor made this post on July 30, 2022 about his birthday. When I look back God has been so faithful in my life. I give glory to God for the sufficient grace He has given me each year of my life to serve him and his wonderful people. I thank God

for giving me another year to serve in His kingdom and experience His mighty works. Join me in celebrating my birthday today.

My dear friends and family due to the recent road works done next to our Holy Trinity Living Water Church in Bungoma Town, our church land was reduced after part of it was chopped off. We are to build the church on the newly purchased land just opposite at an estimated budget of \$1,200 .

Pray with us for God to provide to enable us build. As always we appreciate your support. No giving is small to us.

With love, Bishop Erustus & Sarah

Here are Pastor Erustus and Pastor Sarah standing on the land after it has been torn up by the road crew.

Here is the road, see how close it is to the church. They took some of the church land away to make this road and there was no asking or telling anything ahead of time.

Here is Pastor Erustus with some of the church children on the newly bought church land.

They really tore the church land up and the witches almost had them persuaded to bulldoze the church down but praise God Pastor Erustus convinced them not to do it.

Here you can see where the church has begun to strip the bark off of the downed trees in order to build the new church building. They saved as much of the old materials to reuse as they could.

PRAISE TESTIMONY!!!!

We thank God for His faithfulness. We are now collecting and preparing materials in readiness to move and build the church building of our main Holy Trinity Living Water church branch at Muyayi-Bungoma Town on our recently purchased church land. Thank you Jesus!!! Posted some pictures.

You can see the dirt piles in the picture. And there is a fence around the new land.

Here are the church workers cutting down some more trees to use.

They are stripping the bark off in order to use the wood.

Here you can see the new road now splitting the church land up.

August 11, 2022

We have started building a church structure on our new church land. We thank God for His sufficient grace. God bless you all as you continue to pray and support our ministry work. We appreciate you all!!!

With love, Bishop Erustus & Sarah.

Here they are measuring the new land for where to place the church.

Starting the work.

The poles or boards for the structure of the church are getting in place here.

The work of bringing down our old Holy Trinity Living Water church branch building at Muyayi-Bungoma Town now done. Pray and continue to support us as we move and continue building on our new church land. God is faithful!!!  
With love Bishop, Erustus & Sarah

Here they are taking the old church down so they can move it over.

Stripping off the tin.

Another picture of the take down.

Now they are down to the bare bones of the old church. You can see the kitchen and store room right next to the church.

Almost all tore down now and all remaining is the old cement floor and platform.

Here is the new church building going up.

Another angle of the work on moving the church.

Here you can see across the way to the old church land to the buildings remaining on that side of the road.

**PRAISE TESTIMONY!!!**

Our dear friends and family, join us in praising the Lord for enabling us finish up moving and building our Holy Trinity Living Water church branch building at Muyayi-Bungoma Town. Thank you Jesus!!!

We are now trusting God to provide \$1,161 to help us fix electricity, repaint the walls and plaster the earth floor. No giving is small to us. Should God speak to your heart to support us, we will appreciate. Shalom

Here is the new church on the other side of the road now in a safer location.

I praise God we were able to get more property on the other side of the road for the church to be moved and continue for God's glory.

They are getting the dirt floor worked out here.

You can see the dirt piled up in the back for the platform with the pulpit. Here the men are beating the dirt down, packing it to prepare it for a plaster floor.

**James 2:15 - 17** - "Suppose a brother or a sister is without clothes and daily food. If one of you says to them, "Go in peace; keep warm and well fed," but does nothing about their physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead."

Many people say they believe in and love God. But they don't go to church, ignore or don't enjoy the fellowship of brethren, they don't love others , they don't read nor obey the bible, they don't pray except in an emergency. How would you feel if your family or friends said they love you but they totally ignore you? Doesn't sound like love. If you truly believe in God you will read His word to learn more about Him and the things He has done. If you truly believe in God you will talk to Him about everything. If you truly believe in God you will want to share Him with others. If you truly believe in and love God you will want to live your life for Him. If you think you can live your life without Him until someday when you are old and ready to settle down you are fooling yourself. Sooner than you could imagine, suddenly you will be standing before Him at any moment to give an account of the life He gave you here on earth. Think about that.

With love Bishop Erustus & Sarah

Thank you all for standing with us, praying and supporting us and our outreach ministries. When you do those things you are part of these great works that are being done for God's glory. We appreciate you very much and I pray God will bless you abundantly for all you have done.
