

SUPERSTITION and LUCK Pt.2: CHAIN LETTERS, FULL MOON, THE LOTTERY, HOUSES and FOUNDATIONS, WITCHCRAFT

Here in 2024, Halloween has just passed but let's look at some vintage Halloween Cards.

Vintage Halloween Card - Superstition

This is a vintage Halloween card showing us superstition: They are bobbing for apples on a string. The caption says "Bite it and you will have a successful year."

Learn not the way of the heathen - Jer.10:2

Halloween

The root of apple bobbing
is divination / witchcraft.

Introduced by the Romans to honor their goddess Pomona. The first one to bite into an apple would be the first one to be married in the coming year.

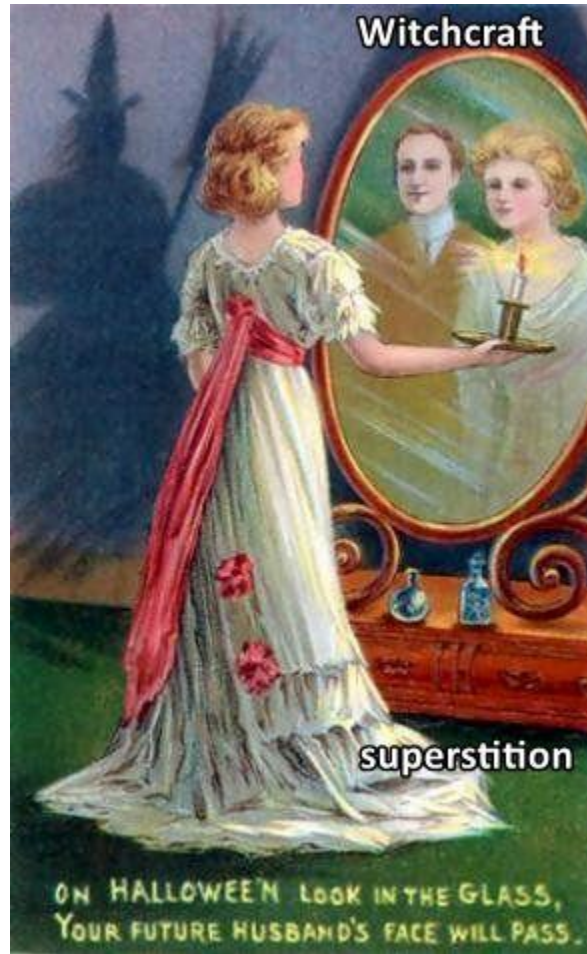

Here is another version of the superstition of bobbing for apples on Halloween. The root of apple bobbing is divination / witchcraft. Introduced by the Romans to honor their goddess Pomona. The first one to bite into an apple would be the first one to be married in the coming year. These are just children in the illustration, but how many people have believed this through the ages. The Bible tells us in Jeremiah 10:2 – not to learn the way of the heathen.

*Would You Know Whom You Are Destined
To Wed---Build a Ghost Fire Hallowe'en*

Vintage Halloween Ad

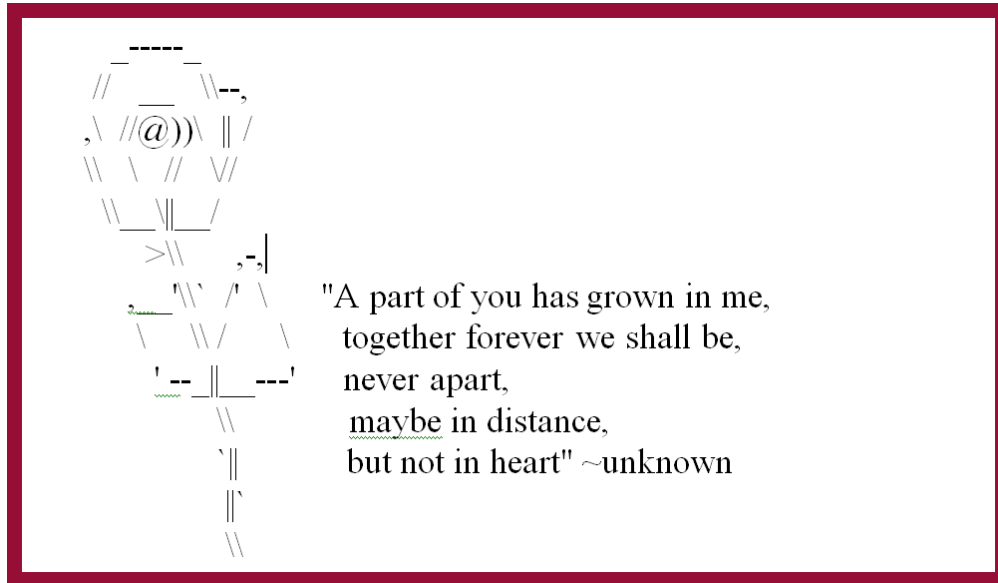

Here's another vintage Halloween ad: Would you know whom you are destined to wed --- build a ghost fire hallowe'en. At the bottom it says you are sure to see something in the ashes. In the background unbeknownst to the girls around the fire is a witch presiding over the whole thing. Then if you look in the smoke you can see the silhouettes of a bunch of men. This is witchcraft at its core accepted in the form of superstition. Superstition is just a version of witchcraft because the one who is superstitious is in league with demons. They have a hold on you because of what you believe.

Here is more witchcraft and superstition. On Halloween look in the glass, your future husband's face will pass. There she is holding the candle believing in superstition and because she believes, she see an image in the mirror. You can see a witch's shadow on the wall because all of this is witchcraft.

As Pastor Erustus said, when you are superstitious you are very reverent to demons. Witches serve satan and get their power through demons. When you believe these things, the demons are watching, and they can make things happen so that you remain deceived and don't come to Christ or if you are in Christ and you believe in these things, they can pull you away from Him because your belief is not solidly in Christ alone.

CHAIN LETTERS and CHAIN MESSAGES and CHAIN GAMES

"A part of you has grown in me, together forever we shall be, never apart, maybe in distance, but not in heart" ~unknown

Here is the note that came with this picture and poem: This is the sacred RED ROSE. You MUST pass this rose on to at least 5 people within the hour of receiving this rose. After you do, make a wish. If you have passed it on, your wish will come true and love will come your way shortly. If you didn't, your life will be cursed for eternity and you will not have any love in your life whatsoever. It's your choice. Make the right one.....

I love how timely The Holy Spirit is, I was looking for something the other day on our home computer and happened to see this in an old folder. We must have kept this years ago, I probably thought the computer image of a rose was neat. I did delete it off my computer. Look how daring this one was, if you don't do it you are threatened with a curse.

Now the power is in what you believe. If you believe this you are showing that you believe a supernatural entity is going to either cause love in your life or a curse. This is not of God and has nothing to do with Him. So when you believe in these things you are believing in the demonic, in the kingdom of darkness to fulfill this either way.

Social media is flooded with these type of chain letters, chain messages and chain games. Most people think this stuff is just fun but there are those that get caught up in it and do believe it.

*Please play this clip – Let's watch this is from The Andy Griffith Show STOP

Barney receives a chain letter and he is going to answer it but Andy is giving him a hard time about it. If Barney doesn't respond something awful is supposed to happen. Andy tells Barney he is too superstitious and Barney insists that he is just cautious and that's all. Barney starts to respond to the chain letter but stops after getting mad at Andy about it. The scene ends with the letter being thrown into the trash. *(about 2.5 min's)

As the show goes on Barney keeps struggling with wanting to answer that chain letter. Hollywood knows how to show the truth, Andy was the one playing the truther role here, he said it right, Barney was being superstitious and that is being reverent to demons. When you believe in these type of things you honor demons and give them power over your life.

FULL MOON

This one has been around a while that chaos and crazy things happen on a full moon.

The full moon has been associated with many superstitions, including: 

Odd behavior

People believe that the full moon can cause erratic behavior, such as sleepwalking, violence, and suicide. 

Werewolves

The belief that people turn into werewolves during a full moon comes from the myth that real wolves howl at the full moon. 

Hospital chaos

Some doctors and nurses report that there are more emergency room calls and incoming patients during a full moon. 

Increased crime

Police departments in the U.K. have added officers on full-moon nights to deal with the presumed increase in crime. 

Unexpected windfall

Some believe that emptying your purse under a full moon and holding it up to the moon while saying "Fill it up!" seven times will result in an unexpected windfall. 

The superstition that the full moon affects human behavior has been around for centuries. Aristotle and Pliny the Elder believed that the moon's influence on water could affect the human brain, which is about 80% water. However, scientific studies have debunked the connection between the moon's phases and human behavior. The moon's gravity is too weak to have a significant effect on humans, even though it's strong enough to cause tides in the ocean.

I think some people use this kind of stuff to act crazy and do what they want to and blame it on a full moon. The hospital chaos and increased crime seem true enough, the luciferians are more active around full moons with their rituals and sacrifices. The thing with the purse is witchcraft pure and simple. You would hold the purse up to the moon in a ritual hoping for it to be filled with lots of money. Who are you seeking to for that miracle? A moon deity and behind that is a fallen angel, not God.

THE LOTTERY

How about all the luck involved in playing the lottery. Your chances of winning are always slim to none. This too is rigged and planned by the illuminati. They aren't seriously going to give millions of dollars to some Christian who would really use it for God's glory. I don't know anyone personally who has ever won the lottery. And for the people who are addicted to playing scratch offs, if you were to keep a running total, I bet they are in the hole and not ahead on what they spend on tickets even if they do win here or there.

When you go around hoping to get rich quick or that this thing, such as winning the lottery, will solve all your problems, you are not trusting in God as your provider. You are not being a good steward with what God has given you when you squander it on the lottery.

Proverbs 13:11 – Wealth *gotten* by vanity shall be diminished: but he that gathereth by labour shall increase.

New Living Translation

Wealth from get-rich-quick schemes quickly disappears; wealth from hard work grows over time.

NLT – Wealth from get-rich-quick schemes quickly disappears; wealth from hard work grows over time. The lottery is a get rich quick scheme.

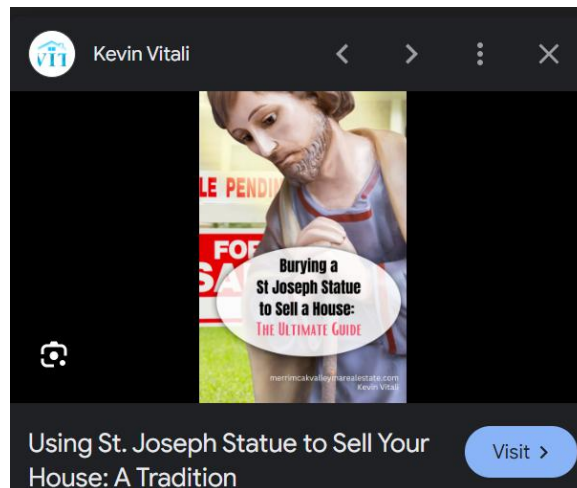

Hebrews 13:5 – *Let your conversation be without covetousness; and be content with such things as ye have: for He hath said, I will never leave thee, nor forsake thee.*

We are not to love money, we need to learn how to be content. God is saying here that He is with us and He will not fail us if we will just look to Him for our needs and let Him be our supply.

Luke 16:10 - He that is faithful in that which is least is faithful also in much: and he that is unjust in the least is unjust also in much.

If you think you don't have enough money, are you being faithful with what God has blessed you with? Can He trust you with more? If you are not a good steward, then He isn't going to release more of anything, money, responsibility – nothing.

HOUSE and FOUNDATION LUCK

Burying a St. Joseph statue to sell a house: The ultimate guide.

What should I bury under the foundation of our home during construction for good luck?

I just saw this randomly out on line. Notice the profile is r/witchcraft. They asked, what should I bury under the foundation of our home during construction for good luck?

Ooh what a fun idea...

Maybe a small spell jar with ingredients like honey, sugar, rose petals, cinnamon etc (to sweeten the homes energy and attract loving energy to the house), maybe another spell jar with ingredients to attract prosperity like rice, coins etc ... Also crystals, rose quartz for love and warmth, selenite for cleansing and protection (I would place a piece of selenite in each corner of the foundation), some tigers eye to attract luck and prosperity and whatever stone you like to use for protection.

Witches worship elemental demons, earth, wind, fire, water etc. They do spell work to draw demons in and use them for their purposes. Doing all that this witch suggested will draw more demons into this person's life and home.

Pastor Erustus Museve – he is the Pastor of our outreach ministry in Kenya. There are many muslims and witches in Kenya. And let's not forget how big the the illuminati network of witches is here in the United States. In the 1970's John Todd shared that there are so many witches in California alone that it has two druid priests over it. Most states only have 1 druid priest presiding over them or they have several states under their satanic authority.

Let's hear a testimony about a man that turned to witchcraft for good fortune: My current assistant Pastor is a businessman but he was just religious and depended upon a witch for protection and success in business. The witch came to the shop and buried some objects at the door entrance, placed some charms in the room and in his home in the village. Asked him to place some money in a basin under his bed which contained some funny looking stones and some black stuff. And he (the witch) was paid some good money. After this was done, I tell you this brother, plus his family started really being afflicted by demons. Sickness was the order of the day, especially their second last born girl. The wife developed sudden blood pressure, no peace in their marriage, the man even failed to perform sexually and the business was not growing. The wife got saved and joined my church but the husband hated me, plus our church and even could not greet me. He stopped the wife from coming to our church but allowed his children to continue attending our church. After some time the worse happened, this brother disagreed with this witch who then vowed to prove to him that he was powerful. This brother's mother was hit by lightening during a rain storm and she died. God spoke to me to attend his mother's funeral. The brother was shocked to see me in the funeral. He said when he greeted me in the funeral God

spoke to him to ask me to pray for him. I visited his shop and we shared at length and he accepted Christ in his life. Together with my wife Sarah we removed and destroyed all the demonic objects placed and buried at the shop by the witch. Then we anointed him, his wife, children & shop plus his home. Praise Jesus, they were completely healed and delivered. He is now my associate Pastor on fire for God. **He is now pasturing the first church that Pastor Erustus ever planted, in Mumias Kenya.**

As Christians, you would have your land, foundation and homes anointed and prayed over by a true minister of God if that is possible. I'm not able to come to your houses and anoint and pray over them. You can pray over your homes and land and lift all you have up to God by serving Him obediently and bringing your tithes and offerings into God's house. These things bring God's protection and blessing over your home and on your life. Plead the blood of Jesus over your land and home and all that you have.

Acts 17:22-23 – Then Paul stood in the midst of Mars' hill, and said, Ye men of Athens, I perceive that in all things ye are too superstitious. For as I passed by, and beheld your devotions, I found an altar with this inscription, TO THE UNKNOWN GOD. Whom therefore ye ignorantly worship, him declare I unto you.

Mars' hill is also call the Aeropagus which is a hill in Greece. You can more easily see when it is called Mars' hill that we are dealing with pagans who believe in the false god Mars who would be a fallen angel. Mars was a god of the Romans.

Theologians are split as to whether Apostle Paul said they were more religious or were more superstitious. When I looked up superstitious in my Strong's concordance it referenced this passage of Scripture. The Geneva Bible plainly uses the word superstitious there. The men of Athena which he called men of Athens, were so superstitious that they did not want to leave any god out so they even worshipped a god they were not even familiar with in case some of their benefits were coming from that one whom Paul says is The God of the Bible.

CLOSING

If you are a Christian then you know God is in control of your life. These things mean nothing to God. These are things that the kingdom of darkness have put in motion in this world causing those in ignorance to believe in these things. If that has been you, ask forgiveness and repent of this type of idolatry against God. Get rid of things that you believe bring you luck or protection. Stop believing in bad luck. These things are an open door in your life. Stop being superstitious, ask yourself what is behind what you believe, get to the root of it and at the root of superstition and luck you will not find God.
