

## SHOCKING TRUTH ABOUT CHRISTMAS Pt.4: SEMIRAMIS, ISIS, ASHERAH, ASTARTE, NIMROD, TAMMUZ, BAAL

Last week we went all the way back to the time of Nimrod to learn that today's Christmas festival came out of ancient Babylon and ancient Egypt. Christmas originated with ancient pagan worship of sun gods a few thousand years before Jesus ever came to this earth as the baby in a manger. The Roman Catholic Church could not convert the pagans so they let them bring their sun worship into that church without changing a thing except giving it a new name and saying it was now "Christianized." You cannot take something unholy and say it is acceptable worship to Jesus. We've already seen the most powerful example of God's judgement against pagan worship offered up to Him already. (**Exodus Ch.32**)

We talked about Nimrod being murdered and how his wife and mother found a way to hang on to the empire by saying he was reborn as the sun god through his death. In deifying Nimrod and saying she was impregnated by the sun she became deified too and so did the baby she had. Tammuz is in our Bibles and he is a sun god forever linked to Nimrod.

Research continued:

Semiramis and Tammuz were worshipped as "Madonna and child."

Are also  
Known as

Isis with Horus are also known as Semiramis and Tammuz. Some stories say that Semiramis claimed a virgin birth for Tammuz in order to consolidate her power and deify her and her son after Nimrod's death. The song "Silent Night" is about her and the reincarnated sun god – Tammuz. Yes, Christmas Carols also came from the pagans. Remember Pat Robertson said they went naked singing through the streets.

Here are many ancient mother goddess and child figures all the way to our time.

This is supposed to be the virgin Mary and baby Jesus. Remember the Catholic Church incorporated all things pagan and just gave them new labels or new names. You will find the mystery religions of Babylon and Egypt in The Roman

Catholic Church. So the truth is, this is Semiramis holding a scepter to rule and the baby sun god holding a globe to symbolize ruling over the world. They are both crowned to signify their ruling power.

As the generations passed, they were worshipped under other names in different countries and languages. Many of these are recognizable: Fortuna and Jupiter in Rome; Aphrodite and Adonis in Greece; and Ashtoreth/Astarte and Molech/Baal in Canaan. Now we see them in our Bibles better. Ashtoreth is Asherah and Molech or Moloch and baal are mentioned all through our Bibles.

**Judges 2:12-15** – And they forsook the LORD God of their fathers, which brought them out of the land of Egypt, and followed other gods, of the gods of the people that were round about them, and bowed themselves unto them, and provoked the LORD to anger. And they forsook the LORD, and served baal and ashtaroth. And the anger of the LORD was hot against Israel, and he delivered them into the hands of spoilers that spoiled them, and he sold them into the hands of their enemies round about, so that they could not any longer stand before their enemies. Whithersoever they went out, the hand of the LORD was against them for evil, as the LORD had said, and as the LORD had sworn unto them: and they were greatly distressed.

NLV v. 13: - They abandoned the LORD to serve Baal and the images of Ashtoreth.

**New Living Translation**

This made the LORD burn with anger against Israel, so he handed them over to raiders who stole their possessions. He turned them over to their enemies all around, and they were no longer able to resist them.

**New Living Translation**

Every time Israel went out to battle, the LORD fought against them, causing them to be defeated, just as he had warned. And the people were in great distress.

Baal -1168 the chief Canaanite god. Bel – 1078 (sounds like ball) – of the Babylonians, a Phoenician deity. A master, a husband. Baal can be any deity other than the God of Israel. Baal is the common name given to the Canaanite god of fertility. \*\*The Israelites stopped calling God baal because it was tainted and had become an abomination to Him.\*\*

Tammuz – 8542 – a Syrian god, a Phoenician deity. That's not much info. on him and he isn't even in some of my Biblical reference books.

Dumuzid (Tammuz) was a Sumerian/Babylonian fertility god of shepherds and vegetation, famously the husband of the goddess Ishtar (Inanna), whose cyclical death and rebirth myth explained the seasons (summer death/winter dormancy, spring rebirth). While associated with Sumerian cities like Uruk and Bad-tibira, his cult, adopted by Babylonians as Tammuz, spread, linking him to the celestial shepherd constellation and representing life's cycles, with his story evolving into figures like the Greek Adonis.

He is an ancient Mesopotamian and Levantine fertility god. His death was said to be caused by a wild boar and after that he descended into the underworld, symbolizing the dry season, with his return signifying spring rebirth, a cycle mourned by women in rituals, notably mentioned in the Bible as an idolatrous practice in Ezekiel.

Asherah – (Vine's definition) – Asherah refers to a cultic object representing the presence of the Canaanite goddess Asherah. When the people of Israel entered Canaan, they were to have nothing to do with the idolatrous religions of its inhabitants. Rather, God said, “But ye shall destroy their altars, break their images, and cut down their groves (asherim)...(Exodus 34:13). This cult object was manufactured from wood (Judg.6:26, I Kings 14:15) and it could be burned (Deut.

12:3). Some scholars conclude that it was a sacred pole set up near an altar to baal. Since there was only one goddess with this name, the plural (asherim) probably represents her several “poles.”

Asherah signifies the name of the goddess herself: “Now therefore send, and gather to me all Israel unto mount Carmel, and the prophets of Baal four hundred and fifty, and the prophets of the groves (asherah) four hundred, which eat at Jezebel’s table” (1 Kings 18:19). The Canaanites believed that Asherah ruled the sea, was the mother of all the gods including baal, and sometimes was his deadly enemy. Apparently the mythology of Canaan maintained that asherah was the consort of baal, who had displaced el as their highest god. Thus her sacred objects (poles) were immediately beside altars to baal, and she was worshiped along with him.

Online info: Asherah was a prominent ancient Near Eastern mother goddess of fertility, motherhood, and the sea, consort to the chief god El in Canaan, and widely worshipped in ancient Israel. Appearing in the Hebrew Bible as both the goddess and her cult symbols (the asherah pole and asherah trees). She was known by other names in different cultures and was associated with sacred trees and divine nurturing, often depicted as a stylized tree or a wooden pole.

**Fig. 3.—Asherah.**

This is one type of a stylized Asherah tree.

## ASHERAH TREES & POLES

2 Kings 21:7 for example of Asherah

She has many names.

These are all variations of Asherah trees, poles, and sacred pillars and images.

Top L: an asherah tree, M: a wooden carved image of asherah, R: An ancient asherah tree, Middle L: Asherah pole = lingam in India – which stands for creative energy, sky god, shrine, prostitution for agriculture is considered a cosmic sexual act of creation, mother goddess in canaan R: twisted carved asherah poles Bottom: Asherah pole excavated at Hazor. This type of asherah pole and the ones in the middle row are of the male anatomy. I think they are called asherah poles

because when Nimrod was murdered and cut in pieces she could not find his genitals and so from that time forth she commanded their worshipers to worship the phallus as a symbol of Nimrod – the sun god. That's why we have monuments which are obelisks all over this world. Our world leaders and governments ascribe to this system of worship. I covered this thoroughly in the teaching series entitled "Freemasonry pt. 12".

The obelisk at Heliopolis (On), marking the site of the temple of the sun-god at On. The city of On was the city of the sun god and of course osiris' temple was there.

Modern obelisks

The Brothers Broglie Obelisk at the Monrepos

The Stone of the Empress by Carl Ludvig

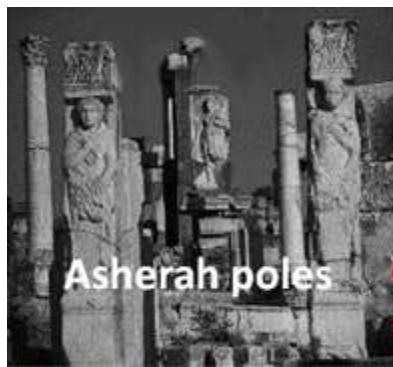

The Washington Monument in Washington,

The High Point Monument in New Jersey, U.S., built

The Obelisk of Buenos Aires, Argentina, erected

Here are examples of modern obelisks or male genitalia because that is what it represents. It represents osiris, amen – lucifer and it represents fertility worship. L-R: Obelisk In Stockholm, The Wellington Monument, The Brothers Broglie Obelisk is in Russia, The Stone of the Empress in Finland, The Washington Monument, The High Point Monument in New Jersey and last is The Obelisk of Buenos Aires.

There is a powerful freemasonic / luciferic network ruling this world. It consists of our world leaders and the hidden hand behind them that we mostly never see. They decide where these monuments are placed to be used as portals, gateways to draw satanic power into this realm. These things represent ruling spirits over an area – it speaks spiritually as to what god is being served. They are symbols of the god they serve and they use them in their witchcraft. These are statements in the spirit realm for the god and spirit over these nations and places. It speaks to who those in power serve. It all stands in rebellion against God.

Here are more images of Asherah, yet again another type of asherah pole.

Asherah was called the queen of heaven in Scripture:

**Jer. 44:18** – But since we left off to burn incense to the queen of heaven, and to pour out drink offerings unto her, we have wanted all things, and have been consumed by the sword and by the famine. And when we burned incense to the queen of heaven, and poured out drink offerings unto her, did we make her cakes to worship her, and pour out drink offerings unto her, without our men?

They were smarting off to God and even threw their husbands under the bus. They said we did it and they were right there with us doing it too. They told God that when they stopped worshiping her their needs were not being met so they had it better off serving her.

God continually revealed Himself to His people. His covenant showed that He was not preoccupied with cultic rites or orgiastic celebrations. He demanded obedience that would enable Abraham and his descendants to walk in His presence and live blameless moral and spiritual lives.

Let's move forward to New Testaments times and see Nimrod and Semiramis:

**Acts 19:34-35** - But when they knew that he was a Jew, all with one voice about the space of two hours cried out, Great is Diana of the Ephesians. And when the town clerk had appeased the people, he said, You men of Ephesus, what man is there that doesn't know how that the city of the Ephesians is a worshipper of the great goddess Diana, and of the image which fell down from Jupiter? This image sounds like a meteorite type of thing, and reminds me of the muslims black stone that they worship.

The great goddess Diana is a mother goddess and seems to be a more modern version of the old queen of heaven – Semiramis. The image which fell down from Jupiter, Jupiter being another name for Nimrod, the image was incorporated into their worship, an idol.

I shared some of the names of satan's first false trinity last week. Here are some more:

## (Nimrod married) Semiramis=

Ishtar, Ashtarte, Ashera, Ashtaroth, Eostre

Astarte to the Phoenicians

Venus to the Romans

Isis to the Egyptians

Aphrodite to the Greeks

She was nicknamed the Queen of Babylon and the Queen of Heaven

She is represented by the crescent moon in pagan symbology.

The fertility goddess

Nimrod married Semiramis and some of her names are Ishtar (Easter), Astarte, Ashera, Ashtaroth, Eostre. She is in our Bibles, Astarte is called Ashtoreth in our Bibles. Her name Easter is even written in the New Testament. Asherah is in the Bible and is always paired with Baal. She was Astarte to the Phoenicians, Venus to the Romans, Isis to the Egyptians, Aphrodite to the Greeks. She was nicknamed the Queen of Babylon and the Queen of Heaven. She is represented by the crescent moon in pagan symbology. She is a fertility goddess.

It's important to get a hold of this because baal and asherah are all through our Bibles and the worship system that they started against God – the mystery religions of Babylon and Egypt, which are idolatry and witchcraft, are still practiced by those in power and go all the way to the time of The Tribulation.

Here is Semiramis, Diana with the crescent moon to symbolize she is a moon goddess. The Roman Catholic Church calls Mary the “queen of heaven.” The queen of heaven is an abomination to God. (**Jeremiah 7:18, 44:17-19, 25**) They say they call her that because of how she is described in Revelation ch.12.

**Rev.12:1-2** - And there appeared a great wonder in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars: And she being with child cried, travailing in birth, and pained to be delivered.

I do believe this is talking about either Mary or Israel. Israel was referred to as God’s wife spiritually in The Old Testament. The 12 stars I believe are the 12 tribes of Israel. Exactly what the sun and moon stand for, I’m not sure.

These are supposed to be depictions of Mary with baby Jesus. This is really Semiramis and Tammuz with the sun god symbolism on the baby and on top and all around her on the left and she is standing on the moon because she is a moon goddess. On the right the baby is holding a globe supposed to represent dominion over the earth and she’s holding grapes – they have their false descriptions for this out online. Semiramis is a fertility goddess and so it makes

sense for her to be holding some type of grain or food. It makes no sense for Mary to be holding grapes.

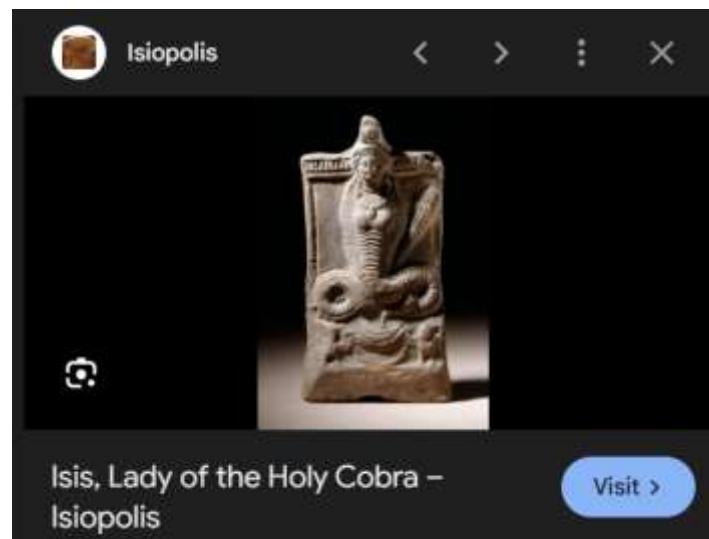

Here is the same type of depiction except there is a snake draped over the moon. The Roman Catholic Church says Mary crushed the head of the serpent, not Jesus. However, I believe this is just Semiramis who was also a snake goddess.

L: A Crete snake goddess – I believe this is a statuette of Semiramis. R: She's holding snakes in each hand, you can see the eyes on the snakes. There has been some tampering this particular piece of art because the snake bodies seem to be lopped off. There are other copies of this where the artist changed the snakes into grain, and there are goats seemingly eating grain. Here we see horses but in the other rendition it was goats. I always thought she was holding grain and feeding these animals until I ran across the research and noticed the snake eyes. She's a goddess of death, look at the skulls she's standing on.

This is Isis holding cobras, Semiramis was Isis in Egypt.

Isis, lady of the holy cobra

This is false goddess Demeter, another one of Semiramis' names. She's holding grain to symbolize she's a fertility goddess and she is pictured with serpents because she's a serpent goddess. Serpents always go back to satan. They are symbols of the true sun god who is satan. The occult says they represent wisdom. What a joke!

All the Roman Catholic Church did was put the label of Mary onto Semiramis, Astarte, Isis, Asherah etc. The statues of Mary all over their cathedrals and temples and shrines are really Semiramis. When there's a baby with her it isn't Jesus, it's Tammuz.

The nude or semi nude goddess who stands on a lion with snakes points strongly to Ishtar (Inanna) (Mesopotamia), Astarte (Canaan) or possibly Qetesh (Egyptian) Asherah (Canaan), embodying power, war, and fertility.

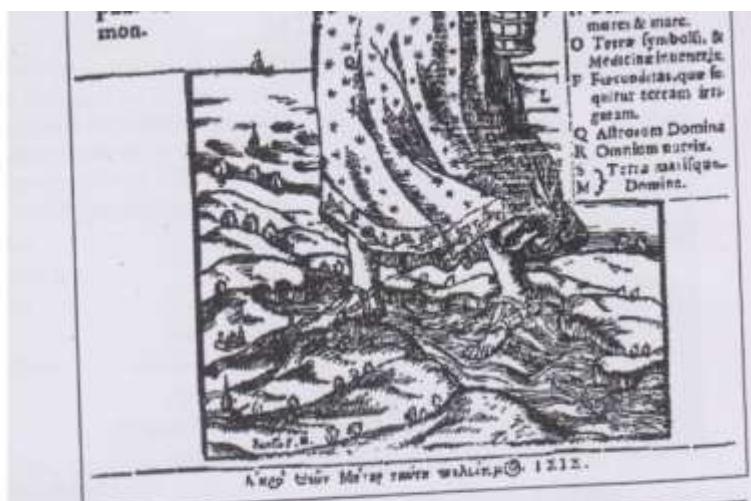

Here she is standing on a lion. The lion is a symbol of the sun god and so is the serpent.

L to R: Egyptian gods Min, Isis and horus. She's naked, the nakedness was to represent her as a goddess of love, sexuality and fertility. People sought her to help them to procreate. She's holding a serpent in her left hand.

I ran across this in research showing more of her names on the left: Isis, Minerva, Venus, Juno, Proserpina, Ceres, Diana, Rhea, Tellus, Pessinuncia, Rhamnusia, Bellona, Hecate, Luna, Polymorphus demon.

An illustration of Isis with accompanying text (note "various names of Isis" in left column) on a page from Athanasius Kircher's *Oedipus Aegyptiacus*, Rome, 1652, shows that even at this late date She was not forgotten.

An illustration of Isis accompanying text (Note “Various names of Isis” in left column) on a page from Athanasius Kircher’s *Oedipus Aegyptiacus*, Rome, 1652, shows that even at this late date she was not forgotten.

## **CLOSING**

Semiramis, the queen of heaven, is where Christmas originated from. The Bible also calls her and her false religious system MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. (**Rev.17:5**) Her false religious system is what the world leaders, illuminati, hi-level freemasons, Jesuits, Hollywood etc. adhere to, to this day. The mystery religion of Babylon and Egypt that she started has continued all the way into our time and will continue into the tribulation because that is when God will finally pass judgement and deal with it.
