

# SHOCKING TRUTH ABOUT CHRISTMAS Pt. 15: ANGEL TREE TOPPERS, NEPHILIM, SUPERNATURAL BEINGS, STAR TREE TOPPERS

## ANGEL TREE TOPPERS

Many Christmas trees are topped with a female angel. Female angels are of the occult, of new age. There is no mention of female angels in Scripture. However, there were certainly female supernatural beings.

**Genesis 6:1-4** - And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, That the sons of God saw the daughters of men that they *were* fair; and they took them wives of all which they chose. And the LORD said, My spirit shall not always strive with man, for that he also *is* flesh: yet his days shall be an hundred and twenty years. There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare *children* to them, the same *became* mighty men which *were* of old, men of renown.

### New Living Translation

In those days, and for some time after, giant Nephilites lived on the earth, for whenever the sons of God had intercourse with women, they gave birth to children who became the heroes and famous warriors of ancient times.

**NLT Gen.6:4** – In those days, and for some time after, giant Nephilites lived on the earth, for whenever the sons of God had intercourse with women, they gave birth to children who became the heroes and famous warriors of ancient times.

Something happened here which had major spiritual ramifications on the world. The giants, or nephilim, the offspring of human women and fallen angels, they are the super heroes of modern movies. They are portrayed as bigger than life and have supernatural powers.

#### the sons of God

This phrase has been interpreted in various ways, but traditionally, it is understood to refer to angelic beings or divine beings. In the context of Genesis, it suggests a group distinct from humans, possibly fallen angels. This interpretation is supported by [Job 1:6](#) and [Job 2:1](#), where "sons of God" clearly refers to angelic beings. Some conservative scholars also consider the "sons of God" to be the godly lineage of Seth, contrasting with the ungodly line of Cain.

I certainly do not agree with nor believe the last theory that is put forth here. It is clear from the passage that giants and beings that were not normal were born out of the union of the human women with fallen angels. Female supernatural beings are part of the offspring of that union. They certainly would have had male and female offspring. This is where the titans, giants and beings with supernatural power that have been worshiped on this earth came from. The wives the fallen angels took were also worshiped as goddesses.

“they took wives” - This phrase indicates a formal union, suggesting that these were not mere acts of lust but involved marriage. However, the marriages were not sanctioned by God, as they were unions between beings of different natures.

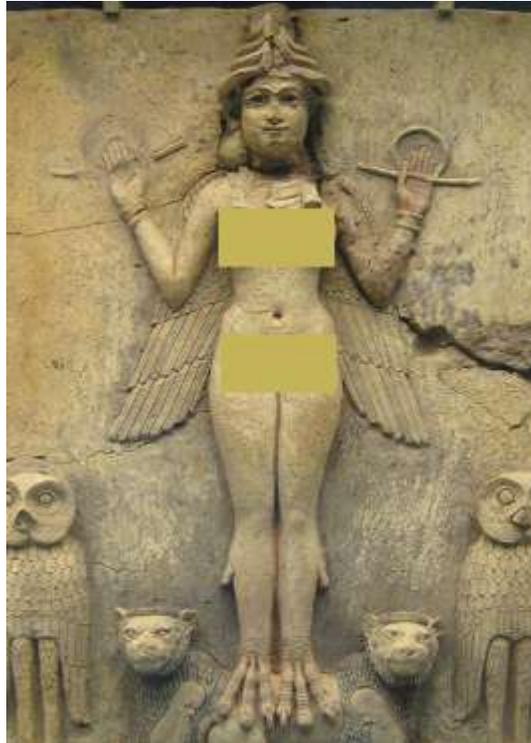

There was a time when the fallen angels and nephilim lived and walked on this earth right out in the open.

This is a statuette of Asherah, goddess of the Canaanites. Standing with the lion is supposed to symbolize her strength and power over nature and her protectiveness of it. One of her titles is mistress of animals. If you saw this with no explanation, you would think, hey, that look's like a female angel.

This is Isis of Egypt who was Semiramis of Babylon, Nimrod's mother and wife and sometimes sister. Sometimes she is depicted with wings like an angel. She is the same one as Asherah who we just saw with wings but this is how she was depicted in Egypt.

This is Inanna or Ishtar of Mesopotamia with wings and even shown with bird talons here. Mesopotamia is the region where the kingdom of Babylon was.

This is another depiction of her with horns on her head and wings on her back. Each one of these that I have shown you are all the same one, Nimrod's wife and mother. In Scripture she is called Asherah, queen of heaven, mother of harlots

and most of the time KJV has translated references to her green trees, which are called Asherah trees or Asherah groves as just groves. Satan's initial false trinity was always worshiped together. She was not left out of winter solstice. As a mother goddess, one of her symbols is the wreath which stood for the womb of the mother goddess, the trees are Asherah trees, and the trees are sometimes topped with a female angel – that image goes back to her. In the occult most of the symbols have dual meanings, the wreaths are also sun wreaths because they are round as the sun, the trees are also baal trees because when Nimrod was cut down, she said overnight a full grown evergreen tree sprang up and that it was Nimrod deified as a sun god in death being resurrected.

### **STAR TREE TOPPERS**

Christmas came from the pagans and was celebrated all the way back to the time of Babel. We have been looking at what the Norse and Germanic people did during Yule which is one of the festivals that was renamed Christmas.

These are Yule trees and Yule tree toppers. A five pointed star, pentagram, representing the five elements was placed atop the tree. That's not the star of Bethlehem but the pentagram of the witches. The five elemental spirits that witches use in their spell work and witchcraft are: spirit – not The Holy Spirit, earth, wind, fire and water and that is what the pentagram stands for. The first tree has buck horns with the pentagram in the middle, the pentagram in the middle has natural fruit and grain on it with a moon on top and the tree on the right is topped with a pentagram encircled by the sun. Each one of these speak to

the gods and goddesses being worshiped at Christmastime or yuletide which was the original name for this time of year.

These are pentagram stars that you most commonly see on Christmas trees but I have seen star tree toppers with 6, 7, 8 or even more points. I think the pentagram is the most popular star tree topper.

I'm sure most Christians think the star is all about the star of Bethlehem which the wise men followed to find Jesus. That's not the real meaning of crowning the tree with a star. That is something pulled from Scripture and used as a decoy definition to help prop up the Christmas festival and keep Christians deceived from the truth of it all. The Roman Catholic Church has gleaned what was in Scripture about Jesus' birth and used it to disguise the fact that it is all pagan winter solstice worship of sun gods, false gods and idolatry against Jesus. This has worked successfully all these years because the church as a whole wanted to participate in these idolatrous practices. The trees were being topped with stars by pagans in pagan worship long before Jesus ever came to the earth as the baby in the manger.

**Amos 5:25-26** - “Did you offer Me sacrifices and offerings In the wilderness forty years, O house of Israel? You also carried Sikkuth your king And Chiun, your idols, The star of your gods, Which you made for yourselves.

This verse is basically saying that they carried the tabernacle of ‘Sikkuth’, who was an idol. We should not be surprised to learn that Sikkuth was a deity associated with the Assyrians. So once again we see the Israelites worshiping a god associated with Nimrod, this deity was from his land. Chiun (‘Chiun’ <H3594>), is Saturn, the sun god who the Romans worshiped at the winter solstice. As we just read in this passage, worship of the god saturn was going on long before the Roman empire even existed. It all goes back to ancient Babylon, to Nimrod and Semiramis / Asherah.

Chiun or Saturn was referred to as “the star of your gods”. The pagans practiced celestial worship, worshiping heavenly bodies like the sun, star worship was a huge part of that. God forbids astrology for this very reason. **(Deut.18:10-12)** Those of the occult worship the fallen angels who came down from the stars. Think about how these supernatural beings must have appeared to humans and they came down from the planets and had supernatural powers. That’s why the planets bear their names, Jupiter...Saturn...Venus...Neptune...these are names of false gods, fallen angels and nephilim.

These passages show us the Israelites were practicing all of this idolatry after leaving Egypt while they wandered through the wilderness for 40 years – right in God’s face!

### **New Living Translation**

No, you served your pagan gods—Sakkuth your king god and Kaiwan your star god—the images you made for yourselves.

NLT: No, you served your pagan gods – sakkuth your king god and kaiwan your star god – the images you made for yourselves.

The god, sakkuth, the one from the area of Assyria which would be equated with Nimrod was their “king” god. And they had a star god, kaiwan or chiun is saturn. They had made images of them that they carried around and bowed down to.

The star god would naturally have a star that symbolized him and that was used as an idol in worship of him – that is saturn.

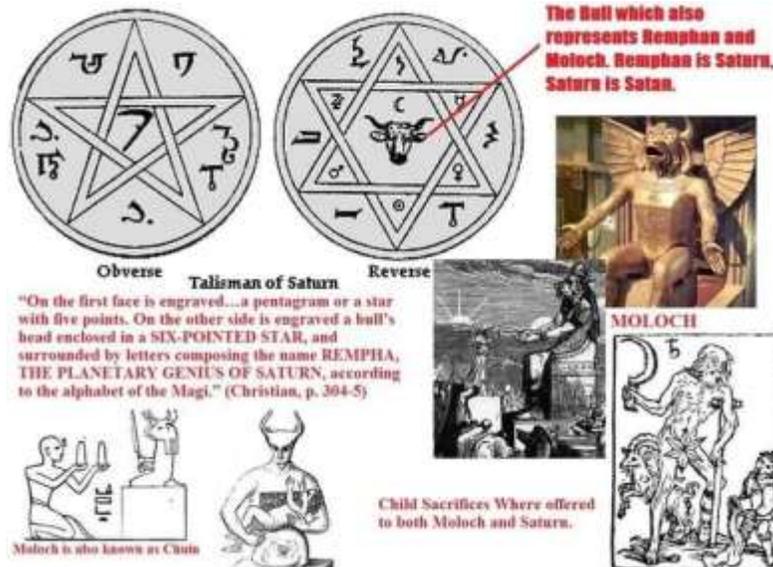

**Acts 7:43** - You also took up the tabernacle of Moloch, And the star of your god Remphan, Images which you made to worship; And I will carry you away beyond Babylon.'

Remphan" <G4481> means Saturn .. the same god as "Chiun" in Amos 5:26 above. They continued to worship these pagan deities they carried out from Egypt. Think about their star worship, the sun is a star and the main god of Egypt was Osiris, Amen, Ra, Horus – all sun gods. Moloch is another name for Osiris, and later called Baal. The planet Saturn represents Moloch. The Roman god "Saturn" is said to be representing Lucifer himself. All of these names for these false gods always seem to be lucifer to me, and they show you this plainly in freemasonry when they say Osiris is lucifer, Hiram Abiff is lucifer, and yes, the god saturn stood for lucifer as well. I think satan was fine to use Nimrod as a front man with all these different names which actually were just a cloak for himself. In all of this, satan received the worship because he possessed and empowered Nimrod to do all that he did against God. satan's motto is "by any means necessary."

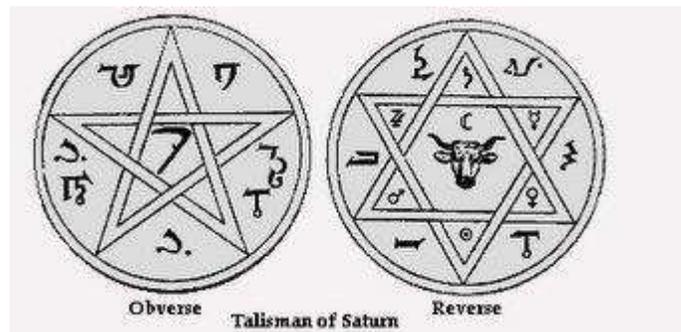

On the right is the god saturn sitting on his throne. Looks like a genie holding his star symbol from ropes over the table below. There are three stars above saturn's head. The first one I always thought was the crescent of the moon but I recently learned it can be the crescent shape of saturn's ring. The middle star matches the

one above the table and then there is the eight pointed star at the end. Each one of these can represent saturn.

Remember our 5-pointed pentagram stars that top most trees. Top L: Talisman of saturn on the obverse side you see saturn’s sickle or sythe in the middle of a pentagram. On the reverse side is a bull’s head in a six-pointed star or hexagram surrounded by letters composing the name REMPHA, the planetary genius of saturn or that is the governing spirit of saturn, according to the alphabet of the magi. (Christian, p. 304-5) The bull also represents remphan and moloch. Remphan is saturn, saturn is satan. Top Right: moloch, Bottom L: moloch is also known as chiun, Child sacrifices were offered to both moloch and saturn. They are the same one.

In the book *The History and Practice of Magic, Volume 2*, the six-pointed star is called the talisman of Saturn. The obverse side has the five pointed star, commonly called the pentagram; and the reverse side has the seal of Solomon with the hexagram at its center. The hexagram is also known as the “King’s Star”

in astrological circles, and was an important astrological symbol in Zoroastrianism. It was also used by the Druids during the highest Sabbath of occultists and witches, now called “halloween”. The hexagram is also found in Arabian magic and witchcraft through the Middle Ages.

The hexagram is a highly demonized symbol and it will draw demons to it. It is associated with king Solomon because he worshiped demons and false gods. **(1 Kings 11:4-8)** The occult attributes much witchcraft knowledge to Solomon. He went deep into the occult and certainly worshiped Asherah and Molech.

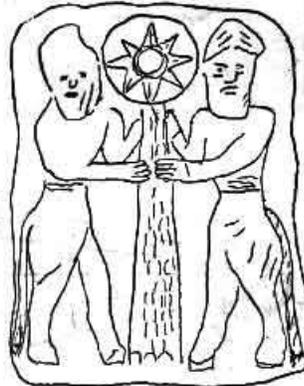

The Shield or star of David is not mentioned in rabbinic literature at all. Notably, not a single ancient archeological proof exists as yet concerning the use of this symbol in the Holy Land in ancient times, even after King David.

The name “Star of David” originated in the 13<sup>th</sup> century in kabbalah – the ancient Jewish tradition of mystical interpretation of the Bible – where it is a magic symbol associated with the pentagram. It is very commonly known that the pentagram is directly associated with witchcraft and occultism. The star symbol continues down through the occult to the Jewish Mayer Amschel Bauer, who, in the 18<sup>th</sup> century, changed his name to depict the red six-pointed star (or shield) which he had hung on his door in Germany, and thus began the family of the “Red Shield” or Rothschild. Also, several Rothschild descendants have the star of David on their coat of arms. They were a Jewish family, but it is not a symbol of Judaism. The Rothschilds were instrumental in raising up the Zionist Movement in 1896, in funding its activities, and then forcing the occultist leaders of Israel in 1948 to adopt the hexagram as their national symbol. The “Star of David” was adopted by

the First Zionist Congress (in 1897) as a symbol, and it is seen on the flags of the Zionist Organization and of the State of Israel.

These are occultic symbols having to do with the planet saturn and the god of that planet also called saturn, one of Nimrod's names as well as a name for satan himself.

*Star of Ishtar*

Here you see the star of Ishtar. She is Semiramis, Nimrod's mother and wife. She is called the queen of heaven in Scripture and she is an abomination to God. These false gods and goddesses had star symbols.

L: Star of Ishtar or Isis, M: Star of moon god sin, R: Star Shamash / Nimrod / Osiris / Saturn. Not sure what the wavy lines on the last star mean.

Ancient artifacts have different star symbols all over them. These false gods each have their own star symbols, animal symbols, colors, numbers etc. The star symbols were linked to the fallen angels, false gods and goddesses that the pagans worshiped and every bit of it was and still is idolatry against God.

The star atop modern day Christmas trees was never a symbol of the star of Bethlehem but rather of the sun gods worshipped at winter solstice and of Asherah as well. It all goes back to Babylon, to Nimrod and his wife and mother Asherah and the false trinity that satan has used to deceive the world ever since the time of Babylon.

## **CLOSING**

**John 8:32** - And ye shall know the truth, and the truth shall make you free.

God wants His children to come out of all of this. As children of God we should embrace the truth even when it is hard to receive. Even through the pressure that loved ones and friends and other Christians will put on you for not continuing to participate in Christmas anymore.

Every part of what we know of Christmas is pagan. The makers of the video in part one said it so well, "God has always condemned the religious customs of pagans."
