

FREEMASONRY Pt. 14: FERTILITY WORSHIP, ISIS, ASHERAH GROVES, ASHERAH POLES, ASHERAH TREES, CHRISTMAS TREES

MATURE CONTENT - NOT FOR KIDS

We've been focusing on the fertility worship part of freemasonry for the past few weeks. I focused on the obelisks first which are the male anatomy of the god of freemasonry: osiris / baal / lucifer / satan. Now let's look at his counterpart and see how she was worshipped. I'm speaking of Isis from the ancient Egyptian religion of freemasonry. She has many names and titles and some of the ones in our Bibles are: queen of heaven, mother of harlots, ashtaroth, asherah etc. Many times the KJV does not mention her name but just says groves instead of saying asherah groves.

Someone else put this together and it is very small, you may not be able to see it very well. They reference Jeremiah 10:2-4, Isaiah 57:5 and 2 Kings 17:9-11. They show offerings at the base of an obelisk and they show a Christmas tree which is also a symbol of baal's phallus with presents under it. The trees are part of fertility worship too they are called asherah trees because she, asherah – who is the same one as isis – commanded her worshippers to bring them inside during the winter solstice to worship the sun god and decorate them with balls etc. On the bottom row they have pictures of obelisks and then they show the churches with bell towers or bell frys which are just a more modern obelisk. This is for those who have eyes to see... The Christ-mass tree existed in pagan worship

before Christ ever walked this earth in the flesh. The Asherah trees are a symbol of osiris' phallus or baal's shaft.

You don't worship osiris without also worshipping isis. They go together. They were both worshiped as fertility deities.

This is l-r: horus, osiris and isis. Osiris seems to be the one highly revered in Freemasonry and Isis worship goes along with him because she was his wife, mother and sister – just depends on which version of the story you believe. She went in search of his body parts when he was murdered and then cut in pieces. She is known for her dark arts, black magic – witchcraft. She is said to have raised him but he was not considered alive nor dead and that is why he is wrapped like a mummy. Horus is supposed to be his child, the new sun god who is known as tammuz in our Bibles. All 3 of these are an abomination to the true God of the Bible.

Osiris with Isis and Nephthys. Book of the Dead of the scribe Hunefer This artifact is hanging in the British Museum. It's interesting they call the stories of osiris and isis legends or myths but yet they are in museums, carved on obelisks and pyramids, they are in books and encyclopedias and on artifacts all over this world.

They are in freemason lodges. I believe on the left behind the flag is osiris and on the right is isis. The altar up front shows isis kneeling with her wings outstretched. The big faces on these pillars look like hathor because of the weird little ears which are supposed to be cow ears and up top in the center looks like that might be isis too.

Pagans have always had greenery in their feast days and that is what all the greenery is about in Christmas celebrations. It traces back to pagan worship. This went on before Christ was ever a baby in a manger. The wreath represents isis' womb as the mother goddess and the tree is osiris' phallus or baal's phallus. The wreath also doubles as a sun wreath and the tree is the image of jealousy. Pagans and those in satan's system of worship understand what this is, it is another way they demonstrate male and female fertility worship, with the wreaths and trees. The trees are for the sun god baal / satan / osiris – just another form of obelisk and the wreath represents the womb of the mother goddess or mother nature, asherah / isis and all the other mother goddesses of which she is the main one.

The cross penetrating through the crown is another symbol of fertility worship on this 32nd degree pendant of the Scottish rite. The cross represents the phallus and

the crown, the womb. The swords in the background are making an X, a prominent symbol of Osiris. Topped by the triangle, all of this takes us back to ancient Egypt and to sun worship.

This monument with its sidewalks is another pairing of the womb of the goddess Isis with the shaft of Osiris. This is satan's system of worship and they have this stuff all over this world.

Order of the Eagle ritual banner, freehand drawn from implicit memory, ruled lines added afterwards.

From Fiona Barnett's book, *Eyes Wide Open*: This is the ritual banner they used to honor baal, lucifer and satan and all the other gods and goddesses. We know the seal of Solomon is sodomy. I want to share what she believes the circle being penetrated by a line in the bottom corner of the banner represents:

Cleopatra's Needle – a circle dissected by a vertical line that began in its middle and exited its base. It is the 2D representation of a hypodermic needle penetrating a cell. The 3D equivalent is the obelisk which is meant to be a giant hypodermic needle and not a phallic symbol. Hence the name 'Cleopatra's needle.' It represents genetic engineering, cloning, transhumanism – true alchemy.

I don't doubt that this plays into all of this because they have been experimenting on mankind and animals in this way for a long time. Before they rolled out test tube babies to the world, they experimented in their labs with all sorts of things. Their experimentation goes back to ancient times and is tied to witchcraft – idolatry against God, like when the goddess isis tried to raise osiris from the dead. Most of the time they show us the truth through sci-fi and we just think it's entertainment. They are way ahead of us with the technology they have and we can't imagine what they have created behind closed doors that they will unleash on the world one day. Donald Marshall is one of the main ones that has spoken out about some of the things they have created.

Let's read another passage of Scripture to hear what God thinks about these sacred pillars, sacred stones, obelisks, asherah pillars, asherah trees and asherah poles.

Ezekiel 8:1-6 - And it came to pass in the sixth year, in the sixth *month*, in the fifth *day* of the month, *as* I sat in mine house, and the elders of Judah sat before me, that the hand of the Lord GOD fell there upon me. Then I beheld, and lo a likeness as the appearance of fire: from the appearance of His loins even downward, fire; and from His loins even upward, as the appearance of brightness, as the colour of amber. And He put forth the form of an hand, and took me by a lock of mine head; and the Spirit lifted me up between the earth and the heaven, and brought me in the visions of God to Jerusalem, to the door of the inner gate that looketh toward the north; where *was* the seat of the image of jealousy, which provoketh to jealousy. And, behold, the glory of the God of Israel *was* there, according to the vision that I saw in the plain. Then said He unto

me, Son of man, lift up thine eyes now the way toward the north. So I lifted up mine eyes the way toward the north, and behold northward at the gate of the altar this image of jealousy in the entry. He said furthermore unto me, son of man, seest thou what they do? *even* the great abominations that the house of Israel committeth here, that I should go far off from My sanctuary? but turn thee yet again, *and* thou shalt see greater abominations.

There was a huge idol set up right by God's altar. This was making God angry and jealous, jealous for His children to come back to Him and serve only Him instead of being deceived to their own hurt. God's jealousy is always righteous jealousy, He loves us and wants what is best for us and He doesn't want us serving the fallen angels. He longs to be close with us and when the Israelites were in idolatry serving the fallen angels, it hurt Him very much.

God was showing Ezekiel all the abominations that were taking place right in His very own holy city and holy temple. They were worshipping the fallen angels. If you read on in that chapter you will see that they had images of all kinds of animals on the walls within God's temple and they were worshipping them. They were worshipping the sun god. The main sun god is satan. Their idolatry caused God to leave His own Temple. **(Ezekiel chapter 10)**

There is debate as to what the image of jealousy was, some think it was an asherah tree and some think it was an altar to baal which could be an obelisk which is called a sacred pillar or sacred stone.

One of the main false gods in Scripture was baal and the main false goddess was asherah. We would be naïve to believe the worship of this false god and goddess just stopped. It seems like there's no trace of what happened to their worship but that's not true, they are still worshipped today. Fiona gave us a witness of that very thing. Baal of the Canaanites is osiris of the freemasons from ancient Egypt, the same one as lucifer and satan. And asherah of the Caanites is isis of the freemasons and of ancient Egypt, also called the queen of heaven. She has many titles and names.

Let's read something about asherah / isis in Scripture:

2 Kings 23:6 – And he brought out the grove from the house of the LORD, without Jerusalem, unto the brook Kidron, and burned it at the brook Kidron, and

stamped *it* small to powder, and cast the powder thereof upon the graves of the children of the people.

The king removed the asherah pole from the LORD's Temple. He showed Gods displeasure about it by spreading the ashes of it on the people's graves. Showing that those who participated in this idolatry were defiled before God. We read that a grove was removed from the Temple of God and we just think it was trees or something. You can get a sense that it was an abominable thing but I believe there have been poorly translated things in the KJV on purpose in order to hide things from us.

Deut.16:21-22 – Thou shalt not plant thee a grove of any trees near unto the altar of the LORD thy God, which thou shalt make thee. Neither shalt thou set thee up any image; which the LORD thy God hateth.

The images God said not to set up are sacred pillars, standing stones, obelisks, sacred statues used in pagan worship of the fallen angels. I've been showing you many of the sacred pillars and standing stone idols or sacred stones which are obelisks. Where it says not to plant a grove of trees near God's altar, most translations say not to set up an asherah pole near God's altar.

We are going to take a look at what an asherah grove, an asherah tree and an asherah pole or asherah pillar are. When I'm talking about asherah or ashtaroth who was the mother goddess of the Canaanites, I believe that is the same mother goddess of ancient Egypt called isis.

Asherah invocation and altar guide. Here she is with her sacred pillars – asherah pillars or sacred stones. These are altars to her.

This is an asherah pole excavated at Hazor. Notice it is the male anatomy and that is because she is the one that made it sacred and brought it into the worship of herself and osiris. It is supposed to be the one part she could not find after he was murdered so she then incorporated it into their worship as sacred.

Asherah pole = lingam in India. Creative energy, sky god, shrine prostitution for agriculture is considered a cosmic sexual act of creation, mother goddess in canaan. This is what this sacred pillar stands for. We saw the lingam in Hinduism last week. This is the same thing but here called an asherah pole which stands for baal's shaft or osiris's shaft in freemasonry and yet somehow represents isis as well.

These are another type of asherah pole or tree.

Column type Asherah figurines

These are column type asherah figurines. I thought these maybe weren't too graphic.

Asherah figurine. Hebrew fertility goddess, Israel, Iron Age II: 1000–586 BC. She's usually depicted holding her breasts as a symbol of her promise of fertility and nurturing as a mother fertility goddess.

"Lady of Heaven" would equate to queen of heaven from our Bibles. **(Jeremiah 7:18, 44:17-19, 25)** The god min was excited to see her and I'm sure you know what I mean about that, he merged with the god amen so they are the same one which is satan. So once again satan on the left and his goddess asherah or isis in the middle.

2 Kings 21:7 - And he set a graven image of the grove that he had made in the house, of which the LORD said to David, and to Solomon his son, In this house, and in Jerusalem, which I have chosen out of all tribes of Israel, will I put my name for ever:

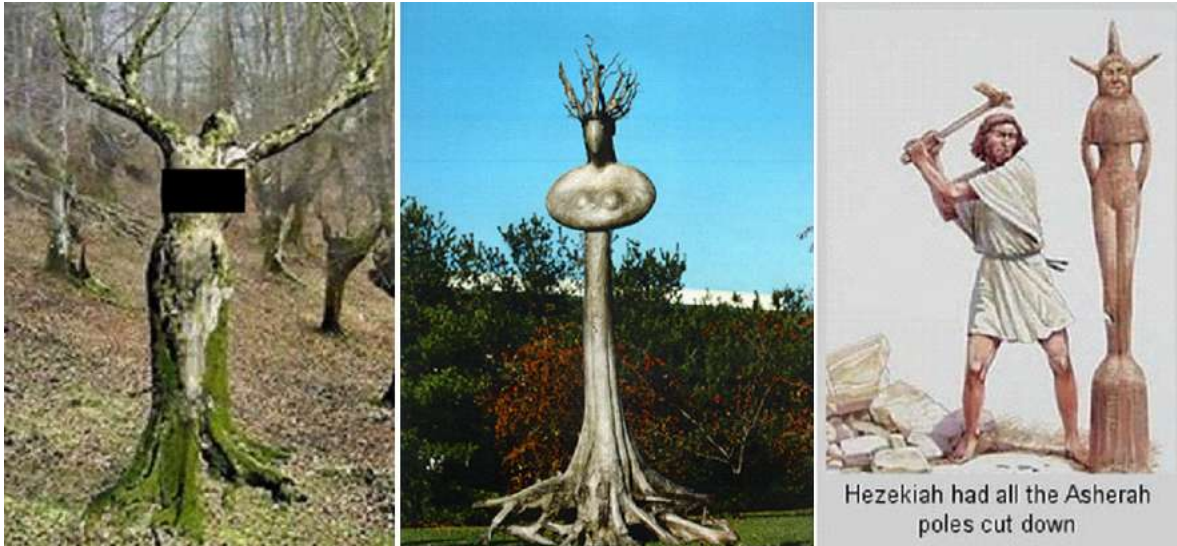

New Living Translation

Manasseh even made a carved image of Asherah and set it up in the Temple, the very place where the LORD had told David and his son Solomon: "My name will be honored forever in this Temple and in Jerusalem—the city I have chosen from among all the tribes of Israel.

NLT

Manasseh even made a carved image of asherah and set it up in the Temple, the very place where the LORD had told David and his son Solomon: “My name will be honored forever in this Temple and in Jerusalem – the city I have chosen from among all the tribes of Israel.

Manasseh went deep in his idolatry against God and the image was a carved asherah pole or tree.

It could have looked like one of these. These are types of asherah poles and trees. Hezekiah had all the asherah poles cut down. **(2 Kings 18:3-27)** It mentions Hezekiah cutting down all the asherah poles and then just a few chapters later we see that the wicked king Manasseh set one up right in God’s Temple.

Let’s read about when King Josiah was cleaning idolatry out of the land.

2 Kings 23:7 – And he brake down the houses of the sodomites, that *were* by the house of the LORD, where the women wove hangings for the grove.

New Living Translation

He also tore down the living quarters of the male and female shrine prostitutes that were inside the Temple of the LORD, where the women wove coverings for the Asherah pole.

New Living Translation

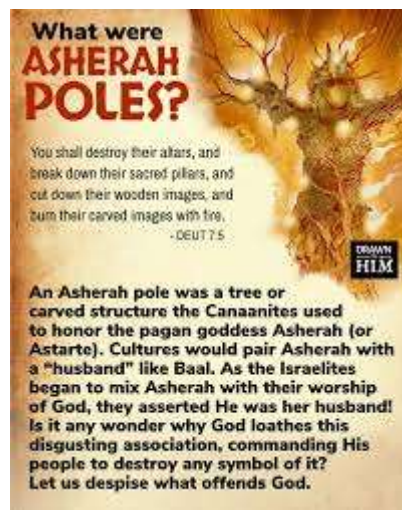

He also tore down the living quarters of the male and female shrine prostitutes that were inside the Temple of the LORD, where the women wove coverings for the asherah pole. So here is pagan ritual sex or sacred sex happening right in God's Temple. And this passage says that there were women at God's temple weaving special coverings for the asherah pole. What an abomination against God. Idolatry practiced right in His own Temple.

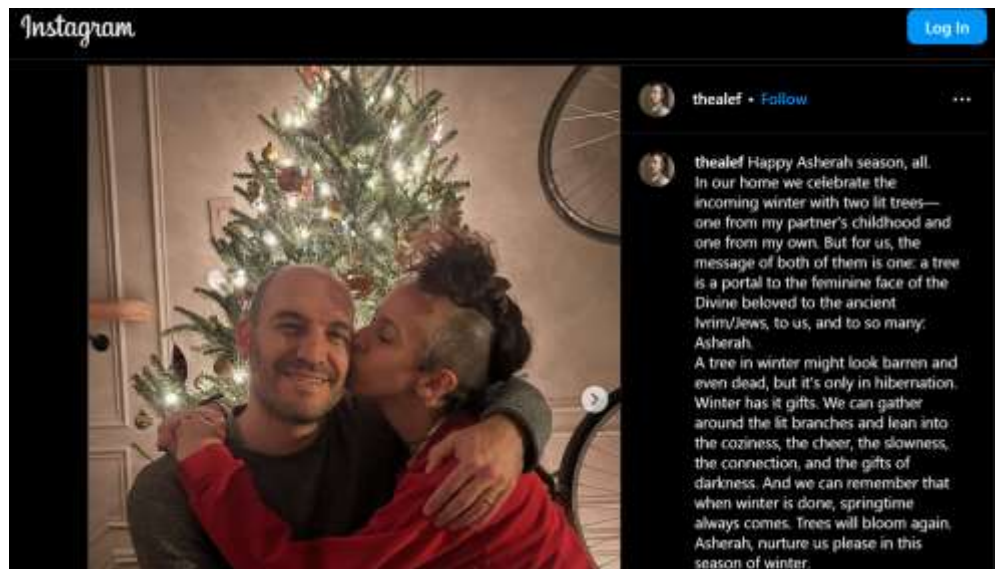

This picture is a different type of asherah pole or isis pole and they associate it with the tree of life. In my research I found connections where pagan religions referred to the asherah pole as the tree of life. Another gave sin against God.

These priests are attending to this asherah tree. You can see the ancient pagan practices that involved what we call today a Christ-mass tree.

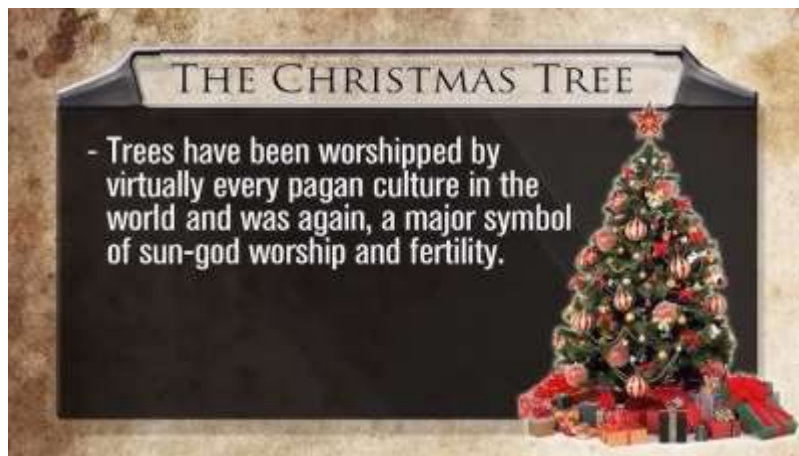

An asherah pole was a tree or carved structure the Canaanites used to honor the pagan goddess asherah (or Astarte). Cultures would pair asherah with a “husband” like baal. As the Israelites began to mix asherah with their worship of God, they asserted He was her husband! Is it any wonder why God loathes this disgusting association, commanding His people to destroy any symbol of it? Let us despise what offends God.

I happened to run across this on Instagram as I was gathering information to show you these images of baal and asherah. I believe this is a gay couple. They said: Happy asherah season, all. In our home we celebrate the incoming winter with

two lit trees – one from my partner’s childhood and one from my own. But for us, the message of both of them is one: a tree is a portal to the feminine face of the divine beloved to the ancient Ivrim/Jews, to us, and to so many: asherah. A tree in winter might look barren and even dead, but it’s only in hibernation. Winter has its gifts. We can gather around the lit branches and lean into the coziness, the cheer, the slowness, the connection, and the gifts of darkness. And we can remember that when winter is done, springtime always comes. Trees will bloom again. asherah, nurture us please in this season of winter.

Now here’s a pagan – new age couple that understands the real meaning of “Christ-mass” trees. They never were Christ mass trees – they were asherah trees and baal trees all along and that is isis and osiris.

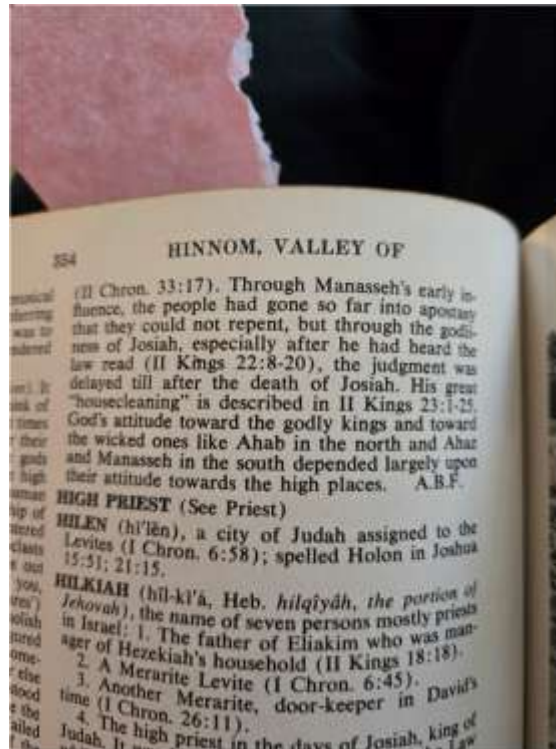

The Christmas Tree – Trees have been worshipped by virtually every pagan culture in the world and was again, a major symbol of sun-god worship and fertility.

Both of these are the same, symbols of osiris' phallus, symbols and objects used in fertility worship.

This also is a type of asherah pole or image – a fertility image with all the breasts or testicles, whichever they are.

This is from one of my Bible study aids on the Valley of Hinnom where the Israelites were sacrificing their children to baal, molech, moloch – satan. The last part reads: God's attitude toward the godly kings and toward the wicked ones like Ahab in the north and Ahaz and Manasseh in the south depended largely upon their attitude towards the high places. He always honored the ones who cleansed the land by destroyed the high places which were pagan shrines and idols of all kinds including standing pillars and sacred stones, asherah trees and poles and obelisks. He gave them victory over their enemies and the land had peace when there were righteous kings because God Himself fought for them. When there was a righteous king who followed God's Word, the people followed too and they enjoyed God's blessing on their lives and land.

CLOSING

Listen to what God told the Israelites as they were about to go into the promised land of Canaan.

Deut.7:3-5 - Neither shalt thou make marriages with them; thy daughter thou shalt not give unto his son, nor his daughter shalt thou take unto thy son. For they will turn away thy son from following Me, that they may serve other gods: so will the anger of the LORD be kindled against you, and destroy thee suddenly. But

thus shall ye deal with them; ye shall destroy their altars, and break down their images, and cut down their groves, and burn their graven images with fire.

Their images are sacred pillars and the groves mentioned here are asherah poles and trees that were sacred in paganism - poles and trees dedicated to her.

God said destroy it and tear it all down. If we truly were a Christian nation we would tear down the following images of her today in our country:

Lady Freedom stands atop the capitol building. She is not just a made up statue that stands for something – this statue hearkens back to ancient times and stands for a false goddess.

Lady freedom on the U.S. capitol has an eagle on her head which was a symbol of zeus and she is holding a laurel wreath which is always associated with apollo – these are sun gods and they all go back to satan the head of all the false gods. The base she stands on says “out of many one” and I believe this is about New World Order. The base has x’s and the wreath’s make o’s which again are fertility symbols in freemasonry and luciferianism.

L: Greek god attis R: Greek goddess hecate

The Greek god Helios and his 4 horse chariot. He was known as sol to the Romans and is also identified with apollo – a sun god and the main sun god is lucifer. All of them have the sun rays or moon rays for sun and moon gods and goddesses.

This is a modern day asherah pole which we call a statue. She stands at a spiritual gateway or point of entry into this country. Spiritually showing who this country really serves with the sun rays on her crown and torch of illumination in honor of the sun god – lucifer.

She is standing over this nation spiritually. Instead of breaking down the asherah poles and trees we have come up with new ways to honor her and osiris. Everyone is bringing baal's shaft and asherah's womb into their homes saying it honors Jesus at Christ-mass time. We have modern day monuments which are obelisks of osiris and we have statues which honor them and many more things too numerous to cover here. What a shame so many are blinded to it all. I praise God for everyone He awakens to these things.
