

SPIRITUAL WARFARE Pt.13: CHILDREN'S WARFARE, OPEN DOORS, ODDS and ENDS

CHILDREN'S WARFARE

Every Christian has been given the right to Jesus' name and the power and authority to bind and cast out demons. If only one parent is a Christian, the parent who is saved is a second layer of protection over their children. Jesus is the first layer, the head of your life, and of your young children's lives. Christian parents are a spiritual covering over their young children. You have the responsibility to teach them God's Word and model it for them. Pray over them, keep them covered in the blood of Jesus.

You are responsible to teach your children what to do spiritually when they are scared.

Their best defense is pleading the blood of Jesus over themselves and their rooms, toys and all that they own. Whenever they are scared, they can quote Scripture: – Fear not for I am with you. Isaiah 41:10 If possible, parents - you bind the evil spirits and command them to go in Jesus' name. They may not – depends on how they came to be there. Ask The Holy Spirit to fight for you and to give you peace in those moments. Pray. God is faithful and He will not fail you. Teach them to call out to Jesus when they are scared. If the presence or demonic activity does not lift and leave or does not stop then ask The Holy Spirit to show you how it gained entrance and go from there.

I used to believe that children could fight spiritually just like grown up Christians can. Some false teacher probably said that the Holy Spirit in children is the same Holy Spirit in us and I thought – yeah, that's true. However, I've done a lot of growing since then. They are too young to understand spiritual warfare and all it entails. I have been teaching on it for 12 weeks already, it is very deep. There are different levels of anointing, that is to say different levels of God's power in our lives through The Holy Spirit. There is more of The Holy Spirit to be had if you seek Him diligently. There are different levels of power as we grow in Christ. Sometimes in deliverance it takes a minister of God hours to get someone

delivered and sometimes depending on the things the person has done it can take several years. Demons fight and want to hang on to their territory. To get someone delivered is exhausting physically and spiritually. Young children are not mature enough spiritually to go into deep battle against demons. In fact, once Pastor Erustus was administering deliverance at his church and Pastor Sarah was there and she began to have great pain and was rushed to the hospital and lost the baby she was carrying. After that Pastor Erustus said he prefers not to have young children present during deliverance. Satan always tries to hit back. God will protect His children but it doesn't mean Satan won't or can't strike out. Look at Apostle Paul's life, the more boldly he ministered and the more churches he planted the more he was fought by Satan.

So teach your children to plead Jesus' blood and to pray for Jesus to protect them when they are scared. Teach them Isaiah 41:10 – Fear not for I am with you. This is God Himself, The Most Powerful One of all promising to be with them always. Teach them to pray and talk with Jesus in those moments. And if it is really bad, let them come to you so you can engage in spiritual warfare with the evil spirit if you really feel one is present.

Did you know that the things you watch and listen to also have spiritual significance? The things watched on TV or listened to on the radio etc. can be portals allowing demons in among other things. Don't forget John Todd's testimony about what the Luciferians do to the music they produce. They do rituals over it and cast spells on it so that the demons go with it wherever it goes. Let's be mindful of what we watch and listen to, just like the song says, "oh be careful little eyes what you see, oh be careful little ears what you hear..."

The things you watch and listen to are designed to get inside your head. The tv and the radio are two of satan's major platforms. He wants to influence your thoughts, program you to believe what he wants you to believe and to open doors in your life based on what you watch and listen to. The tv and radio can act as a portal for demons to enter your home. If you are watching ungodly things like pornography, violent movies, occult movies and satanic movies, you are opening your home up to demonic activity and the same with what you listen to on the radio, if you listen to rock, rap, hip-hop, heavy metal etc. you are inviting the demonic into your life.

When you stay in strange places like a hotel room or a hospital room, demons can be attracted to that room because of what happened in the room before you got there. You can have bad nightmares if demonic, scary, violent type of movies were watched in that room. Sexual things can happen to you in your sleep if sexually perverted things went on in that room or pornography was watched on the tv. The tv can act as a portal to bring in all sorts of demonic activity into that room. Ungodly people bring their demons with them and you want to deal with any lingering spirits or spirits that were invited because of what was done in that room.

When you stay in hotels, hospitals or anywhere that is not your home, those rooms need to be spiritually cleansed. When you go camping, the campsite you stay at needs to be spiritually cleansed. Pray over them and cover them in the blood of Jesus.

From Yolindie in June 2016

Hi Pastor Cherie,

I want to share something awesome with you.

A few weeks ago we started to hear sounds outside our house. Like someone was fiddling with the security bars in front of our windows but when we went outside there was nothing that could've done it. It happened a few nights in a row and it scared us because the sounds came from the baby's room. And she won't know she shouldn't cry if someone enters the house.

One day I remembered my husband said he heard Rob Zombie's music and he likes the beat.

Here are a couple of Rob Zombie's music albums. To be clear, all mainstream music is in honor and worship of satan. Rob's name says it all, "zombie" – a dead corpse that is reanimated is not of God but of the kingdom of darkness. Rob's music is a mix of rock and heavy metal and it should be easy to see what god he serves. The album on the left has skulls representing death and the kingdom of darkness, the title is The Electric Acid Witch satanic Orgy Celebration Dispenser. There is an Egyptian ankh which is a highly satanic occult symbol as well as a goat which is another symbol of satan. The album on the right has a pentagram right on it turned to be in the shape of baphomet and the title is HellBilly Deluxe. He has a demonic face with an X on his forehead. The x is a symbol of the sun god baal who is satan. It also stands for a 6. It is one of satan's marks. Just like Elon renaming Twitter to X – that is all in worship of satan.*So this is the type of music her husband said he liked and was listening to.*

Yolindie continued:

(My husband doesn't believe in the spiritual- but I am praying for his eyes to open). I went through his computer and found Rob Zombie's new album on in the library, I deleted it when I saw it. She began to pray that night about all of this and while she was praying the sounds came again. The next day she prayed over her home and land and after doing these things the noises stopped.

Then Yolindie shared this:

My son watches church with me (thats what he calls it). He likes it when Kennedy sings or speaks about something. He even tells me "Mommy that cartoon is from the devil", and he tells his dad that the games he plays is from the devil. My husband likes to play computer games and the last one was Doom. Every time he played it my son went to him and said " Daddy you are playing the devils game" , it irritated him so much he stopped playing it.

I must say Holy Spirit is leading my husband to Christ. My family and I are praying for 6 years already and the difference in him is remarkable. He will surrender his life to Christ soon. We will just keep praying. Please join her in praying for her husband Johan to be saved.

Please play from 21:45 – 23:56 – Let's take a look at what the luciferians are doing behind the scenes in video games. This is from one of KJ's videos. STOP 666 and pentagrams in video game doom(about 2 min's)

<https://www.youtube.com/watch?v=-e6914U3rIM>

Our children know wicked things when they see them. They are innocent when they are young and God can use them to minister to us. I praise God he kept telling his daddy how wicked the video game was until he finally quit playing it. Glory to God for that.

The luciferians are monkeying with frequencies, they are laying down demonic things behind the music, behind the video games and movies, right onto the track itself even in the form of pictures to curse this stuff. Yes, they have hidden messages in the music when played backward – these are the things they do in worship of satan and in warfare against us.

Remember the young man Dallas I spoke of that had a diabetic complication and was clinically dead for about 4 minutes and while he was in that state he was in like a dark room with red pentagrams everywhere and demons were reaching and trying to grab him. He played video games all hours of the night and listened to heavy metal music. Makes me wonder if he was playing Doom. Remember he got to the point he didn't even want to live. These things are having a spiritual impact on people's lives.

PRAYING OVER A ROOM

You can say this or something to this effect over a hotel room or wherever it is that you are staying: Plead Jesus' blood over the room and everything and everyone in it. I establish this room as the operation of the Kingdom of God. Any spirit that is contrary or foreign to or hates the operation of God's Kingdom, I bind you and command you to get out of this room right now in Jesus' name. Every spirit that has been brought in here because of death, pain, trauma, suffering, through tv's and radios as a portal or from any acts that were not pleasing to God – you have no right here in Jesus' name. I bind you and command you out right now in the name of Jesus' Christ! I plead the blood of Jesus Christ over this room and all that is in it in the name of Jesus'.

And follow up with a prayer: Dear Heavenly Father, I thank You for watching over us everywhere we go. I magnify You, You alone are God and worthy of all my praise. Please place your hedge of protection and wall of fire around this room and all that is in it and around me and my family. Dear Holy Spirit I am so thankful that You are with me everywhere I go. Thank You for guiding my life in righteousness. I praise You, You are The Spirit and Power of God. I lift myself, my

family and this room and all that is in it up to You and I ask You to reign over it all. Dear Lord Jesus, thank You for shedding Your blood so that I could be redeemed from satan's hand. I praise You, You are my Redeemer, my Deliverer, my Savior. I cover this room and everything in it and my family completely in Your blood, in Jesus' blood. I thank You Dear Heavenly Father, Dear Lord Jesus and Dear Holy Spirit for Your protection and for hearing and answering this prayer. I praise You in Trinity and pray and ask this in the name of Christ Jesus.

We have been talking about getting rid of demonically charged objects. I would delete satanic music and movies – delete and clear these things off your phones and play lists. Don't have them stored in your play lists – remember what Yolindie shared about the strange noises and how she found Rob Zombie's music playing because it was in her husband's play list on his computer.

If you ever have a blood transfusion, you should cleanse it by praying over it too. Demons can come from someone else, transferred through the blood.

Lev.17:11a– For the life of the flesh is in the blood:

Blood is a very big deal. Because God forbade the Israelites to eat the blood or drink the blood of anything, then luciferians do the exact opposite in worship of lucifer. It is a requirement of his because he is against God and he lives to pervert His Word and those whom God made. They believe drinking the blood of young children will keep them young, they believe it is a fountain of youth for them. It is called adrenochrome or loosh and I have spoken about it several times over the years.

Haven't we all heard the testimonies of people saying they don't like the same foods or they have developed different tastes or their personalities change after a transfusion. We are living in a time when people are receiving organs from other people or from people who have died and demons can certainly be attached to the organs or to the blood of an ungodly person. We must pray for God to cleanse any blood we receive or organs from another person. Cover the blood and the organs in Jesus' blood.

Last I want to share something Pastor Erustus shared about pets: Many witches use familiar spirits by placing a demon in an animal some of which we keep at

home as pets eg cats, dogs, birds etc. They control these animals for their own demonic activities in people's homes and lives. We should be very sensitive in the spirit by what pets or animals we keep or entertain in our homes as they may be having familiar spirits. We should always pray for God to protect our animals and cover them in Jesus' blood.

CLOSING

Hosea 4:6 - 1 My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to Me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

There is a Mandela Effect in this verse, it used to say My people perish for lack of knowledge. That means they die and go to hell without God because they don't know His Word and because they don't know His Word, they don't know Him. We have been living in ignorance to how the spirit realm works. We have been ignorant of how satan's children, the luciferians, freemasons, witches have been working against us. They have continued in the mystery religions of Babylon and Egypt and we have not known about the things that they do against us in service of their master. They are producing demonically charged items, doing rituals, cursing products, laying down occult symbols and messaging in music, movies and video games etc. Witchcraft has gone deeper than we can even imagine today.

I hope that this teaching series has been a blessing to you and that you have learned tremendously how to fight real spiritual warfare. The key to the whole thing is to be truly saved through Christ, filled and sealed by The Holy Spirit, live a righteous obedient life and plead Jesus' blood over all that you have, yourself and family every day.
